

Sr. Mary Gerald Leahy: Scientist and Teacher

Not only a renowned scientist, but also a dedicated teacher, Sr. Mary Gerald Leahy generously allowed her students to participate in her own nationally-funded research projects. "Helpful relationships have been established with other workers at nearby institutions and our students have been involved in this," said Sr. Mary Gerald. "It is by such means that staff and students are brought into the main stream of the scientific community." Here Sister is shown teaching a biology student circa 1968.
