MOUNT ST. MARY’S COLLEGE CATALOG
2004-2006

This catalog is published to aid the student in making decisions leading to the accomplishment of academic goals. Each student is responsible for becoming acquainted with academic requirements. The rules and regulations stated herein are for information only and in no way constitute a contract between the student and Mount St. Mary’s College. The College reserves the right to make program changes, policy revisions, and fee adjustments at any time and without prior notice. Every effort has been made to ensure the accuracy of the information contained in this catalog. The student should consult the appropriate departments, offices or the published Schedule of Classes for current information.

Accreditation Agencies

Chartered by the State of California in 1925, Mount St. Mary’s College is accredited by:
The Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges, 985 Atlantic Ave., Suite 100, Alameda, California, 94501, (510)748-9001
California Commission on Teacher Credentialing
The Commission on Collegiate Nursing Education (CCNE)
The National Association of Schools of Music
Commission on Accreditation in Physical Therapy Education (CAPTE)
Information regarding these accreditation agencies is located in the Office of the President, 12001 Chalon Road, Los Angeles, California, 90049

Nondiscrimination Policy

Mount St. Mary’s College does not discriminate on the basis of race, color, creed, national origin, age or handicap in the administration of its admission policies, scholarship and loan programs, or in its educational programs.
The College offers equal opportunity to all members of its faculty and staff and to applicants for employment without discrimination as to race, color, creed, sex, age, handicap or national origin.
The older facilities of Mount St. Mary’s College provide limited wheelchair access.
Mount St. Mary’s College complies with the provisions of the Family Educational Rights and Privacy Act of 1974.
In conformance with college policy, Mount St. Mary’s College is an Affirmative Action/Equal Opportunity Employer.
Inquiries regarding the College’s equal opportunity policies may be directed to the Director of Human Resources, Affirmative Action Coordinator at (310) 954-4035.

THE COLLEGE

History of Mount St. Mary’s College

Mount St. Mary’s College offers a values-based liberal arts education for women, as well as innovative programs for professional men and women on two historical Los Angeles campuses.

Founded in 1925 by the Sisters of St. Joseph of Carondelet, the original campus was housed at St. Mary’s Academy, at Slauson and Crenshaw Boulevards in Los Angeles. Property was purchased in the Santa Monica Mountains in 1927 and that site in Brentwood became the Chalon Campus which is home to the baccalaureate degree programs and a Weekend College that gives working men and women an opportunity to earn a bachelor’s degree by attending school every third weekend.

The Doheny Campus near Downtown Los Angeles, once the historic Doheny estate, opened in 1962. It offers graduate, educational credential, physical therapy, nursing, and associate degree programs, many in an evening and weekend format. Since its start, the College has granted more than 15,000 degrees.

While tradition remains a key component of the Mount St. Mary’s College experience, educating new generations of women for the new millennium is a major College priority.

The Sister Magdalen Coughlin Learning Complex on the Doheny Campus serves as one example of the efforts the College is taking to provide facilities to meet the growing needs of its students. Named for the prominent Los Angeles leader who served as Mount St. Mary’s College president from 1976-1989 and chancellor from 1989 until her death in 1994, the complex houses a library, the Cultural Fluency Center, an academic building, and a learning resource center.

Mission Statement

Mount St. Mary’s College offers a dynamic learning experience in the liberal arts and sciences to a diverse student body. As a Catholic college primarily for women, we are dedicated to providing a superior education enhanced by an emphasis on building leadership skills and fostering a spirit to serve others. Our measure of success is graduates who are committed to using their knowledge and skills to better themselves, their environments, and the world.
The Religious Commitment

The Catholic commitment of the College manifests itself in many ways. It is found in opportunities for worship. It is found in academic programs. It is found in the way the College functions. Above all, it is found in the whole environment in which inquiry and learning take place. Thus, the College embodies Christian convictions supportive of lives of commitment and Christian concern in a secular society.

Student Affairs

The Division of Student Affairs is dedicated to educating and developing students so that they may embrace a life-long commitment to learning and self-reflection and enjoy satisfying and relevant lives of leadership and service. Students on both campuses are invited to participate in a wide variety of religious, social and leadership programs and avail themselves of services in career counseling, on-campus living, fitness, and learning support. Details of these services and activities are contained within the Student Affairs section of the baccalaureate program and the Student Affairs section of the associate program.

The Alumnae Association

The Alumnae Association supports the mission and goals of the College by strengthening the bond of loyalty between the College and its former students. This relationship is maintained by communications, continuing education, social events, and fundraising. The Alumnae Association is a member of the Council for Advancement and Support of Education. Its members qualify for membership in the American Association of University Women; the International Federation of Catholic Alumnae; Kappa Gamma Pi, the honor society for outstanding graduates from Catholic colleges; and Delta Epsilon Sigma, honor society for graduates of Catholic universities and colleges.

Degree Programs

Associate Degree Program

Through the Associate in Arts Program students have the opportunity to develop academic competencies and enhance their self-development through involvement on and off campus. Faculty and staff offer excellence in their specialized fields and show concern for the individual student. Courses of study are offered which lead to degrees in Business Administration, Early Childhood Education, Graphic Design, Liberal Arts, Nursing, or Pre-Health Sciences. All students entering the Associate Degree Program are required to complete placement tests in reading, writing, and math prior to registering for classes. Four semesters are usually required to complete the A.A. degree; students with deficiencies in mathematics or English skills may need one or two additional semesters.

This program is designed to prepare students for transfer to a baccalaureate program on the Chalon Campus or another institution or direct entry into a career after graduation.
**Associate Degree Nursing Program**
The Associate Degree Nursing Program, located on the Doheny Campus, offers an evening program for working adult women and men leading to an Associate in Arts degree in Nursing. For more information call the Office of Admission.

**Baccalaureate Degree Programs**
Mount St. Mary's College offers courses of study leading to the degrees of Bachelor of Arts and Bachelor of Science. Primarily these are offered at the Chalon Campus. Within the liberal arts tradition, the curriculum provides the student with a broad and liberating background in the arts and sciences, and aims at developing his/her ability to communicate knowledge and to apply appropriate principles and techniques to particular problems. During the junior and senior years, the students pursue deeper study in their major areas of concentration and take related elective courses.

**Baccalaureate Weekend College**
The Weekend College on the Chalon Campus of Mount St. Mary's College is an innovative approach to learning that provides working adults with the opportunity to earn the Bachelor of Arts degree with majors in Liberal Arts, Sociology, Gerontology, English and Business Administration and the Bachelor of Science degree with a major in Business Administration. In four years, students can earn their degrees while continuing to fulfill their full-time obligations to their careers and families. The Weekend College is not an accelerated program. Instead, it is a complete college experience, based on traditional curricula whose content has been organized in new ways and then redistributed so that classes, which would traditionally be spread out evenly over a fifteen-week semester, are concentrated into six intensive weekends. These weekends are non-consecutive and are scheduled in such a way that there is a space of at least two weeks, and usually three weeks, between each class weekend. Adult students, even if they work full-time during the week and have, in addition, family and personal obligations, are nevertheless able to perform comfortably and successfully if they have developed a reasonable degree of maturity and motivation. Those who take the full-time load of three courses per semester spend the whole day in classes on both Saturday and Sunday on each of the six weekend sessions.

The program is designed for both men and women, part-time or full-time students, and for those who bring with them transfer credits from other colleges as well as students who are just beginning their college education. The same teachers who exemplify Mount St. Mary’s academic excellence teach small classes. Students who receive a four-year bachelor's degree from the Weekend College spend comparable hours in the classroom, receive the same outstanding quality of instruction, and are certified as possessing the same high level of knowledge and skills as the graduates of Mount St. Mary's renowned weekday college.

For additional information please call the Weekend College Office at the Chalon Campus.
Masters Degree Programs/ Teacher Credential Programs

Since 1931, the graduate division of Mount St. Mary's College has extended and deepened the work of the undergraduate departments by offering to qualified men and women the opportunity to pursue advanced courses and to obtain professional preparation.

Students may earn the degrees of Master of Arts in Religious Studies, Master of Science in Counseling Psychology, Master of Science in Education, and Master of Science in Nursing.

The graduate division also offers courses and fieldwork experiences that prepare the student for a California Teaching Credential in Elementary Education, Secondary Education, or Special Education (Mild/Moderate Disabilities) and for the California Administrative Services Credential. These programs may be completed in conjunction with a Master of Science degree in Education. A certificate program in Catholic School Administrative Leadership is also offered in conjunction with the Administrative Services program.

Certificate Programs

Gerontology
Gerontology is the scientific study of aging. The aging processes are studied mainly from the aspects of biology, psychology and sociology, but there are added ethical, religious, and humanistic dimensions as well.

The Certificate Program in Gerontology at Mount St. Mary's College is designed for students to learn about the aging process, the elders in our society, and ways of adapting to the changes that we all go through. This is a multidisciplinary approach which offers a solid base for those who work with the elderly in service, health, church, or political organizations - or who are interested in their own successful aging.

Requirements for the Certificate are listed in the Gerontology section of this catalog.

Graduate Religious Studies
The units taken for certification in Pastoral Care/Counseling, Hispanic Pastoral Ministry or Youth and Young Adult Ministry may be applied towards completion of the Masters degree in Religious Studies or the Certificate of Advanced Religious Studies. The certificate programs are described below.

Advanced Religious Studies
A 30 unit program of directed course work in theology and ministry for those interested in further religious studies, but not a graduate degree. No comprehensives or final research are required.

Hispanic Pastoral Ministry
This 18 unit program is designed for Hispanic leaders wishing a deeper theological background as it relates to ministry. All courses are taught in Spanish for graduate or undergraduate credit.
**Pastoral Care/Counseling and Ministry**

Designed as a 21 unit program in both theoretical and practical studies. Persons in helping ministries are enabled to bring to their ministry a deeper insight into those areas and issues which rely on the insights of theology and psychology. Course work may lead to either the M. A. in Religious Studies or to the M. S. in Counseling Psychology.

**Youth and Young Adult Ministry**

Designed as 12 unit program conducted in cooperation with the Center for Youth Ministry Development as preparation for those in youth ministry. The program is presently conducted in as many as five dioceses in California. Entrance into the program is dependent on acceptance by both the diocesan office and Mount St. Mary's College. Further information about these certificate programs can be found under the graduate religious studies section of this catalog.

**Doctoral Degree Program**

**Doctor in Physical Therapy**

The Doctor of Physical Therapy (DPT) degree is an entry level professional program. The curriculum is an integrated design which provides early clinical experiences to foster maximum development of the student's clinical reasoning skills.
Library Facilities

The Charles Willard Coe Memorial Library, located on the Chalon Campus, is the principal library of Mount St. Mary's College. Constructed in 1947, the Coe Library houses the majority of print library materials for both campuses and also houses the Instructional Media Center, an Office of Institutional Technology (OIT) administered repository for non-print media and the hardware necessary to non-print media use. The facility is intended primarily for individual and small group use but also circulates its sound and image collections for use in the classroom. There is an OIT administered Computer Lab on the 4th floor.

The J. Thomas McCarthy Library on the Doheny Campus is housed in the Sr. Magdalen Coughlin Learning Complex.

The libraries serving the two campuses currently hold over 130,000 volumes and carry subscriptions to over 800 periodicals. Moreover, the libraries contain over 5500 titles of non-print media material. Print and non-print materials are lent from one library to the other to accommodate the changing curriculum and to meet the needs of faculty and students, who are also permitted to use both collections in person. The libraries hold subscriptions to a number of bibliographic and full-text on-line databases in a wide variety of academic subject areas. Please consult the Libraries’ Research Resources WebPages for a list of current subscriptions.

Center for Cultural Fluency

Housed within the J. Thomas McCarthy Library on the Doheny Campus is the Center for Cultural Fluency. Established by the Education Department in 1995, the Center provides education students and teachers in Los Angeles with instructional materials for K-12 classrooms that portray the experiences and perspectives of the diverse cultures of Los Angeles. In addition to fiction and nonfiction books, the instructional materials collection includes videos, audiocassettes, pictures, posters, and software. Through the use of these materials, teachers expand their cultural fluency and provide more inclusive classroom environments and curricula.

Archives

The Archives Office holds college records, both administrative and academic, and other types of evidences, written and pictorial, associated with the history of the College. The Special Collections comprise notable holdings of the works of Cardinal Newman and western writer Frank Spearman. These are complemented by rare books and early editions of the Bible, St. Augustine, missals, theology, lives of the saints, devotional treatises as well as the classics, European and American history and literature. The Archives and Special Collections, located on the first floor of the Coe Library, are open Tuesday through Thursday mornings and by appointment.

Academic Calendar

Mount St. Mary's College operates on a semester calendar with Fall classes beginning at the end of August and ending before Christmas. Spring semester begins in mid January and ends in mid-May. The college offers courses, workshops, and seminars during the summer. A separate schedule of summer offerings is published during the spring. Schedules for Weekend College classes are available from the Weekend College Office on the Chalon campus.
Family Education Rights and Privacy Act (FERPA)

In order to safeguard student educational records, Congress passed the Buckley Amendment in 1976. The Buckley Amendment is the basis of the Family Educational Rights and Privacy Act in which schools are charged with upholding the safety of student information. The primary focus of FERPA is to ensure that a student has reasonable access to his/her educational records and along with this openness must come the assurance of the privacy of the record. All information belongs to the student and can not be released without written permission. The only exception to this written permission clause pertains to what the institution defines as directory information. Directory information is information the institution may publish and distribute without written consent. Mount St. Mary’s College considers the following items directory information:

- Name
- Address
- Phone Number
- Class
- Major
- Campus of attendance
- Degree program
- Degree(s) and awards received
- Enrollment status/Dates of attendance

Students have the right to withhold all information, directory and non-directory, and can do this by filing an Information Hold Request with the Registrar’s Office. Requests to withhold information are granted for one semester. See current Student Handbook for more information.

Sexual Harassment

Mount St. Mary’s College strives to recognize and value the inherent human dignity of every individual. MSMC is committed to creating and maintaining a collegial environment which does not allow sexual harassment within or connected to the operation of this institution. Sexual harassment, in all its forms, will not be tolerated and MSMC is committed to ensuring that all faculty, staff, and students are given a safe and comfortable environment to develop and work to their full capacity. MSMC will take all reasonable steps to prevent harassment: to educate members of the college community about the issue; to promptly respond to allegations of harassment; and to discipline those who do not comply with the MSMC policy set forth below. Faculty, staff, and students have a legal right to raise the issue of sexual harassment without fear of retaliation. Supervisors shall take every complaint of sexual harassment seriously and all complaints will be appropriately investigated. Procedures for administration of this policy are described in the appropriate section of the Faculty handbook, the Employee Handbook, and the Student Handbook.

For a complete description and the procedures for administration of the MSMC Sexual Harassment Policy, see the Student Handbook or request a copy of the document from the Office of Student Affairs.
Disability Policy

Mount St. Mary's College, in compliance with the state and federal laws and regulations including the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504), does not discriminate on the basis of disability in administration of its education-related programs and activities. We have an institutional commitment to provide equal educational opportunities for disabled students who are otherwise qualified. Students who believe they have been subjected to discrimination on the basis of disability, or have been denied access to services or accommodations required by law, should contact the appropriate campus disability services coordinator for resolution. Mount St. Mary's ADA/Section 504 Grievance Procedure is located in the Student Handbook and copies can be obtained upon request in the Campus Learning Centers or the Office of Student Affairs. The policy may also be viewed on the college web site at www.msnc.la.edu key word "disability".

Technology Policy

This policy encompasses the use of the computer network and non-networked campus computers, e-mail, voice-mail, phone systems, Internet, Intranet, and the World Wide Web.

In support of its mission of preparing students for leadership in society and encouraging them to develop the intellectual competence and receptivity to new ideas necessary for concerned citizenship, the College maintains technology systems that allow students, faculty, administrators, and staff to pursue academic excellence and innovation through technology. The intent of this policy is to set down guidelines for all users of technology at Mount St. Mary’s College. This policy will be included in the Student Handbook, the Faculty Handbook, and the Employee Policies and Procedures Handbook. Violations by students will be evaluated by Student Affairs; violations by staff will be evaluated by the department head or Human Resources; and violations by faculty will be evaluated by the Academic Vice President. Cases potentially involving constitutionally protected free speech will be reviewed by the Academic Freedom Committee.

In keeping with the Catholic tradition of the College, all technology users are expected to uphold high ethical standards and adhere to the policy guidelines set out in the policy. Those violating the Technology policy may face penalties that may include restrictions on their use of technology or more severe sanctions, if circumstances warrant. All users of Mount St. Mary’s College computer technology must sign a User Agreement which states that they understand and agree to abide by the policy. For a complete document of the policy, please contact the Office of Student Affairs.

Legal Responsibility of the College

The college endeavors to safeguard students in the use of physical facilities, laboratories, and athletic equipment. It is clearly understood that students who use college facilities do so entirely at their own risk. The college has no legal responsibility for injury or other damages suffered by students on or off campus, or in travel to and from such activities, or for any expenses in connection therewith.

The Chalon Campus
The Chalon Campus is an impressive multi-level complex of buildings and gardens on a thousand-foot ridge overlooking the Pacific Ocean, the Getty Center and close to cultural enrichment and recreation. The architecture is white Spanish colonial, with arched walkways connecting many of the buildings. Mary Chapel occupies the central position on campus with wide stone stairways approaching it on two sides.

In the Charles Willard Coe Library, students have free access to library stacks and to special collections of art, music, and literature. The rare book treasury contains, among other rare editions, a fine collection of documents and manuscripts relating to the Oxford Movement and to John Henry Newman. Also housed in the library is the Instructional Media Center.

The Administration Building accommodates the offices of the President, Academic Vice President/Provost, Registrar, Chief Financial Officer, and science classrooms and laboratories. The Weekend College Office is located off the patio linking the Administration and Humanities Buildings.

The five-story Humanities Building contains classrooms, conference rooms, a Computer Lab, the Admissions Office, the Financial Aid Office, the Academic Advisement Center, special facilities for the Music Department, faculty, student, and administrative offices, the Women’s Leadership Center, the Learning Assistance Center, and the Health Services Center. The Campus Center which comprises nearly the entire first floor of the Humanities Building is used for social and academic functions.

Jose Drudis-Biada Hall, the art building, contains the college bookstore, art galleries, faculty offices, classrooms, studios, and Human Resources.

The three residence halls, Brady, Carondelet, and Rossiter, provide living accommodations and dining facilities for 400 students. Students may choose singles, doubles, triples and private rooms. Lounge areas, kitchenettes and laundry facilities are conveniently arranged.

An outdoor swimming pool, tennis courts, and a fitness center are located at the north end of the campus. Residences for the Sisters of St. Joseph are located north of the swimming pool and tennis courts. Parking is available in various areas on campus and in the parking structure which is located south of the Drudis-Biada Hall.
The Doheny Campus

The College expanded to a second campus in 1962. The Doheny Campus at Chester Place, near the intersection of the Harbor and Santa Monica Freeways, is located on property formerly owned by Edward L. Doheny and his wife, the Countess Estelle Doheny. The campus has been named for them. The Doheny Campus supplements and extends the educational opportunities which Mount St. Mary's College offers. This location, close to the commercial center of Los Angeles, is an ideal location for associate degree programs; for graduate degree programs; and for California Teacher Credential programs.

The two city blocks of Victorian residences in their setting of exotic trees and flowers have been converted to educational purposes. In 1965, a classroom building containing an auditorium, lecture rooms, and laboratories was erected. In 1965, Our Lady of Mercy Chapel and McIntyre Hall, a student residence and activity center, were added to the campus. The Sr. Magdalen Coughlin Learning Complex, built in 1996, includes the McCarthy Library, the Cultural Fluency Center, the Learning Resource Center, an IBM student computer lab, the Weingart Technology classroom, the Fritz Burns Conference Center, nursing and physical therapy labs, classrooms and faculty offices.

Building Number Eight, The Doheny Mansion, houses the Alumnae Relations, Institutional Advancement and Public Relations offices.

Building Number Ten is the administration building; it houses offices of the Deans of the Associate in Arts and Graduate Programs, Admissions, Financial Aid, Registrar, Business, and Human Resources.

Building Number Eleven, Ahmanson Commons, houses food service, dining areas, and faculty offices.

Building Number Seventeen houses the Child Development Center and the W. M. Keck Toddler Center, state-funded day care centers for young children. These centers serve students of diverse ethnic, linguistic, and social backgrounds from the surrounding area. Mount St. Mary's students in the Early Childhood program fulfill assignments in child observation at the Centers.

Building Number Twenty houses the Education department.

The tennis court and pool areas are in back of Number Eight. Parking areas are on the Mall.
GENERAL INFORMATION

Admission/Financial Aid/Tuition and Fees

Admission To the Undergraduate Degree Programs

Admission to the Associate in Arts Degree Program
The Associate in Arts Degree Program at Mount St. Mary's College is offered on the Doheny Campus. Students may seek a traditional Associate in Arts (A.A.) degree or a specialized A.A. degree in a professional program. All programs are open to women; men are admitted only to the Nursing Program.

The Nursing Program specialization within the Associate Degree program has specific requirements for admission. Please refer to the appropriate section of the catalog for these requirements. In all cases students must be admitted to Mount St. Mary's College prior to admission to any specialized program. A student may be admitted to the associate degree program and begin to take the prerequisites required for this specialization.

Candidates for admission to the Associate Degree Program are evaluated on the basis of their high school coursework and record (or either GED or High School Proficiency Exam), other college coursework and record (for transfers), test scores, academic reference, and the essay. Interviews are strongly recommended for serious candidates. A profile of the academic qualifications of the most recent entering class is available from the Admissions Office. The requirements and procedures are detailed in the next section of this catalog.

Admission to the Baccalaureate Degree Programs
The Bachelor of Arts and the Bachelor of Science degree programs are offered on the Chalon campus. All undergraduate majors are open to women; men may be admitted only to the Music and Nursing programs. Transfer students interested in the nursing program must meet additional requirements for admission to that program. Please see the appropriate section of this catalog for those requirements.

Candidates for admission to the baccalaureate programs are evaluated on the basis of their high school coursework and record (or either GED or High School Proficiency Exam), other college coursework and record (for transfers), test scores, academic reference, and the essay. Interviews are strongly recommended for serious candidates. A profile of the academic qualifications of the most recent entering class is available from the Admissions Office. The requirements and procedures are detailed in the next section of this catalog.
Undergraduate Admission Procedures

All documents should be sent to the Admissions Office, Mount St. Mary's College, 12001 Chalon Road, Los Angeles, CA 90049.

Freshman Admission Procedures to the Associate or Bachelor Degree Programs

Candidates' files for admission will be evaluated when the following documents have been received. Please note: the priority date for freshman admission for the Fall semester is February 15, or Spring admission is November 1st.

1. Applications and all supporting documents should be received in the Admission Office by the priority date. Applicants completing files after the priority date will be considered if space in the class remains. A completed and signed Mount St. Mary's College application form and $40 application fee or fee waiver (from the high school counselor) is required. Information on awards, honors, employment, etc., should be included in the proper places on the application. The application fee is not refundable nor is it applicable toward tuition.

2. Official transcripts of high school work should be sent directly to the Admission Office from the high school and any colleges attended. Transcripts should show coursework through the junior year in high school. Senior year grades may be required of some candidates. Transcripts become the property of Mount St. Mary's College and cannot be returned to the applicant or sent to another institution. A final high school transcript showing evidence of graduation is required of enrolling students. A student may replace the high school transcript with an official record of the GED or High School Proficiency Exam.

3. Scores on the Scholastic Aptitude Test (SAT) or American College Test (ACT) are required. These may be sent directly from the testing service or may be included on the official transcript from the high school.

4. A complete essay of 200 words or more responding to one of the three questions listed in the application for admission.

5. An academic reference from a high school teacher, counselor, principal or school head is required. This may be sent from the reference to the Admission Office on the form provided with the application, or it may be sent on school letterhead.

6. A personal statement describing a special situation may be included with the application if the statement includes information supporting the applicant that would help the Admission Committee reach a decision.

7. The record of a personal interview will be included in the application file. Serious candidates are encouraged to schedule an interview with an admission counselor to discuss goals, the high school record, and other matters that will assist the Admission Committee.
Once the documents have been received, the file will be evaluated and a decision made by the Admission Committee. The student will be notified within two weeks of the Committee's decision. Several decisions may be made:

1. The student is admitted, and if she is applying for financial aid, the Office of Student Financing is notified.

2. The student applied for admission to the Baccalaureate Program at Chalon and the Committee believes that her record shows the need for further preparation; the student may be admitted under the Alternative Access Program to the Doheny Associate of Arts Degree Program.

3. The student may be denied and directed to another college to fulfill requirements before reapplying for admission to Mount St. Mary's College.

Admitted students will be required to submit a $100 tuition deposit to hold their places in the entering classes. For students entering the Fall semester, this tuition deposit is due by May 1. For Spring semester, this deposit is due in early January. The tuition deposit is not refundable under any circumstances and will be credited directly to the student's account in the Business Office.

Transfer Admission Procedures to the Associate or Bachelor Degree Programs

Candidates' files for admission will be evaluated when the following documents have been received. Please note the following dates:

The transfer admission applicants for the Bachelor of Science degree in Nursing are due by February 15.

The transfer admission applicants to the Associate of Arts degree in Nursing follow the deadlines provided by the program.

The transfer admission applicants to all other Associate and Baccalaureate Degree Programs are due by the March 15 priority date.

Applications and all supporting documents should be received in the Admission Office by the priority date or deadline. Programs with deadlines will adhere to these dates and applications received after these dates will not be considered. Applicants completing files after the priority date will be considered on a space-available basis.

The documents required for application as a transfer are:

1. A completed and signed Mount St. Mary's College application form and $40 application fee or fee waiver. Information on awards, honors, employment, etc., should be included in the proper places on the application. The application fee is not refundable nor is it applicable toward tuition.

2. Official transcripts of all college work attempted from each college attended. Students who have been academically disqualified from the most recent college or university attended are not eligible for admission to Mount St. Mary’s College. Transcripts must be sent directly from the college(s) to the Admission Office at Mount St. Mary's College. Transcripts become
3. Students who have completed more than 24 units at another college must have a cumulative GPA of 2.4. If the GPA is below 2.4, the student may submit a letter of explanation so that consideration be given for admittance.

4. Official high school transcripts or the GED, and official SAT or ACT scores will be required if the student is applying for admission to the Baccalaureate program and has completed fewer than 24 transferable units at the time of application. is applying for admission to the Associate program and has completed fewer than 24 transferable units at the time of application. Transcripts become the property of Mount St. Mary's College and cannot be returned to the applicant or sent to another institution.

5. If the student is 25 years or older, the requirement for SAT or ACT scores does not apply. However, the student must furnish proof of high school graduation via an official transcript, the GED, or the High School Proficiency Exam.

6. A complete essay of 200 words or more responding to one of the three questions listed on the back page of the application for admission.

7. An academic reference from a professor or counselor. This may be sent from the reference to the Admission Office on the form provided with the application, or it may be sent on school letterhead.

8. A personal statement describing a special situation may be included with the application if the statement includes information supporting the applicant that would help the Admission Committee reach a decision. Once the documents have been received, the file will be evaluated and a decision made by the Admission Committee. The student will be notified within two weeks of the Committee's decision if applying for a program other than nursing. In those cases, the faculty of the programs will reach a decision based on the special requirements and prerequisites necessary for the program, notifying the students according to the stated timelines. Several decisions may be made:

1. The student is admitted and, if she is applying for financial aid, the Office of Student Financing is notified.

2. The student has applied for nursing and is not admitted directly to the program. The student may take prerequisite courses for those programs and reapply for the appropriate term.

3. The student may be denied and directed to another college to fulfill requirements before reapplying for admission to Mount St. Mary's College.

Admitted students will be required to submit a $100 ($300 for BS Nursing) tuition deposit to hold their places in the entering classes, according to the deadlines included in the letter of admission. The tuition deposit is not refundable under any circumstances and will be credited directly to the student's account in the Business Office.
Admission to the Weekend College

Adults interested in the Weekend College may apply at any time during the year for admission to any one of the trimesters (Summer, Fall, or Spring). Information on application deadlines and starting dates can be obtained from the Weekend College Office.

Applicants to the Weekend College should complete the admission application and submit it to the Weekend College Office with the $30.00 application fee.

Acceptance into the Weekend College is based upon the following:
- receipt of a completed admissions application and fee,
- receipt and evaluation of transcripts for any previous college courses attempted,
- an official high school transcript if the applicant has completed fewer than 24 units of transferable college courses
- a personal interview
- an evaluation of all admission information by the Weekend College Admissions Committee.

In selecting potential candidates for the Weekend College, Mount St. Mary's College is principally interested in those adults who are committed to completing their degree, who have the requisite time-management skills and motivation to function successfully within the unusual weekend format, and who are comfortable with the level of maturity that prevails among the student body at the Weekend College.

Procedures for International Students

Students applying for admission who are not permanent residents or U.S. citizens should refer to the freshman or transfer sections for general instructions. In addition to the requirements stated in those sections:

1. Certified original copies of all transcripts must be submitted accompanied by official translations.
2. English as a Second Language (TOEFL) is required of all applicants for whom English was not the language spoken in the schools they attended. An official score must be sent directly from the testing agency or the school to the Admission Office. Note: the score required for admission to the Associate and Baccalaureate programs is 550 if paper based and 213 if computer based.
3. A financial statement describing the resources available to the student must accompany the application for admission. Official verification of bank funds must also be submitted along with an English translation.
4. Students transferring from an ESL program or another US college or university must comply with all immigration regulations necessary for transfer.

If the student is admitted to Mount St. Mary's College, she will be required to submit a US $300 non-refundable tuition deposit by May 1. If the student has coursework on the college level completed in another country, she will also have to submit a $175 fee which will cover the official evaluation of the student's record. A copy of the evaluation will be sent to the student. The I-20 form will be sent to the student upon receipt of the tuition deposit, and it is the student's responsibility to obtain the proper student visa to enter the United States.
**Advanced Placement**

Students who earn scores of 3, 4, or 5 on Advanced Placement Examinations, or pass the higher level International Baccalaureate Exams with scores of 5, 6, or 7 receive college credits for equivalent courses provided they are accepted and enrolled at Mount St. Mary's College.

Credit award for the AP exam is as follows:

- Students who earn scores of 3 will receive 3 units of elective credit.
- Students who earn scores of 4 or 5 will receive credit as currently awarded in the discipline tested.
- There will be no limit placed on the number of AP units awarded to a student.

For Students attending the Chalon campus, test results should be sent directly to the Office of the Associate Academic Vice President. Students attending the Doheny Campus should send test results to the Dean of the Associate in Arts Program.
Mount St. Mary's College is committed to making a college education accessible to as many qualified students as possible, regardless of their financial means. Students and their parents are encouraged first to consider all possible resources when planning to meet the expenses of a college education. Through various financial aid programs, the Student Financing Office will help in the best possible way to provide students with the difference between the family contribution and the cost of education.

Mount St. Mary's College administers financial aid in accordance with Federal Government guidelines. These guidelines are based on the principle that students and their parents have the primary responsibility in meeting educational expenses to the extent they are able. Financial aid funds are then used to fill the gap between what the family is expected to contribute (including the student's own earnings) and the annual cost of education.

To apply for Financial Aid, all students must follow the instructions and requirements sent to them by the Admission or Office of Student Financing. Financial Aid brochures giving complete application and program information may be obtained by writing to or calling the Office of Student Financing on the Chalon or Doheny campuses.

Types of Financial Aid

Grants and Scholarships
Grants and Scholarships are gift monies that do not require repayment. They are based on financial need and/or academic merit. Grants and scholarships are provided to students from one or more of the following sources: the Federal Government; the State of California; outside organizations; and Mount St. Mary's College. Below is a listing of institutional talent and achievement scholarships.

Alumnae Scholarship
Awards valued at $1000 per year are made to undergraduate students in the traditional program who are daughters of alumnae.

Dean’s Transfer Scholarship
The Dean’s Transfer Scholarship is valued between $2,000 and $5,000 per year. The scholarship is renewable for as long as the student maintains a 3.0 grade point average in her college work at Mount St. Mary’s College. Requirement for the Dean’s Transfer Scholarship is the maintenance of a minimum GPA of 3.40 of all academically transferable courses from all colleges previously attended with a minimum of 24 academically transferable units. Deadline of March 15 for receipt of completed admission applications and supporting documents.
**Future Teacher Scholarship**  
The Future Teacher Scholarship is awarded to incoming freshmen who desire to pursue teaching as a career. Awards are made up to half-tuition, renewable for four years. Recipients must maintain a 3.0 cumulative grade point average. Candidates are considered on the basis of outstanding academic preparation, SAT or ACT test results, course load and extra-curricular achievement. Supporting letters and/or other formal documentation of outstanding achievements are encouraged.

**Music Scholarship**  
Awards are made to full-time students who are enrolled as Music majors and who demonstrate exceptional talent in music. Award amounts vary and are based on financial need and merit. Contact the chairperson of the Music Department for further details.

**President's Scholarship**  
The President's scholarship is awarded to incoming freshmen who demonstrate exceptional academic abilities. The award is renewable for up to four years. Recipients must maintain a 3.0 cumulative grade point average. Candidates are considered on the basis of outstanding academic preparation, SAT or ACT test results, course load, and extra-curricular achievement. Supporting letters and/or other formal documentation of outstanding achievements are encouraged.

**Intercampus Transfer Scholarship**  
Awards of up to half of tuition are made to students who begin their academic career on the Doheny Campus and transfer to the Chalon Campus to complete their baccalaureate degrees. Awards are based on academic achievement. Students transferring must see their advisors for an application.

**Tuition Discounts for MSMC Graduate Students**  
Members of religious communities receive a 35% tuition discount. Students enrolled in Graduate Programs who are full-time employees of Los Angeles Archdiocesan or Diocese of Orange institutions as listed in their respective directories, upon written verification of employment, receive a 35% tuition discount. Hospital employees are not eligible for this discount.

Mount St. Mary's College has a policy regarding the granting of tuition discounts to students enrolled in graduate degree programs.

A tuition discount of an amount specified by the College each year will be awarded to those persons who fulfill the requirements:
1. Student MUST BE EMPLOYED FULL-TIME (40 hour work-week) in Roman Catholic Church Ministry in the Los Angeles Archdiocese or the Diocese of Orange. Those working in Catholic hospitals are not eligible for these monies, UNLESS they are paid a stipend rather than a salary.
2. This employment must be the major source of income for the student.
3. Student must have a Tuition Discount Application form completed and submitted at least three weeks prior to registration. This must be done each year. The discount is not automatically renewed each year. It is the responsibility of the student to secure a copy of the form to be completed each year, to complete it, and return it as directed.
4. Student must maintain good academic standing in the graduate program to qualify.
5. Workshops and Continuing Education courses are excluded from these funds.

Scholarships through the Independent Colleges of Southern California

The Independent Colleges of Southern California (ICSC) is a nonprofit organization which
provides, through a unified annual appeal, financial contributions from corporations,
foundations and other friends to help Southern California's smaller private colleges and
universities meet the rising costs of quality higher education.

Loans

Loans are money that must be repaid, usually with interest. The interest rates and terms of the
loan vary by program. Some of the loan programs require a separate application in addition to
the free application for federal student aid. The Office of Student Financing is unable to
replace loan funds with grant funds, but students may replace loan funds with private
scholarships received from outside organizations not affiliated with MSMC.

Federal Stafford Loan

All students are eligible to receive Federal Stafford Loans. Need-based Federal Stafford
Loans are called “subsidized” because the federal government pays the interest while in
school and during deferment periods. Unsubsidized Federal Stafford Loans are not based on
financial need, and students are responsible for paying the interest while in school and during
deferment periods. A student may have a Federal Stafford loan partly based on financial need
and partly not on need up to the annual maximum. The maximum loan is $2,625 per year for
freshmen; $3,500 per year for sophomores; $5,500 per year for juniors and seniors and $8,500
per year for graduate students. Independent students and dependent students whose parents do
not qualify for FPLUS loans (see below) may also apply for additional unsubsidized Stafford
Loans in the following amounts: $4,000.00 for Freshmen/Sophomores; $5,000.00 for
Juniors/Seniors; and $10,000.00 for graduate students. Repayment begins six (6) months after
graduating or ceasing to maintain at least half-time enrollment. The interest rate varies
depending on when the first loan was borrowed, but does not exceed 8.25%.

Federal Parent Loans for Undergraduate Students (FPLUS)

Federal PLUS Loans are not based on financial need, but must be coordinated with other
financial aid where need is established. Federal PLUS loans are available for parents of
dependent undergraduate students who are enrolled at least half-time. Parents may borrow up
to their student’s cost of education. The interest rate is variable, not to exceed 9.00%. Interest
and repayment begin within 60 days.

Institutional Loans

Through the generosity of several foundations, Mount St. Mary's College has several
institutional loan programs with varying interest rates; interest rates for these loans vary
between zero and seven percent. In addition, eligibility requirements vary by program.
Contact the Office of Student Financing for more information regarding these loans.

Short-term Loans

Two short-term loans are available to full-time students each semester: Bank of America
Emergency Loans ($150 maximum) and the Nancy Manning Loan ($50 maximum, for
Chalon students only). For information on both short-term loans, contact the Student Affairs
office.
Student Employment

On-Campus Student Employment

Work study is money earned from employment on campus. Students receive a paycheck every two weeks for the hours worked and may use the earnings to make tuition payments, pay for books and supplies or pay for personal expenses. Both Federal College Work Study and Mount Work Study (institutionally funded) provide excellent opportunities outside the classroom. Students who participate in either program may choose to work in a variety of on-campus sites. These include: the Office of Student Financing, the Admission Office, Campus Ministry, the Library, departmental offices and laboratories. Through “hands on” experiences in these offices, students develop valuable skills which may be later translated to professional settings.

Off-Campus Student Employment

The Student Placement Office at Chalon and the Career Center at Doheny have job boards which list a wide variety of off-campus employment opportunities.

Satisfactory Academic Progress Requirements

All financial aid recipients must be regularly admitted students with degree, or in some cases credential or certificate, objectives. While receiving financial aid, students must be advancing toward their educational objectives at a reasonable rate and must maintain a minimum 2.0 grade point average.
Expenses for 2004/2005
Academic Year

All tuition and fees are subject to change without notice.
Tuition, fees and room & board are payable to Business Office by the clearance deadline set for each term.

TUITION

Undergraduate Students
Full-time (With 12-18 units/semester) $ 20,708.00/year or $ 10,354.00/semester
Full-time (In excess of 18 units/semester) $ 788.00/unit
Part-time (Less than 12 units/semester) $ 788.00/unit

Tuition Deposit – $ 100.00
Required of all new incoming Full-time Undergraduate students as stipulated in student's acceptance packet.
Not refundable.
Applicable only to Tuition and forfeited after two (2) calendar years.

Housing Deposit – $ 100.00
Required of all incoming Full-time Undergraduate students who are requesting on-campus College housing.
Housing Deposit is honored only when the required Tuition Deposit has also been received (Total required Deposit - $200.00).

Graduate Programs (excluding DPT, including traditional programs, Weekend College and MSN)
Tuition $ 557.00/unit

Doctor of Physical Therapy (DPT)
Tuition and Clinical $ 706.00/unit

ADN Program- Associate Degree in Nursing
Tuition $ 512.00/unit

Weekend College
Tuition $ 530.00/unit

Auditing Courses (Recorded on Transcript)
A student registered for auditing classes will pay the above fees in the same manner as a student registered for credit.
Comprehensive Student Fee- Not refundable

Undergraduate and DPT students $385.00/semester
    With 7 or more units per semester

The Comprehensive Student Fee includes the Associated Student Body Fee for full time students, health services (not health insurance), orientation, and graduation.

All other students $100.00/semester
    With 6 or less units per semester

Weekend College $75.00/semester

ADN Program $50.00/semester

Accelerated Baccalaureate Nursing Fee $554.00/semester

Art Lab Fee $40.00/class

Baccalaureate Nursing Fee $95.00/semester
    (sophomores, juniors, and seniors)

Course Fees
EDU 33 The Visual and Performing Arts for the Young Child
    (Lab fee for Materials) $20.00/course
EDU 116/316A and EDU 164/364A $25.00/unit
EDU 316B,L , 364B,L, and 378B $150.00/course
EDU 300A level courses $300.00/courses

MSN Nursing Lab Fee (MSN 200) $75.00/class

Parking Permit (Including LA City Tax) $150.00/year
    Graduate(excluding DPT)/ADN Program $75.00/year
    Weekend College $15.00/semester
    Daily Parking $2.00/day
Student Health and Accident Insurance

Mount St. Mary’s College does not determine student Health and Accident Insurance Premiums. Insurance premiums are based on prevailing insurance market conditions/rates.

**Undergraduate Students**

All Full-time students must carry the Student Health and Accident Insurance. The coverage/annual insurance premium (estimated at $700.00) will be automatically billed in the student’s Statement of Account. Undergraduate students first enrolling in the Spring Semester will be charged a prorated amount of the coverage/premium.

Students who have personal insurance may elect not to participate in this plan. As such, an Insurance Waiver Form must be submitted to the Business Office no later than the published deadline set for each term in order to have the billing removed from the student’s Statement of Account. Insurance waivers must be renewed in the Fall of each new academic year.

**International Students** are required by law to carry a minimum of $50,000.00 in Health and Accident Insurance. Proof of adequate insurance must be provided prior to admission.

**General Fees**

**Application for Admission Fees**

- Undergraduate $40.00
- Graduate (Education, Psychology and Religious Study) $50.00
- Graduate (DPT) $75.00
- ADN Programs $40.00
- International Students $75.00
- Weekend College $30.00

**Late Registration Fee** $40.00 (After published dates and time of registration)

**Late Payment Fee** – Undergraduate & DPT/ABSN $150.00

- Graduate, ADN & Weekend College $40.00 (After published financial clearance deadline)

**Course Drop Fee**, (After published deadline)per transaction: $10.00

**Graduation Fee** – Graduate, Weekend College, and ADN Students $100.00

**Late graduation application fee** $100.00

**Transcript Fee** $5.00/copy

**Administrative Fee**- handling returned checks $20.00/check

**Course Challenge by Examination**

- Course Challenge Fee $100.00 (If successfully passed, the cost of the units awarded will be one-half the unit cost of the course as stated in the current MSMC catalog.)
Applied Music –
Full Time Student: In addition to tuition fees, an extra fee is charged for Applied Music instruction. This fee varies with the instructor.
Part Time Student are charged $120.00 per unit for Applied Music in addition to the fee paid to the instructor.
For further information inquire in the Music Department.

Enrichment Course
For 1 unit course $ 125.00
For 2 unit course $ 200.00
For 3 unit course $ 300.00

Comprehensive Exam Fee for Clinical Course
Credit (ADN Programs) $ 480.00/course

A Housing Deposit of $100.00 is required to activate the housing application. New students should send the Housing Deposit to the Admissions Office. Currently enrolled students should send the deposit to the Residence Life Office.

A Housing Deposit may be refunded upon permanent termination of the Residence Living License Agreement subject to deductions for any loss, damage, excessive room cleaning, or failure to meet the deadlines described below:

Prior to Fall occupancy
$100 deposit will be refunded if the Residence Life Office has been notified in writing by June 1st that the student opted not to live in the residence halls for that semester.
$50 will be refunded if the Residence Life Office is notified by July 1st.
After July 1st, no deposit will be refunded.

Prior to Spring occupancy
$100 deposit will be refunded if the Residence Life Office has been notified in writing by December 1st that the student opted not to live in the residence halls for that semester.
After December 1st, no deposits will be refunded. This policy is applicable to students currently in residence and new applicants to residence for Spring semester.

Each resident student is required to sign a Residence Living License Agreement, which begins 2 days prior to the first day of classes for the Fall term and extends through the day immediately following the last day of Final exams for Spring.

The Residence Halls are closed for the Winter Break but open during Thanksgiving and Spring Break. The dining hall is closed during these times and meals are not provided. The College offers students three meal plan options. Plan A entitles the student to all 19 meals per week and includes a $25.00 Flex Fund per semester. Plan B entitles the student to any 14 meals per week and includes a $75.00 Flex Fund per semester. Plan C entitles the student to any 10 meals per week and includes a $125.00 Flex Fund per semester. The Flex Fund can be used to purchase additional meals or snacks at the Deli and Espresso Cart. Each student will receive five (5) guest meal cards per semester. Guest cards are non-transferable and no refund or credit will be given from one semester to the next. Guest cards are non-replaceable; if a student loses or has a card stolen, replacement cards will not be issued. Three meals a day are available Monday – Friday and two meals on Saturday, Sunday and academic holidays during the Fall and Spring semesters, except during official vacation periods. Once a plan is selected, changes are only authorized during the first two weeks of each semester. Student identification cards must be presented at each meal.

Statement of Account

A Statement of Account is a summary of expenses (tuition, fees/charges, and room & board), payments and financial aid credits. It also provides the net balance of amount due to Mount St. Mary’s College or credit balance due to the students (refunds). A pending Financial Aid section is also provided in the Statement of Account to assist students planning education expenses. Statement of Account is generated for all registered students. The Statement of Account for a student-in-residence will be mailed through the campus mail system. The Statement of Account for commuting students will be mailed through the U.S. Postal system to the address she/he designated as preferred. The student is responsible of making payment commitment based on the Financial Obligation Agreement or Payment Form. Student may request a Statement of Account at the Business Office throughout the academic year.

Financial Obligation

Failure to make payments of tuition, fees, room & board or other amounts due to Mount St. Mary’s College, or failure to set-up payment arrangement before the due dates is considered sufficient cause to (1) bar/prevent the student from registering for classes or taking examinations, (2) drop the student from registered classes and housing assignment, with subsequent registration subject to late fees, (3) withhold diploma, scholastic certificate, or transcript of record, and/or (4) suspend the student.
Payment Options
Methods of payment for tuition, fees and room & board to Mount St. Mary's College are as follows:

1. **Payment in Full** by mail, by phone or in person at the Business Office no later than the financial clearance deadline as indicated in the registration or financial obligation/payment packet. Types of payments are check, cash, money order, and some major credit cards.

2. **Tuition payment plan** is available through Tuition Management Systems (TMS), allows an interest-free monthly payment over a longer payment option for a minimal fee. TMS is a partner with Mount St. Mary’s College providing an education expenses payment plan. For more information, please call the Business Office.

3. **Deferred payment plan** with Mount St. Mary’s College can be arranged at a cost of $100 per semester. Upon signing the deferred payment arrangement, a 25% minimum payment for all charges must be made. Remaining payments are made in installments. Students must complete a deferred payment plan agreement with the Business Office prior to the clearance deadline for each semester.

Refund Policy

The following formula will calculate the tuition/room & board refund amount and will credit a student’s account accordingly. A refund table with specific refund dates will be published in the student newspaper, distributed to student processing departments and posted on the Business Office Website/bulletin board during the academic year. Refunds will be issued ONLY when there is a credit balance on the student’s account.

<table>

<tr>
<td>Between 11% and 25% of period of enrollment</td>
<td>50%</td>
</tr>
<tr>
<td>Between 26% and 50% of period of enrollment</td>
<td>25%</td>
</tr>
</tbody>
</table>

**Tuition Refund**
The last date of attendance indicated on the withdrawal/Leave of Absence (LOA) form that is filed with the Registrar's Office will be used to calculate reduction of charges for tuition.

**Room & Board Refund**
The date on which residents remove all belongings from their residence hall rooms and return the keys is used to calculate reduction of charges for room and board.

Reductions will first be credited against a student's financial aid, if any, before a balance accrues to the student. Refunds will not be made in cases of suspension or dismissal.

Tuition for all students, including those whose tuition payments have been deferred, becomes an obligation in accordance with the provisions of the reduced charges. When outside agencies, grants, scholarships or loans do not cover the withdrawal or change of tuition charge, the individual will be responsible for the amount due.
Grades

At the end of each term, the student receives a grade in every course of enrollment. All grades, with the exception of I, IP, and RD are final when reported to the registrar at the end of the term. The grade indicates results of examinations, term reports, and general scholastic standing in the entire course, and becomes a part of the student's permanent college record. Once submitted, grades may not be changed unless the result of clerical or procedural error.

A student must request a review/change of grade within 30 days after the end of a semester, or within 30 days following the distribution of the grade report containing the grade that the student wishes to challenge.

The student's grade point average is computed according to this scale:

<table>
<thead>
<tr>
<th>Letter</th>
<th>GPA</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
<td>Student performance is clearly outstanding.</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
<td>Performance indicates sharp insights and an ability to integrate and generalize material beyond the context of the course.</td>
</tr>
<tr>

<tr>
<td>NG</td>
<td>no grade received; issued by the Registrar pending receipt of the final grade</td>
</tr>
</tbody>
</table>
Grading Policies

All lower division courses required by the major must be completed with no grade lower than a C- and an overall departmental GPA of 2.0 or above. An exception to this college policy occurs when a grade of C (2.0) for departmental prerequisites/requirements is mandated by an outside licensing board, e.g. California Board of Registered Nursing.

All upper division courses required by the major must be completed with a grade of C (2.0) or above.

All courses being used to fulfill General Studies requirements must be passed with a grade of C- or better. Courses passed with a grade of D can still count as elective units toward graduation. (Effective Fall 2003)

Audit

The grading selection of Audit should be requested when a student wishes to preview a course for which he/she will be enrolled at a later date for a grade or to review a course that has already been successfully completed as preparation for further study, or for intellectual curiosity and enrichment. Auditors attend class sessions regularly but are not obligated to take examinations. They receive no credit for courses audited. Tuition is charged for courses taken as audit.

Procedures/Requirements for an Audit:
Students must register for an Audit by the end of the second week of the semester on a space-available basis.

Once requested, the Audit status cannot be reversed.

Students must attend a reasonable number of classes in order to receive an AU on their transcript.

Faculty have the option of requesting other requirements in addition to reasonable attendance such as class participation of students requesting to audit. A space will be provided on the Audit Request Form where faculty can stipulate the conditions agreed upon for the Audit.

If the conditions of the Audit are not met, the instructor may use the grading option of U (Unauthorized Withdrawal).
Credit/No Credit

To encourage a wider choice of courses by lessening the student's concern for the grade point average, selected courses may be taken for CR/NC. The following regulations apply to this option:

Courses used to fulfill General Studies requirements may not be taken CR/NC.

No more than six (6) elective units taken on a CR/NC basis can be applied to the 124 units required for the baccalaureate degree.

Courses which are only offered on a CR/NC basis are not counted as part of the six units.

The deadline for changing the grading in a course to CR/NC is the tenth (10th) week of the semester. Consult the academic calendar or the Registrar's Office for the specific date.

Courses taken on a CR/NC basis may not be applied to requirements for the student's major except at the discretion of the major department.

Once requested and approved the request for CR/NC cannot be reversed.

Incomplete

An Incomplete in a course can be granted only when a student:

- has fulfilled the majority of the course requirements,
- has a passing grade in course work,
- is prevented from completing the assigned work for serious medical/personal reasons,
- can, in the opinion of the instructor, complete the work within one semester.

Procedures/Requirements for requesting an Incomplete:

A student requesting an incomplete must obtain the signature and consent of the instructor and the department chairperson before the last day of class and prior to the day of the final exam.

Faculty must assign a default grade when approving an incomplete. This default grade will be recorded on the student's transcript when a completed grade is not assigned by the instructor and/or an extension of the incomplete is not processed. If a default grade is not provided by the instructor and the work is not completed, the I will revert to an F.

An incomplete may only be extended for one additional semester with the approval of the instructor, the department chairperson, and the appropriate academic dean.
Repetition of Courses With C-/D/F/NC Grades
Only courses for which C-, D, F, and NC were assigned may be repeated for a higher grade or CR. Courses that are required for a student’s major/minor may only be repeated one time, either at MSMC or at another institution if approved by the department chairperson. In cases of repeated courses, the units are counted once, and the higher grade is computed in the GPA if the course is repeated at MSMC.

Unauthorized Withdrawal
The designation of Unauthorized Withdrawal or U may, at the discretion of the instructor, be assigned in lieu of a grade of F, when a student does not attend a course but fails to officially withdraw, or does not attend a sufficient number of class meetings.

Withdrawal From Courses
The grade of W indicates withdrawal from a course. Students wishing to withdraw from a class must meet the following requirements:

The deadline for withdrawing from a class with a grade of W is the end of the tenth (10th) week of the semester.
The withdrawal deadline for the Weekend College is the end of the fourth weekend.
In cases where a class is offered on a split-semester basis, the deadline for withdrawing is one week after the midpoint of the course. Consult the academic calendar or the Registrar's Office for the specific date. See Business Office for reduced charges which apply when withdrawing from the college.

After the deadline for withdrawal, a student may request permission to be allowed to withdraw from all of her/his classes because of a medical emergency or extraordinary circumstance by submitting an Academic Petition to the appropriate Academic Dean.

The W designation carries no connotation of quality of student performance and is not calculated in the grade point average.

Summer School
A matriculated MSMC student may enroll for a maximum of nine (9) units each summer at another accredited institution until her last year at MSMC. Courses must be approved by the Academic Advisement Center and a Transfer of Credit Form must be completed and approved by the student’s advisor before the student enrolls. The College’s residency requirement which requires that 30 of the last 39 units prior to graduation need to be taken at Mount St. Mary’s College must be honored. Grades received by Mount students for summer school courses are not included in a student’s MSMC grade point average. The units for courses passed with a grade of C- or above are accepted and the units are counted toward units required for graduation.

Honors

Dean's List
To give public recognition to academic achievement, the Dean posts a list each term with the names of full-time students who have obtained a grade point average of 3.5 or higher for the
preceding semester. To qualify for the Dean's List, a student must have completed at least 12 letter-graded units in the preceding semester or 9 units per semester for Weekend College. Students who have Incomplete's (I) and/or Report Delayed (RD) on their semester grade reports will not be eligible for the Dean’s List until grade(s) are awarded.

**Commencement**

In order to participate in commencement exercises, a student must be registered for all the courses required to complete degree requirements for graduation. If a student is granted permission to enroll in a course prior to graduation, at an institution other than Mount St. Mary's College, the transcript must be received by June 30 in order to have the degree posted for spring.

**Honor Societies**

- Alpha Mu Gamma
- National Foreign Language Honor Society
- Alpha Tau Delta
- National Honor Fraternity in Nursing
- Delta Epsilon Sigma
- National Scholastic Honor Society
- Kappa Gamma Pi
- National Catholic College Graduate Honor Society
- Lambda Iota Tau
- National Literature Honor Society
- Phi Alpha Theta
- International History Honor Society
- Pi Delta Phi
- National French Honor Society
- Pi Theta Mu
- Service Honor Society
- Psi Chi
- National Honor Society in Psychology
- Sigma Delta Pi
- National Spanish Honor Society

**Attendance**

Attendance and punctuality are important for the successful pursuit of study. Therefore, the number of a student’s absences may be taken into account in determining academic grades. Students may be expected to explain to the instructor the reason for any absences from class and, in some cases, be asked to provide appropriate documentation.

There is no provision for a system of allowed cuts and absences. Students may be dropped from a class for excessive absences (excessive is defined as missing 20% of the classes) when, in the opinion of the instructor, further enrollment in the class would be of little value to the student.

Occasionally, a student is excused from class attendance by the Provost for the purpose of representing the college. In such cases, the student is responsible for securing and completing any assignments.
Placement Examinations
All incoming freshmen and transfer students are required to complete placement tests in order to assist them in selecting appropriate courses. Information regarding placement testing will be sent to incoming students prior to the beginning of each semester.

Examinations used to place a student at a level of study may result in lower levels of study being waived. No credit will be awarded as a result of these placement examinations. See Credit by Exam

Academic Internship
The academic internship provides the student with an educational, hands-on experience outside the classroom setting. This experience provides an opportunity to apply classroom theory and sharpen skills in problem-solving. Ordinarily, interns do not get compensated, but they do earn academic credit while participating. Ordinarily, a maximum of six units may be earned through internships. Each academic internship unit is equivalent to 40 hours of supervised time spent in the professional setting. Criteria for evaluation are determined by the faculty sponsor prior to the student's internship. These may include an experience journal, oral reports, and written reports. All internships are graded on a credit/no credit basis.

Independent Study
A course by Independent Study provides students with the opportunity to initiate and custom design a course of study within their major or minor areas of study. An independent study course may not include the content of a regularly scheduled classroom course.

Guidelines for Independent Study: Students assume the responsibility for implementing and presenting the proposed course of study to the sponsoring faculty member for approval and signature through completion of an Independent Study Approval and Application Form (available at the Registrar’s Office). When signed by the sponsoring faculty member, academic advisor and student, the document becomes a contract and upon registration becomes an official document within the student’s academic file. During the semester, students are responsible for initiating at least four contacts with the supervising faculty member as well as presenting the final independent study project to the faculty member by the end of the semester of registration. The following applies:

Lecture and laboratory courses listed in the catalog may not be taken through Independent Study.

At least 30 student study/work hours equals one unit of credit, e.g., students enrolled in a 3 unit course will be expected to devote at least 90 hours to the independent study.

Independent Study course enrollments are not available to freshmen.

No more than two Independent Study and/or Directed Study courses may be taken during a semester.

Students must submit the all paperwork for a registration through independent study on or before the end of the add/drop period.
**Directed Study**

Directed Study provides a means, at the discretion of the regular course instructor, for students to complete a regularly scheduled classroom course when prevented from attending the course for specific reasons. The official catalog course number followed by DS: will be used (e.g. His 124 DS (title:..). Under the directed study mode, faculty members share the responsibility with students including the planning of readings and/or projects and agree to at least six instructional/review meetings during the semester.

Guidelines for Directed Study: Enrollment in regular classroom courses through Directed Study requires the completion of the Directed Study Application and Approval Form. With the consent and assistance of sponsoring faculty members, students complete the learning/study goals, content and criteria for evaluation sections of the form or attach a copy of the regular course syllabus. Upon receipt of required signatures and when filed in the Registrar’s Office, these documents become official records within the student’s academic file. The following applies:

- Introductory courses within a discipline may not be taken through Directed Study.
- Directed Study course enrollments are not available to freshmen.
- No more than two Directed Study and/or Independent Study courses may be taken during a semester.
- Ordinarily, regularly scheduled courses are not taken through Directed Study.
- Students must submit all paperwork for registration through directed study on or before the end of the drop/add period.

**Academic Integrity**

The academic environment is predicated on truth and integrity. Acts of dishonesty constitute a serious offense to the Mount Community. Acts of academic dishonesty include, but are not limited to, the following:

1. **Cheating**: Cheating of any kind is dishonest. This includes copying other's essays or exams, stealing exams, buying or otherwise procuring new or used exams, having someone else take an exam or write an essay for which you take credit, and any other way you might receive credit for work that is not your own.

2. **Failing to hand in original work**: Using one essay for two different classes is also dishonest. If you have a topic appropriate for two classes, original and separate work must be done for each class, unless approval of both instructors has been obtained. Moreover, co-writing an essay without both obtaining the instructor's permission and acknowledging the other person's help is dishonest.

3. **Plagiarism**: Plagiarism is an act of academic dishonesty. It is a serious academic offense. Plagiarism is using anyone else's ideas and representing them as your own (i.e., not giving appropriate credit). Acts of plagiarism include the following:
   - Failure to document and give credit to an original source,
   - Paraphrasing another person's ideas without giving credit,
   - Using direct quotes without proper recognition of the source,
   - Using statistics, facts, or information from a source other than your own original research without giving credit.

4. **Falsification or misrepresentation**: Falsification of lab or clinical data, clandestine collaboration with others in class presentations or laboratory experiments, alteration of College documents, alteration of instructor's grade sheets/books, misrepresentation on admissions materials, falsification of academic records, forgery, entering computer accounts
not one’s own without prior consent of the owner, entering or deleting information without permission are all academic offenses.

5. **Theft**: Theft or mutilation of library or media materials, computer or media equipment, records or other College documents (such as examinations, assignments, gradebooks or other course materials), or theft from any member of the academic community are all acts of academic dishonesty.

**Consequences**: Actions such as these should incur, in proportion to the gravity of the offense, appropriate action on the part of the instructor or College representative. The penalty for an act of dishonesty could range from a grade of **F** on an examination or assignment, a reduced or failing grade for the course in question, probation, suspension or expulsion from the College. Repeated acts of academic dishonesty will be treated more gravely.

**Appeal Procedure**: Any student of the College has the right to appeal any decision resulting from a perceived act of academic dishonesty. The Academic Integrity Board should be consulted in the case of an appeal or whenever a case involving academic dishonesty has not been resolved at a lower level.

**Probation and Dismissal**

**Academic Probation**

A student is placed on probation for failing to maintain a 2.0 GPA for all courses undertaken in a term. A student must achieve a GPA of 2.0 or higher, based on a minimum of 12 letter-graded units, during the following term in order to continue in the college.

**Academic Dismissal**

A student is subject to dismissal for the following reasons:

- Failure to maintain a minimum GPA of 1.0 during any term.
- Failure to maintain a minimum GPA of 2.0 during a probationary term.
- Failure to maintain a minimum cumulative GPA of 2.0.

Students are notified by the appropriate Academic Dean of their dismissal. When extenuating circumstances, such as prolonged illness, account for the disqualification, the student may be permitted, on petition to the appropriate academic dean, to continue on probation for the next term.

Enrollment in the College implies willingness on the part of the student to comply with the requirements and regulations of the College. If the student fails to comply with these requirements and regulations, or if it is determined by the dean that the student is not able to benefit from the opportunities offered by the College, withdrawal may be requested even though no specific breach of discipline is charged.

**Withdrawal from College**

Students thinking of withdrawing from the College should schedule an interview with the Coordinator of the Advisement Center in order to explore other options or assistance.

Students who must withdraw from the college at any time must file a withdrawal notice in the Office of the Registrar. Forms are available from the Advisement Center on both campuses. Students who leave the college for two consecutive semesters without filing appropriate forms are considered withdrawn. Students wishing to re-enter must file an application for re-admission with the Admissions Office. See page 31 for reduced charges which apply when withdrawing from the college.
Leave of Absence

Students in good academic standing may request a leave of absence from the college for one semester. However, after the deadline to withdraw with a W, a Leave of Absence cannot be granted for the current term. Students on a leave of absence may not enroll in another institution during the period of leave of absence.

Upon request, a Leave of Absence can be extended for one additional semester by the appropriate Academic Dean. Students on a Leave of Absence are considered continuing students and may pre-register for the next semester at the allotted time and must contact their advisor.

Weekend College students may petition to take a Leave for three consecutive semesters and will not be required to change their catalog. Also, Weekend College students may petition to enroll at another institution while on a Leave of Absence with the understanding that they may not complete more than 6 units during any semester and no more than a total of 15 units.

Transcripts

Transcripts are issued at the written request of students or graduates to the Office of the Registrar. At the close of each term, transcripts for registered students must be held for inclusion of grades for the term, and therefore will not be available for approximately three (3) weeks. Partial transcripts will not be issued. At times other than the close of the term, the normal period required for processing transcripts is 5 working days. No transcript will be released unless all indebtedness to the college has been satisfied. All transcripts are $5.00 each. Upon completion of degree, students are entitled to a complimentary transcript.

The Registrar’s Office at Mount St. Mary’s College will only accept transcripts that have been mailed directly to MSMC from another institution. Transcripts that are hand-delivered or mailed by the student to MSMC will not be accepted as “official” and can only be used for purposes of “unofficial evaluation.”

Academic Petitions

Students may petition to waive or modify any academic policy or regulation, for good reason, which must be documented. The petition must be approved by the Assistant Academic Vice-President or Dean of the Doheny Campus. The student files the approved petition in the office of the registrar for placement in the student's permanent file.

Students with Disabilities

Mount St. Mary's College, in compliance with the state and federal laws and regulations including the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504), does not discriminate on the basis of disability in administration of its education-related programs and activities. We have an institutional commitment to provide equal educational opportunities for disabled students who are otherwise qualified. Students who believe they have been subjected to discrimination on the basis of disability, or have been denied access to services or accommodations required by law, should contact the appropriate campus disability services coordinator for resolution. Mount St. Mary's ADA/Section 504 Grievance Procedure is located in the Student Handbook and copies can be obtained upon request in the Campus Learning Centers or the Office of Student Affairs. The policy may also be viewed on the college website at www.msmc.la.edu, key word, "disability".
Transfer Students

Students transferring into the college bring different backgrounds, goals, education, and experiences. In recognizing this, special efforts are made to provide academic advisement and program planning that build on the learning the student has already acquired. Careful attention is paid to provide assistance in the scheduling of classes so that major requirements as well as college general education requirements are fulfilled.

Transfer students are assigned an academic advisor in the area of their major; the services of the Academic Advisement Center are available to all students.

Appeals of academic regulations and curriculum requirements are possible where such action seems warranted. Students seeking to appeal regulations other than course requirements in their major should obtain a petition from the Academic Advisement Center. The completed form should be taken to the appropriate dean for approval. Students seeking a substitution or waiver of requirements in their major should obtain the written approval of the departmental chairperson. Copies of this approval should be in the student's permanent file. Students who wish to challenge their Transfer of Credit Evaluation must do so by the end of their first semester at MSMC.

Credit by Exam

In selected departments, course credit by challenge examination is available on a limited basis and at the discretion of the department chairperson. The student must file the approved form in the Office of the Registrar. Only units of CREDIT will be awarded for these examinations. All credit awarded in this manner will be so noted on the student's transcript. A course may only be challenged by examination once. Students may also take externally administered standard proficiency exams such as CLEP (College-Level Examination Program from CEEB) and PEP (Professional Equivalency Program from ACT) in those areas approved by the college. Information about these exams and a current list of approved exams are available from the Academic Advisement Center. Credit for CLEP or PEP exams taken prior to enrolling at Mount St. Mary's College and which appear on the transcript of record from another college or university will be accepted according to the transfer of credit procedure. If there has been no official awarding of credit, an original transcript from ACT or CEEB must be presented.

Students who have taken courses sponsored by the armed forces or other non-collegiate agencies may apply for an evaluation of these learning experiences.

For the baccalaureate degree, a maximum of 12 units may be secured through CLEP/PEP exams in areas approved by the college. All units earned in this manner are held in escrow until the student has successfully completed 30 units of course work at Mount St. Mary's College.

For the Associate Degree, a maximum of 8 units of credit may be secured through credit by departmental exam and/or CLEP/PEP exams in areas approved by the college. All units earned in this manner are held in escrow until the student has successfully completed 24 units of course work at Mount St. Mary's College.

Advanced Standing

Advanced standing is determined on an individual basis and is not decided until an evaluation of all previous academic work has been completed. Original transcripts must also be
submitted for all proficiency or advanced placement credit awards (CLEP, PEP, AP). A maximum of 36 semester units for course work taken in an accredited college is transferable toward the Associate degree. No more than 66 transferable community college units may be applied toward the units required for a Baccalaureate degree.

Students transferring from foreign schools, colleges, and universities must submit original copies of their academic records and translations from an approved translating service. The Admissions Office can provide a list of approved agencies.

Credit for courses taken at other accredited colleges or universities is transferable provided that the transferred courses satisfy curriculum requirements at Mount St. Mary’s College. The following courses ordinarily do not transfer:

Cooperative Education  Freshman Orientation
Continuing Education   Pre-college Math, Writing, Reading
Directed and Independent Studies   English as a Second Language
Special Studies   Business Skills (typing, shorthand, etc.)
Selected/Special Topics   Vocational and Technical
Internships, Practicums, Field Work

No more than 2.0 units in physical education and 6.0 units in applied art may be transferred from any college or university.

In the case of courses in which grades of C-, D, or F are repeated, only the better grade will be transferred. In cases where a course in which a grade of C or better has been repeated, only the C will be accepted.

Courses are evaluated by the Advisement Center for general studies applicability. The determination of whether courses transferred into the college may serve as fulfillment of major or minor requirements is made by the appropriate department. Those courses not accepted in the major or minor may count as general electives.

A transfer credit summary and determination of advanced standing will be prepared by the Advisement Center after all transcripts of all previous college work have been submitted. A final credit summary will be prepared during the first semester of attendance once all final transcripts have been submitted. Failure to submit required transcripts may prevent the student from enrolling in classes. Students may not receive credit for transcripts of prior work submitted after the first semester of attendance. Students who wish to challenge the transfer credit summary must do so by the end of their first semester at Mount St. Mary’s College.

Concurrent Enrollment Policy and Transfer of Credit

Once admitted to and enrolled in the college, students are normally expected to only pursue study at Mount St. Mary’s College during the Fall and Spring semesters. A student seeking an exception to *Concurrent Enrollment Policy* must file an Academic Petition and Transfer of Credit Clearance Form in the Office of the Registrar prior to registration at another institution.

Classification of Students

To be classified as a sophomore, a student must have satisfactorily completed 30 semester units towards the Mount St. Mary’s College undergraduate degree, and have 1-2 more
A student with full-time status must carry 12-18 units per semester. Part-time students carry less than 12 units per semester. Foreign students (with non-immigrant F-1 student status) enrolled in beginning ESL (on or off campus) plus nine semester units may be considered as students with full-time status.

Non-matriculating students may take a course or courses for academic credit without following a prescribed curriculum toward a degree.

Ordinarily a student should be a sophomore before enrolling in upper division courses. It is the student's responsibility to be aware of prerequisites or requirements for enrolling in upper division courses.

Application for Graduation with a Degree

Students applying for graduation must file a graduation application in the Registrar's Office before the end of the semester prior to graduation. See the Registrar's Office for specific dates and forms.

Degree Completion:

Associate of Arts students

Full-time traditional students continuously enrolled the MSMC Associate of Arts degree program must complete all degree requirements in three years and/or six semesters, excluding Leaves of Absence. Failure to complete degree requirements within this time frame would result in dismissal from the College.

Baccalaureate students

Full-time traditional students continuously enrolled in the MSMC Baccalaureate degree program must complete all degree requirements in six years and/or twelve semesters, excluding Leaves of Absence. Failure to complete degree requirements within this time frame would result in dismissal from the College.

Returning students

A student who wishes to return to MSMC to complete his/her degree (either Associate or Baccalaureate) after an absence of six or more years must return under the catalog in effect when the readmission is granted. All General Studies requirements must be completed. The department chair will determine requirements necessary to complete the major.

Math Placement Exam

Effective Fall 2003, algebra and calculus math placement exam scores will be valid for two years only. If students do not take a math course to fulfill their general studies math requirement within two years, they will have to retake the math placement exam.
The Associate in Arts Degree

Through the Associate in Arts Program students have the opportunity to develop academic competencies. Faculty and staff offer excellence in their specialized fields and show concern for the individual student. The fundamental goal of this program is to provide knowledge and skills for an enriched life and the possibility for further education. Students in the A.A. Program also are able to explore various options in determining a career and the skills necessary for employment.

All courses are transferable to the Mount St. Mary's College baccalaureate degree program unless otherwise stated. Students wishing to transfer to other four year campuses should consult with their advisors about the transferability of courses.

All students who enter the Associate Degree Program are required to complete a battery of tests including reading, writing and math prior to registering for classes. These proficiency tests must be passed before a student can receive her AA degree or transfer to Chalon.

The specializations are designed to prepare the student for transfer to a baccalaureate program or employment upon graduation.

Four semesters are usually required to complete the A.A. degree. Students with academic deficiencies may need an additional semester. A student can be in the AA program for a 5th semester in order to fulfill requirements to graduate or to transfer to the Chalon Campus. A student must be enrolled in an English class every semester until she has successfully completed ENG 6A and 6B.

Majors Offered

Mount St. Mary's College confers the Associate in Arts degree with the following majors:

Business Administration
Early Childhood Education
Graphic Design
Human Services
Liberal Arts
Media Communication
Nursing
Pre-Health Science

A complete description of the requirements for each major as well as course descriptions may be found in the Courses of Instruction section of this catalog.
A student is governed by the catalog under which he/she enters MSMC. If subsequent catalogs have changes in major/minor or general studies requirements which are in the student’s favor, they may be substituted at the option of the student.

**Academic Policies: Associate Degree**

**Degree Requirements**

1. Completion of at least 60 semester units with a grade point average of 2.0 (a C average) for all college work undertaken at Mount St. Mary's College.
2. 30 of the last 39 units must be taken at MSMC
3. Required courses:
   I. **Communication Skills** (minimum of 6 units):
      
      ENG 6AB or ENG 1AB
      (Students planning to transfer to the Chalon Campus must be enrolled in an English class every semester until they have successfully completed English 1B.)

   II. **Arts and Sciences** (minimum of 9 units):
      (at least one course must be taken from three of the following categories)

   A. **Art, Music, Literature**
      
      ART 2    Design I (3)
      ART 5    Fundamentals of Art (3)
      MUS 6    The Fine Arts: Music (3)
      ENG 12   Literary Analysis (3)
      ENG 15   Literature & Society (3)
      ENG 16   Literature & the Human Experience (3)
      ENG 17   Literary Focus (3)
      ENG 25   Mythmaking: The Quest for Meaning (3)
      ENG 27   Women in Quest (3)
      ENG 28   Contemporary Issues in World Literature (3)

   B. **History, Contemporary Economics, Politics**
      
      HIS 1A   Western Civilization I (3)
      HIS 1B   Western Civilization II (3)
      HIS 25   Cultural Geography (3)
      HIS 75   Contemporary America (3)
      ECO 2    Macroeconomics (3)
      POL 1    American Government (3)

   C. **Natural, Physical Sciences**
      
      BIO 5    Life Science (3)
      BIO 10   Health Science (3)
      BIO 40A  Anatomy (4)
      BIO 50B  Physiology (4)
      PHS 1    Scientific Concepts (3)
      PHS 2A/B General Physical Science (2,2)
D. Social, Behavioral Sciences

ECO 1 Microeconomics (3)

POL 2 Comparative Government (3)

POL 10 Political Concepts (3)

PSY 1 General Psychology (3)

PSY 12 Child/Human Development (3)

SOC 5 Sociological Perspectives (3)

SOC 6 Family Relationships and Child Development (3)

III. Philosophy (3 units)

IV. Religious Studies (3 units)

V. Freshman Orientation (1 unit)

SPR 85 (1)

VI. Outreach

SPR 60A Social Action (1)

-or-

Fieldwork or clinical experience required by specific majors

-or-

Successful completion of a service learning class (SL)

VII. Diversity (3 units)

ART 5 Fundamentals of Art (3)

ENG 27 Women in Quest (3)

HIS 25 Cultural Geography (3)

MUS 6 The Fine Arts: Music (3)

PHI 15 Challenges in Philosophy (3)

PHI 21 Moral Values (3)

PHI 92 Business Ethics (3)

POL 2 Comparative Government (3)

RST 61 World Religions (3)

RST 78 Death and Afterlife (3)

SOC 5 Sociological Perspectives (3)

SOC 6 Family Relationships and Child Development (3)

VIII. Quantitative Literacy (3 units)

(a minimum of 3 units, taken from any category)

A. Quantitative Literacy 1(QL1)

NUR 30 Pharmacology (2)

B. Quantitative Literacy 2 (QL2)

MTH 10 Quantitative Reasoning and Mathematical Ideas (3)

MTH 28 Mathematical Analysis for Business (3)

MTH 38 Elements of Probability and Statistics (3)

MTH 50 Elementary Number Systems (3)

MTH 51 Elements of Geometry and Statistics (3)

PHS 1 Scientific Concepts (3)

4. Completion of program requirements. (Listed under departments.)
5. For the associate degree, 24 semester units must be completed during the last two semesters at Mount St. Mary's College. Of these, a minimum of 12 semester units must be in the student's major and earned in regular course work.

6. In order to participate in commencement exercises, students must have completed all requirements for graduation.

7. Skill in writing, reading, basic math and notetaking evidenced by passing scores in proficiency tests.

8. Must file a graduation application in the Registrar’s Office by the end of the term prior to the term of completion.

**Credit Load**
A full-time student is defined as a student who is enrolled in a minimum of 12 units and a maximum of 18 units per semester.

**Graduation With Honors (Associate in Arts Degree)**
Graduation *With Honors* shall be granted to a student who has earned the Associate in Arts degree while maintaining a cumulative 3.5 grade point average prior to the final semester.

The overall GPA at the end of the fall semester of the academic year is used in determining honors. The student's grade point average will be calculated on the basis of grades earned at Mount St. Mary's College, as well as college course credits and grades earned prior to the time of matriculation.

Courses completed at another institution after matriculation are not computed into the cumulative grade point average with the exception of approved exchange programs.

**Intercampus Transfer**
Mount St. Mary's College offers students who begin their studies in the Associate degree program the opportunity to transfer to the Baccalaureate program. Students wishing to transfer must have completed two semesters at MSMC with a 2.4 grade point average, have passing scores on the proficiency tests, have completed ENG 1A, and must take the following steps:

1. Request a Program Change Application from the director of advisement or intercampus transfer coordinator; obtain the signatures of the academic advisor, the testing coordinator, and the inter campus transfer coordinator.

2. If requesting to transfer to the Nursing or Liberal Studies majors, the transfer form must also be approved by the department.

3. Submit this form to registrar’s office to obtain verification of transferable units and cumulative GPA.

4. Have completed ENG 1A and be enrolled in ENG 1B or 1C during the first semester at the Chalon Campus.
5. Students who transfer prior to receiving their AA degree cannot request it retroactively.

Students will be notified of their preliminary acceptance into the Baccalaureate program by the Intercampus Transfer Office. Students will be notified of final approval after the verification of semester grades.

Integration of Theory and Practice

Experience endeavors to relate personal growth and learning to the more practical aspects of life. Opportunities for experience can occur both inside and outside the college.

The Freshman Orientation course facilitates the incoming student's adjustment to the demands of college life by teaching skills for personal effectiveness and presenting strong female role models in various careers. Students work in small groups with staff and peer counselors to discuss concerns, explore values and goals, and practice communication skills.

Social Action/Fieldwork extends the learning process beyond campus limits. The student becomes aware of important issues in society. Opportunities are offered for career-related experiences and the blending of theory and practice. In Social Action or Service Learning Classes, the student performs supervised volunteer services such as tutoring, hospital volunteer work, child care, home visiting, and the like. In Field Work the student engages in supervised fieldwork as determined by the major.

Academic Support Services

Academic Advisement

The advisement program is coordinated through the Academic Advisement Center. All students are assigned an advisor with whom they plan their academic programs. The advisor assists in clarifying program requirements and in coordinating the students' schedules. To further serve the students’ advisement needs, the Academic Advisement Center functions as a drop-in office for on-going guidance and referral services.

Although the individual faculty advisors and the Advisement Center staff make every effort to provide advisement for the student, it is ultimately the student's responsibility to see that all procedures are followed and all requirements are fulfilled.

Learning Resource Center

The Learning Resource Center oversees the English classes’ Skills Labs, supervises students still working for reading, writing, and math proficiencies, and provides tutors for most areas of the undergraduate curriculum. Students in developmental English classes spend an assigned hour a week receiving instruction in diagnosed grammatical and compositional skills not yet mastered. With tutors, computer or AV aids, students also work to acquire a certain proficiency in reading, writing, and basic math. Students may also request a tutor or organize a study group for other areas of the curriculum, e.g., psychology, sociology, geography, etc. Students are encouraged to make appointments for any extra time they may need, but occasionally drop-ins can also be accommodated.

Skills Programs

The ability to communicate is one of the basic tools of learning. A student must be able to receive and to transmit information accurately. This process involves reading, writing,
speaking, and listening, as well as understanding non-verbal messages. A student must be able to think logically and apply knowledge to problems and situations at hand. In order to facilitate the acquisition of these tools, the following programs are offered:

**College Skills**

Specialized courses in areas such as study skills, reading, math, and English are provided for students whose previous performance and/or test results indicate they might experience academic difficulty. These courses are required for students who are academically underprepared.

**Summer Skills Workshop**

The Workshop in Study Skills, offered prior to freshman year, enables interested students to get a better start in their college careers. Students receive one unit of AA credit for successfully completing a class in study skills and two other classes chosen from classes in writing, math, reading, notetaking, and studying the sciences.

**The J. Thomas McCarthy Library**

As a branch of the Mount St. Mary's College Libraries, the J. Thomas McCarthy Library provides on-line access to a union catalog of approximately 130,000 volumes, 800 periodicals titles and 5500 non-print media programs. The Library houses a substantial print collection and provides expedited access to the Chalon Campus Coe Library and Instructional Media Center collections. The Library also provides web-based access to a wide variety of bibliographic and full-text subscription databases, as well as access to the catalogs of many other local and non-local libraries. Please consult the Libraries’ Research Resources webpage for a current list of databases. Library staff provide assistance and instruction to patrons conducting library research.

**Computer Labs**

The Doheny Campus has two complete computer labs. Each has laser printers available. Macintosh Lab, located in room 108, Bldg. 4, has 18 iMac, networked computers. Each has the Microsoft Office software suite and web browsing capabilities. The lab is open daily for student and faculty use.

The main student computer lab in Bldg. 3, room B-104, has 25 networked Dell workstations. Each has a ZIP drive for large file access and storage, the Microsoft Office software suite and web browsing capabilities. The lab is open daily for student and faculty use.

Title V grant-funded labs, located in Bldg. 4, rooms 205 and 207, have networked Dell computers. Each has the Microsoft Office software suite and web browsing capabilities. The labs are also used as classrooms and are open daily for student and faculty use when there are no classes in session.

**A.A. Student Cross-Enrollment at Chalon**

Associate of Arts students may take a limited number of units at Chalon. Ordinarily students admitted to the A.A. Program do not take classes at Chalon during their first semester. However, if there is need for a sequence course such as biology, chemistry, math, or music, a maximum of eight units may be taken during the first two semesters. Unless noted in program requirements, AA students do not take upper division courses until their junior year and completion of ENG 1B. (Chalon students have priority registration for Chalon classes; Doheny students for Doheny classes.)
After two (2) semesters in the A.A. Program, a student with a 2.4 cum GPA may take a maximum of seven (7) units her third semester and as many as nine (9) units during her fourth semester.

**Student Affairs**

Mount St. Mary’s College provides students with programs and experiences conducive to personal, cultural, ethical, social, physical, spiritual, and intellectual growth. Student initiative and responsibility are encouraged in an atmosphere of close interrelation among students, faculty, administration and staff.

**Campus Ministry**

Campus Ministry seeks to develop and sustain awareness of the spiritual dimension of life which is at the heart of the college’s mission, assisting students, faculty and staff to grow spiritually in accordance with their own religious traditions. Catholic in our roots and vision, we welcome an opportunity to be of service to persons of every religious persuasion or none at all, and commit ourselves to respect for the freedom of each person’s conscience and unique path.

The Campus Ministry team consists of a director, two coordinators (each focused on one of our two campuses), student coordinators and office staff. Together, they are responsible for a number of areas: Prayer and Spirituality; Liturgy (including Sunday Mass, reconciliation services and other prayer services); the Rite of Christian Initiation for Adults (for those who wish to become Catholic); preparation for Confirmation, Eucharist and other sacraments; Bible Study and other educational efforts; retreats; campus festivities and observances; and community service opportunities, including action and reflection for Social Justice. Individual counseling and conversations are also available to any member of the campus community.

Our Lady of Mercy Chapel is the central place for worship and prayer on the Doheny campus. And people of all faith backgrounds are welcome there, whether for a Noon Mass, an evening Rosary with friends, or for personal quiet reflection.

You are always welcome to the Campus Ministry office, whether you are a student, faculty or staff member, whatever your religious tradition.

**Career Planning Center**

The Career Center provides the opportunity for students to find the major and career best suited for them by learning how to identify their unique skills, interests, values and personality traits, and how to research the world of work. Students are encouraged to enroll in the one unit Career Planning seminar (required for business majors) offered in the Spring semester, the Career Exploration course (for undeclared or major changers) offered during the Fall semester or the Careers in Health (required for pre-health majors) course offered in the Fall.

The Career Center includes a career library with books on interviewing, resume writing, major and career options and job search information. Off-campus full-time and part-time job listings, the “Volunteer Works” internship database with over 300 internship listings, and “Choices,” a computerized career planning tool can be found in the Career Center.
A variety of activities are offered by the Career Center. Annual events include an etiquette dinner and major fair. Alumnae Career panels focusing on different majors and occupations are held throughout the school year. The Center also sponsors trips to various off-campus career fairs, career-related conferences and workshops.

The Career Center staff is available for individual counseling appointments to assist students with skills assessment, resume writing, and interviewing techniques. Staff also help students to research information on career positions and internship options. The Career Center staff foster on-going relationships with a variety of organizations and corporations in order to develop internship and employment opportunities for students.

**Service Learning and Community Engagement**

In the spirit of the mission and strategic planning of Mount St. Mary’s College, community engagement opportunities exist to offer MSMC students off-campus service and learning experiences at community organizations that promote human and community development. Service-Learning faculty, Career Development staff, the Women’s Leadership Program and the office of Experiential Learning work collaboratively with MSMC students to promote healthy, socially-just communities in the greater Los Angeles area. In order to gain knowledge and understanding, assess their own learning through reflection and structured experiences, and become life-long committed advocates for social justice in our world, all Mount students are encouraged to participate in a variety of community engagement and service-learning opportunities.

**Counseling and Psychological Services (CPS)**

MSMC recognizes that emotional health and personal growth are essential components of a successful academic experience. The mission of CPS is to enhance the emotional growth of students by promoting balanced lifestyles, positive self-esteem, and essential life skills with an emphasis on the development of the whole person. CPS provides psychological counseling services and psycho-educational programs for students, as well as responsive consultation to the college community. In counseling, students discuss issues such as anxiety, depression, stress management, academic concerns, family and relationship problems, grief, loneliness, eating disorders, substance abuse, dating violence and self-esteem difficulties.

Counseling services are available to current, full-time MSMC undergraduates and physical therapy graduate students. After the initial appointment, a recommendation will be made for individual counseling, group sessions, or referrals to services in the community. Our counseling is short-term, including up to twelve sessions per academic year.

All sessions are confidential in keeping with professional ethics and state laws. No information about student clients is shared with family members, the faculty, college administrators, or anyone else without written permission. The exception to this policy is when limited disclosure is required by law to protect the student or another individual from harm. CPS is staffed by licensed psychologists and advanced doctoral level interns.

**Fitness Education**

Mount St. Mary’s College is committed to graduating well-balanced women with a strong sense of self and physical well being. The Fitness Education Department offers two programs that compliment the academic program: the physical education courses offered for academic credit, and a wellness and fitness program, including nutrition. The two programs together provide students with the opportunity to attain, improve and/or maintain their physical fitness, attend informative workshops on wellness and fitness, participate in recreational activities on or off the campus, and participate in intramural volleyball, basketball, and tennis programs.
Facilities include a pool, fitness center equipped with cardiovascular and weight training equipment, and a tennis-basketball-volleyball court.

**Institute For Student Academic Enrichment (ISAE)**

ISAE is a federally funded Student Support Services/TRIO program designed to assist first-generation, low-income and/or disabled students in achieving their maximum potential in higher education. ISAE provides eligible students academic advisement, peer tutoring and mentoring, career and personal counseling, financial aid information, workshops and leadership and cultural enrichment opportunities. ISAE is located in the Doheny Career Planning/Advisement Center.

**Orientation**

The Orientation program is designed to assist entering students with their transition to Mount St. Mary's College and to enhance their success at college. Orientation begins the weekend before classes begin and continues with a seminar class (SPR 85). Orientation provides students with opportunities to become more familiar with college services, policies and procedures. Orientation includes an introduction to both the academic and student life aspects of the college and provides for the interaction of new students with faculty, staff, and continuing students.

**Residence Life**

Primary emphasis in the residence halls is on a close interrelationship of full time students and staff to create a living and learning environment that fosters the formation of personal values and integrity. On-campus living affords increased opportunities to develop personal relationships and to participate in the many enriching programs which Mount St. Mary's College offers. Student residence life is largely self-regulated, under the direction of the Residence Life Staff which is composed of the Director, Assistant Director, Administrative Assistant, Head Resident Assistants, and Resident Assistants.

The residence staff gives much time and attention to assigning rooms and roommates. They strive to provide students both privacy and the freedom to develop relationships conducive to social, educational and spiritual growth.

An off-campus housing referral listing is available through the Student Activities Office.

**Student Activities**

College involvement gives the student the opportunity to become a vital part of the institution. Students are encouraged to serve on college committees and to initiate religious, cultural, and social activities. The small college atmosphere offers many opportunities for participation in student government and campus organizations.

Many organizations are open to the Mount students in an effort to broaden their experiences. Among these, the Associated Student Body sponsors a wide range of social, cultural, recreational, volunteer, and religious activities. The ASB meets regularly to discuss student issues and to promote student involvement. Several occasions arise each year for interaction with Baccalaureate students at Chalon as well as with students of surrounding colleges. Special interests are represented in various clubs and organizations.

**Student Ambassador Program**
The Student Ambassador Program is one of MSMC’s partnership programs designed to motivate inner-city high school students to complete high school and aspire to a college education. The ambassadors help high school students understand what skills they need to acquire and what courses to take to qualify for college admission, and assist them with identifying appropriate colleges to which they can apply, completing admissions applications and researching financial aid. The program provides leadership and service opportunities to Mount Students by engaging them in outreach in the Los Angeles area. Currently, ambassadors serve in 40 high schools, 5 middle schools, and several Los Angeles City housing developments. By helping these high school students to plan for college, improve study skills and envision satisfying and rewarding careers, Mount students are able to give back to the community while developing their own counseling and time-management skills. The Student Ambassador Program continues a long-standing Mount tradition of service to the local and world community.

Student Health Services
Mount St. Mary’s College Health Services Department offers a broad range of services to both resident and commuter students. Emphasis is placed on preventive medicine and on positive health practices which will become a part of each student’s lifestyle. Health education programs designed to assist students in developing values and skills related to achieving a high level of health are presented each semester.

Regular, full-time students at the Doheny campus who pay the Comprehensive Student Fee may access both the Doheny Student Health Office and the Chalon Student Health Center. The Doheny Health Office is staffed by a registered nurse who is available to provide treatment of minor illness and injuries, health references, health teaching, immunizations and laboratory testing.

The Chalon Health Center is staffed by physicians, nurse practitioners, nurses, and specially trained students. Services include diagnosis and treatment of illnesses and minor injuries, physical examinations, health teaching, immunizations, and laboratory testing. Appointments may be made throughout the week. Students who pay the Comprehensive Student Fee may see a medical provider or nurse at no expense. There may be minor charges for laboratory testing and medications.

Incoming freshmen and transfer students, both resident and commuters, must submit a current health history and physical examination prior to entrance. Proof of current immunizations and TB skin testing are also required for admission. Additional health requirements exist for students enrolled in programs with clinical affiliations.

All full-time, regular students are required to carry Health and Accident Insurance. Please see the expense listings at the beginning of this catalog for additional information regarding health insurance available through Mount St. Mary’s College.

Women’s Leadership Program
The Women’s Leadership Program is designed to provide all students with opportunities to develop their leadership potential. The Program offers resources, workshops, conferences, seminars and internships that enable students to study leadership theory and put the theory into practice. The curriculum is designed to explore the different contexts of leadership (i.e. self, team, professional, and civic) with a special emphasis on making a difference that will benefit the common good.
Students may also create an electronic leadership transcript, which tracks the development of their leadership skills as well as provides evidence of their leadership potential to prospective employers or graduate school programs. Advanced students plan and implement their own leadership projects on campus and in the community.

For course offerings in Leadership, please see the Leadership and Women Studies Minor under the Courses of Instruction section of this catalog.
Mount St. Mary's College confers the following Baccalaureate degrees:

**The Bachelor of Arts** with majors in:
- American Studies
- Art
- Biological Sciences
- Business Administration
- Chemistry
- Child Development
- English (*including Weekend College*)
- English and Business Administration (*including Weekend College*)
- Film and Social Justice
- French Studies
- Gerontology
- History
- International Relations
- Liberal Arts (*Weekend College only*)
- Liberal Studies (*for elementary teaching credential students*)
- Mathematics with Computer Science Emphasis
- Music
- Philosophy
- Political Science
- Psychology
- Religious Studies
- Social Science
- Sociology (*including Weekend College*)
- Spanish and Business Administration
- Spanish Studies

**The Bachelor of Science** with majors in
- Biochemistry
- Biological Sciences
- Business Administration (*Weekend College only*)
- Chemistry
- Nursing
- Social Work

**Individually Designed Major**
The Individually Designed Major is available to students interested in giving further creative direction to their own education. This student is encouraged to utilize alternative modes of education and to assume leadership in initiating educational and cultural experiences.
Admission to the Individually Designed Major presumes the ability on the part of the student to engage in independent study. Freshmen are eligible to pursue an IDM after the successful completion of their first semester at Mount St. Mary's College.

Information is available in the Advisement Center and from the Associate Academic Vice President.

**Baccalaureate Degree Requirements**

**Degree Requirements**

1. Completion of at least 124 semester units with a grade point average of 2.0 (C average) for all college work undertaken at Mount St. Mary's College. A minimum of 45 semester units must be in upper division work.
2. Completion of a major, as designated by the major department.
3. Satisfaction of the senior residence requirement. Residence is defined as 30 of the last 39 units before graduation must be taken at Mount St. Mary's College. A minimum of 12 upper division units must be in the student's major and earned in regular course work at Mount St. Mary's College.
4. Completion of a Mount St. Mary's College general studies program.
5. Required Course: Introduction to College Studies (SPR 85) is required of all freshmen entering college with fewer than 24 units.
6. Must file a graduation application in the Registrar’s Office by the end of the term prior to the term of projected completion.

In order to participate in commencement exercises students must be registered for all courses needed to complete degree and college requirements. If a student is granted permission to enroll in a course prior to graduation at an institution other than Mount St. Mary's College, the transcript must be received by June 30.

All general studies courses must be passed with a C- or better

A student is governed by the catalog under which he/she enters MSMC. If subsequent catalogs have changes in major/minor or general studies requirements which are in the student’s favor, they may be substituted, by the department chair, at the option of the student. Changes in College policies and procedures apply to all students.

**The General Studies Curriculum**

An educated person is one who is not only academically prepared in an area of specialization but also one who has knowledge and appreciation of the diverse fields of human endeavor. To achieve this, a student is expected to explore areas of learning outside the major through the General Studies curriculum. The college has adopted the following components of a liberal education as fundamental in developing excellence of mind and spirit. The components are integrated into the educational program, and into the General Studies Curriculum, in a way that enables the growth of students as free, imaginative, and responsible human beings, sensitive and responsive to the needs of the human person and human society. These components are:

1. effective written expression of ideas;
2. effective oral communication;
3. analysis of assumptions, methods of argumentation, values;
4. problem-solving: defining problems, identifying issues; organizing, analyzing, synthesizing ideas; comparing, contrasting ideas; decision-making;
5. understanding of personal and group behavior;
6. effective participation in a group or organization;
7. sense of history as providing perspective for interpreting human events;
8. sense of literature as reflecting and interpreting human experience;
9. understanding of and appreciation for music and the visual arts;
10. curiosity about and a spirit for investigating the natural universe;
11. ability to recognize patterns of thought used in science and mathematics;
12. understanding of the impact of advancing technology on human society and culture;
13. understanding of social classes and social structures in diverse societies;
14. understanding of contemporary economic, social, and political issues;
15. understanding of criteria and standards to assess personal moral values and ethical judgments;
16. openness to understanding of and respect for philosophical, religious, and ethnic diversity;
17. awareness of the religious and spiritual dimensions of human existence.

General Studies Requirements
The following structure and content for the General Studies Curriculum applies to bachelor degrees except that there is no modern language requirement for the Bachelor of Science degree. Students may not take general studies courses on a credit/no-credit basis. All courses used to fulfill General Studies requirements must be passed with a grade of C- or above.

The college policy on challenge examinations will prevail in the General Studies Curriculum.

I. Communication Skills (minimum 7 units)
A. Written (6 units)
   ENG 1A B/C Freshman English (3,3)
   ENG 5H Freshman Honors English (3)

B. Oral (1-3 units)
   SPE 10 Introduction to Communication (2)
   SPE 12 Business and Professional Communication (1)
   POL 134 International Organization-MUN (3)
   POL 135 Selected Problems in International Organization (3)

II. Critical Thinking (minimum 3 units)
   BIO 151 Medical Physiology (4)
   ENG 1C Freshman English (3)
   NUR 138 Research in Nursing (3)
   PHI 5 Introduction to Logic (3)
   PHI 10 Critical Thinking (3)

III. Arts and Sciences (minimum 21 units)
At least one course must be taken in each of the following categories (A - G):
   A. Art or Music
      ART 2 Design I (3)
      ART 3/103 Visual Thinking (3)
ART 5 Fundamentals of Art (3)
ART 7/107 Experiences in the Visual Arts (3)
ART 170 History of Art: Ancient thru Medieval (3)
ART 171 History of Art: Renaissance thru Romanticism (3)
ART 172 History of Art: Modern World (3)
ART 173 Multiculturalism and the Visual Arts (3)
ART 174 Women in Contemporary Art (3)
MUS 6/106 Varieties of Music (3)
MUS 25/125 Music Masterpieces (3)
INT 93AB/193AB Guided Experiences in the Arts (1.5,1.5)
INT 95/195 Study/Travel: European History and Culture (3)

B. Literature
ENG 12/112 Literary Analysis (3)
ENG 15 Literature and Society (3)
ENG 16 Literature and the Human Experience (3)
ENG 17 Literary Focus (3)
ENG 18/118 Great Works in World Literature (3)
ENG 19/119 Great Works in British Literature (3)
ENG 20/120 Great Works in American Literature (3)
ENG 21/121 Classical Epic and Drama (3)
ENG 25/125 Mythmaking: The Quest for Meaning (3)
ENG 26 Literature of the American West (3)
ENG 27/127 Women in Quest (3)
ENG 28/128 Contemporary Issues in World Literature (3)
ENG 70/170 Western Literary Heritage (3)
ENG 73 Shakespeare (3)
ENG 122 Love in World Literature (3)
ENG 123 Women's Voices in Literature (3)
ENG 124 Fiction to Film (3)
ENG 126 The American Experience (3)
ENG 129 Ethnic Lit. in America (3)
ENG 130 Faith and Fiction (3)
ENG 131 Russian Literature (3)
ENG 156H The Modern Temper (3)
ENG 164 American Drama (3)
ENG 165 Novels of the Americas: Latino Voices (3)
ENG 173 Shakespeare (3)

C. History
HIS 1AB Western Civilization (3,3)
HIS 5H European Leaders and Ideas in Ferment and Flux (3)
HIS 6/106 American Cultural History (3)
HIS 25 Cultural and Historical Geography (3)

IV. Language & Culture

Required for B. A. degree only.

FRE 1 Elementary French I (or equivalent) (4)
FRE 2 Elementary French II (or equivalent) (4)
FRE 3 Intermediate French III (3)
FRE 4 Intermediate French IV (3)
FRE 33A/B French Culture and Civilization (3) Weekend College only
JPN 1 Elementary Japanese I (or equivalent) (4)
JPN 2 Elementary Japanese II (or equivalent) (4)
SPA 1 Elementary Spanish I (or equivalent) (4)
SPA 2 Elementary Spanish II (or equivalent) (4)
SPA 3A Accelerated Spanish
SPA 3B Intermediate Spanish III (3)
SPA 4 Intermediate Spanish (3)
SPA 33A Civilizations and Cultures of Spain (3) Weekend College only
SPA 33B Civilizations and Cultures of Hispanic America (3) Weekend College only
SPA 112 History and Civilization of Spain (3)
SPA 44/144 Hispanic Civilizations and Cultures (3)

B.S. degree programs do not require a second language because of the additional science courses required by the related departments or outside professional accrediting agencies. However, all students are strongly encouraged to take a second modern language to enhance their personal and professional communication in our current multilingual society.

V. Philosophy and Religious Studies
(minimum 15 units* - must include 3 units of Ethics and 3 units of Philosophical Ideas.)

A. Religious Studies (6-9 units)
Ordinarily courses must be taken in at least two of the following areas:

1. Scripture
RST 11 Introduction to Hebrew Scriptures (3)
RST 15 Introduction to Christian Scripture (3)

2. Christian Thought
RST 21 Introduction to Catholicism (3)
RST 23 Spiritual Journeys of Women (3)
RST 25/125 Marriage Issues: Catholic Perspectives (3)
RST 70 Faith and Human Development (3)
RST 131 Jesus (3)
RST 135 Women and Christianity (3)
RST 137 Challenges in Contemporary Theology (3)

3. Christian Ethics
RST 41 Introduction to Christian Ethics (3)
RST 45/145 Contemporary Issues in Christian Ethics (3)
RST 50 Social Issues in Christian Ethics (3)
RST 49/149 Biomedical Issues in Christian Ethics (3)

4. Religion and Religions
RST 61/161 Introduction to World Religions (3)
PHI 160 Philosophy of Religion (3)
RST 78/178 Death and Afterlife (3)
RST 172 Jesus & the Buddah (3)
SOC 195 Sociology of Religion (3)
B. Philosophy (6-9 units)

At least one course from among those listed under Philosophical Ideas must be taken.

1. Philosophical Ideas

- PHI 15 Introduction to Philosophy (3)
- PHI 24 Socrates, Plato, Aristotle (3)
- PHI 126 Descartes to Kant (3)
- PHI 130 Existentialism (3)
- PHI 134 American Philosophy (3)
- PHI 150 Metaphysics (3)
- PHI 152 Theory of Knowledge (3)
- PHI 158 The Scientific Method (3)
- PHI 160 Philosophy of Religion (3)
- PHI 162 Philosophy & Native Cultures (3)
- PHI 165 Philosophy & Law (3)
- PHI 169 Philosophy of Technology (3)
- PHI 170 Social and Political Philosophy (3)
- PHI 172 Marxism (3)
- PHI 174 Philosophy of Art (3)
- PHI 175 Philosophy of Film (3)
- PHI 176 Philosophy in Literature (3)
- PHI 178 Philosophy of Woman (3)
- PHI 179 Women and Values (3)
- PHI 180 Chinese Philosophy (3)

2. Ethics

- PHI 21 Moral Values (3)
- PHI 92/192 Business Ethics (3)
- BUS 92 Business Ethics (3)
- PHI 168A Contemporary Moral Problems (3)
- PHI 168B Bioethics (3)
- PHI 179 Women and Values (3)

3. Other

- PHI 5 Introduction to Logic (3)
- PHI 10 Critical Thinking (3)
- PHI 155 Symbolic Logic (3)
- PHI 158 The Scientific Method (3)

*Students transferring into the college who will graduate in two years or less will fulfill General Studies V., A and B, by completing two courses in each area, a total of twelve (12) units, one course must be Ethics and one must be Philosophical Ideas.

VI. Diversity (6)

- ART 5 Fundamentals of Art (3)
- ART 173 Multiculturalism and the Visual Arts (3)
- BUS 140/140H Women's Issues in Business and Economics (3)
- BUS 189 International Management (3)

Double Counting Courses
A course must have received a General Studies designation from the Curriculum Committee for the area(s) for which it might be double counted to fulfill General Studies requirements.

The following conditions apply to double counting:

a. A course may not fulfill more than one category in Area III. At most six units of the 21 unit minimum in Area III may be double counted in other General Studies areas.
b. With the exception of Phi 5 and Phi 10, no course from Areas I through IV may double count to satisfy a requirement in Area V.
c. When completing a double major, no more than 9 upper division units may be double counted to satisfy requirements for both majors.

Modern Language Fulfillment Alternative
This requirement may be satisfied by any of the following alternatives:

1. A student who begins a language must complete French 1 and 2, Japanese 1 and 2, or Spanish 1 and 2, or their equivalent. For other languages, students must complete the equivalent of the second semester or third quarter.
2. Re-entry students may choose to complete the requirement by taking two courses in either Spanish or French culture (The courses are only offered in Weekend College).
3. Students whose native language is not English may demonstrate academic proficiency in English as a second language by passing the TOEFL examination with scores above 550.
4. Students may take placement exams offered by MSMC’s Language and Culture Department in Spanish or French to fulfill the requirement. **Successful completion will waive the Modern Language Requirement but no units will be awarded.**
Graduating With a Double Major

Students who wish to earn a degree with a double major must observe the following requirements:

1. The two majors may be in the same or different degree programs. The student must determine the primary major and satisfy the general studies requirement for the degree of that major. The other major is considered the secondary major.

2. All requirements for both majors must be met, including all upper division work, foreign language, and any additional requirements.

3. The department chairpersons of both major areas must approve the student's completion of the requirements for the major.

4. A second major may be earned in the same academic area, but no more than 9 upper division units may satisfy requirements in both majors.

Second Baccalaureate

In order to receive a second baccalaureate degree, a student must fulfill the following requirements:

1. Completion of a minimum of 24 semester units in residence beyond the requirements for the first baccalaureate degree.

2. Completion of all departmental requirements, including a modern language if necessary, in the area of the major for the second degree.

3. Completion of all other institutional requirements if the first degree has been earned elsewhere.

Minor Policy

A minor should enrich a student’s major, allow for specialization within a major, broaden a student’s career options, and encourage exposure to other academic disciplines. While most disciplines require 18 units to complete a minor, some departments require additional units.

In addition to the requirements for individual academic disciplines, a student must complete three upper division courses (9 units) for a minor that are not also being used to fulfill requirements for the major, general studies, or another minor. The deadline for declaring a minor will be the end of the student’s junior year.

Graduation With Honors (Baccalaureate Degree)

Summa cum laude shall be granted to a student who has received a cumulative grade point average of 3.85 or higher.

Magna cum laude shall be granted to a student who has received a cumulative grade point average of 3.7 or higher.

Cum laude shall be granted to a student who has received a cumulative grade point average of 3.5 or higher.
The College’s criteria for eligibility to graduate with honors will be determined by a student’s overall GPA at the end of the term prior to the last term of attendance. To be eligible, the student must have completed 45 letter-graded units at Mount St. Mary's College by the end of the term prior to the last term of attendance. The student's grade point average will be calculated on the basis of grades earned at Mount St. Mary's College and grades earned at transfer institutions. Courses at another institution after matriculation are not counted into the cumulative grade point average, with the exception of approved junior year abroad and exchange programs.

Weekend College students must be full-time students (9 units per semester) to be eligible to be considered for honors at graduation.

The Honors Program

The Honors Program at Mount St. Mary's College is designed to give special challenges to students who have an outstanding high school GPA and SAT scores and/or who maintain a 3.4 or better cumulative college GPA.

The Honors Program enables students to explore in greater depth and breadth various areas of study, with possibilities of completing their college work with alternative modes and approaches to learning. Students may select among courses specially designed for the Honors Program, honors sections of regularly offered courses, and courses or course components designed by contract with an instructor. All honors courses are designated with an H following the course number.

Honors students may take as many honors courses as they choose. An honors certificate is awarded at graduation to students who have completed a minimum of 18 units of honors work, including at least two regularly scheduled honors courses, and representing at least three disciplines. Included in the 18 units of honors work required for the certificate is a senior thesis which is a major research project of the student's choosing, involving at least two disciplines. The thesis work is supervised by two faculty sponsors. Presentation of the senior thesis is open to the college community.

Special Academic Services

Academic Advisement Center and Services

The Chalon campus advisement program is coordinated through the Academic Advisement Center. All students are assigned a Faculty Advisor with whom they plan their academic programs. The advisor assists in clarifying the requirements in the general studies program and major department. Students meet with their advisor at least once each semester to register for classes. Entering students meet with a Faculty Advisor, are advised and registered at Pre-Orientation sessions for their first semester at the Mount. Pre-Orientation sessions are held on various dates over the summer months and include placement testing for all new freshmen and transfers. Out-of-area students are advised by the Advisement Center using mail, e-mail, phone and/or fax to complete the process. Information regarding Pre-Orientation is sent to new students after tuition deposits have been made. Students entering in the Spring semester should contact the Advisement Center for registration and placement testing information.

To further serve the student’s advisement needs, the Academic Advisement Center functions as a drop-in office for on-going guidance and referral services. Help in understanding and following college policies is always available. The staff, along with student assistants,
provides information on many aspects of college life and can clarify many academic procedures. Although the individual faculty advisors and the Advisement Center staff make every effort to provide advisement for the student, it is ultimately the student’s responsibility to see that all procedures are followed and requirements fulfilled.

**Study Away**

As a traditional liberal arts college, Mount St. Mary’s recognizes the value of the study away experience. Students who participate are given the opportunity to gain knowledge and cultural awareness as an integral part of their liberal arts education. The Mount allows qualified students to participate in three approved programs. These programs are the Washington Internship Semester, Study Abroad, and the Sisters of St. Joseph College Consortium Exchange. Each program provides students with unique and valuable experiences at other institutions while earning Mount credit.

Qualified students may study in one of these programs for one semester in their junior year. The minimum GPA requirement to participate is a cumulative 3.0. Students may pick up applications and course information in the Advisement Center. There are deadlines to file applications, and a Transfer of Credit form must also be completed. All students who study away must obtain approval from the Chalon Advisement Center in order to be eligible for financial aid. Finally, students who participate in one of these programs must attend an orientation session prior to enrolling.

Mount St. Mary’s College encourages students to participate in the Study Abroad Program. Students must complete the appropriate academic year Free Application for Federal Student Aid (FAFSA) and have the information sent to Mount St. Mary’s College as well as the Aid Renewal Request Form. Study Away students must follow the same deadlines as students not participating in the program. Students must provide the Office of Student Financing with a breakdown of costs for their semester. They will be reviewed as a “resident” student and their cost of housing will be taken into consideration during the analysis of their file. Study Away students do not qualify for Federal Work Study or Mount Work funds while away, but may be awarded work moneys when they return to campus. If a student receives any type of outside award, including a scholarship or stipend from their Study Abroad program, they must report it to the Office of Student Financing so it can be considered in the evaluation of their aid. Any questions regarding funding of Study Abroad programs should be directed to the Office of Student Financing.

The GPA earned by a student on these programs is included in determining the student’s overall GPA for the conferral of honors at graduation. Each program may have additional requirements, please consult the Advisement Center for more information.

**Washington Semester**

Mount St. Mary’s College is affiliated with the American University in Washington, DC, so that Mount students can spend a semester in the nation’s capitol and pursue study in one of ten areas: Economic Policy, Foreign Policy, International Business and Trade, International Environment and Development, Journalism, Justice, Museum Studies and the Arts, National Government, Peace and Conflict Resolution, Public Law and Transforming Communities. To participate in the program students must be nominated by a full-time faculty member in their major department. Since a major portion of a Washington semester consists of internship experience, students who study in Washington are not normally permitted to enroll in additional internship units.
Study Abroad
Mount St. Mary’s College offers students the opportunity to study abroad with the American Institute for Foreign Study (AIFS). AIFS has programs in the following countries: Argentina, Australia, Austria, Czech Republic, England, France, Holland, Ireland, Italy, Japan, Russia, South Africa, and Spain. Most countries provide students with intensive language classes and each has specific requirements regarding language fluency. There is a variety of courses offered in this program. Most courses are in the humanities and social science areas. Biology, Biochemistry, and Chemistry majors will find an assortment of science and math courses offered in London, England. England also offers a variety of internships for qualified students.

Sister of St. Joseph College Consortium Exchange
Mount St. Mary’s college is one of twelve Sisters of St. Joseph Colleges. The consortium agreement allows students from the Mount to attend any of the other schools for one semester. The member schools are: Aquinas Junior College at Milton (MA), Avila College (MO), Chestnut Hill College (PA), Elms College (MA), Fontbonne College (MO), Mater Dei College (NY), Nazareth College (NY), Regis College (MA), The College of St. Catherine (MN), The College of St. Joseph (VT), and The College of Saint Rose (NY). The SSJCC Student Exchange Program allows students to take advantage of the rich learning experience of being with students from a different part of the country on a campus with unique academic resources. Each school offers students an enriching learning opportunity as well as increased exposure to faculty specialists and curricula.

UCLA Cross-Registration Agreement
Mount St. Mary’s College has a cross-registration agreement with the University of California at Los Angeles (UCLA), the purpose of which is to supplement and enrich the MSMC academic program and to provide an opportunity for UCLA students to take Mount courses. Full-time Mount baccalaureate students who have sophomore, junior, or senior standing and a cumulative grade point average of 3.2 or better may, with the permission of the college Registrar, take one undergraduate course at UCLA per semester, but no more than four courses toward the degree. No more than two such courses will count toward the MSMC residency requirement; courses taken at UCLA must not be among those available at MSMC. Courses taken at UCLA under this arrangement will be included in the student’s load at the college, and, except for specific course laboratory or studio fees, no additional tuition or fees will be charged. Transportation to such courses and parking fees are the responsibility of the student enrolled. For information and procedures, consult the Office of the Registrar on the Chalon campus.

University of Judaism Cross-Registration Agreement
Mount St. Mary's College has a cross-registration agreement with the University of Judaism, the purpose of which is to supplement and enrich the MSMC academic program and to provide an opportunity for U of J students to take Mount courses. The following conditions and requirements must be met:

The student must meet all prerequisites/criteria required for courses.
No visiting student may displace a student from the registration of a course at the student’s home institution.
The student is responsible for obtaining all appropriate signatures and returning the completed form to the student’s home institution.
The student is responsible for meeting all registration deadlines, regulations, and penalties of MSMC. A student who wishes to withdraw from a course(s) must notify the Registrar at both MSMC and U of J. Students who do not formally withdraw will receive a grade of U or F.

Student Affairs
Mount St. Mary’s College provides students with programs and experiences conducive to personal, cultural, ethical, social, physical, spiritual, and intellectual growth. Student initiative and responsibility are encouraged in an atmosphere of close interrelation among students, faculty, administration and staff.

Campus Ministry
Campus Ministry Office seeks to develop and sustain awareness of the spiritual dimension of life which is at the heart of the college's mission, assisting students, faculty, and staff to grow spiritually in accordance with their own religious traditions. Catholic in our roots and vision, we welcome the opportunity to be of service to persons of every religious persuasion or none at all, and commit ourselves to respect the freedom of each person's conscience and unique path.

The Campus Ministry team consists of a director, two coordinators (each focused on one or out two campuses), student coordinators and office staff. Together, they are responsible for a number of areas: Liturgy (including Sunday Mass, reconciliation services and other prayer services); the Rite of Christian Initiation for Adults (for those who wish to become Catholic); preparation for Confirmation, Eucharist and other sacraments; Bible Study and other educational efforts; retreats; campus festivities and observances; and community service opportunities, including action for social justice. Individual counseling and conversations are also available to any member of the campus community.

The Mary Chapel, located in the heart of the campus, is the central place for worship and prayer at Chalon, and people of all faith backgrounds are welcome there, whether for a Sunday evening Mass, a Noon Prayer service, a Rosary with Friends, or for personal quiet reflection.

You are always welcome to the Campus Ministry office, whether you are a student, faculty or staff member, whatever your religious tradition.

Career Center
The Career Center provides the opportunity for students to find the major and career best suited for them by learning how to identify their unique skills, interests, values and personality traits, and how to research the world of work. Students are encouraged to enroll in the one unit Career Planning course (required for business majors) offered in the fall semester or the Career Exploration course (for undeclared or major changers) offered during the spring semester.

The Career Center includes a career library with over 400 books on interviewing, resume writing, major and career options and job search. More then 200 graduate school catalogs and information on preparing for various graduate and professional entrance examinations can also be found in the library. Off-campus full-time and part-time job listings, the “Volunteer
Works” Internship database with over 300 internship listings, and “Choices,” a computerized career planning tool can be found in the Career Center.

A variety of events are offered by the Career Center. Annual events include an etiquette dinner, a major fair, and a faculty panel addressing graduate studies. Alumnae Career panels, focusing on different majors and occupations, are held throughout the school year. The Center also sponsors trips to various off-campus career fairs as well as professional and graduate school information sessions, and other career-related conferences and workshops.

The Career Center staff is available for individual counseling appointments to assist students with skills assessment, resume writing, interviewing techniques, and information regarding graduate studies. Staff also help students to research information on career positions and internship options. The Career Center staff fosters on-going relationships with a variety of organizations and corporations in order to develop internship and employment opportunities for students.

Service Learning and Community Engagement

In the spirit of the mission and strategic planning of Mount St. Mary’s College, community engagement opportunities exist to offer MSMC students off-campus service and learning experiences at community organizations that promote human and community development. Service-Learning faculty, Career Development staff, the Women’s Leadership Program and the office of Experiential Learning work collaboratively with MSMC students to promote healthy, socially-just communities in the greater Los Angeles area. In order to gain knowledge and understanding, assess their own learning through reflection and structured experiences, and become life-long committed advocates for social justice in our world, all Mount students are encouraged to participate in a variety of community engagement and service-learning opportunities.

Counseling and Psychological Services (CPS)

MSMC recognizes that emotional health and personal growth are essential components of a successful academic experience. The mission of CPS is to enhance the emotional growth of students by promoting balanced lifestyles, positive self-esteem and essential life skills with an emphasis on the development of the whole person. CPS provides psychological counseling services and psycho-educational programs for students, as well as responsive consultation to the college community. In counseling, students discuss issues such as anxiety, depression, stress management, academic concerns, family and relationship problems, grief, loneliness, eating disorders, substance abuse, dating violence and self-esteem difficulties. Counseling services are available to current, full-time MSMC undergraduates. After the initial appointment, a recommendation will be made for individual counseling, group sessions, or referrals to services in the community. Our counseling is short-term, including up to twelve sessions per academic year.

All sessions are confidential in keeping with professional ethics and state laws. No information about student clients is shared with family members, the faculty, college administrators, or anyone else without written permission. The exception to this policy is when limited disclosure is required by law to protect the student or another individual from harm. CPS is staffed by licensed psychologists and advanced doctoral level interns.

Disability Services

Please see Students With Disabilities under the Undergraduate Academic Policies for additional information.
Fitness Education
Mount St. Mary’s College is committed to graduating well-balanced women with a strong sense of self and physical well-being. The Fitness Education Department offers two programs that complement the academic program: the physical education courses offered for academic credit, and a wellness and fitness program, including nutrition. The two programs together provide students with the opportunity to attain, improve and/or maintain their physical fitness, attend informative workshops on wellness and fitness, participate in recreational activities on or off the campus, and participate in intramural volleyball, basketball, and tennis programs. Facilities include a pool, fitness center equipped with cardiovascular and weight training equipment, and a tennis-basketball-volleyball court.

Institute For Student Academic Enrichment (ISAE)
ISAE is a federally funded Student Support Services/TRIO program designed to assist first-generation, low-income and/or disabled students in achieving their maximum potential in higher education. ISAE provides eligible students academic advisement, peer tutoring and mentoring, career and personal counseling, financial aid information, workshops and leadership and cultural enrichment opportunities. ISAE is located in the Chalon Learning Center.

Learning Assistance Programs / Learning Center
In order to enable each student to achieve maximum benefit from the academic programs at the college, Learning Assistance Programs offers a variety of academic support services for all MSMC students. Services include peer tutoring in all subject areas, workshops in study and organizational skills, structured study groups, writing and analytical skill development and consultation, and books and computer tutorials to assist in developing skills to prepare for standardized graduate examinations. Learning Assistance Programs is located in the Chalon Learning Center, Humanities Bldg. Rm. 207.

Orientation
The Orientation Program is designed to assist entering students with their transition to Mount St. Mary’s College and to enhance their success at college. There are separate orientation programs specifically designed for new and transfer students. Both programs are typically scheduled in the summer and provide students with opportunities to become more familiar with college service, policies and procedures. Orientation includes an introduction to both the academic and student life aspects of the college and provides for the interaction of new students with faculty, staff and current students. Separate activities for parents are included. During orientation, placement testing, advisement, and course registration are available. Social activities such as a service learning project, live entertainment, and coffeehouse will complement the orientation experience. Students entering for the spring semester are provided a one-day orientation program. A one-unit class, Introduction to College Studies, is taught in the fall and is required for students entering with 24 units or less.

Residence Life
Primary emphasis in the residence halls is on a close interrelationship of full time students and staff to create a living and learning environment that fosters the formation of personal values and integrity. On-campus living affords increased opportunities to develop personal relationships and to participate in the many enriching programs which Mount St. Mary’s College offers. Student residence life is largely self-regulated, under the direction of the Residence Life Staff which is composed of the Director, Assistant Director, Housing Coordinator, Head Resident Assistants, and Resident Assistants.
The residence staff gives much time and attention to assigning rooms and roommates. They strive to provide students both privacy and the freedom to develop relationships conducive to social, educational and spiritual growth. An off-campus housing referral listing is available through the Student Activities and Commuter Services Office.

Scholar Mentor Program
President's Scholars, Dean's List students, and others recommended by their professors may participate in the Scholar Mentor Program. Through this program students are trained as peer tutors and provide tutoring to other Mount students in a variety of subjects. Scholar Mentors may receive academic credit by enrolling in the Scholar Mentor Seminar (SPR 25). In addition, they may earn compensation for training and tutoring hours.

Short Term Loans
Two short-term loans are available to full-time students each semester: First Interstate Bank Emergency Loans ($150 maximum) and the Nancy Manning Loan ($50 maximum, for Chalon students only). For information on both short-term loans, contact the Student Affairs office.

Student Activities and Commuter Services (SACS)
The Office of Student Activities and Commuter Services coordinates numerous co-curricular events, programs and activities on campus. SACS provides students of Mount St. Mary’s College a variety of options for involvement through participation in student clubs, student government, and other leadership opportunities. Commuter students are an active and vital part of the Mount St. Mary’s College community. We are dedicated to meeting the needs of commuter students by providing various programs and services. These services include off-campus housing referrals, lockers, a carpool program, social events, and a commuter lounge. The Associated Student Body is also housed in the SACS Office. The ASB is comprised of an Executive Board, the Senate, and the Student Activities Council. The Senate provides students with the opportunity to participate in various college committees and to play an important role in the College’s decision process. The Student Activities Council sponsors many campus-wide events, including dances, the Christmas Social, Spring Formal, Multicultural Night-Talent Show, and Spring Carnival.

Student Ambassador Program
The Student Ambassador Program is one of MSMC’s partnership programs designed to motivate inner-city high school students to complete high school and aspire to a college education. The ambassadors help high school students understand what skills they need to acquire and what courses to take to qualify for college admission, and assist them with identifying appropriate colleges to which they can apply, completing admissions applications and researching financial aid. The program provides leadership and service opportunities to Mount Students by engaging them in outreach in the Los Angeles area. Currently, ambassadors serve in 40 high schools, 5 middle schools, and several Los Angeles City housing developments. By helping these high school students to plan for college, improve study skills and envision satisfying and rewarding careers, Mount students are able to give back to the community while developing their own counseling and time-management skills. The Student Ambassador Program continues a long-standing Mount tradition of service to the local and world community.
Student Health Services
Mount St. Mary’s College Health Services Department offers a broad range of services to both resident and commuter students. These services include diagnosis and treatment of illness and minor injuries, physical examinations, health teaching, and laboratory testing. The Health Clinic on the Chalon campus is staffed by physicians, nurse practitioners, nurses, and specially trained students.

Emphasis is placed on preventive medicine and on positive health practices which will become a part of each student’s lifestyle. Programs designed to assist students in developing values and skills related to achieving a high level of health are presented each semester.

Incoming freshmen and transfer students, both residents and commuters, must submit a current health history and physical examination prior to entrance. Proof of current immunizations and TB skin testing are also required for admission. Additional health requirements exist for students enrolled in programs with clinical affiliations.

Chalon students are eligible to use the student Health Clinic on the Chalon campus. Appointments may be made with physicians or nurses throughout the week. There is no cost to a student for provider visits; however, supplemental fees for laboratory testing and medications may be assessed. Referrals for specialty services and emergency services will be made through the Chalon Health Clinic.

All full-time students are required to carry Health and Accident Insurance. Please see expense listings at the beginning of this catalog for additional information regarding health insurance available through Mount St. Mary’s College.

Women’s Leadership Program
The Women’s Leadership Program is designed to provide all students with opportunities to develop their leadership potential. The Program offers resources, workshops, conferences, seminars and internships that enable students to study leadership theory and put the theory into practice. The curriculum is designed to explore the different contexts of leadership (i.e., self, team, professional, and civic) with a special emphasis on making a difference that will benefit the common good.

Students may also create an electronic Leadership Transcript which tracks the development of their leadership skills as well as provides evidence of their leadership potential to prospective employers or graduate school programs. Advanced students plan and implement their own leadership projects on campus and in the community.

For course offerings in Leadership, please see the Leadership and Women Studies Minor under the Courses of Instruction section of this catalog.
Graduate Degree Programs

The liberal arts tradition and the Catholic nature of the college give direction to Mount St. Mary's College Graduate Division. Graduate programs flow from the college mission statement and presuppose the components of a liberal arts education, as is evident in the following objectives, developed by the Graduate Council for the teaching and preparation of students at the graduate level.

Women and men at the graduate level are prepared as leaders for society and are given the means, as well as the confidence, to:

a. create and contribute to a society in which respect for individuals permeates all professional structures and personal interactions;
b. assist those with whom they work to recognize and use their own talents, skills, and resources;
c. envision and facilitate personal responsibility for the direction of society as it grows toward a greater global interaction, culturally, socially, and politically;
d. expand one's own knowledge of and contribution to a field through the tools of research and academic development.

Each graduate program, in ways appropriate to the preparation for a particular profession, strives to attain these objectives by:

a. individualized and personal advisement;
b. careful curriculum planning and scheduling;
c. selection of competent, caring faculty who are well prepared in their fields and sensitive to the needs of the adult student population;
d. challenging students to investigate a wide range of related resources beyond those presented in classes;
e. providing a welcoming environment that suggests harmony, peace and concern for the well-being of all persons.

Programs in the Graduate Division include both disciplinary and professional graduate degrees. Degree nomenclature appropriately reflects the type of degree.

The Master of Arts in Religious Studies with Certificate Programs in:

- Advanced Religious Studies
- Hispanic Pastoral Ministry
- Pastoral Care/Counseling
- Youth and Young Adult Ministry

(See Graduate Religious Studies section.)
The Master of Science in Education with concentrations in:
  Administrative Leadership
  Elementary Education
  Secondary Education
  Special Education Mild/Moderate Disability
  Individually Designed Program

The Master of Science in Education in conjunction with:
  Elementary Teacher Preparation Program
  Secondary Teacher Preparation Program
  Special Education Teacher Preparation Program
  Administrative Services Preparation Program
(See Graduate Education section.)

Education Certificates:
  Certificate in Catholic School Leadership

The Master of Science in Nursing
  The Master of Science in Nursing (MSN) is conferred with a specialization in Nursing Education. (See Graduate Nursing Section)

The Master of Science in Counseling Psychology with concentrations in:
  Marriage, Family and Child Counseling
  Human Services and Personnel Counseling

Psychology Certificates of Specialization:
  Counseling Individuals who are Visually Impaired
  Counseling the Spanish-Speaking Client
  Pastoral Counseling Emphasis
(See Graduate Psychology section.)

The Doctor of Physical Therapy

The Doctor of Physical Therapy (DPT) degree is an entry level professional program. The curriculum is an integrated design which provides early clinical experiences to foster maximum development of the student's clinical reasoning skills.
(See Physical Therapy section.)
Admission Policies

A student who holds a bachelor’s or higher degree from an accredited college or university is eligible to apply for admission. The student's previous academic record must give evidence of the ability and the preparation necessary for successfully pursuing graduate study. Admission will be based on an evaluation of the applicant's potential for success in both the program and the profession.

Application Procedures

Applications, with all supporting documents, must be completed before or during the first semester of enrollment. (For application procedures for Doctor of Physical Therapy admission see p.    ).

The applicant forwards the following to:

The Graduate Division Office
Mount St. Mary's College
10 Chester Place
Los Angeles, CA 90007-2598

1. Application and application fee.

2. One official, sealed, transcript of all previous college work, both undergraduate and graduate, sent directly from each institution to the Graduate Division Office. These records should demonstrate a minimum GPA of 3.0 for applicants to the Master of Arts in Religious Studies and Master of Science in Education programs, and 3.0 for applicants to Master of Science in Psychology program.

3. Letters of recommendation from persons who have had ample opportunity to judge the applicant's academic ability, achievement and professional potential. (Personal references from family members, close friends, and neighbors are discouraged.)

   a) For applicants for the M. A. in Religious Studies: Two letters from individuals who can assess potential for graduate study in theology and potential in counseling or religious leadership in parish or school; or ministry in the Hispanic community.

   b) For applicants for the M. S. in Education: Two letters from individuals who can assess appropriate professional potential for teaching or administration.

   c) For applicants for the M.S. in Counseling Psychology: Two letters from individuals who can assess appropriate professional potential as a counseling psychologist.

   d) For applicants for the MSN Nursing: Two letters from individuals who can assess appropriate professional potential for success in advanced studies in Nursing.

4. For applicants for the Doctor of Physical Therapy: Three references are required—one academic, one from a physical therapist, and one from an individual who can assess the applicant’s interpersonal skills.

5. Statement of interest (see Graduate Application).

6. Official scores of the Miller Analogies Test (Religious Studies and Education) or the Graduate Record Exam (Psychology and Physical Therapy).
7 An Admission interview with graduate faculty.

8 One copy of all teaching credentials held (for all programs in education.)

**Applicants seeking a teaching credential must also submit:**

8 An official passing transcript copy of the applicant’s California Basic Educational Skills Test scores.
9 Tuberculosis (TB) clearance by a PPD test or chest x-ray performed within the past two years.
10 Entrance Affidavit or copy of a California teaching credential or emergency permit.
11 Evidence of preparation for, or completion of, Academic Subject Matter Preparation requirement for a teaching credential.

**Graduates of foreign universities at which English is not the primary language must:**

12 Submit results of the TOEFL test with required minimum score of 550.
13 Have their transcripts sent to an approved credential evaluation service agency for equivalency evaluation.

**International students must:**

14 Submit a notarized statement and supporting documents guaranteeing financial support during the period of study at Mount St. Mary's College.
15 Submit a medical certificate.
16 Complete necessary visa documents.

Further details are published in “Information for Prospective Graduate Students From Other Countries,” included with the application forms.

Note: Exceptions to the requirements listed above may be requested by academic petition to the graduate advisor and Graduate Dean.

**Admission and Acceptance**

After all requirements for admission have been fulfilled, the application and supporting documents will be forwarded to the department housing the graduate program to which the applicant has applied. The evaluation process will be conducted by the Program Advisor, Department Chair, Graduate Dean, and occasionally the Graduate Council.

A written decision of acceptance, conditional acceptance, or non-acceptance will be rendered on the Admission Evaluation Form. A copy of the form will be mailed to the applicant from the Graduate Division Office.

In the event that the applicant's undergraduate record does not include all the required courses or a satisfactory grade point average, supplementary undergraduate work may be required to fulfill the prerequisites of the major department.
After official acceptance into a graduate degree program, masters and doctoral degree students may apply for financial aid from the Financial Aid Office of Mount St. Mary's College.

An applicant may complete up to 6 units in one semester at MSMC while applying for admission to a Graduate Program in the areas of Education and Psychology (see Non Degree-Seeking Graduate Students section). For Religious Studies requirements see Graduate Religious Studies. Under certain circumstances a student may petition to complete an additional 3 units prior to the acceptance to any of these programs. No more than nine units taken at Mount St. Mary's College before acceptance into a program may be applied to the degree program. Enrollment in courses as a non-matriculating student is subject to the approval of the program advisor and/or the Graduate Dean. Permission to enroll under a non-matriculating status does not guarantee acceptance to a graduate program at Mount St. Mary’s College.

**Academic Policies for Graduate Division**

**Residence and Time Limit**

After acceptance into a degree program the student is expected to remain continuously enrolled each regular semester up to and including the semester in which the degree is awarded. The degree must be earned within seven years after the first graduate level course is posted on the transcript. Note: courses applicable to credentials are subject to California Commission on Teacher Credentialing limitations.

A graduate student who is eligible but who chooses not to enroll continuously may petition for a leave of absence for a specified period of time (no more than three consecutive semesters). At the end of the period of leave, the student may enroll without filing an application for re-admission. After a lapse of time extending beyond the leave, the student will follow the same procedures as those for new applicants.

**Thesis or Project Completion**

If a student, after one semester enrollment in EDU 296B, PSY 295 or 296 or RST 290, has not completed the project or thesis, the student will be required to enroll in a one unit (C/NC) thesis project continuation course (EDU 297 A,B,C; PSY297 A,B,C or RST 297A,B,C) for the subsequent semesters excluding the summer session, until the thesis/project is completed. Once three project continuation courses are completed, no other options for completing the masters degree are available.

**Unit Load**

The number of semester units of work taken in the respective semesters or summer sessions is determined in consultation with departmental advisors. The number of semester units for a full time load is six (6) semester units.

**Student Responsibility**

Students are held individually responsible for information contained in the College catalog and program handbooks. Failure to read and understand these policies and regulations will not excuse students from their observance. In addition they are responsible for the information contained in the official class schedules and other data sent or posted on the MSMC website.
Graduation
Application for Graduation: Candidates for the Masters and Doctorate degree must file a formal degree application and pay the required fee at the beginning of their final semester. The specific date for this application is published in the current Graduate College calendar.

It is the responsibility of the student to apply for graduation. Graduation application forms are available in the Doheny Registrar’s Office. The application must be signed by the advisor. The graduation fee is required, in order for the degree to be awarded, regardless of attendance at the graduation ceremonies. Candidates should check with the appropriate program advisor to affirm that all requirements have been met.

Education Credential candidates are responsible for submitting Credential applications to the MSMC Department of Education for processing.

Graduation Exercises
Candidates receiving degrees are invited to participate in the graduation exercises. In order to participate in commencement exercises, students must be registered for all courses needed to complete degree and college requirements. These ceremonies are held each year at the end of the spring semester. All graduates who have completed their programs since the previous spring are included in these exercises.

Readmission of Students Who Have Already Completed a Graduate Degree
Graduates who wish to enroll for another credential or degree will follow the same procedure as new applicants. New recommendations and other records may be required, depending upon changed circumstances. An application fee is not charged unless a period of five or more years has elapsed since the completion of the previous program.

Non Degree-Seeking Graduate Students (Non-Matriculating Status)
Students who hold bachelors' degrees from accredited colleges or universities are eligible to take courses for unit credit at the college without the intention of pursuing a graduate degree or credential. They may take either undergraduate courses in subjects of special interest or graduate courses for personal or professional development. Students complete registration forms, complete an application form, and may be required to provide evidence of possessing a baccalaureate degree at the time of registration. Their registration is approved by the program advisor. They are expected to observe all policies and procedures of the college while in attendance. If, after taking courses at the college, a student should become an applicant for a degree, a limited number of graduate credit courses (no more than nine units) may be applied to the individual degree program, after the student has been admitted to the Graduate Division. These courses must satisfy the requirements of the program and meet the approval of the program advisor and the Graduate Dean. Permission to enroll under a non-matriculating status does not guarantee acceptance to a graduate program at Mount St. Mary’s College.

Course Numbers
Although all of the work counted toward a graduate degree is of a distinctly advanced character, not all of the courses need be taken from the 200-level. With the approval of the graduate advisor in the major field, upper division courses suitable for a well rounded
program may be included, provided that the student earns at least a grade of B. A maximum of upper division units that may be included are nine semester units for the Master of Science in Education degree. Courses required for a Doctoral degree in Physical Therapy have 400-499 numbering.

**Grading Policies**

Once submitted, grades may not be changed unless the result of clerical or procedural error. A student must request a review/change of within 30 days after the end of a semester, or within 30 days following the distribution of the grade report containing the grade which the student wishes to challenge.

**Grades**

The grade point average for all work presented for an advanced degree or credential must be at least 3.0 or B average. A required course in which a grade of D or F has been received must be repeated. See specific program requirements for exceptions.

The student's grade point average is computed according to this scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C-</td>
<td>1.7</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

The following grades are not computed in the GPA:

- AU: audit
- CR: credit given (see below)
- I: incomplete (see below)
- IP: in progress: deferred grading for graduate thesis or field experience
- NC: no credit given (see below)
- NG: no grade received, issued by the Registrar pending receipt of the final grade
- R: course was repeated at later date
- U: unauthorized withdrawal
- W: Withdrawn

**Credit/No Credit**

CR/NC ordinarily applies only to the Supervised Field Experience in graduate programs. For field experiences, practica, and supervised teaching offered by the Education, Counseling Psychology, Nursing and Physical Therapy Departments, CR signifies B or better work.

**Incomplete**

An Incomplete is given only when a student:

1. has fulfilled the majority of the course requirements;
2. has a passing grade in the classwork;
3. is prevented from completing the assigned work for serious reasons;
4. has consulted the instructor prior to the grading period;
5. has been assessed by the instructor that he/she can realistically complete the work within one semester.

A student requesting an incomplete must file a petition for incomplete with the signature of the instructor and the department chairperson prior to the day of the final exam. The instructor will assign a default grade when approving an incomplete. This default grade will be recorded on the student's transcript when a completed grade is not assigned by the instructor and/or an extension of the incomplete is not processed. An incomplete may only be extended for one additional semester with the approval of the instructor, the department chairperson, and the appropriate academic dean. (Students may not be given more than two semesters to complete any course.)

**In Progress (IP)**
When an In Progress (IP) is given in the Masters Seminar or final project, the candidate shall have one semester after the time of registration for the course within which to complete the course or project.

**Repetition of courses**
Only courses for which unacceptable grades specified by the different programs were assigned may be repeated for a higher grade or CR. Courses may only be repeated once. In cases of repeated courses, the units are counted once and the higher grade computed in the GPA. Required courses for which unacceptable grades are assigned must be repeated, if the student is eligible to remain in the program.

**Transfer of Credit**
A maximum of six semester units of graduate work taken in an accredited graduate program is transferable to Mount St. Mary's College provided that:

1. the transfer courses satisfy curriculum requirements at Mount St. Mary's College and a grade of B or better was earned;
2. the courses are transferred after the student has been accepted into the program and prior to the last semester of graduate study; transfer credit forms are available in the Graduate Office;
3. correspondence and extension courses are not transferable;
4. courses must have been taken within seven years of the date on which the student was accepted in a Mount St. Mary's College graduate program.
   Once admitted to a graduate program students are expected to pursue study only at Mount St. Mary's College.

**Credit by Exam**
In selected departments, course credit by challenge examination is available on a limited basis and at the discretion of the department chairperson. The student must file the approved form in the Office of the Registrar. Only units of CREDIT will be awarded for these examinations (No record of failures will appear on a student's transcript.). All credit awarded in this manner
will be so noted on the student's transcript. A course may only be challenged by examination once.

**Unauthorized Withdrawal**
The designation of Unauthorized Withdrawal U may, at the discretion of the instructor, be assigned in lieu of a grade of F, when the student does not attend a course but fails to officially withdraw, or does not attend a sufficient number of class meetings.

**Withdrawal From Courses**
The grade W indicates withdrawal from a course, according to the following policy:

Withdrawal (W) indicates that the student was permitted to withdraw from a class during the period scheduled on the college calendar with the approval of the instructor and advisor. After the scheduled date, petition to the Graduate Dean is required. The W carries no connotation of quality of student performance and is not calculated in the grade point average.

**Withdrawal from Programs**
When students withdraw from a graduate program, they must file a withdrawal notice in the Graduate Division Office.

**Academic Probation**
Failure of a graduate degree or credential student to maintain a 3.0 cumulative GPA (2.50 for Doctor of Physical Therapy students) places the student on probation. The student will be notified in writing from the Office of the Dean regarding the probation. A student on probation must achieve a semester GPA of 3.0 or higher (except for DPT students) during the next two semesters in order to be reinstated to regular standing and may be required to take fewer units of work while on probation. See individual departments for specific probation policies.

**Academic Dismissal**
A student is subject to dismissal for failure to maintain a 3.0 GPA (2.50 for Doctor of Physical Therapy students) during the probationary period. Failure to comply with the requirements and regulations of the graduate program and college may also subject a student to dismissal. The Graduate Dean and/or the Graduate Council have the authority to dismiss students and to suspend dismissal.

**Academic Petitions**
A petition may be submitted to cover certain exceptions to stated policies. A petition may not be retroactive, but must be submitted before the exception is to be considered.

**Grievance Procedure**
The Mount St. Mary's College Student Bill of Rights and Grievance Procedure are available on the MSMC website or by request from the Graduate Division Office.
The Graduate Council

The Graduate Council is an advisory body, composed of the graduate program directors and the Graduate Dean, whose function is to recommend modifications or changes in graduate policy to the Provost. The main objectives of the Graduate Council are to promote excellence in research and scholarship beyond the undergraduate level and to strengthen existing graduate programs. Among their concerns are admission standards, degree requirements, faculty appointments, and program review and approval.
Courses of Instruction
Designation of Credits and Courses

Courses numbered 1-99 are lower division courses, generally taken by freshmen and sophomores; those numbered 100-199 are upper division courses, generally taken by juniors and seniors, or majors. In order to enroll in any upper division course, a student must first successfully complete English 1A and 1B/1C or English 5H. Students must also have sophomore standing or the approval of the instructor to enroll in an upper division class. Students must be enrolled in an English composition class each semester until they complete the General Studies written communication skills requirement IA.

Credit for courses whose course numbers include the letter X may not be applied to the baccalaureate degree.

Courses numbered 200-299 are graduate level; those numbered 300-399 are professional courses and those between 340-349 are professional credit courses that may be submitted for equivalency evaluation to be applied to a credential or masters program. Courses numbered 400 are used to fulfill DPT requirements.

Courses listed as upper division/graduate (100/200) may be taken for either.

Courses approved for fulfillment of the General Studies Curriculum requirements are identified after the course description in each department:

GS-IA  Written Communication Skills
GS-IB  Oral Communication Skills
GS-II  Critical Thinking
GS-III  Art or Music
GS-III A  Literature
GS-III B  History
GS-III C  Natural and Physical Sciences
GS-III E  Mathematics
GS-III F  Social and Behavioral Sciences
GS-III G  Contemporary Economics or Politics
GS-IV  Modern Language
GS-VA  Religious Studies: Scripture
GS-VA  Religious Studies: Christian Thought
GS-VA  Religious Studies: Christian Ethics
GS-VA  Religious Studies: Religion and Religions
GS-VB  Philosophy: Philosophical Ideas
GS-VB  Philosophy: Ethics
GS-VB  Philosophy: Other
GS-VI  Diversity Perspectives
GS-VII  Quantitative Literacy

After the last day to add a course as published in the schedule of classes, no changes may be made respective to the level of study.

The college also offers workshops, seminars, and classes for CEUs (Continuing Educational Units). All records of study and transcripts will be processed through the National Registry for Continuing Education with the American College Testing program.
American Studies

Departmental Affiliation: Philosophy
What is distinctive about American culture? What are the developing trends in American society, in public policy, in consumer-behavior? What values do Americans treasure? The major in American Studies provides opportunity to focus on the influences of the past and present which affect American character, experience, and institutions.

This major, comprising courses from several disciplines, especially History, English, Political Science, Sociology, Business, and Art, is particularly valuable to students considering careers in government service, business, finance, management, politics, writing, teaching, and law. Double majors that combine American Studies with English, History, or Political Science are possible and encouraged.

The principal criterion for determining whether a course is applicable to an American Studies major is that it gives insight into American thought and culture: the nation's history, social structure, politics, commerce, all that comprises *The American Experience*, including its reflection in literature, art, and music.

Many regularly offered courses clearly fulfill this requirement and are listed as interdisciplinary electives in the following sections. Other courses that a department may occasionally offer will also apply, with approval of the American Studies Program Director.

**Interdisciplinary Requirements:**
A minimum of *thirty-six units* in American Studies is required. To ensure a wide exploration of the American Experience, at least three upper division courses must be taken in the humanities (literature, philosophy, art) and three in the social sciences (history, political science, sociology, economics).

**Business**
- BUS 4  Business Foundations & Analysis (3)
- BUS 5  Business Law I (3)
- BUS 92/PHI 92  Business Ethics (3)
- BUS 106/POL 105  Business Law II (3)
- BUS 133  Money, Politics and Business (3)
- BUS 140/H  Women's Issues in Business & Economics (3)
- BUS 160  Principles of Marketing (3)
- BUS 161  Principles of Advertising (3)
- BUS 184  Organizational Behavior (3)
- BUS 185  Principles of Management (3)
- BUS 194  Consumer Behavior (3)

**English**
- ENG 20/120  Great Works in American Literature (3)
- ENG 26  Literature of the American West (3)
- ENG 108  The News Media (3)
- ENG 126  The American Experience (3)
- ENG 129  Ethnic Literatures of America (3)
- ENG 145  American Literature: Beginnings to 1914 (3)
- ENG 146  American Literature: 1914 to Present (3)

Total Units in American Studies: 36
Courses are described in the respective departmental listings.

Plus general studies requirements and electives totaling 124 semester units, including modern language requirement. At least 15 upper division American Studies units must be completed at MSMC.

The Minor in American Studies
A minimum of six courses that meet the American Studies criteria described above.
Art

Bachelors Program
Fine Art and Graphic Design

A student majoring in art may choose between two emphases, *Fine Art or Graphic Design*. In both the goal is to provide the undergraduate student with a thorough and comprehensive understanding of art as an essential human activity. It prepares students who wish to continue as professional artists, graphic designers, teachers, or in a related field.

The *Bachelor of Arts Degree with a major in Art* offers the students a thorough foundation through applied course work. As applied proficiency is gained, a personal direction is encouraged and a conceptual foundation is developed. Art courses are offered on both the Chalon and Doheny campuses with the purpose of enriching the liberal arts experience, expanding the general studies offerings, and providing a comprehensive program for the major.

Requirements for the Minor in Art History

A minimum of six courses (18 units) including one applied Art course:

ART 7/107 Experiences in the Visual Arts (3)
ART 170 History of Art: Ancient thru Medieval (3)
ART 171 History of Art: Renaissance thru Romanticism (3)
ART 172 History of Art: Modern World (3)
ART 173 Multiculturalism and the Visual Arts (3)
ART 174 Women in Contemporary Art (3)
ART 175 Critical Theories in the Visual Arts (3)
ART 199 Independent Study: Research Paper in Art History (3)

One additional course in Art

Total units in Art: 18

ASSOCIATE ARTS PROGRAM

Mount St. Mary's College Associate Arts program in Graphic Design and Media Communication will prepare the diligent student for a career in a varied world of visual media. These include graphic design, publishing, film and television, and related careers from corporate to freelance. At the end of the two year program, students will be prepared to present a portfolio based upon their choice of Graphic Design or Media Communication that will show competence in publishing, graphic production, visual communication including film, all with an emphasis in visual literacy. A strong foundation in design, competence with computer literacy, a continuous development of drawing skills and the understanding of mass media are central to the programs.

The A.A. Degree Program in Graphic Design or Media Communication

Students entering both programs are urged to work with an advisor to plan a two year schedule to clearly understand the best sequencing of courses. Depending on date of entry to the program and students’ interests and goals, students entering the program in the second semester may need to attend summer school to complete the program.

Requirements for the A.A. in Graphic Design

Degree Requirements:

First Year Fall

Art 1 Drawing I (3)
Art 2 Design (3)
Art 5 Art Fundamentals or any Art History Course (3)

Nine courses from the list below

Art 164 Drawing II (3)
Art 15 Computer Graphic I (3)
Art 1 or 39 Photography I or Documentary Production (3)
Art 102 Design II (3)
Art 4 or 133 Illustration or Painting I (3)
Art 130 Graphic Communications (3)
Art 115 or 116 Computer Graphics II or Design for the World Wide Web (3)
Art 131 Graphic Production (3)
Art 35 Graphic Arts Internship* (1-3)
Graphic Arts Internship may be taken either Fall and/or Spring of the second year.

In addition, General Studies requirements and electives totaling 60 semester units are needed for the degree.

For the B.A. Teacher Education Program in Art: see Education section.

**Requirements for the A.A. in Media Communication**

**Total of 39 – 42 units** plus additional units sufficient to complete the A.A. degree. Note that many of the courses required in the major will also double count for the A.A. degree.

* Graphic Arts Internship - transfer students from the A.A. program to the B.A. program are not required to take Graphic Arts Internship, Art 35.

Graphic Arts Internship may be taken either Fall and/or Spring of the second year.

In addition, General Studies requirements and electives totaling 60 semester units are needed for the degree.

**All ART courses marked with * (laboratory) carry a $40 Laboratory Fee**

**ART 1 Drawing I (3)**

Beginning drawing class for those just starting and for those who need to renew skills. Development of basic drawing skills. Emphasis on fundamentals of form, structure, and composition. Various black and white media are explored.

**ART 2 Design I (3)**

An investigation of the elements and principles of design through specific visual problems. Color theories are explored and subsequent interaction of color is studied through application.
*ART 3/103  Visual Thinking (3)
Exploring the use of visual imagery as a form of communication and problem solving. Right brain thinking and the creative process will be considered. Understanding the language of vision and developing skills pertaining to the use of these visual elements and principles of design will be emphasized. The course seeks to develop a broader sense of self and the potential for using visual thinking as an alternate mode of knowing. It complements analytical skills and is applicable to creative problem solving in all disciplines. GS-IIIA.

*ART 4  Painting I (3)
The development of skills relative to composition, color and other structural elements of painting. Primarily acrylic or oil paint will be used although various materials can be considered. Building a stretcher bar and stretching canvas will be included.

*ART 5  Fundamentals of Art (3)
Illustrated lecture through the use of slides and videos on the development of art forms from around the world. History from earliest time periods through contemporary life. Various modes of painting, sculpture, architecture, and crafts will be studied. A few of the classes will be devoted to a hands on exploration of some of these art forms. GS-IIIA,VI

*ART 7/107  Experiences in the Visual Arts (3)
The aim of this course is to help students develop a greater aesthetic awareness through direct exposure to the visual arts. Emphasis on visits to artists, studios, museums, and galleries. GS-IIIA

*ART 10  Photography I (3)
A laboratory and theory course that is concerned with a working understanding of a 35mm format camera, techniques of shooting, developing, and printing. Photo projects in this course will have an emphasis with issues dealing with contemporary society and social issues. This is a black and white course. The art department will loan 35mm cameras to students with a need.

*ART 11  Printmaking I (Intaglio) (3)
A laboratory course involving etching, monotype, relief printing processes and computer generated photo etching. Historical development and the aesthetic value of the print image will be considered. Creative experimentation with materials and technique is emphasized.

*ART 12  Ceramics I (3)
Beginning course with emphasis on gaining skills through manipulation and facility of the material clay. Students will be introduced to begging techniques of hand-building including coil and slab construction with an emphasis toward the ability to create complex volumetric forms. Personal development of visual concepts through given projects will be encouraged.

*ART 15  Computer Graphics (3)
This course will introduce various graphics programs such as Quark Xpress, Adobe Illustrator, and Adobe Photoshop while exploring a range of design issues. The computer will serve as a tool for learning and expressing ideas through visual means. This course is taught both on a PC and Mac platform.

*ART 22/122 Watercolor (1-3)
Watercolor is a perfect medium for sketching and on-the-scene record. It has been the preferred medium of travelers since the time of Albecht Durer in the sixteenth century Germany. It is a favorite medium for illustration. Due to its interpretive qualities it is often considered a poetic medium capable of conveying delicate emotion. Beginning with line and
wash, the student will be guided through the basic techniques and subjects most suitable to this extraordinary painting medium. Color mixing, value, glazes, brush techniques and wet into wet painting will be covered through a series of exercises and demonstrations. More advanced students will be encouraged to inventive uses of combined techniques and subject.

*ART 23/123 Introduction to Bookmaking (1-3)
This class will teach basic binding techniques as well as open possibilities for creating personal books with content. Students will be introduced to different structures while learning folding, cutting, stitching, adhesive, and non-adhesive binding techniques.

*ART 24 Wood (1-3)
This class will explore the nature of wood and how the material can be shaped and formed. Students will be introduced to techniques such as sawing, planing, joinery, and finish work with both hand and power tools.

ART 94 Study/Travel (1-6)
*ART 99 Special Experience (3)
An individually designed course combining field experience with studio projects. May be repeated for credit.

*ART 102 Design II (3)
This course further investigates the application of elements and principles of design. Included are graphic processes and techniques. Topics include an introduction to typography, layout, advanced color theory and an introduction to 3-D Design. Prerequisite: ART 2

*ART 115 (3) Computer Graphics II (3)
Advanced skill using Quark Xpress, Adobe Illustrator, and Adobe Photoshop for both print and the web. Emphasis will be on development of successful design concepts, combining text and images, along with solid production skills. Prerequisite: ART 15

*ART 116 Design for the World Wide Web (3)
What it takes to make a successful web site from start to finish. Creation of a web site through the writing of HTML code. Course work will include class discussion and work on advanced Adobe Photoshop file creation techniques, integrating forms, layout options, JavaScript, animation, and FTP. Prerequisites: Art 15

*ART 130AB Graphic Communication (3,3)
The development of visual language for the purpose of communicating social, industrial and institutional concerns. Using pictogram, symbol, and logo design, students create visual identity for organizations, business, and personal concerns. Students learn the language of design as they develop the skills to communicate as a designer with a client and to put into visual language the needs of the client. A variety of techniques and graphic processes will be explored. Prerequisite: ART 2

*ART 131 Graphic Production (3)
Advanced studies in professional print production. Continued work in Adobe Photoshop, Adobe Illustrator, and Quark Xpress. Students will learn the inside and outside of what it takes to prepare files and successfully work with professional image setters and printers. Prerequisite: Art 15

*ART 133AB Illustration (3,3)
The study of contemporary illustrators and their work for both content and style in publications and media. Emphasis is placed on developing skills applicable to illustrations and communicating your ideas with a convincing message and technique. Assignments may cover material such as CD covers, book jackets, stories or magazine articles. Prerequisite: ART 1 and ART 164.
ART 35/135  Graphic Art/Media/Film Internship (1-3)
Development of skills in the graphic arts as used in contemporary electronic printing, or other modes of printing as interest dictates. Emphasis will be on design, layout, and copy production and the step-by-step preparation of artwork from design to press. Prerequisite: ART 2.

*ART 136 Visual Thinking II (3)
The further development of skills and understanding pertaining to the use of visual thinking as a method of creative problem solving. Emphasis will be placed on conceptual development, presentation and verbal analysis. The application of the visual elements and principles of all art will continue. Prerequisite: ART 3.

*ART 139ABC  Documentary Production I (3)
Both a lab and field work class. This course introduces all aspects of beginning filmmaking including screenwriting, shooting, editing, and sound. Students use both digital cameras and professional feature quality cameras in conjunction with edition program Final Cut Pro. See SOC 139)

ART 140 ABC  Documentary Production (3)
Advanced production class. Perfecting of all aspects of production encountered in Documentary I with the addition of lighting skills. Expected outcome is feature quality documentary films.

ART 141  Documentary Production Lab Assistant (3)
The purpose of this course is to give students a chance to hone understandings of production and content with regard to editing and story through helping other students in the editing lab. Assistant will work with an instructor in researching equipment, trouble-shooting and advanced research. Prerequisite: ART 139 with a grade of A.

*ART 145  Arts and Crafts in the Classroom (1-3)
A variety of skills for the elementary and secondary grades to demonstrate arts or crafts activities to the group. Students become acquainted with classroom methods. They will use art education processes as a method to enhance reading, writing, arithmetic, and social studies. Students investigate problems such as group and individual motivation, self-motivation, and attitudes of self expression typical of different ages and temperaments. Requirement for single subject credential in Art.

*ART 146  Three-Dimensional Design (3)
An introduction into basic design vocabulary and concepts through the use of exciting use of basic materials to explore three-dimensional form and space. A variety of materials will be explored that are directly applicable to this exploration.

*ART 149  Sculpture I (3)
An introduction into basic sculpture processes and techniques. Emphasis on the creative development of three-dimensional form in space. A variety of materials, including industrial and alternative, will be explored.

*ART 150 ABC  Photography II (3,3,3)
The further development of camera and dark-room techniques. Emphasis will be placed on the study and creative use of controlled lighting. Advanced students will explore contemporary photo processes. Understanding of photography in a historical perspective will be a component of this course. Personal direction and development of photography as an art form will be emphasized. Prerequisite: ART 10.

*ART 151 ABC  Printmaking II (3,3,3)
Further development of printmaking skills including etching, computer/photo “image on” intaglio, and multiple plate color printing and monotype. Personal direction will be encouraged. Prerequisite: ART 11.
ART 159 ABC  Sculpture II (3,3,3)
Advanced problems which encourage conceptual development and technical control. Individual direction and choice of materials are encouraged. Prerequisite: ART 12.

*ART 162 ABC  Ceramics II (3,3,3)
Development of personal vocabulary will be emphasized. Sequential addition of new skills coupled with refinement of existing skills. Emphasis will be on learning the potter’s wheel. Glaze formulation and kiln operation will be introduced. Individual direction through selective problems will be encouraged. Prerequisite: ART 12.

*ART 164 ABC  Drawing II (Figure) (3,3,3)
Drawing from life in various media, preceded by introductory anatomical studies. The accurate and creative use of the figure in composition will be an objective of the course. Advanced students will concentrate on composition and individual development using the figure. Prerequisite: ART 4.

*ART 166 ABC  Painting II (3,3,3)
Contemporary modes of painting will be explored and traditional approaches re-examined. Emphasis will be on the further development of skills and techniques. Various painting materials will be investigated. Individual problems in painting will be coordinated. Prerequisite: ART 4.

ART 170 History of Art: Ancient thru Medieval (3)
Illustrated lecture. Art from the prehistorical period to 1400 A.D., including Egypt, Greece, Rome, and the late middle ages. Relationships of painting, sculpture, and architecture to the social and cultural environment. GS-III A

ART 171 History of Art: Renaissance thru Romanticism (3)
Illustrated lecture. The arts in Europe from 1400 to 1850. Study of major styles and artists including Michelangelo, Rubens, Rembrandt, Delacroix, and their relationship to their culture. GS-III A

ART 172 History of Art: Modern World (3)
Illustrated lecture. Major art movements and personalities from 1850 to the present, including Impressionism, Cubism, Surrealism, the Mexican muralists, Abstract Expressionism, and current trends. Emphasis on the cultural trends which provide the visual and theoretical background of contemporary art. GS-III A

ART 173 Multiculturalism and the Visual Arts (3)
Illustrated lecture and discussion. A study of art from the diverse cultures which make up the pluralistic character of the United States. African American, Asian, Hispanic and Native American art will be examined along with the contemporary social and cultural implications. GS-III A, VI

ART 174 Women in Contemporary Art (3)
Illustrated lecture and discussion. An art history course that will include women as artists and the position of the female vis-à-vis the art world. A study of women in the arts considers the history of women artists in a social, political and economic context. This course can fulfill a Women’s Studies minor requirement GS-III A

ART 175 Critical Theories in the Visual Arts: Seminar (3)
A systematic approach to art theory, criticism, and evaluation. Includes visits to museums, galleries, and exhibits. Lecture and discussion. Prerequisite: Major or minor in art.

*ART 90/190 Workshop (1-3)
May be repeated for credit.

ART 191 Directed Readings (1-3)
ART 192 Special Studies in Art (1-3)
A series of courses designed to provide breadth to the course offerings within areas of art.
May be repeated for credit.

ART 193 Senior Project and Exhibition (3)
Open to all graduating seniors majoring in art. Students will complete and coordinate a body of work to be exhibited and documented for use in an exit portfolio. The course includes the installation and all organizational aspects of the exhibition to be held in Jose Drudis-Biada Art Galler. Prerequisite: Senior with an art major.

ART 195 Internship (1-3)
ART 196H Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.

*ART 199 Independent Study (1-3)
Advanced individual problems. May be repeated for credit.
Biochemistry

Departmental Affiliation: Physical Sciences and Mathematics

The major in biochemistry offers the student an interdisciplinary study of chemistry, biology, mathematics and physics. It provides excellent preparation for all graduate work/research in biochemistry and the molecular sciences, and professional areas leading into the health sciences.

Courses Required for a B.S. Degree in Biochemistry

Lower Division:

BIO 1 AB Biological Dynamics (4,4)
CHE 1AB General Chemistry (4,4)
CHE 1AL/1BL General Chemistry Laboratory (1,1)
CHE 6AB Organic Chemistry (4,4)
CHE 6AL/6BL Organic Chemistry Laboratory (1,1)
MTH 5AB Calculus I/II (4,4)
PHY 11AB Mechanics/Electricity, Magnetism and Optics (4,3)
or PHY 1AB Introductory Physics IA/IB
PHY 1BL Physics Laboratory (1)
(MTH 38, Probability and Statistics, and CIS 2 Introduction to Computer Programming (3) are recommended courses.)

Upper Division:

BIO 130 Genetics (4)
BIO 135 Techniques in Molecular Biology (4)
Or BIO 152 Cell and Molecular Physiology (4)
CHE 107 Biochemistry (3)
CHE 107L Biochemistry Laboratory (1)
CHE 109 Advanced Biochemistry (3)
CHE 110AB Physical Chemistry (4,3)
CHE 111 Physical Chemistry Laboratory (2)
CHE 120 Instrumental Methods (3)
or CHE 130 Biochemical Methods (3)
CHE 199 Research (3)

Plus one course from the following: BIO 105, BIO 125, BIO 135, BIO 151, BIO 152, BIO 180.

Total units in chemistry, biology, mathematics, and physics: 77

Plus general studies requirements and electives totaling 124 semester units. An overall grade point average of 2.0 in major courses is required for the degree. Courses are described in the respective department listings.
Pre-Medical/Pre-Dental Preparation
Biochemistry Major with a B.S. Degree

Medical Schools accept students from any degree program. A strong background in science, including chemistry, biology and mathematics, is recommended for successful performance on the Medical College Admissions Test (MCAT) and for admission to medical programs. Successful completion of the B.S. degree with a major in biochemistry provides excellent preparation for medical, dental or pharmaceutical studies.
Biological Sciences

Students in the Department of Biological Sciences may elect to major in one or more of the following options: Biology, Pre-medical, Pre-dental, Pre-veterinary, Pre-Physical Therapy Programs.

A molecular biology tract will be offered in each of the emphasis areas under the B.S. degree in Biological Sciences. This tract will increase in depth of knowledge and laboratory experiences throughout all four years of the program. All courses within the B.S. degree programs will address molecular biology but specific classes such as Biological Dynamics, Genetics, Techniques in Molecular Biology, Cellular Biology, Immunology, Advanced Human Genetics and Plant Physiology will focus more intensely on molecular level theory and technology. Some classes in the tract will teach molecular theory and practice while other courses will employ the use of this technology.

The options listed above prepare the student to enter medical school, dental school, physical therapy masters and doctoral programs, graduate degree programs, clinical and research laboratories, allied health professions, biotechnology, industry, forensic sciences and teaching at the elementary or secondary levels and various other science or health-related professions.

Students may earn a B.A. degree or a B.S. degree. For the B.A. degree, it is necessary to complete the modern language requirement. Grades of C- or above must be received in all classes for the major.

BIO 50A   Human Anatomy             (4)
CIS 1     Computer Processes and Applications   (3)
MTH 38 or PSY 40 Elements of Probability and Statistic (4)

Total units in Biological Sciences: no less than 40

Plus general studies requirements and electives totaling 124 semester units.
PRE-MEDICAL, PRE-DENTAL, PRE-VETERINARY, PRE-PHARMACY EMPHASES:

Biological Sciences Major with a B.S. Degree:

Students in the Department of Biological Sciences may elect to take their major in the Pre-medical, Pre-dental, Pre-pharmacy, or Pre-veterinary Programs. These programs offer a strong science preparation balanced with a well rounded Liberal Arts program required for successful entrance into Schools of Medicine, Dentistry, Pharmacy and Veterinary Medicine. Such program emphases prepare students for study in a wide variety of graduate school programs, biomedical research laboratories, molecular biology, industry or other health-related professions. It is recommended that the student select a minor in one of the humanities.

Courses Required for a B.S. Degree in Biological Sciences

Core Courses:

- BIO 1AB Biological Dynamics (4,4)
- CHE 1AB General Chemistry (4,4)
- CHE 6AB Organic Chemistry (4,4)
- CHE 107 Biochemistry (4)
- MTH 5AB Calculus I (4,4)
- PHY 1AB Physics (4,4)

Core Upper Division Required Courses:

- BIO 120 or BIO 121 (MCAT OR GRE prep course) (1)
- BIO 130 Genetics (4)
- BIO 135 Techniques in Molecular Biology (4)
- BIO 195 Senior Seminar in New Biology (3)
- BIO 197 Research Readings (1)
- BIO 198 Biological Research (3)

Upper Division Electives:

Choose 5 of the following:

- BIO 103 Microbiology (4)
- BIO 105 Immunology (3)
- BIO 111 Evolution (3)
- BIO 131 Advanced Human Genetics (3)
- BIO 142 Plant Physiology (4)
- BIO 151 Medical Physiology (4)
- BIO 152 Cellular Biology (4)
- BIO 180 Endocrinology (3)

Recommendations:

- BIO 50A Human Anatomy (4)
- CIS 1 Computer Processes and Applications (3)
- MTH 38 or PSY 40 Elements of Probability and Statistics (3)
Total units in Biological Sciences: no less than 41

Plus general studies requirements and electives totaling 124 semester units.

Course descriptions can be found in the catalog under Biological Sciences.

PRE-PHYSICAL THERAPY EMPHASIS:
Biological Sciences Major with a B.S. Degree

The undergraduate Pre-Physical Therapy Program will meet the needs of MSMC undergraduate students interested in pursuing post baccalaureate professional education in Physical Therapy or other health-science related fields.

Students selecting this major will complete the required general education coursework (45 units), as well as a core of major requirements (50 units) as outlined below. Grades of C or above must be received in core courses.

Core Required Courses

- BIO 1AB: Biological Dynamics (4,4)
- CHE 1AB: General Chemistry (4,4)
- PHY 1AB: Physics (4,4)
- BIO 50A: Human Anatomy (4)
- MTH 38/PSY 40: Statistics (3)
- CIS 1: Computer Processes and Applications (3)
- BIO 115 A, B, C, D: Research (4)
- BIO 151: Medical Physiology (4)
- BIO 195: Senior Seminar in New Biology (3)

Students MUST CHOOSE one of the following:

- BIO 103: General Microbiology (4)
- BIO 105: Immunology (4)
- BIO 112: Nutrition (3)
- BIO 180: Endocrinology (3)

Students will have 3 core-required courses in both psychology and sociology/gerontology. An additional 2 courses will be chosen from either a psychology or a gerontology emphasis.

Psychology core requirements:

- PSY 1: General Psychology (3)
- PSY 12: Developmental Psychology (3)
- PSY 168: Abnormal Psychology (3)

Gerontology core requirements:

- SOC 160: Diversity in Society (3)
- GER 188: Caregiving and Adaptation for Elders (3)
- GER 189: Gerontology or PSY 128 Adulthood and Aging (3)
Psychology emphasis: (Choose any 2 courses)

- PSY 110 Gender Issues in Psychology (3)
- PSY 129 Motivation (3)
- PSY 132 Personality (3)
- PSY 134 Learning and Memory (3)
- PSY 139 Child Abuse/Family Violence (3)
- PSY 144 Psychology of Prejudice (3)
- PSY 165 Behavioral Psychopharmacology (3)
- PSY 145 Social Psychology (3)
- PSY 186 Violence Against Women (3)
- PSY 188 Crisis Intervention (3)

Gerontology emphasis: (Choose any 2 courses)

- SOC 104 The Family (3)
- SOC 112 Medical Sociology (3)
- SOC 161 Dynamics of Majority/Minority Relations (3)
- PHI 168B Bioethics (3)
- or RST 149 Biomedical Issues/Christian Ethics (3)

The Minor in Biological Sciences

A minimum of 24 units in the biological sciences including:

- BIO 1AB Biological Dynamics (4,4)
- BIO 103 Microbiology (4)
- BIO 151 Medical Physiology (4)
- BIO 111 Evolution (3)
- BIO 180 Endocrinology (3)

At least one additional upper division course in the Biological Sciences is required.

- BIO 112 Human Nutrition (3)
- BIO 142 Plant Physiology (4)

Students majoring in one of the department's major options cannot receive a minor in the department.

BIO 1A Biological Dynamics (4)

An introduction to the science of biology and the variety of organisms in the biosphere. Topics presented include theories relative to the origin of life, molecular biology, cellular structure and function, evolution as a unifying principle in biology, and processes of inheritance. Laboratory experiences give students an opportunity to understand scientific methods of investigation. Lecture 3 hrs., Laboratory 3 hrs. GS-IIID, VII

BIO 1B Biological Dynamics (4)

An introduction to the study of biology and the variety of organisms at the organismic, population, and environmental levels. Included are topics dealing with the structures and coordination of functions of complex multicellular organisms, biological factors that support community life systems, ecological interrelationships of plants and animals, and human impact upon the environment. Lecture 3 hrs., Laboratory 3 hrs. Prerequisite: BIO 1A. GS-IIID
BIO 1AH  Freshman Honors Biology (1)
Exploration of a single topic through laboratory exercises, journal and textbook readings and classroom discussion. Topics are chosen to present basic concepts in biology and vary from year to year. Substitutes for BIO 1A Laboratory and has one additional unit of credit. Student must be eligible for honors courses. Departmental approval required. Lecture/discussion 1 hr., Laboratory 3 hrs. (with BIO 1A GS-VII)

BIO 1BH  Freshman Honors Biology (1)
Exploration of the scientific research enterprise with reflection on ethics in research and misconduct in science. Topics presented include values in science, conflict of interest, plagiarism, allocation of credit, authorship, error and negligence, data selection. Critical thinking and problem solving will be emphasized throughout the course. Laboratory: Students will rotate through 3 research laboratories of their choice spending 3 weeks in each laboratory. Substitutes for BIO 1B laboratory and has one additional unit of credit. Lecture/discussion 1 hr., Laboratory 3 hrs. Students must be eligible for honors courses or be recommended by the department. GS-IIID

BIO 3/103  General Microbiology (4)
Basic principles of microbial growth and metabolism, morphology, taxonomy, pathogenicity, immunity, and control. Microorganisms as agents of disease and normal inhabitants of our environment. Techniques of isolation, cultivation and identification of these organisms. Lecture 3 hrs., Laboratory 3 hrs. May be taken for upper division credit if approved by instructor. GS-IIID

BIO 5  Life Sciences (3)
This course is a one-semester introduction to biology for the non-biology major. Fundamentals of biology are covered in the context of real-life situations, emphasizing the relevance of biological principals to personal, social and civic issues. Topics include evolution of the kingdoms of life, their similarities and distinctions, structure-function relationships within the human body as they pertain to daily living, a survey of the macromolecules required for life, cell structure and function, energy production, the genetic basis for inheritance and photosynthesis. The laboratory will illuminate these topics and provide opportunities for hands-on experiences. Lecture: 2 hrs., Laboratory: 1 1/2 hrs. GS-IIID

BIO 10  Health Science (3)
An introductory course designed to provide the student with a basic understanding of the functioning of the human body as it relates to health problems. Included are such topics as nutrition, infectious disease, cancer, cardiovascular disease, reproduction, and the effects of alcohol, drugs, and tobacco. Lecture 3 hrs. (Meets Health Education requirement for California clear teaching credentials.) GS-IIID

BIO 40A  Human Anatomy (4)
The study of the structure of the human body. A systemic approach is used beginning with the molecular level and progressing to the organism as a whole to demonstrate the interrelationships at each level of organization. Emphasis is placed on the skeletal, muscular and nervous systems. Laboratory exercises are used to expand and clarify the concepts presented in lecture. These include microscopic reviews, dissections and other multiple teaching/learning media. Lecture 3 hrs., Laboratory 3 hrs. Prerequisite: Successful completion of a high school General Biology course. GS-IIID

BIO 50A  Human Anatomy (4)
The study of the structure of the human body. A systemic approach is used beginning with the molecular level and progressing to the organism as a whole to demonstrate the interrelationships at each level of organization. Laboratory exercises are used to expand and
clarify the concepts presented in lecture. These include microscopic reviews, dissections and other multiple teaching/learning media. Lecture 3 hrs., Laboratory 3 hrs. Prerequisites: Successful completion of a high school General Biology course. GS-IIID

**BIO 50B Human Physiology (4)**

An introduction to physiological principles with emphasis on organ systems. An integrative approach is used beginning with the molecular and progressing to the organism as a whole to demonstrate the interrelationships at each level of organization. Laboratory exercises include measurements of physiological activities from the molecular to the whole organism. Lecture 3 hrs., Laboratory 3 hrs. 
Prerequisites: A grade of C- or above in BIO 50A or BIO 40A. GS-IIID

**BIO 87 Fundamental Concepts (1-3)**

An acyclic series of basic concepts in the field of biological sciences which present an introductory understanding of living systems. GS-IIID

**BIO 105 Immunology (4)**

Exploration of fundamental concepts of immunology. Topics include basic mechanisms of innate and adaptive immunity, host: pathogen interactions, regulation of immune responses, antibody and T-cell receptor structure and function, autoimmunity, immunodeficiency and vaccines. Emphasis is placed on biochemical and molecular approaches to studying the immune system and applications in medicine and research. Offered every other year. Lecture 3 hrs. Prerequisite: A grade of C- or above in BIO 1A/B and CHE 1 A/B or Microbiology.

**BIO 111 Evolution (3)**

A comprehensive and integrative course on evolution by natural selection as the underlying principle of modern biology. Topics include the mechanisms of selection; the concepts of adaptation, fitness and species; the evolution of sex; co-evolution; and the origin of life. Offered every other year. Prerequisite: A grade of C- or above in BIO 1 A/B.

**BIO 112 Human Nutrition (3)**

A study of different nutrients with emphasis on nutritional requirements for health and prevention of chronic diseases which are major causes of death in the United States today. Topics include healthy lifestyle including daily meal planning, weight control and exercise, harmful effects of alcohol and drugs. Special needs during pregnancy and lactation, infancy and childhood, adulthood, and old age will also be considered. Lecture 3 hrs.

**BIO 115A Research Methods (1)**

Introduction to the philosophy and principles of scientific methods of inquiry used in research and problem solving. Includes identification of problems, construction of hypotheses and initial development of research questions and proposal.

**BIO 115B Research Methods (1)**

A directed study in which the student applies the principles learned in 115A. This independent study course is concerned with the research design, methodology and data collection components of the research endeavor. Emphasis on oral presentation of published literature.

**BIO 115C Independent Study (1)**

The initiation or continuation of a project under the physical therapy departmental faculty direction. Work should culminate in a research paper, report or successful completion of oral and/or written examinations.

**BIO 115D Directed Research (1)**

An independent study course concentrating on the data collection component, and the writing, oral presentation, and finalization of the research endeavor. Hours are arranged between the student and the research advisor.
**BIO 120  MCAT Workshop (1)**
This workshop will provide the needed information, strategies, and practice to do well on the MCAT. The MCAT is a test of reading comprehension, reasoning, and application of science to problem solving. Emphasis will be placed on speed reading and comprehension, passage-solving skills, skills for answering questions, timing and other important strategies. MCAT sample exams will be given.

**BIO 121 GRE Workshop (1)**
This workshop will provide the needed information, strategies, and practice to do well on the GRE. The GRE measures certain developed verbal, quantitative, and analytical abilities that are important for academic achievement. Emphasis will be placed on vocabulary building, math review, and analytical reasoning tactics. GRE sample tests will be given with a focus on computer testing.

**BIO 130  Genetics (4)**
This course conducts a discussion of genes, their organization, maintenance, function and inheritance. The course covers such topics as Mendelian inheritance, bacterial and viral genetics, mutation, gene replication, expression, and regulation, as well as population genetics. In addition, the course includes discussions of genetic disorders, the relationship of genetics to environmental influences, and an introduction to both current and historical techniques used in the field. The discussion section will focus on problem solving and the use of online tools in genetics. Lecture 3 hrs., Laboratory 3 hrs. **Prerequisite:** A grade of C- or above in BIO 1A/B and BIO 135.

**BIO 131 Advanced Human Genetics (3)**
Application of genetic principles in human populations. The course covers Mendelian inheritance in humans, as well as exceptions to Mendel’s laws. Topics covered throughout the course include cytogenetics, biochemical genetics, population genetics, behavioral genetics, cancer genetics, genetically modified organisms, complex genetic diseases and gene therapy. The course will also address the potential roles of genetics in the future of medicine, and the related social and ethical issues. Offered every other year. Lecture: 3 hrs. **Prerequisites:** A grade of C- or above in BIO 1A/B, BIO 130 and BIO 135. **GS-VII**

**BIO 135 Techniques in Molecular Biology (4)**
An overview of the techniques used in genetic engineering. Emphasis will be placed on the structure, handling and manipulation of nucleic acids. Current topics in genetic engineering such as transgenic animals and human gene therapy will be discussed. Laboratory studies include isolation and analysis of DNA, cloning genes, preparation and screening of genomic libraries, and hybridization techniques such as Southern and Northern blotting. Lecture 3 hrs. Laboratory 3 hrs. **Prerequisites:** A grade of C- or above in BIO 1A/B and CHEM 1A/B

**BIO 142 Plant Physiology (4)**
This course focuses on the physiology of higher plants with emphasis on both the whole plant as well as the biochemical, cell biological and molecular aspects of how plants function. Emphasis is on structure-function relationships. Topics include regulation of plant metabolism, photosynthesis, respiration, nitrogen-fixation, cell wall biosynthesis, growth and stress responses, water and solute movement, plant growth and development. Laboratory exercises are designed to study plant processes such as respiration, photosynthesis, tropisms, and secondary metabolite accumulation. Basic laboratory procedures in separation and analytical techniques including electrophoresis, chromatography and spectroscopy and at least one research project will be included. Must be taken with Plant Physiology lecture. Offered every other year. Lecture 3 hrs; Laboratory 3 hrs. **Pre-requisite:** A grade of C- or above in Bio 1A/1B
BIO 151  Medical Physiology  (4)
A detailed study of the functional processes of the human body from the molecular to the organ system levels; dynamics of fluid balance, control mechanisms, transport systems, and neuromuscular integration will be included. References to pathophysiology will be made. Laboratory activities include the use of multiple monitoring and data acquisition systems. Lecture 3 hrs., Laboratory 3 hrs.  Prerequisite: A grade of C- or better in BIO1AB and CHE 1AB.  GS-II, VII

BIO 152  Cellular Biology (4)
This course involves in-depth analysis of eukaryotic cell structure and function. Topics include membrane structure and transport, cell communication, synthesis and trafficking of proteins, and the cytoskeleton. Laboratory techniques will include experimental techniques in cellular biology, including sub-cellular fractionation, cell culture, histochemistry, microscopy, and spectrophotometry. Lecture 3 hrs. Laboratory 3 hrs.  Prerequisites: A grade of C- or above in BIO 1AB, CHE 6A

BIO 180  Endocrinology (4)
A study of the molecular synthesis and physiological functions of hormones in living systems especially as they are understood in humans. The course will cover neuroendocrine controls, genetics of hormone synthesis, mechanisms of hormone action, reproductive physiology, somatic growth and development, thyroid and adrenal gland physiology, glucose and calcium homeostases, and the integration and assessment of endocrine functions with the use of clinical examples throughout the course. Lecture 3 hrs, Lab 1 hr. Prerequisites: A grade of C- or above in BIO 151, CHE 6A/B.

BIO 187  Selected Topics in Biology (1-3)
An acyclic series of topics of current interest in the biological sciences which presents recent developments in the field.

BIO 192AB  Special Studies (3,3)

BIO 195  Senior Seminar in New Biology (3)
In depth literature search on an approved topic of current research significance. The research study should culminate in a class presentation, discussion and research paper. Topics will focus on the most recent research and discoveries in the biological sciences. Prerequisite: Senior standing.

BIO 196H  Senior Honors Thesis  (3)
Open only to students admitted to the Honors Program.

BIO 197  Research Readings (1)
Directed reading in special interest areas for the departmental research requirement. Faculty research mentor approval required.

BIO 198  Biological Research (1-3)
Directed research project. Should be taken under the guidance of a faculty member presently engaged in laboratory research. The completed project is usually initiated during the junior year and completed before graduation. Three units are required for graduation.

BIO 199  Independent Study (1-3)
The initiation or continuation of a project under departmental faculty direction. Work should culminate in a research paper or report.
Business Administration

The Business Administration Department at Mount St. Mary's College is committed to developing leaders who are capable of making complex business decisions and appreciate the significance of their responsibilities to the companies and communities they serve.

Consistent with the liberal arts tradition of the College, the Department emphasizes a broad-based, interdisciplinary curriculum that provides the knowledge, skills and values necessary to accomplish these goals. Four key themes are infused through all department course offerings that nurture a continuing curiosity and a receptivity to new ideas:

- Global Business
- Management Communication
- Business Ethics
- Innovative Management

Hallmarks of the program include a high level of interaction with faculty and peers, academic rigor and the translation of theory into practice. The Business Administration Department offers the following degrees:

- Bachelor of Arts (in the traditional day program)
- Bachelor of Science (in the Weekend College program)
- Associate of Arts
- Minor in Business

The Bachelor degree programs and Minor are offered at the Chalon Campus. The Associate of Arts degree program is offered at the Doheny Campus.

The Bachelor of Arts in Business Administration

The Bachelor of Arts program in Business Administration prepares students for professional careers by stimulating rigorous, imaginative, analytical, and inquisitive attitudes. An emphasis on teamwork and problem solving is evident at all levels of education in the business administration major. The department offers five areas of emphases. Each emphasis is described below:

**Accounting**

The emphasis in Accounting qualifies students to enter private, public and governmental accounting. Students are prepared in the practical areas of tax accounting, cost accounting and auditing as well as the application of computer techniques to corporate accounting systems. Graduates will be qualified for professional employment in corporate accounting departments, public accounting firms, and governmental agencies.

**International Business**

The emphasis in International Business prepares students for the many opportunities available in the fields of international management and government service. The International Business emphasis is designed for individuals with an interest in business on a global scale. The
program concentrates on the social, political, and economic aspects of the international marketplace.

Management
The emphasis in Management offers a curriculum based on practical, applied courses that qualify students to enter administrative positions immediately after graduation. Courses cover the broad spectrum of business activity and allow students to choose from a variety of possible career opportunities in large, midsize and small organizations.

Marketing
The emphasis in Marketing provides students with a “strategic orientation” in the areas of advertising, public relations, designs, sales, research and marketing management. The program is designed to prepare students for marketing related careers in the public and private sectors.

Double Major Program

The Department of Business Administration offers a program for students who desire to major in both Business Administration and another discipline at the College.

Lower Division Core Requirements:

- BUS 4  Business Foundations and Analysis (3)
- BUS 5  Business Law I (3)
- BUS 15A Accounting Principles I (3)
- BUS 15B Accounting Principles II (3)
- ECO 1  Microeconomics (3)
- ECO 2  Macroeconomics (3)
- MTH/BUS 28 Mathematical Analysis for Business (3)
- MTH/BUS 38 Elements of Probability and Statistics (3)
- CIS 1  Computer Processes and Applications (3)
- PHI 92/192 Business Ethics (3)
- SPR 18  Career Planning Seminar (1)

Total: 31 lower division units

Upper Division Core Requirements:

- BUS 122 Managerial Communications (3)
- BUS 106 Business Law II (3)
- BUS 130 Principles of Finance (3)
- BUS 160 Principles of Marketing (3)
- BUS 177 Management Information Systems (3)
- BUS 185 Principles of Management (3)
- BUS 190 Business Administration Internship (3)
- BUS 192 Business Policy and Strategy (3)

Total: 21 upper division units

Students in the Double Major who wish an emphasis within the Business Administration major must complete all courses in the emphasis.

For students transferring in business courses upon admission to Mount St. Mary’s College, at least 21 units of the upper division business courses must be completed at Mount St. Mary’s College. BUS 192 Business Policy and Strategy must be taken at Mount St. Mary’s College.

Once enrolled at Mount St. Mary's College, all upper division business courses must be completed at the College.
B.A. Degree with a Major in English and Business Administration:
(A cooperative program offered through the Departments of English and Business Administration)

Courses Required for a B.A. Degree in English and Business Administration

English Preparation:
ENG 1AB/C Freshman English (3,3)
HIS 1AB Western Civilization (3,3)
SPR 18 Career Planning Seminar (1)

Requirements:
24 additional units in English, at least 18 of which are upper division, including:
ENG 181 Theory and Criticism (3)
ENG 195 English Seminar (3)

Recommended:
One course in American literature (3)

Business Administration
Lower Division Core Requirements:
BUS 4 Business Foundations and Analysis (3)
BUS 5 Business Law I (3)
BUS 15A Accounting Principles I (3)
BUS 15B Accounting Principles II (3)
ECO 1 Microeconomics (3)
ECO 2 Macroeconomics (3)
MTH/BUS 28 Mathematical Analysis for Business (3)
MTH/BUS 38 Elements of Probability and Statistics (3)
CIS 1 Computer Processes and Applications (3)
PHI 92/192 Business Ethics (3)
SPE 10 Introduction to Communication (2)

Total: 32 lower division units

Courses Strongly Recommended:
PSY 1 General Psychology (3)
SOC 5 Sociological Perspectives (3)
PHI 5 Introduction to Logic (3)

Upper Division Core Requirements:
BUS 122 Managerial Communications (3)
OR
BUS 106 Business Law II (3)
BUS 130 Principles of Finance (3)
BUS 160 Principles of Marketing (3)
BUS 177 Management Information Systems (3)
BUS 185 Principles of Management (3)
BUS 190 Business Administration Internship (3)
BUS 192 Business Policy and Strategy (3)

**Total: 21 upper division units in Business Administration**

**Total units in English and Business: 90**

At least 12 upper division units must be completed in the MSMC English Program.

For students transferring in business courses upon admission to Mount St. Mary’s College, at least 21 units of the upper division business courses must be completed at Mount St. Mary’s College. BUS 192 Business Policy and Strategy must be taken at Mount St. Mary’s College.

Once enrolled at Mount St. Mary's College, all upper division business courses must be completed at the College.

**B.A. Degree with a Major in Spanish and Business Administration:**

*A cooperative program offered through the Departments of Modern Languages and Cultures and Business Administration*

**Courses required for a B.A. in Spanish and Business Administration**

**Spanish Preparation:**

SPA 1 and 2  Elementary Spanish I and II (or equivalent)  (4,4)
SPA 3 and 4  Intermediate Spanish III and IV (or equivalent)  (3,3)

**Requirements:**

SPA 107  Theory and Practice of Culture  (3)
SPA 109  Spanish Writing Lab  (3)
SPA 114  Translation/Interpretation  (3)
SPA 149  Business Communication and Culture  (3)
SPA 144  Culture and Civilization of Latin America  (3)
SPA 112  Culture and Civilization of Spain  (3)
SPA 190  Internship  (3)

Choose one course from the following:

BUS 189  International Management  (3)
BUS 195  International Marketing  (3)
ECO 195  International Economics  (3)
POL 131  International Relations  (3)

**Business Administration Requirements:**

**Lower Division Core Requirements:**

BUS 5  Business Law I  (3)
BUS 15A  Accounting Principles I  (3)
BUS 15B  Accounting Principles II  (3)
ECO 1  Microeconomics  (3)
ECO 2  Macroeconomics  (3)
MTH/BUS 28  Mathematical Analysis for Business   (3)
MTH/BUS 38  Elements of Probability and Statistics   (3)
CIS 1   Computer Processes and Applications   (3)
PHI 92/192   Business Ethics   (3)

Total: 27 lower division units in Business Administration

Upper Division Core Requirements:
BUS 122  Managerial Communications   (3)
BUS 130  Principles of Finance   (3)
BUS 160  Principles of Marketing   (3)
BUS 177  Management Information Systems   (3)
BUS 185  Principles of Management   (3)
BUS 192  Business Policy and Strategy   (3)

Total: 18 upper division units in Business Administration

Students with a major in Spanish and Business Administration are strongly encouraged to do a junior semester in Europe or Latin America.

For students transferring in business courses, at least 21 units of the upper division business courses must be completed at Mount St. Mary’s College. BUS 192 Business Policy and Strategy must be taken at Mount St. Mary’s College.

Once enrolled at Mount St. Mary's College, all upper division business courses must be completed at the College.

Bachelor of Science in Business Administration
(Weekend College)

The Bachelor of Science Program in Business Administration, offered in the Weekend College, is designed for adult professionals who wish to advance and solidify their careers in business. Built on the strong liberal arts foundation provided through General Studies requirements, the Business Administration major is generalist in scope and covers key functional areas in business-management information systems, organizational behavior, business law, accounting, marketing and finance. Courses emphasize discussion, case studies, group projects and communication exercises. The program has been structured to incorporate workplace experience into the fabric of the classroom.

For students transferring in business courses, at least 21 units of the upper division business courses must be completed at Mount St. Mary’s College. BUS 192 Business Policy and Strategy must be taken at Mount St. Mary’s College.

Once enrolled at Mount St. Mary's College, all upper division business courses must be completed at the College.

B.S. Degree in Business Administration

Lower Division Core Requirements:
BUS 5   Business Law I   (3)
BUS 15A   Accounting Principles I   (3)
BUS 15B Accounting Principles II (3)
ECO 1 Microeconomics (3)
ECO 2 Macroeconomics (3)
MTH/BUS 28 Mathematical Analysis for Business (3)
MTH/BUS 38 Elements of Probability and Statistics (3)
CIS 1 Computer Processes and Applications (3)*
PHI 92/192 Business Ethics (3)

**Total: 27 lower division units in Business Administration**

*Students may waive the CIS 1 requirement by passing a standardized exam, such as CLEP, that demonstrates proficiency in course content.

**Upper Division Core Requirements:**

BUS 122 Managerial Communications (3)

or

BUS 106 Business Law II (3)
BUS 130 Principles of Finance (3)
BUS 160 Principles of Marketing (3)
BUS 177 Management Information Systems (3)
BUS 184 Organizational Behavior (3)
BUS 185 Principles of Management (3)
BUS 192 Business Policy and Strategy (3)

**Total: 21 upper division units in Business Administration**

In addition to core requirements, eighteen (18) upper division business units are required for the major in Business Administration.

Students who wish to pursue a specific business area concentration may do so by completing twelve (12) of these eighteen (18) units as follows:

**Marketing Concentration**

BUS 157 Principles of Advertising (3)
BUS 163 Marketing Research (3)
BUS 175 Sales Management (3)
BUS 194 Consumer Behavior (3)
BUS 195 International Marketing (3)

**Management Concentration**

BUS 157 Human Resources Development (3)
BUS 187 Management Seminar (3)
BUS 189 International Management (3)

And any one of the following courses:

BUS 133 Money, Politics and Business (3)
BUS 170 Real Estate (3)
BUS 171 Real Estate Law and Management (3)
BUS 176 Small Business Management (3)
International Business Concentration

BUS 189 International Management (3)
BUS 195 International Marketing (3)
ECO 195 International Economics (3)

And three units from the following:
ECO/HIS 112 World Economic History (3)
BUS 193 Special Studies in Economic Development (1)
(One unit in each of the following areas: China, European Union, Eastern Europe, Mercusor, Africa and the Four Tigers)
BUS 193 Managing Diversity (1)

The Associate Arts in Business Administration

The Associate in Arts degree in Business Administration is a two-year program that provides students with a strong business background invaluable in the modern work environment. In addition, the Business Administration Program prepares students with the foundation necessary to successfully transfer to a four-year business program. The courses in the A.A. Business Administration program focus on business fundamentals commensurate with lower division instruction while also stressing the communication and critical thinking skills necessary to succeed and advance in a business career. General Studies courses contribute to the broad-based education of students which not only makes them more attractive to employers, but exposes them to the spectrum of knowledge and ideas that are the hallmark of a liberal arts education.

Upon completion of an A.A. Degree, students may wish to pursue a B.A. degree in Business Administration, or they can choose to terminate their education. Given the current business environment, students are strongly encouraged to continue their studies for a four-year degree. Many students who complete the two-year A.A. program in Business Administration choose to transfer to the four-year B.A. program at Mount St. Mary's College.

To be accepted into the A.A. Business Administration Program, students must have a cumulative high school GPA of at least 2.5 in all college preparatory courses. SAT or ACT scores are required and will be considered during the application process. Students who have at least 12 units of previous college course work must have a minimum GPA of 2.25 in order to be considered for admission into the program.

The A.A. Degree in Business Administration

Business Administration Requirements:

BUS 4 Business Foundations and Analysis (3)
BUS 5 Business Law I (3)
BUS 16A Accounting Principles I (4)
BUS 16B Accounting Principles II (4)
ECO 1 Microeconomics (3)
ECO 2 Macroeconomics (3)
MTH/BUS 28 Mathematical Analysis for Business or
MTH/BUS 38 Elements of Probability and Statistics (3)

CIS 1 Computer Processes and Applications (3)
PHI 92/192 Business Ethics (3)

Total: 21 units

*Note: To achieve the 21 unit minor requirement, those matriculated in the Weekend College Program may replace BUS 4 with another course within the area of Business Administration.
BUS 4 Business Foundations and Analysis (3)
An analytical survey of the principles and skills necessary for accounting, economics, marketing, finance, human resources, management, and government policies as they apply to business in the United States and globally. Through the course students develop a framework for analyzing business issues and develop critical thinking skills to solve organizational problems. This course will include an introduction of the case method.

BUS 5/POL 5 Business Law I (3)
An introduction to the development of legal principles for business activity, as found in common law, statutory laws, and the Uniform Commercial Code. Use of case studies for practical applications. Introduction to legal reasoning and legal writing; concentration on contracts and their use throughout all business negotiations; introduction to issues of commercial liability and sales transactions.

BUS 15A Accounting Principles I (3)
Course emphasis is on the measurement, valuation, and the accumulation of accounting data. Topics include the accounting cycle through financial statements, accounting for merchandise, internal control, notes, bad debts, inventories and accounting for tangible and intangible assets. Focus is on the sole proprietorship.

BUS 15B Accounting Principles II (3)
Course emphasis is on the measurement, valuation and the accumulation of accounting data. Topics include accounting for partnerships, corporations, bonds, cash flow statements, present value, annuities, financial statement and analysis and an introduction to managerial accounting. Prerequisite: BUS 15A

BUS 16A Accounting Principles I (4)
Course emphasis is on the measurement, valuation, and the accumulation of accounting data. Topics include the accounting cycle through financial statements, accounting for merchandise, internal control, notes, bad debts, inventories and accounting for lived tangible and intangible assets. Focus is on the sole proprietorship. Faculty-guided lab experiences are provided for additional reinforcement of course concepts.

BUS 16B Accounting Principles II (4)
Course emphasis is on the measurement, valuation and the accumulation of accounting data. Topics include accounting for partnerships, corporations, bonds, cash flow statements, present value, annuities and financial statement analysis. Faculty guided experiences are provided for additional reinforcement of course concepts. Prerequisite: BUS 16A

BUS 28 Mathematical Analysis for Business (3)
Topics in Algebra including solutions of systems of equations and inequalities; exponential and logarithmic functions; linear programming and mathematics of finance. Emphasis is placed on the application of mathematics to problems in business. (See MTH 28.) Prerequisite: Satisfactory score on the Mathematics Placement Exam. GS-IIIE, VIIB

BUS 38 Elements of Probability and Statistics (3)
Elementary probability theory, properties of distributions, sampling, hypothesis testing, correlation. Prerequisite: Satisfactory score on the Mathematics Placement Exam. (See Math 38) GS IIIE, VIIB

BUS 92/PHI 92 Business Ethics (3)
A case study approach to business ethics, taking into consideration the perspectives of management, labor, consumer or public, governmental agencies, and environmental or other special interest groups. Using a basis in ethical theory, the course will cover areas such as public welfare, issues in hiring (affirmative action, quotas) and business practices (product liability, honesty, business bluffing, advertising, sexual harassment, racism), environmental concerns, global issues (apartheid, social injustice, exploitation of the third world), corporate
decision-making and responsibility. Students who take this course may not take PHI 21 for credit. Honors students should take PHI 21H, not PHI 92. GS-VB2, VI

BUS 93 Special Topics (1-3)
Course or seminar in current issues in business administration. Topics change each semester.

BUS 97 Independent Study (1-6)
Lower division course, independent study or directed readings on business-related topics. Prerequisite: Consent of faculty member and approval of department chairperson.

BUS 104 Investment Analysis and Management (3)
Survey of investments including corporate and government securities, real property and financial intermediaries. Study of financial investments with emphasis on security analysis, valuation and portfolio management. Prerequisite: BUS 130.

BUS 106/POL 105 Business Law II (3)
Upper level study of business law. Applications to areas of agency, partnerships, corporate law, sales, criminal and civil liability, product liability and insurance. Prerequisite: BUS 5.

BUS 122 Management Communications (3)
This course develops both oral and written business communications skills through the study of communications theory in conjunction with practical communication assignments. Specific content areas include management and decision-making case studies, internal and external written communications, business proposals, group dynamics, interviews and business presentations.

BUS 123 Travel and Study Abroad (3)
This course is designed to acquaint participants with the business, historical, cultural, and social environments of the countries visited. Visits will be arranged to business organizations as well as with government officials connected with economic and business development. Areas visited may include South America, China or East Asia. The class can be repeated for credit.

BUS 125 E-Commerce/E-Business (3)
This course will cover the current status of electronic public transactions (E-Commerce) and business to business (E-Business). Topics will include: the internet, intranet, extranet, security and the impact of the World Wide Web on marketing, business relationships, and changing supplier, customer relationships.

BUS 127 Accounting and Finance for Small Business (1)
This course will focus on the selection and formation of various business entity types. We will explore diverse sources of business capitalization including, but not limited to, venture capitalists, corporate angels, and assistance available through the Small Business Administration. We will analyze financial statements and study government reporting requirements for the most frequently selected business entity types.

BUS 128 Accounting Systems for Small Business (1)
Students are introduced to the latest versions of various automated accounting systems used today in small business. They are subsequently immersed in a thorough hands-on application of commonly used software such as Quick Books or Peachtree. Students will enter transactions, prepare general ledgers, process payroll, and prepare and analyze financial statements.

BUS 130 Principles of Finance (3)
This course is designed to provide students with a broad-based understanding of financial concepts and their applications. The course will explore: (a) the financial system - components, institutions, and functions; (b) business finance and management application of financial principles on a micro and macro level; (c) financial policy the methods and effects of
government debt and fiscal policy. Prerequisites: BUS 4 (except for Weekend College), ECO 1, ECO 2, BUS 15A, BUS 15B, MTH 38.

**BUS 131 Managerial Accounting**
(3)
The application of accounting analysis to business decision, planning and control. Integrating information systems with specific emphasis on cost concepts and applications, budget, cost volume profit relationships and decision making from the capital investment and pricing viewpoints. Prerequisites: BUS 15A and BUS 15B.

**BUS 133 Money, Politics, and Business**
(3)
This course explores the relationship between business and government in the United States—the influence of environmental forces on business institutions and the impact of corporations on their environment. Through this course, students develop an analytic framework for exploring political institutions and practices, social and ethical responsibilities, regulation and the policy making process, environmental issues, consumer concerns, workplace multiculturalism and diversity, global issues, and institutional reform. GS-IIIG

**BUS 137 Intermediate Accounting I**
(3-4)
The beginning of the in-depth study of financial accounting. Topics include the conceptual framework, financial statement preparation, concept of future and present value, revenue and expense recognition, accounting for cash and receivables, inventory and fixed asset accounting. Prerequisites: BUS 15A, BUS 15B.

**BUS 138 Intermediate Accounting II**
(3-4)
The conceptual and procedural aspects of some of the more complex topics of financial accounting are studied. Topics include long term debt, leases, pensions, error corrections and the statement of cash flows. Prerequisite: BUS 137.

**BUS 139 Managing Non-Profit Organizations**
(3)
This course will introduce managerial theories to lead non-profit organizations. The learning experience includes review of literature, class presentations and active sponsorship of service organizations. A service-learning project integrates theory with practice, requiring team cooperation, planning, and accountability. Also, EDU 138C, GER 138, PSY 138 and SOC 138.

**BUS 140/BUS 140H Women's Issues in Business and Economics**
(3)
Survey of issues that affect women in business and review of the feminist critique of classical economic theory. Topics surveyed may include women's labor history, Marxist feminism, socialist feminism, feminist organizational theory, women in management, the wage gap, the glass ceiling, gendered economic roles, women's issues in business law, affirmative action, and sexual harassment. GS-IIIG, VI

**BUS 144 Legal Issues in Entrepreneurship**
(3)
This course will discuss legal issues which an entrepreneur encounters while forming and running a start-up enterprise, including real estate purchases, leasing, employment law, human relations procedures, franchising, supply contracts and governmental administrative regulations.

**BUS 145 Entrepreneurship**
(3)
Introduction to the basic concepts and skills required of entrepreneurs. This course uses an applied approach—teaching students to recognize opportunity; screen ideas and develop a business concept, test that concept and create a new venture. Topics include entry strategies, business forms, franchising, entrepreneurial mindsets, management, marketing, capital requirements, financing sources and site analysis. An entrepreneurial internship is required. Prerequisite: BUS 4 (except Weekend College)
BUS 148/PSY 148  Industrial Organization and Consumer Psychology (3)
Study of the psychological principles and techniques used in a business setting. Topics include the psychology of work, personnel selection, appraisal, job analysis, placement training, production efficiency, and consumer behavior.

BUS 150  Strategic Management of Nonprofit Organizations (3)
This course is designed to study, discuss, and debate issues facing managers of nonprofit organizations. The goal of this course is to integrate skills in organizational behavior, marketing, finance, and analytical disciplines into strategic decision making in the nonprofit context. Topics explored include mission definition, competing internal and external demands, resource scarcity and uncertainty, governance systems, and managing strategic change. While the principal thrust of the course is on nonprofit organizations, there will be opportunities to examine areas where public, for-profit, and nonprofit organizations interact. Prequisite: BUS 185

BUS 154  Cost Accounting (3)
Budgeting responsibility accounting; inventory planning; performance measurement; costing methods; job order and standard costs; direct vs. full costing; cost allocation; cost-volume profit analysis; analytic cost reports. Prequisites: BUS 15A and 15B.

BUS 155/POL 185  Public Personnel Administration (3)
The process of formulating and administering public personnel policies; concepts and principles utilized in selected governmental personnel systems. Special emphasis on collective bargaining in public employment.

BUS 156/POL 186  Introduction to Public Administration (3)
The executive function in government; principles of administrative organization, personnel management, financial administration, administrative law, and problems and trends in government as a career.

BUS 157  Human Resources Development (3)
This course explores the contributions made by the modern human resource department to the success of business organizations. Particular areas of focus include job analysis, recruitment, training, compensation analysis, performance analysis, legal issues and workforce diversity. The course content weaves the underlying theories of human behavior in organizations with the practical applications of these theories pertinent for future managers or human resource professionals.

BUS 158/POL 187  Organizational Theory and Governmental Management (3)
Organizational structure, human factors in organization, dynamics of organizational change, internal adaptability to external environment, problems, limitations, and trends in governmental organization and management.

BUS 160  Principles of Marketing (3)
This course is designed to introduce students to the fundamentals of marketing. Through this course, (a) the foundations of marketing will be explored--product issues, pricing decisions, distribution channels and promotional strategies, (b) the users of marketing will be identified, (c) the role of marketing in the organization and society will be examined, (d) marketing objectives, tools and resources will be assessed, and (e) components of strong marketing strategy will be evaluated. Prequisite: BUS 4 (except Weekend College)

BUS 161  Principles of Advertising (3)
This course examines the major components of modern advertising and promotion. Key areas explored include the social and economic role of advertising; controls over advertising; planning of the campaign; the role of research; media strategy and coordination with other elements of the marketing communication mix. Prequisite: BUS 160.
BUS 163  Marketing Research  
Fundamentals of marketing and industrial research as an approach to problem solving. Business cases are used to develop the student's analytical ability and to demonstrate the application of business research fundamentals. Prerequisites: BUS 38, BUS 160.

BUS 164  Accounting, Taxes and Finance for the Small Business  (3)
This course aims to prepare the new entrepreneur with a thorough, real world understanding of the accounting requirements for external and governmental reporting. This will involve making decisions in entity formation, establishing appropriate records and controls, and hands-on experience in preparing required financial statements, tax reporting documents and financial analysis. Students will be introduced to state-of-the-art accounting software in this endeavor and will learn how to research and find sources of business financing. Upon completion of this course, the student should have a strong understanding of the required administrative aspects of business formation, reporting requirements and business financing.

BUS 168  Marketing Seminar: Selected Topics  (3)
An in-depth seminar in marketing. Primary activities include the exploration of advanced and specialized topics and issues in the field. Weekend College only. May be repeated once.

BUS 169  Issues of Corporate Responsibility  (3)
Application of theories developed in Business Ethics to issues arising in the practice of modern business. Topics will vary by semester but the course will focus on newsworthy items that reflect the state of corporate business ethics. These issues may include marketing ethics, product liability, socially responsible investing, employee welfare and concerns of race and gender. Extensive case analysis is utilized to apply critical thinking skills to real business dilemmas. Introduction to Business Ethics (PHI 92) highly recommended.

BUS 170  Real Estate  (3)
Introduction to economics of land ownership and use; fundamentals of ownership; financing; appraisal; management and transfer of residential and other real property, including an introduction to real estate investment issues. Prerequisite: BUS 5.

BUS 171/POL 106  Real Estate Law and Management  (3)
This course develops those skills necessary to purchase, sell or lease real estate in commercial transactions: Business and legal aspects, purchase and sales contracts, conveyances, mortgage and trust deed transactions, property taxes, landlord and tenant law, wills and inheritance, and estates in land. Prerequisite: BUS 5.

BUS 173  Real Estate Investment  (3)
Emphasizes problems and methodology for making the real estate investment decisions. Includes real estate versus other investments; real estate user and investor requirements; decision models; tax factors and syndication.

BUS 175  Sales Management  (3)
This course explores the function of sales and the relationship to the overall marketing program. Topics considered include setting sales objectives, formulation of sales strategy, development of a sales organization, selecting and working with distributors and dealers, measurement of salesmen’s performance, evaluation of sales management performance, control of sales operations, and integration of sales and other marketing activities. Prerequisite: BUS 160.

BUS 176  Small Business Management  (3)
This course comprehensively covers all activities required for the formation of new enterprises and certain aspects of managing growing organizations. The course explores the new venture creation process: business idea generation and evaluation, resource acquisition, customer identification and selling, developing a business plan, organization building, networking, and the technical issues entrepreneurs face in tax, legal, and accounting areas.
BUS 177 Management Information Systems (3)
This course is designed to familiarize the student with the fundamentals of information system development and use--giving students the competitive edge in the workplace of tomorrow. The course explores: (a) conceptual foundations, (b) information systems applications, (c) systems technology--processing, software, programming, (d) systems analysis, (e) management and societal issues. Prerequisite: BUS 4 (except Weekend College).

BUS 180AB Advanced Advertising Seminar (3,3)
An advanced seminar covering selected topics in copywriting, graphics, media and buying, advertising, budgeting, planning and management. Prerequisites: BUS 160 and BUS 161.

BUS 181 Global Business (3)
Global Business will explore the reasons trade takes place and the role of international organizations in the promotion of trade. The geographical, cultural, technological, economic and political factors influencing multinational business are discussed in detail. International management, finance, marketing, accounting, human resources and law are part of the curriculum.

BUS 182 Advanced Finance (3)
Case studies in financial management and capital budgeting. Strategies in debt and equity financing. Portfolio management. Prerequisite: BUS 130.

BUS 183 Management Seminar (3)
This course is an in depth seminar in area of management and organization. Primary activities include the exploration of advanced and specialized issues in the field. Prerequisite: BUS 185.

BUS 184 Organizational Behavior (3)
This course brings the insights into human behavior in organizations brought forth by psychology and sociology and centers them on their implications for business organizations. Issues pursued in this course include group dynamics, communications, motivation, leadership, and decision making as well as organizational design, culture, development and change. The discipline of organizational behavior is unique in its combined goals of seeking organizational success while advocating employee empowerment.

BUS 185 Principles of Management (3)
This course discusses the four principal functions of management: planning, organization, leadership and control, including quality control, managing cultural diversity, motivation and other leadership issues, decision making, group communication and organization. Case studies explore these topics within the context of business ethics and corporate responsibility to the community. Prerequisite: BUS 4 (except Weekend College).

BUS 186 Tax Accounting (3)
Statutes, regulations, administrative rulings, and court decisions relating to federal and California income taxes. Audit procedures; partnership and corporate tax returns. Prerequisites: BUS 15A, BUS 15B.

BUS 187 Management Seminar: Selected Topics (3)
An in-depth seminar in the area of management and organization. Primary activities include the exploration of advanced and specialized topics and issues in the field. Weekend College only. May be repeated once.

BUS 188 Auditing (3)
Audit functions of the CPA. Nature of audit evidence, audit procedures, audit work papers, audit reports, evaluation of internal controls and internal auditing, statistical sampling in auditing; problems of auditing computer-based accounting records. Prerequisites: BUS 15A, BUS 15B.
BUS 189 International Management (3)
Application of modern management theory to the administration of international business. The course will study the impact of multi-governmental policies upon the management of international enterprises. **Prerequisite:** BUS 185. GS-VI

BUS 190 Business Administration Internship (1-6)
An intensive supervised work experience related to the student’s major emphasis. Students are responsible for setting up the internship in conjunction with an appropriate faculty member and the Office of Career Planning and Placement. Internships must be approved by the Chair. **Prerequisite:** SPR 18.

BUS 192 Business Policy and Strategy (3)
This course is the capstone course for business administration majors. It provides an opportunity to integrate previous studies in functional areas—marketing, finance, economics, accounting, and management. Organizations are analyzed with respect to the effectiveness and appropriateness of strategies and goals in each of the functional areas and the synergies of the functional areas for achieving optimal results consistent with their respective missions. The major topics covered include (a) competitive analysis, (b) the strategic management process, (c) the role of the chief executive officer, (d) strategy formulation and decision making, and (e) strategy implementation and control. **Prerequisites:** Lower Division and Upper Division Core Courses.

BUS 193 Selected Topics (1-3)
Course, independent study, seminar, or directed readings in current issues in business administration.

BUS 194 Consumer Behavior (3)
This course is designed to explore the complexities of consumer behavior. Through this course students will (a) develop an understanding of the key role of consumer needs and wants, (b) understand the role of marketing information systems, marketing research, buyer behavior and competitive forces (c) explore target market selection, market positioning, and marketing strategies, and (d) examine the consumer perception in the market planning process of product, pricing, promotion and distribution. **Prerequisites:** BUS 160, BUS 185.

BUS 195 International Marketing (3)
The role of marketing in the global business environment will be studied from the viewpoint of both the small business enterprise and the multinational corporation. Special emphasis will be given to how small business can get information and assistance for its efforts to enter the global marketplace. Topics covered will include the political, legal, economic, and cultural factors that impact businesses going global as well as issues of product development, pricing, promotion and distribution. **Prerequisite:** BUS 160.

BUS 196H Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.

BUS 197 Independent Study (1-3)
Opportunity for independent study is available to qualified students. The student has responsibility for planning, implementing, and presenting the project; the faculty member approves the project, meets with the student several times during the term, and evaluates the final results.

BUS 198 Advanced Accounting (3)
Problems associated with preparation of consolidated financial statements, foreign currency translation, partnerships, and governmental fund accounting. **Prerequisites:** BUS 137, BUS 138.
BUS 199  Directed Study  (1-3)
Opportunity for directed reading is available to qualified students. The faculty member shares
the responsibility with the student, generally planning the readings and/or projects and
meeting with the student regularly.
CHEMISTRY

Departmental Affiliation: Physical Sciences and Mathematics

A student majoring in chemistry receives a comprehensive view of the principles of this science and participates in personalized laboratory instruction and individual research. A major in chemistry is excellent preparation for graduate studies, medical studies, health science careers, education, scientific writing, and careers in food, petroleum, and textiles. The B.A. degree in chemistry is designed for those interested in secondary science teaching, chemical technology, and other broadly-based careers requiring a science background.

Courses Required for a B.A. Degree in Chemistry

Lower Division:
CHE 1AB    General Chemistry    (4,4)
CHE 1AL/1BL  General Chemistry Laboratory    (1,1)
CHE 6AB    Organic Chemistry    (4,4)
CHE 6AL/6BL  Organic Chemistry Laboratory    (1,1)
MTH 5ABC  Calculus I/II/III    (4,4,4)
CIS 2  Introduction to Computer Programming    (3)
PHY 1AB  Introductory Physics IA/IB    (4,3)
or PHY 11AB  Mechanics/Electricity, Magnetism, and Optics (4,3)
PHY 1BL  Physics Laboratory    (1)

Upper Division:
CHE 107  Biochemistry    (3)
CHE 107L  Biochemistry Laboratory    (1)
CHE 110AB  Physical Chemistry    (4,3)
Plus two additional upper division courses in chemistry. An overall grade point average of 2.0 in major courses is required for the degree.

Total units in Chemistry: 37

Total units in mathematics and physics: 19

Plus general studies requirements and electives totaling 124 semester units, including modern language requirement.

Courses Required for a B.S. Degree in Chemistry

Lower Division:
CHE 1AB    General Chemistry    (4,4)
CHE 1AL/1BL  General Chemistry Laboratory    (1,1)
CHE 6AB    Organic Chemistry    (4,4)
CHE 6AL/6BL  Organic Chemistry Laboratory    (1)
MTH 5ABC  Calculus I/II/III    (4,4,4)
CIS 2  Introduction to Computer Programming    (3)
PHY 11AB  Mechanics/Electricity, Magnetism, and Optics (4,3)
PHY 1BL  Physics Laboratory    (1)

Upper Division:
CHE 107  Biochemistry    (3)
CHE 107L  Biochemistry Laboratory    (1)
CHE 110AB  Physical Chemistry  (4,3)
CHE 111  Physical Chemistry Laboratory  (2)
CHE 199  Research in Chemistry  (3)
Three additional upper division courses in Chemistry (9)

Total units in Chemistry: 46

Total units in mathematics and physics: 25
Plus general studies requirements and electives totaling 124 semester units. An overall grade point average of 2.0 in major courses is required for the degree.

Pre-Medical/Pre-Dental Preparation

Chemistry Major
Medical schools accept students from any degree program. A strong background in science, including chemistry, biology and mathematics, is recommended for successful performance on the Medical College Admissions Test (MCAT) and for admissions to medical programs.
Successful completion of the B.S. or B.A. degree with a major in chemistry provides excellent preparation for medical, dental or pharmaceutical studies.

The Minor in Chemistry

CHE 1AB  General Chemistry    (4,4)
CHE 1AL/1BL  General Chemistry Laboratory   (1,1)
CHE 6AB  Organic Chemistry   (4,4)
CHE 6AL/6BL  Organic Chemistry Laboratory  (1,1)
CHE 107  Biochemistry     (3)
CHE 107L  Biochemistry Laboratory   (1)

Plus one additional upper division course in Chemistry selected from: CHE 110A, 120 or 190.
An overall grade point average of 2.0 in requisite courses is required for the minor.

Total units in Chemistry: 27

CHE 1A  General Chemistry (4)
Atomic theory, atomic structure and the periodic table; molecular structure and bonding; structure and properties of solids, liquids, and gases; kinetic theory and colligative properties.
Lecture, three hours; discussion, one hour. Prerequisites: High school chemistry, three years of high school mathematics, and satisfactory score on Chemistry Placement Examination, or grade of C or better in CHE 3 or PHS 1. GS-II,IIID

CHE 1AL  General Chemistry Laboratory (1)
Quantitative techniques including gravimetric and volumetric analyses; qualitative techniques including isolation of compounds and descriptive chemistry of inorganic compounds.
Laboratory, four hours per week. Prerequisite: Concurrent enrollment in CHE 1A (recommended) or completion of CHE 1A with a grade of C or better.

CHE 1B  General Chemistry  (4)
Equilibria, kinetics, thermodynamics, oxidation-reduction reactions and electrochemistry.
Lecture, three hours; discussion, one hour. Prerequisite: Grade of C- or better in CHE 1A.

CHE 1BH  General Chemistry: Honors Section  (1)
Acid-base behavior, thermodynamics concepts, transition metal complexes, and kinetics.
Emphasis will be on research approaches to problem solving and data analysis. Laboratory, four hours per week. Prerequisite: CHE 1A with grade of B or better or consent of instructor. Open only to students admitted to the Honors Programs.
CHE 1BL  General Chemistry Laboratory (1)
Calorimetry and thermodynamics experiments, instrumental methods, including spectrophotometers and pH meters; transition metal chemistry. Laboratory, four hours per week. Prerequisite: C- or better in CHE 1A and concurrent enrollment in CHE 1B (recommended) or completion of CHE 1B with a grade of C- or better.

CHE 3  Foundations of Chemistry (3)
An introduction to the principles and laws of chemistry including atomic structure and the periodic table, bonding, nomenclature, stoichiometry, gases, solutions, and introductory organic chemistry. Lecture, three hours. Note: This course is a prerequisite to CHE 1A if the student fails to qualify for CHE 1A on the Chemistry Placement Examination. GS-IIID

CHE 4  Foundations of Chemistry in the Laboratory (1)
Application of fundamental concepts including measurements, empirical formulas, energy in reactions, physical states of matter, and solution behavior. Laboratory, 2 hours. Prerequisite: Past or concurrent enrollment in CHE 3. It is highly recommended that students take this course concurrently with CHE 3.

CHE 6A  Organic Chemistry (4)
Nomenclature, bonding, structure, and stereochemistry of organic molecules. Introduction to reactions, reaction mechanisms, and organic synthesis. Lecture, three hours; discussion, one hour. Prerequisite: Grade of C - or better in CHE 1B.

CHE 6AL  Organic Chemistry Laboratory (1)
Methods of separations, purification, and identification of organic compounds; introduction to synthesis, and fundamentals of scientific writing. Laboratory, four hours per week. Prerequisite: Concurrent enrollment in CHE 6A (recommended) or completion of CHE 6A with a grade of C - or better.

CHE 6B  Organic Chemistry (4)
Continuation of Chemistry 6A. Reactions of functional groups and aromatic compounds; synthesis. NMR and IR spectroscopy. Lecture, three hours; discussion, one hour. Prerequisite: Grade of C - or better in CHE 6A.

CHE 6BL  Organic Chemistry Laboratory (1)
Synthesis and reactions of typical organic compounds; scientific writing; introduction to qualitative analysis, infrared spectroscopy and mass spectrometry. Laboratory, four hours per week. Prerequisite: Concurrent enrollment in CHE 6B (recommended) or completion of CHE 6A with a grade of C- or better.

Except where noted, a grade of C or better in prerequisite courses or consent of the department is required for any upper division Chemistry course.

CHE 104  Qualitative Organic Analysis (3)
Microtechniques, separation of mixtures, derivatives, identification of unknown organic compounds, spectroscopic methods. Lecture, one hour; laboratory, eight hours. Prerequisite: CHE 6B.

CHE 107  Biochemistry (3)
The study of the molecular components of cells with emphasis on physical and chemical properties and biological functions. An introduction to enzyme kinetics, bioenergetics and the central pathways of carbohydrate metabolism. Lecture 3 hours. Prerequisite: CHE 6B.
GS-VIIA
CHE 107L  Biochemistry Laboratory (1)
Techniques in the isolation and characterization of biomolecules with an emphasis on proteins. Introduction to enzyme kinetics. Laboratory, four hours per week. Prerequisite: Concurrent enrollment in CHE 107 (recommended) or completion of CHE 107 with a grade of C- or better.  GS-VIIB

CHE 109  Advanced Biochemistry (3)
Gluconeogenesis, photosynthesis, metabolism of fatty acids and cholesterol, biosynthesis of nucleic acids and proteins. Topics from among the following: biophysical spectroscopy, DNA damage and repair, neurochemistry, biochemistry of vision, metals in biochemistry. Lecture, three hours. Prerequisite: CHE 107 with a grade of C- or better.

CHE 110A  Physical Chemistry: Thermodynamics (4)
Laws of thermodynamics, chemical equilibria and cell emf. Lecture, four hours. Prerequisites: CHE 1B, MTH 3B, PHY 11B (or 1B), CIS 1B.  GS-VIIB

CHE 110B  Physical Chemistry: Dynamics (3)
Kinetic theory, transport processes, chemical kinetics and quantum mechanics. Use of the computer for the analysis of problems in the preceding areas. Lecture, three hours. Prerequisite: CHE 110A.  GS-VIIB

CHE 111  Physical Chemistry Laboratory (2)
Chemical and phase equilibria, electrochemistry, kinetics and transport processes, conductance, diffusion. Laboratory, six hours. Prerequisite: CHE 110A.

CHE 120  Instrumental Methods of Analysis (3)
Theory and applications of modern instrumental methods including gas chromatography, various spectroscopic methods and selected electrochemical methods. Lecture, one hour; laboratory, eight hours. Prerequisite: CHE 6B or consent of instructor.

CHE 130  Biochemical Methods (3)
Experimental techniques in biochemistry. Chromatography, electrophoresis, and spectroscopic methods applied to the preparation and measurement of biochemical substances. Lecture, one hour; laboratory, eight hours. Prerequisite: CHE 107

CHE 190  Inorganic Chemistry (3)
Chemistry of inorganic systems with emphasis on reaction mechanisms, metal complexes, bonding and periodic relationships. Lecture, three hours. Prerequisite: CHE 1B.

CHE 195H  Senior Honors Thesis (3)
Open only to students admitted to the honors program.

CHE 196  Internship (1-3)
An intensive work-study program for qualified upper division students. The student is responsible for setting up the internship in conjunction with the appropriate faculty and the office of Career Planning and Placement. The internship must be approved by the department chairperson.

CHE 197  Seminar (1-3)

CHE 98/198  Topics in Chemistry (1-3)
Prerequisite: Consent of chemistry staff.

CHE 199  Research in Chemistry (1-3)
Research problems to be arranged with individual faculty members. Prerequisite: Consent of chemistry staff.
CHILD DEVELOPMENT

Departmental Affiliation: Psychology

The Child Development major provides an interdisciplinary approach to the understanding of young children as individuals and as members of society. Courses in this major are those specifically relevant to child development in the departments of psychology, education, sociology, art, music and English. The Child Development Major is recommended primarily for individuals who seek careers working with children and their families in child care, educational, or social service settings. Students who plan this major at the outset of their college careers may elect to take courses in their first two years through the Education Department at the Doheny Campus to qualify for the Child Development Teacher Permit. (See the Early Childhood Education Program under the Education Department listing.)

Course Requirements for a B.A. Degree:

I. Psychology (9 to 21 upper division units, including the following:)

- PSY 1 Introduction to Psychology (3)
- PSY 12 Child/Human Development (3)
- Psy 112 Careers and Observations in Child Development Settings (3)
- PSY 113 Child and Adolescent Development/Learning Across Cultures (3)
- PSY 192 Practicum (in a child development setting) (3)

II. Sociology (1 of the following courses required; 3 upper division units required)

- SOC 6 The Family, Child and Community (3)
- SOC 104 The Family (3)

III. Art (minimum 3 units, chosen from the following:)

- ART 145 Art and Crafts in the Classroom (1)
- ART 5 Fundamentals of Art (3)
- ART 173 Diversity and the Visual Arts (3)

Another art history course may be accepted with your advisor’s permission.

IV. Music (minimum 3 units, chosen from the following:)

- MUS 130 Creative Music Experience (1)
- MUS 116 Music of World Culture (3)
- MUS 6/106 Varieties of Music (3)

V. Education (minimum 3 units, chosen from the following:)

- EDU 32 Observation and Curriculum Planning (3)
- EDU 33/133 Visual and Performing Arts for the Young Child (3)

VI. English (minimum 6 units, chosen from the following:)

- ENG 104 Expository Writing (3) or
- ENG 105 Advanced Composition (3) or
- ENG 106 Creative Writing (3)
- ENG 34 Literature and the Young Child (3) or
VII. Biology (minimum 3 units, chosen from the following:)

BIO 10 Health Science (3)
BIO 112 Nutrition (3)
Needs approval of advisor

VIII. Additional upper division courses, chosen in consultation with an advisor, from the fields of Psychology, Sociology, Art, Music, Education, English, and Biology (Minimum 30 upper division units, including the required courses listed above).

Recommended Courses:
Especially for Students Interested in Pursuing Graduate Study:
- PSY 40 Statistics (3)
- PSY 106 Basic Research Methods (3)
- PSY 106L Basic Research Methods Lab (1)
- PSY 134 Learning and Memory (3)

Especially for Students Interested in Counseling and Social Services:
- PSY 125 Introduction to Counseling (3)
- PSY 168 Abnormal Psychology (3)
- PSY 172 Developmental Pathopsychology (3)
- PSY 139 Child Abuse and Family Violence (3)
- PSY 188 Crisis Intervention (3)
- SOC 115 Sociology of Violence (3)
- SOC 120 Case Management (3)
- SOC 180 Social Stratification (3)
- SOC 110 Deviant Behavior: Juvenile Delinquency (3)
- SOC 161 Dynamics of Majority-Minority Relations (3)
- SOC 175 Urban Sociology (3)

Especially for Students Interested in Working with Children with Special Needs:
- PSY 114 Psychological Aspects of Children with Chronic Impairments
- PSY 116 Introduction to Children with Visual Handicaps
- PSY 118 Intervention with Children with Multiple Handicaps

Especially for Students Interested in Child Care and Education:
- EDU 31 Intro to Early Childhood Education: Profession and Programs (3)
- EDU 32 Early Childhood Education: Observation/Curriculum Planning (3)
- EDU 37 Infant and Toddler Development and Care (3)
- EDU 138C Organization and Administration of Early Childhood Education Programs: Managing Non-Profit Organizations (3)

Students may petition the Child Development Program Advisor to substitute other relevant courses in the program.

Total units in the interdisciplinary major areas: 39

Plus general studies requirements and electives totaling 124 semester units including the modern language requirement.
All courses are described in the respective department listings.

**Requirements for the Child Development Minor**

**18 units from the following (12 units must be upper division):**

<table>

Other appropriate courses may be submitted with the permission of the Child Development Program Advisor.
COMPUTER INFORMATION SCIENCE

Department Affiliation: Mathematics

The Minor in Computer Information Science

The minor in Computer Information Science (CIS) is designed to complement any major by providing students with an understanding of computing, networking, multimedia, electronic information resources, systems and the Internet. Using the knowledge, skills and experience from these technologies, students will be able to solve problems in a variety of contexts. This minor will assist students in acquiring valuable skills to enable them to cope with the rapid changes in technology that are affecting and will continue to affect their personal and professional lives. Ever-changing hardware and software continue to permeate research laboratories and offices throughout the world. The growing need to understand and use the Internet in research and commerce further increases the importance of this course of study. This is a very dynamic minor and requirements will change as needed due to the ever-changing state of technology.

Required Courses (21-24 units)

- CIS 1 Computer Process and Applications (3)
- CIS 2 Introduction to Computer Programming (3)
- Technology Internship (taken at sophomore level or later) (3)

One course from the following list:

- PHI 169 Philosophy of Technology (3)
- PHI 156 Analytical Reasoning & Systems Analysis (3)
- PHI 192 Business and Info Tech Ethics (3)

Three courses from the following list:

- MTH 20 Programming (3)
- MTH 25 The Linux/Unix Environment (3)
- MTH 135 Structure & Comparison of Computer Language (3)
- BUS 125 E-Commerce/E-Business (3)
- BUS 177 Management Information Systems (3)
- CIS 120 Communication Protocols (3)

At least one course from the following list:

- ART 15 Computer Graphics I (3)
- ART 115 Computer Graphics II (3)
- BIO 115ABCD Research Methods (1,1,1,1)
- BIO 197 Research Readings (1)
- BIO 198 Biological Research (3)
- CHE 198 Topics in Chemistry (1-3)
- CHE 199 Research in Chemistry (3)
- HIS 101 Historical Methods & Historiography (3)
- HIS 102 Quantitative Issues in History (1)
- MTH 120 Discrete Mathematics (3)
- MTH 128AB Numerical Analysis (3,3)
- POL 101 Research Methodology (3)
- POL 102 Quantitative Issues in Political Science (1)
CIS 1 Computer Processes and Applications (3)
Description of the computer and its logical structure and functioning including hardware (processors, storage, and communications), networking, and levels of software. Introduction to BASIC programming languages and binary systems. Use of application programs for word processing, spreadsheets, databases, presentations, Internet, and e-mail.

CIS 2 Introduction to Programming (3)
An exploration of computer processes: data and file structure; databases and retrieval of information; programming using various languages (which may include BASIC, Fortran90, C++, Perl, Java, or Prologue). Prerequisite: Grade of C or higher in CIS 1 or consent of instructor.

CIS 87 Technology Internship (1)
This course is a one-year experience during which a student participates by assisting faculty and various academic and administrative departments in using technology effectively and efficiently. (taken at sophomore level or later)

CIS 120 Communication Protocols (3)
This course will cover current communication protocols and will include TCP/IP, Routers, Data Packets and Security. Prerequisite: CIS 2
CULTURAL STUDIES MINOR

Department Affiliation: Language and Culture

Culture courses are primarily interdisciplinary and intended to complement language acquisition, as well as to inform about global cultural diversity. They are generally taught in English.

Required courses: 26 units

SPA 1 or FRE 1 or JPN 1  Elementary Spanish, French or Japanese  (4)
SPA 2 or FRE 2 or JPN 2  Elementary Spanish, French or Japanese  (4)

CUL 107   Theory and Practice of Culture   (3)
The course addresses the growing domestic and global necessity for understanding and communication across cultural boundaries. This is a theoretical and practical approach to understanding cultural differences as well as similarities. GS-VI

CUL 110   Culture through Films   (3)
This course uses a thematic approach to analyze a selected number of cultures from different parts of the world through films.

or PHI 162   Philosophy and Native Cultures   (3)

CUL 114   Faces of Spirituality   (3)
The focus of this course is to survey and gain an understanding of how different cultures approach spirituality.

or RST 161   Introduction to World Religions   (3)

CUL 117   Women’s Literature in Translation   (3)
In search of similarities and differences in women’s conditions, aspirations and accomplishments as seen through literature written by women from around the globe.

or ENG 123   Women’s Voices in Literature   (3)

ART 173   Multiculturalism & the Visual Arts   (3)

MUS 106   Varieties of Music   (3)

or MUS 116   Music of World Cultures
Economics

Departmental Affiliation: Business Administration

ECO 1  Microeconomics  (3)
An exploration of the economic affairs of industries and the individual business firm. This course introduces the price system, the law of supply and demand and economic analysis of individual markets such as labor or international trade. GS-IIIF

ECO 2  Macroeconomics  (3)
An introductory analysis of the aggregate economic system. This course discusses methods of recording and determining gross national product, employment, price stability, fiscal and monetary policy. GS-IIIG

ECO 44/144  Personal Finance  (3)
Emphasis on the principles underlying financial security and investment planning; the study of credit institutions, the stock market, and home buying through special projects and experiences in the field. Does not count as an upper level business requirement for Business students.

ECO 112/112H  World Economic History  (3)
This course will offer a unified explanation for the growth of Western Europe from AD 900 to 1900, with particular emphasis on the evolution of economic institutions. These institutions include property rights, banking and credit, public finance, forms of business organizations and wage labor. Also HIS 112/112H. GS-IIIF. (Formerly Economic History of Europe)

ECO 123  Travel and Study Abroad  (3)
This course is designed to acquaint participants with the business, historical, cultural, and social environments of the countries visited. Visits will be arranged to business organizations as well as with government officials connected with economic and business development. Areas visited may include South America, China or East Asia. The class can be repeated for credit. Also BUS 123.

ECO 193  Selected Problems  (1-3)
Courses, workshops, seminars, or directed readings. May be repeated for credit.

ECO 195  International Economics  (3)
The general principles of international regulations and trade; the problems of developing countries and theories of growth and development; progress toward economic integration and cooperation in Europe, Latin America and Africa. GS-IIIG
Education

The Education department offers the following undergraduate and graduate programs for the preparation of teachers and school administrators:

Undergraduate

Early Childhood Education in conjunction with the Associate degree
Elementary Teacher Preparation Program in conjunction with a Baccalaureate degree and a Liberal Studies major
Secondary Teacher Preparation Program in conjunction with a Baccalaureate degree and an academic Subject Matter Preparation Program

Graduate

Preliminary Teacher Preparation (Credential) Programs:
Elementary
Secondary
Education Specialist: Mild/Moderate Disabilities

Individualized Intern Certificate Programs:
Elementary Individualized Intern Certificate Program
Secondary Individualized Intern Certificate Program
Education Specialist: Mild/Moderate Disabilities Individualized Intern Certificate Program

Professional Clear Teacher Preparation (Credential) Programs:
Professional Clear Education Specialist: Mild/Moderate Disabilities
30 post-BA unit option for Professional Clear Multiple and Single Subject Credentials

Administrative Services Preparation (Credential) Programs:
Preliminary Administrative Services Certificate in Catholic School Leadership

Master of Science in Education with concentrations in:
Administrative Leadership
Elementary Education
Secondary Education
Special Education: Mild/Moderate Disabilities
Individually Designed Program

Master of Science in Education in conjunction with:
Elementary Teacher Preparation Program
Secondary Teacher Preparation Program
Education Specialist: Mild/Moderate Disabilities Teacher Preparation Program
Administrative Services Preparation Program
Early Childhood Education Program

A.A. Degree with a Specialization in Early Childhood Education

The Associate Degree Program with a specialization in Early Childhood Education is designed for the student who wishes to enter the field of preschool teaching directly upon graduation. At the completion of the two-year program, the student is qualified to teach in child development programs (pre-kindergarten) or to transfer to a four-year program to complete a Bachelor of Arts degree in Child Development, or to complete the requirements for a Bachelor of Arts degree with a Liberal Studies Major and to apply for admission to the Preliminary Multiple Subject Teacher Preparation Program.

Program Requirements
Core Courses
EDU 31 Intro to Early Childhood Education: Profession and Programs (3)
EDU 32 E. C. E.: Observation and Curriculum Planning (3)
EDU 33 The Visual and Performing Arts for the Young Child (3)
EDU 37 Infant and Toddler Development and Care (3)
EDU 39 Supervised Field Work: Preschool (taken during last semester) (6)
ENG 34 Literature for the Young Child (3)
PSY 12 Child/Human Development (3)
PSY 35 Language and Concept Development of the Young Child (3)
SOC 6 Family, Child, and Community (3)

General Requirements
PSY 1 General Psychology (3)
BIO 10 Health Science (3)
PHI 15 Challenges in Philosophy or
PHI 10 Critical Thinking (3)

A.A. Program Requirements
SPR 85 Intro to College Studies (1)
ENG 6AB Written and Oral Communication or
ENG 1AB Freshman English (3,3)
Religious Studies course (3)
Humanities course (3)

Recommended Electives
Courses in Spanish and Physical Education

The two-year program at the Doheny Campus fulfills coursework and fieldwork requirements for a Child Development Teacher Permit.

The requirements as established by the California Commission on Teacher Credentialing are the following:
1. Completion of an Associate of Arts degree or higher in early childhood education.
2. A supervised field experience (EDU 39) in an early childhood education setting.
3. The candidate must have earned a C or above in each course used for the permit.

This permit is issued for five years and is renewable for successive five-year periods with the completion of 105 hours of professional growth. A Child Development Teacher Permit
authorizes the holder to provide service in the care, development, and instruction of children in a child development program, and supervise a Child Development Permit Associate Teacher, a Child Development Permit Assistant, and an aide.

As Title 5 California Administrative Code Regulations pertaining to revisions in the Child Development Permit are enacted, notification of such revisions are made to students who are enrolled in the program, as well as those who make inquiry regarding it. It is recommended that those reading this section for the first time inquire as to whether the regulations stated here have undergone revision by the state.

Admission Requirements

To be accepted as an Early Childhood Education major, a student entering Mount St. Mary's College must have a high school GPA of 2.5. SAT or ACT scores are also considered; an interview may be required. Transfer students applying for the Early Childhood Education program after college experience must have a GPA of 2.25 in college-level courses, grades of C or better in all Early Childhood Education courses accepted for transfer, and a grade of C or better in a college-level (non-remedial) English course.

Specific Program Requirements

The student must complete all Early Childhood courses with a grade of C or better. A grade of C or better must also be achieved in ENG 6AB or ENG 1AB. Because of a demand in Southern California for preschool teachers who can demonstrate speaking and writing ability in the Spanish language, students are encouraged to take courses in Spanish in conjunction with the program.

Students in the Early Childhood Education specialization must be able to establish rapport with very young children and their families. They must be able to create an environment where children can discover themselves; to do this, they need broad knowledge of children's physical, social/emotional and cognitive development. Coursework, including observation, participation, and supervised teaching of children, is designed to enable students to demonstrate expertise in these areas within the two-year period.

Elementary Teacher Preparation Program in Conjunction with a B.A. Degree with a Liberal Studies Major

Preparation for certification as an elementary teacher in California consists of two components, (1) academic preparation and (2) professional preparation. In addition, other state requirements must be met, as in (3) below. The Mount St. Mary’s College Elementary Teacher Preparation Program is a California Commission on Teacher Credentialing approved program for the preparation of students for the Preliminary Multiple Subject Teaching Credential as defined by SB 2042. It is possible to complete both the academic and professional preparation as an undergraduate and graduate with a preliminary teaching credential.

(1) Academic Preparation. The undergraduate student interested in elementary school teaching completes a Liberal Studies major to satisfy the academic preparation requirements for a Multiple Subject Teaching Credential. Mount St. Mary’s College has a California Commission on Teacher Credentialing approved Liberal Studies Subject Matter Preparation Program (January, 2004). The Liberal Studies major is described on page ____. Students must satisfy the academic preparation requirement for a teaching credential by achieving a passing
score on the state-required Multiple Subject CSET examinations. This requirement must be satisfied prior to enrollment in supervised teaching.

(2) Professional Preparation. Simultaneously with the Liberal Studies major, undergraduate students complete the Elementary Teacher Preparation Program courses to satisfy professional requirements. Fieldwork in public schools affiliated with the Education Program is required in each professional preparation class. The student must be able to arrange for transportation to fieldwork sites. Contact with program advisors and directors is especially important for undergraduate students planning to complete preparation for a teaching credential as an undergraduate.

Refer to pages ___ for the Elementary Teacher Preparation Program course list. Also see page ___ for teacher preparation program requirements and pages ____ and ____ for supervised teaching policies.

(3) Other Requirements. Students who wish to teach at the elementary level in California must also fulfill the requirement related to the United States Constitution and pass a state-required examination on the teaching of reading (RICA). Political Science 1 American Government and Institutions currently meets the U.S. Constitution requirement. If a student wishes to fulfill this requirement by taking a course off-campus, she must submit for approval an equivalency petition to the Director of Elementary Education prior to enrollment. Education 156, Language and Literacy: Elementary Curriculum will prepare students for the RICA exam. This exam is taken at the end of the program, prior to filing for the credential. Finally, all teacher credential candidates must pass the state-required Teacher Performance Assessment (TPA) administered during the supervised teaching experience.

For additional information about the Elementary Teacher Preparation Program requirements, contact the Education Department. It is particularly important to obtain individual advisement because the California Commission on Teacher Credentialing (CCTC) regulations are subject to change.

Secondary Teacher Preparation Program in Conjunction with a B.A. Degree with an Academic Subject Matter Preparation Program

Preparation for certification as a secondary school teacher in California consists of two components: (1) academic preparation and (2) professional preparation. In addition, other state requirements must be met, as in (3) below. The Mount St. Mary’s College Secondary Teacher Preparation Program is a California Commission on Teacher Credentialing approved program for the preparation of students for the Preliminary Single Subject Teaching Credential as defined by SB 2042. It is possible to complete both the academic and professional preparation as an undergraduate and graduate with a preliminary teaching credential.

(1) Academic Preparation. The undergraduate student interested in secondary school teaching majors in the academic subject she plans to teach and meets other requirements for subject matter competence as defined by the California Commission on Teacher Credentialing. Prior to supervised teaching, students must verify that they have met the state expectations for subject matter competence (see Education Department advisor).

Mount St. Mary’s College has state-approved academic subject matter preparation programs in the fields of English and Social Science. Students are encouraged to consult with the
Director of Secondary Education at Doheny and with their academic advisor to obtain an Advisement Tool for these programs. Students who wish to teach other subject areas for which Mount St. Mary’s College does not have an approved subject matter program must pass the state-required exams (CSET examinations) prior to supervised teaching.

(2) Professional Preparation. Simultaneously with the academic studies, undergraduate students complete the Secondary Teacher Preparation Program courses to satisfy professional requirements. Fieldwork in public schools affiliated with the Education Program is required in each professional preparation class. The student must be able to arrange for transportation to fieldwork sites.

Refer to pages ___ for the Secondary Teacher Preparation Program course list. Also see page ___ for teacher preparation program requirements and pages ___ and ___ for supervised teaching policies. Units taken in the Teacher Preparation Program may count toward the Bachelors degree but are not required for graduation.

(3) Other Requirements. Students who wish to teach in California must also fulfill the requirement related to the United States Constitution. Political Science, American Government and Institutions, currently meets this state requirement. If a student wishes to fulfill this requirement by taking a course off-campus, she must submit for approval an equivalency petition to the Director of Secondary Education prior to enrollment. Finally, all teacher credential candidates must pass the state-required Teacher Performance Assessment (TPA) administered during the supervised teaching experience.

Students interested in the Secondary Teacher Preparation Program are urged to contact the Education Department as early as possible to obtain individual advisement.

Teacher Preparation Program

The Teacher Preparation Programs at Mount St. Mary’s College offer coursework and fieldwork leading to a California Preliminary Teaching Credential for elementary, secondary, or special education: mild/moderate disabilities. Students may already be teaching in their own classrooms in public or private schools, or be completing the program prior to employment as a teacher. Coursework is grounded in the California Standards for the Teaching Profession and emphasizes a cycle of planning, teaching, and reflecting that provides students with an ever-deepening understanding of how to provide all students with rigorous academic learning. The programs prepare teachers who are committed to working with diverse student populations in urban settings. Theory and practice are infused throughout the coursework with discussions and readings augmenting early fieldwork experiences in exemplary teachers’ classrooms in Mount St. Mary’s College associated schools. Courses and fieldwork provide essential knowledge and skills that students need to pass the California Teacher Performance Assessment and qualify for a Preliminary Teaching Credential. Other state and program requirements apply, and students are urged to maintain regular contact with their program advisor. Students may complete a Master of Science degree in Education in conjunction with the teacher preparation coursework (see below).
Admission to Teacher Preparation Programs
Undergraduate applicants for a Teacher Preparation Program apply directly to the Education Department for admission. Graduate applicants apply through the Graduate Division (see Graduate Degree Admissions Policies, p. 82). Ongoing contact with program directors and advisors is important, as teacher preparation requirements are subject to change.

Requirements for admission include:
1. completion of the appropriate application form and payment of fee with statements affirming the moral character of the candidate according to guidelines provided by the California Commission on Teacher Credentialing
2. a pattern of academic competence: a minimum grade point average of 2.5 on a four-point scale, documented by official transcripts
3. two letters of recommendation indicating suitability for teaching and potential for success in the Teacher Preparation Program
4. interview with members of the Education department related to professional attitude, goals, and personal qualifications
5. a passing score on the California Basic Skills Test (CBEST)
6. verification of medical clearance for tuberculosis
7. Verification of initial requirement for subject matter competence
8. for graduate students, a Baccalaureate degree from an accredited college or university. Degrees earned outside the United States must be evaluated for equivalency by an agency approved by the California Commission on Teacher Credentialing. The Education Department provides a list of approved agencies.
9. for students applying to the Professional Level II Education Specialist: Mild/Moderate Disabilities program, verification of employment as a full-time teacher in a special education position serving students with mild/moderate disabilities (CCTC form CL777.1) and a copy of a valid Preliminary Level I Education Specialist: Mild/Moderate Disabilities credential or Certificate of Eligibility for the credential.
10. for students applying to an Individualized Intern Certificate Program, verification that they have met the state expectations for subject matter competence (see Education Department advisor), satisfactory completion of U.S. Constitution requirement (coursework or exam), and Certificate of Clearance.

Applications are accepted at any time. Students may enroll in one course as a non-matriculating student prior to program acceptance.

Admission to a teacher preparation program does not guarantee that a credential will be granted. The Committee on Admissions reserves the right to dismiss from a teacher preparation program a student who does not meet program requirements.

Elementary Teacher Preparation Program
The Elementary Teacher Preparation Program at Mount St. Mary’s College has been approved by the California Commission on Teacher Credentialing under the 2001 SB 2042 Standards for Professional Preparation. This program prepares teachers to work with students in elementary (typically K-6) classrooms. Students begin the program with prerequisite courses in foundational areas such as development, culture, and language acquisition. They complete four professional preparation courses that include early fieldwork in exemplary teachers’ classrooms in Mount St. Mary’s College associated schools. Students finish the program with supervised teaching and a culminating seminar. Coursework and fieldwork
provide the essential knowledge and skills students need to pass the state-mandated
California Teacher Performance Assessment and the Reading Instruction Competence
Assessment (RICA). Upon successful completion of all requirements, students apply for the
Preliminary Multiple Subject Teaching Credential. Other state and program requirements
apply; students are urged to maintain regular contact with their program advisor.

Prerequisite Coursework (15-17 units)*

EDU 106/206 School and Society (3)
PSY 113 /EDU 251 Development and Learning Across Cultures (3)
SOC 161 Majority/Minority Relations (3)
EDU 252 Diversity and Schools (3)
ENG 102 Structure of Modern English (3)
EDU 253 Language Competence and Education (3)
EDU 170A/270A Introduction to the Education of Exceptional Learners (3)
BIO 10 Health Science (3)
EDU 213 Health-Related Issues in Education (1)
PED 100/EDU 212 Physical Education: Elementary Curriculum (1)

Preliminary Professional Preparation Coursework (12 units)*

EDU 150/250 Elementary Instruction: Theory and Practice (3)
EDU 154/254 Mathematics and Science: Elementary Curriculum (3)
EDU 155/255 Social Studies and the Arts: Elementary Curriculum (3)
EDU 156/256 Language and Literacy: Elementary Curriculum (3)

Supervised Teaching (8-14 units)*

EDU 116/316 Supervised Teaching: Elementary Fieldwork (6-12)
EDU 123/323 Supervised Teaching Seminar (2)

* Undergraduate program includes 100 level courses; Graduate program includes 200/300
level courses.

Secondary Teacher Preparation Program

The Secondary Teacher Preparation Program at Mount St. Mary’s College has been approved
by the California Commission on Teacher Credentialing under the 2001 SB 2042 Standards
for Professional Preparation. This program prepares teachers to work with students in middle
and high school classrooms. Students begin the program with prerequisite courses in
foundational areas such as development, culture, and language acquisition. They complete
three professional preparation courses that include early fieldwork in Content Area Coaches’
secondary classrooms. Students finish the program with supervised teaching and a
culminating seminar. Coursework and fieldwork provide the essential knowledge and skills
students need to pass the California Teacher Performance Assessment and qualify for the
Preliminary Single Subject Teaching Credential. Other state and program requirements apply,
and students are urged to maintain regular contact with their program advisor.

Prerequisite Coursework (15-17 units)*

EDU 106/206 School and Society (3)
PSY 113 /EDU 251 Development and Learning Across Cultures (3)
SOC 161 Majority/Minority Relations (3)
EDU 252 Diversity and Schools (3)
ENG 102 Structure of Modern English (3)
EDU 170A/270A  Intro to the Education of Exceptional Learners (3)
BIO 10  Health Science (3)
or EDU 213  Health-Related Issues in Education (1)

Preliminary Professional Preparation Coursework (12 units)*
EDU 166/266  Principles of Secondary Education & Content Area Modules (4)
EDU 167/267  Principles of Secondary Curriculum & Content Area Modules (4)
EDU 168/268  Content-Based Reading Instruction & Content Area Modules (4)

Supervised Teaching (8-14 units)*
EDU 164/364  Supervised Teaching: Secondary Fieldwork (6-12)
EDU 123/323  Supervised Teaching Seminar (2)

* Undergraduate program includes 100 level courses; Graduate program includes 200/300 level courses.

Professional Clear Multiple Subject and Single Subject Teacher Credential Programs

New regulations and guidelines for the Professional Clear Multiple Subject and Single Subject Credentials have been developed by the California Commission on Teacher Credentialing. There are now several options for completion of the professional clear requirements depending on the type of preliminary credential a student holds. Students should see a program advisor to determine the most appropriate program for them to pursue.

Preliminary Level I Education Specialist: Mild/Moderate Disabilities Teacher Preparation Program

The Education Specialist Credential program at Mount St. Mary’s College prepares teachers to work with K-12 students with mild/moderate disabilities which includes students with learning disabilities, mental retardation, serious emotional disturbance, and health impairments. These teachers may be employed in their own classroom, in a resource specialist position, or in an inclusion specialist position serving special education students in general education settings. The Preliminary Education Specialist program is open to graduate students only.

Students begin their preparation in the Preliminary Level I program with general and special education coursework and field experiences and conclude the program with supervised teaching... For the general education requirements, students select an elementary or a secondary emphasis. Courses include fieldwork experiences in general and special education classrooms. The fieldwork requirements may be completed in the student’s own classroom or in exemplary teachers’ classrooms in Mount St. Mary’s College associated schools. Prior to applying for a credential, students must pass the state-mandated Reading Competence Instruction Assessment (RICA).

General Education Requirements (9-10 units)
EDU 253  Language Competence and Education (3)
EDU 250  Elementary Instruction: Theory & Practice (3)
Or
EDU 266  Principles of Secondary Education & Content Area Modules (4)
EDU 256  Language & Literacy: Elementary Curriculum (3)

Special Education Requirements (15 units)

EDU 270A/B  Education of Exceptional Learners  (1/2)
EDU 271  Educational Assessment-Students with Disabilities (3)
EDU 270  Classroom Management for Students with Learning & Behavior Problems (3)
EDU 275  Language Arts Instruction for Students with Special Needs (3)
EDU 276  Content Area Instruction for Students with Special Needs (3)

Supervised Teaching Requirements (13 units)

EDU 316B/C  Supervised Teaching: Elementary Fieldwork (6)
or
EDU 364B/C  Supervised Teaching: Secondary Fieldwork (6)
or
EDU 378L  Intensive Fieldwork: General Education (0)
EDU 378B/C/D  Supervised Teaching: Mild/Moderate Disabilities (6,12)
EDU 320  Supervised Teaching Seminar (1)

Upon completion of all requirements, students apply for either a Certificate of Eligibility for a
Preliminary Education Specialist Credential or, if employed in a special education setting, a
Preliminary Education Specialist Credential.

When students complete the Preliminary Education Specialist program and obtain a special
education teaching position, they must begin the Professional Level II Education Specialist
Credential program.

Professional Level II Education Specialist:
Mild/Moderate Disabilities Credential

Students are eligible to begin the Professional Education Specialist program when they
complete the Preliminary Education Specialist program and obtain a special education
teaching position working with students with mild/moderate disabilities. This must be a full-
time, long-term position. Teachers in day-to-day substitute or long-term substitute positions
are not eligible for this program.

In the Professional Education Specialist program, students work with a district support
provider and a college advisor to develop a Professional Induction Plan that includes
advanced coursework, professional experiences, and a one-year mentorship under an assigned
support provider. The program is designed to meet the student’s individual needs and
professional development goals. The plan must be developed within the first 120 days of
employment. Students may complete a CLAD certificate, a Masters degree, a multiple or
single subject credential, or non-college professional development activities as a part of their
Professional Education Specialist program. The program, including 30 post-baccalaureate
degree units, must be completed within five years of the issuance date of the preliminary
credential.

The Professional Education Specialist Program is offered in collaboration with Loyola-
Marymount University.
Core Special Education Requirements (10 units)
EDU 321   Professional Induction Planning Seminar (.5)
Advanced Issues in Assessment and Instruction of Students with Special Needs (3)
Consultation and Collaboration for Students with Special Needs (3)
Supportive Environments for Students with Behavioral and Emotional Needs (3)
EDU 322   Professional Educator Evaluation Seminar (.5)
Elective (3 units) or Non-University Option (45 hours)
Depending on their individual needs and professional goals, students may elect to complete their Level II special education requirements by taking a three unit elective course or by completing 45 hours of approved professional development activities. Students who choose to take a three unit elective are encouraged to select a course that will enable them to pursue a CLAD certificate, Multiple Subject Credential, Single Subject Credential, or Masters degree in conjunction with the Level II program.

Additional Professional Clear Requirements (5 units)
EDU 205  Technologies for Teachers (3)
Health Education and CPR

Individualized Intern Certificate Program
Students who have met all application requirements including subject matter competence, U.S. Constitution, and Certificate of Clearance, are eligible to apply for an Individualized Intern Certificate (IIC) Program. This program is offered in conjunction with employment in a public school. Mount St. Mary’s College offers this program to eligible teachers in any public school district in Los Angeles County. IIC programs are available for Elementary, Secondary and Education Specialist: Mild/Moderate Disabilities teacher candidates. The IIC program must be completed within a two year time limit. Throughout the program, students are provided with assistance and supervision from a district-provided support provider and from a college supervisor. To provide college supervision, six of the required 12 units of supervised teaching are distributed across the fall and spring semesters preceding the final semester of enrollment. During the final semester, the student enrolls in six units of supervised teaching and the two unit Supervised Teaching Seminar (EDU 323).

Teacher Preparation Course Equivalency
Candidates who have had previous courses/experience which are equivalent to the Mount St. Mary's College teacher preparation requirements may petition through the program advisor to have such courses/experience accepted in lieu of the prescribed coursework. Courses for which equivalency is granted must have been completed no more than seven years previous to the date of petition, with a grade of B- or better. Courses must have been taken for a letter grade. Narrative assessment will be considered. Pass/Fail or Credit/No Credit courses are not accepted for course equivalency. It is the candidate's responsibility to obtain, complete, and submit the required petition forms and supporting documents to the program director. The program director makes a recommendation in consultation with the instructor who is responsible for the course for which the candidate is seeking equivalency. The department chair reviews this recommendation. No grades or unit credits are granted or indicated on the candidate's transcript as a result of this process. However, completion of the equivalency is indicated in the candidate's advisement file. No more than six units may be fulfilled in this manner to qualify for the Mount St. Mary's College recommendation for the credential.
Policies for Supervised Teaching

The supervised teaching experience in the Teacher Preparation Programs is structured to address candidates’ diverse levels of teaching experience of the credential candidates. An important part of candidates' initial advisement is the determination of how they will fulfill the supervised teaching requirement based on their previous experience and present situation.

Those planning to register for supervised teaching must meet with their advisor at least one semester before the beginning of the semester in which they plan to register for this experience and complete an Application for Supervised Teaching.

Prerequisites for Supervised Teaching

1. Official admission to the Teacher Preparation Program (includes passage of the CBEST)
2. Verification that candidate has met state expectations for subject matter competence (see Education Department advisor).
3. Successful completion of the appropriate prerequisite coursework and professional preparation coursework with at least a 3.0 GPA.
5. (In-Service Teachers only) Approved Equivalency Petition forms for those requesting waiver of 6 units of supervised teaching.

Options to Meet Equivalency for Supervised Teaching

Option I: Supervised Teaching for Pre-Service Candidates

Pre-Service candidates are required to complete a full-time supervised teaching experience of 12 units over one semester (see EDU 116A/316A, EDU164A/364A, or EDU378B below). Students are placed in Mount St. Mary's College Teacher Centers (Mount St. Mary’s-affiliated local public schools) with cooperating teachers for two six-to-seven week assignments. Students do not make their own arrangements for the supervised teaching placement. Students are guided in teaching techniques by the cooperating teacher and the college supervisor through two assignments at varying grade levels and with culturally and linguistically diverse student populations. A bi-weekly seminar supports the supervised teaching experience.

Option II: Supervised Teaching for In-Service Teachers/Individualized Intern Certificate Candidates

Option II is available only to candidates whose schools are located in Los Angeles County. Candidates who are full time, contracted teachers may fulfill the supervised teaching component in their own classroom (see EDU 316C/D, EDU 364C/D, or EDU 378C/D below). Public school candidates must possess an Emergency permit or Individualized Intern Certificate. Multiple Subject candidates must be teaching in a self-contained classroom in grades K-6. Single Subject candidates must be teaching in a departmentalized setting, in the subject area in which they are pursuing a credential, and in grades 6-12. Education Specialist candidates must be teaching in a Special Day Class, Full Inclusion Program, or Resource Specialist Program for students with mild/moderate disabilities.

Teachers who have taught successfully on a full-time, contracted basis in the appropriate subject area and level for at least two years prior to the supervised teaching semester may petition to have six of the required 12 units of supervised teaching waived. For those who successfully waive six units of supervised teaching, the remaining six units may be fulfilled in their own classroom in one semester. (If waived, units are not awarded.) Students must
submit documentation that their teaching assignment has been, and continues to be, a full
time, paid teaching position and that the subject matter and level are congruent with the
credential sought. For secondary credential candidates, other requirements apply; please see
the Program Director. Equivalency petitions are available from the education advisor and
must be approved by the program director prior to enrollment in supervised teaching.

For those teachers with less than two years of teaching experience, supervised teaching may
be fulfilled by two semesters in their own classroom; candidates register for a total of 12
units, 6 units each semester (see EDU 316C or 364C below).

Option III: Private School Teachers with Three or More Years of Experience
New state regulations under SB 57 allow private school teachers with three or more years of
appropriate experience to waive all of the supervised teaching requirement for the Preliminary
Multiple Subject or Single Subject Credential. State guidelines and procedures are available
from the program advisors.

Administrative Services Preparation Program
The Mount St. Mary's College Administrative Services program is approved by the California
Commission on Teacher Credentialing (CCTC) for the preparation of entry-level
administrators for K-12 schools. Prerequisites for the program include a valid California K-12
teaching credential, designated subjects teaching credential with a Baccalaureate degree, or
services credential with a specialization in pupil personnel, health, librarian, or clinical
rehabilitative services, and a minimum of three years of successful, full-time classroom
teaching experience, or three years of experience in one of the service areas, as well as other
California Commission on Teacher Credentialing (CCTC) requirements. Candidates
successfully completing a CCTC-approved entry-level (first-tier) program of study in
administration are recommended for a Certificate of Eligibility for the Preliminary
Administrative Services Credential. The Preliminary Administrative Services Credential is
issued only when one is employed as an administrator in a position requiring the credential.
The Preliminary credential is valid for five years and may not be renewed. It may be
converted to a Professional Administrative Services Credential, which may be renewed in
accordance with current California regulations, after all requirements are met. Requirements
include, but are not limited to: two years of service in a position requiring the credential and a
minimum of 24 semester units of study in a CCTC-approved second-tier program.
The program is approved by the CCTC. Contact the Mount St. Mary's College Administrative
Services Program Director for current information.
Mount St. Mary's College offers the program of study directed toward the Preliminary
Administrative Services Credential, but not the Professional (second-tier) Credential.

Required courses:
EDU 220        Educational Leader's Role in Diversity & Multicultural Issues (1)
EDU 221        Educational Leadership (2)
EDU 222A       Curriculum and Assessment (3)
EDU 222B       Supervision of Instruction and Programs (2)
EDU 223        Issues in School Management (3)
EDU 224A       Financial Aspects of Education (2)
EDU 224B       Legal and Ethical Aspects of Education (3)
EDU 225        Educational Governance (1)
EDU 226        Social and Intellectual Interactions in Schools (2)
EDU 227        Administrator's Role in Meeting the Needs of All Children (1)
EDU 228A       Supervised Field Experience: Administration (2)
EDU 228B Supervised Field Experience: Administration (2)

The entry-level (first tier) administrative services program for the Certificate of Eligibility may be completed concurrently with a Master of Science Degree. In addition to meeting application requirements for the Preliminary Administrative Services Credential Program, candidates must meet application requirements for a graduate degree program (see Graduate Admission Policies on page 82).

Additional Requirements for Masters Degree (6 units)
EDU 200 Research Methods
EDU 296A/B Masters Project

Administrative Leadership Program
In cooperation with the Los Angeles Unified School District, Mount St. Mary's College offers a program of study directed toward the Preliminary Administrative Services Credential. Requirements for application are the same as for other Mount St. Mary's College Administrative Services credential and degree programs, except applicants must be recommended by their current principals or appropriate administrators. Accepted candidates move through the program as a cohort.

Catholic School Administrative Leadership Program (30 units)
Mount St. Mary’s College offers a Masters degree program with an emphasis on Catholic School Administrative Leadership. Candidates must meet the application requirements for a graduate degree program (see page Graduate Admission Policies on page 82).

Professional Administrative Course Requirements (19 units)
EDU 220 Educational Leader’s Role in Diversity & Multicultural Issues (1)
EDU 222A Curriculum and Assessment (3)
EDU 222B Supervision of Instruction and Programs (2)
EDU 223 Issues in School Management (3)
EDU 224B Legal and Ethical Aspects of Education (3)
EDU 226 Social and Intellectual Interactions in Schools (2)
EDU 227 Administrator’s Role in Meeting Needs of All Children (1)
EDU 228A Supervised Field Experience: Administration (2)
EDU 228B Supervised Field Experience: Administration (2)

Catholic School Leadership Course Requirements (5 units)
EDU 230 Foundations in Catholic School Education & Curriculum (3)
EDU 231 Leadership in Catholic Education (1)
EDU 232 Catholic School Finance and Law (1)

Core Masters Degree Courses (6 units)
EDU 200 Research Methods (3)
EDU 296A/B Masters Project (3)

Certificate in Catholic School Administrative Leadership
Catholic school administrators and teachers who already possess a Masters degree and a teaching credential can take EDU 230, EDU 231, and EDU 232 and earn a Certificate in Catholic School Administrative Leadership.

**Master of Science in Education**

Programs leading to the degree of Master of Science in Education are available with the following areas of concentration:

- Administrative Leadership
- Elementary Education
- Secondary Education
- Special Education: Mild/Moderate Disabilities
- Individually Designed Program

Students may pursue a Master of Science in Education in conjunction with a credential. It is also possible to pursue a Masters degree without a credential, but students are strongly advised to obtain the appropriate credential in conjunction with the Masters degree. Thirty semester unit hours of graduate coursework are required for a Masters degree.

Individuals who hold a Bachelors degree from an accredited college or university are eligible to apply for admission to a Masters degree program. Candidates apply through the Graduate Division and must meet all admission requirements within the first semester of enrollment (See Graduate Degree Admission Policies, p. 82 for application requirements.)

**Program Requirements**

Candidates for the degree of Master of Science in Education must complete 30 units of graduate coursework including six semester units of core course requirements and other coursework required for the particular area of concentration.

**Core Course Requirements (6 units)**

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>

<tbody>
<tr>
<td>EDU 200</td>
<td>Research Methods</td>
<td>3</td>
</tr>
<tr>
<td>EDU 296</td>
<td>Masters Project</td>
<td>3</td>
</tr>
</tbody>
</table>

**Masters Project**

When a minimum of 24 units of graduate credit have been completed or when the last semester of coursework has been reached, the candidate may enroll in EDU 296A Masters Project Proposal. Candidates are required to prepare and obtain approval for the masters project proposal before enrolling in EDU 296B, Masters Project.

**Administrative Leadership Degree Requirements**

Prerequisites for the Master of Science in Education with a concentration in Administrative Leadership include: a valid California K-12 teaching or services credential or 12 upper division or graduate units in education and a minimum of three years of successful, full-time K-12 classroom teaching or service area experience.

In addition to the core course requirements, candidates complete the 24 units of coursework required for the Preliminary Administrative Services Credential or other course offerings as approved by the program director. Thirty units are required to complete both the Master of Science Degree in Education: Administrative Leadership and the Certificate of Eligibility for the Preliminary Administrative Services Credential.
**Elementary Education Degree Requirements**
In addition to the core course requirements, candidates select 24 units from the coursework required for the Multiple Subject Teacher Preparation Program. (see p. 148). Candidates may pursue a Masters with an Elementary Education concentration in conjunction with an Elementary Teacher Preparation Program or as an independent Masters.

**Secondary Education Degree Requirements**
In addition to the core course requirements, candidates select 24 units from the coursework required for the Single Subject Teacher Preparation Program. (see p. 148). Candidates may pursue a Masters with a Secondary Education concentration in conjunction with a Secondary Teacher Preparation program or as an independent Masters.

**Special Education: Mild/Moderate Disabilities Degree Requirements**
In addition to the core course requirements, candidates select 24 units from the coursework required for the Education Specialist: Mild/Moderate Disabilities Teacher Preparation Program. (see p. 148). Candidates may pursue a Masters with a Special Education concentration in conjunction with a Special Education Teacher Preparation Program or as an independent Masters.

**Individually Designed Program Degree Requirements**
For those who wish to earn a Masters degree without a credential, this program is flexible and permits individual choice. The Individually Designed Program may be interdisciplinary or may focus on one area of interest. It may also combine theoretical and practical emphases.
Qualified candidates, under the direction of the program advisor, construct a program to meet their special interests and career goals. In addition to the core course requirements, candidates complete 24 units of work selected in consultation with the program advisor. Thirty units are required for the degree.

*NOTE:*
All post-baccalaureate programs of study offered by the Education Department are graduate level programs, whether leading to a Masters degree or not (e.g., Elementary and Secondary Teacher Preparation Programs). As such, these programs are governed by policies and procedures for graduate degree programs in all applicable areas. Since credential regulations and legislation are subject to change, it is important to contact the Education Department for up-to-date information.

**Grading Policies**
All education program courses, liberal studies courses, and subject matter preparation courses must be taken on a letter grade basis, except EDU 39, 100, 101, 102, supervised teaching, and administrative field experience, which are Credit/No Credit courses.
Undergraduate students completing a Liberal Studies major or one of the approved academic Subject Matter Preparation Programs at Mount St. Mary's College must maintain an overall grade point average of 2.5. Courses in the major or the Subject
Matter Preparation Programs in which a D or below is received must be repeated or an equivalent course taken. Failure to maintain the 2.5 GPA places a student on probation. (See p. 89 for the college probation policy).

Students in the Teacher Preparation and Administrative Services programs must maintain a GPA of 3.0 in education program courses, including prerequisites. If a student's GPA in education classes drops below 3.0 in any semester, the student is placed on probation for the next semester. If the student does not attain a GPA of a 3.0 in the program, including prerequisites, within two semesters on probation, the student will be disqualified from the program. Students may repeat education courses in which a grade of C- was earned to raise the GPA to 3.0.

Course credit is not granted for a grade of D or F in an education course. A student may repeat the first course in which a grade of D or F is received. Receiving a second D or F, either in the repeated course or in another course in the program, results in disqualification from the program. This policy includes the courses required for the professional clear teaching credential. For supervised teaching, students will be assigned credit (CR) for the experience if their performance in the Supervised Teaching course is evaluated as C quality or better. If a student's work is evaluated as work of below C quality, no credit (NC) will be awarded. Students receiving a grade of NC may petition to re-register for 6 to 12 units of supervised teaching.

EDU 31 Introduction to Early Childhood Education: Profession and Programs (3)
A study of the history, scope, and current philosophies of programs for young children. Observations in a variety of local early childhood programs, and exploration of the education and licensing requirements for such programs. Ethical and value issues in working with children and their families, as well as the importance of becoming an advocate for upgrading the profession and improving the quality of children's services, are stressed.

EDU 32 Early Childhood Education: Observation and Curriculum Planning (3)
Introduction and use of alternative formats for recording observations of children. Use of observational data to diagnose children's interests, developmental levels, and learning needs. Review of basic principles of child development and their application in the early childhood setting by means of observation and curriculum planning. Opportunities to create environments that enhance cultural pluralism. Includes opportunity for observation and participation in an early childhood setting. Prerequisite: Departmental approval.

EDU 33/133 The Visual and Performing Arts for the Young Child (3)
A study of the visual arts (basic concepts, theories, and techniques); dance (basic concepts, and improvisations including philosophical and practical differences among the various disciplines of dance); music (singing, listening and improvisational activities); theatre arts (creative drama, role playing, improvisation and story enactment). Lab fee of $20.00 required.

EDU 37 Infant and Toddler Development and Care (3)
This course presents an in-depth study of infant and toddler development. The principles of infant and toddler care-giving with an emphasis on the environment and appropriate learning activities will be explored. Health, safety, nutrition, and parent relations will also be discussed. Observation of infants and toddlers and programs for them is required.

EDU 39 Supervised Field Work: Preschool (6)
Instruction of children in an early childhood setting under the direction of a master teacher. Conferences with teachers and supervisors accompany this work. Weekly seminars include
methods of curriculum planning and child guidance, as well as content related to children's health, safety, and nutrition. **Prerequisite: Departmental approval. This course is taken for CR/NC.**

**EDU 99 Special Studies (.5-3)**

May be repeated for credit.

**EDU 100 Introduction to Liberal Studies (1)**

Introduction to the study of the liberal arts and sciences and interrelationships among subject matter areas. Integrating themes of cultural and ethnic perspectives and technology will be introduced. Curriculum Frameworks used in the elementary schools in California are required for candidates planning to enter a teaching preparation program.

**EDU 101 Introduction to the Concentration: Liberal Studies Major (.5)**

This seminar provides: (1) an introduction to the concentration selected as part of the Liberal Studies Major and (2) a continuing focus on the core program in relation to the California Curriculum Frameworks and the topics introduced in EDU 100. In relation to the concentration, students focus on: a) the coherent relationship among the courses selected for the concentration, b) the role of technology in society and of ethical issues surrounding the impact of technology on society, especially as related to the concentration selected, c) an understanding of the diverse ethnic, gender, cultural, and disability perspectives in relation to the area of concentration, and d) organization of knowledge in the concentration and the various teaching strategies experienced in the study of the concentration. **Prerequisite:** successful completion of EDU 100.

**EDU 102 Integrative Seminar in Liberal Studies (1)**

Culminating course required to complete the Liberal Studies Major. Students examine the relationships among the disciplines included in their program of study, synthesize the major themes, and compare the forms of inquiry. Requirements for the Liberal Studies Portfolio are reviewed. Successful completion of the Liberal Studies Portfolio is required for the academic preparation program for the Multiple Subjects Credential. **Prerequisite:** Successful completion of EDU 100 and EDU 101.

**EDU 106/206 School & Society (3)**

The course explores major concepts and principles regarding the historical and contemporary purposes, roles and functions of formal education in American society. Three primary areas are examined: (1) the social and cultural conditions of K-12 schooling, especially as it relates to persistent inequalities in schools and the role of teachers in the creation of equitable classrooms; (2) the underlying principles, values, and history of the content areas taught in K-12 schools in the U.S.; and (3) legal and ethical obligations of teachers and schools in today's society.

**EDU 316 D Supervised Teaching: Elementary Fieldwork (2,3)**

Fall or Spring in candidate’s own classroom

**EDU 316L Intensive Fieldwork: Elementary (0)**

For Individualized Intern Certificate Education Specialist candidates only

**EDU 316L Intensive Fieldwork: Elementary (0)**

Fall, Spring or Summer in Teacher Center
Supervised teaching is designed as the culminating experience in the teacher preparation program and provides opportunities for the candidate to integrate and refine the many competencies acquired throughout the program. The goal of supervised teaching is to ensure that the candidate is prepared to assume the full-time responsibilities of a classroom.

In EDU 116A/316A, the candidate assumes the responsibilities of the classroom teacher and is under the direct supervision of an experienced and effective teacher and a college supervisor. The supervised teaching involves two assignments, each spanning one-half of the semester in two schools, and at two grade levels (primary and intermediate). Full-time teaching is required along with participation in the bi-weekly seminar (EDU 123/323) [see Option I, p.152]. The candidate must have access to daily transportation to the fieldwork site.

In EDU116B/316B, the candidate assumes the responsibilities of the classroom teacher and is under the direct supervision of an experienced and effective teacher and a college supervisor. The supervised teaching involves one assignment over one semester in one school and at one grade level (primary or intermediate). Full-time teaching is required along with participation in the bi-weekly seminar (EDU 123/323) [see Option I, p.152]. The candidate must have access to daily transportation to the fieldwork site.

In EDU 316C, candidates teach in their own classrooms over one or two semesters (6 units per semester) and are supervised by an on-site supervisor and a college supervisor. Full-time teaching is required along with participation in the bi-weekly seminar (EDU 123/323). [see Option II, p. 152].

In EDU 316D, Individualized Intern Certificate candidates are supervised in their own classrooms by a college supervisor during the fall and spring semesters preceding their final semester (see Option II, p. 152).

Prerequisites: Satisfactory completion of all program courses with a 3.0 GPA, demonstrated competence on at least 10 of the 13 Opportunity Tasks embedded in the required coursework, completion of an Application for Supervised Teaching one semester before supervised teaching, verification of passing scores on CBEST, successful completion of the CSET Multiple Subject examinations application for a Certificate of Clearance, and approval of the Program Director.

EDU 123/323 Supervised Teaching Culminating Seminar (2)
This course is the final seminar in the Teacher Preparation Program. Taken concurrently with the supervised teaching fieldwork, if required, it provides a culminating forum for discussion, reflection, and goal-setting toward developing professionalism as a teacher. Course activities will extend candidates’ understanding of key concepts and principles in the California Standards for the Teaching Profession and allow candidates to demonstrate competence on the Teaching Performance Assessment.

EDU 138AOrganization and Administration of Early Childhood Education:Programs: Program Development and Curriculum (3)
Various program structures and curricula will be examined together with administrative styles relevant to the operation of early childhood education programs. Development and implementation of appropriate curricula will be stressed as will environmental planning. Course will partially fulfill administrative requirement for Child Development Director Permit.
EDU 138B  Organization and Administration of Early Childhood Education Programs: Financial and Legal Aspects (3)

Examination of various funding and legal requirements in the operation of early childhood programs with special focus on budgeting, staffing, licensing and compliance with Federal and State requirements. Course will partially fulfill administrative requirement for Child Development Director Permit.

EDU 138C  Organization and Administration of Early Childhood Education Programs: Management of Non-Profit Programs

This course will introduce non-business majors to managerial theories to lead non-profit organizations. The learning experience includes review of literature, class presentations and active sponsorship of service organizations. A service-learning project integrates theory with practice, requiring team cooperation, planning and accountability.

(Also BUS 139, GER 138, PSY 128 and SOC 138)

EDU 150/250  Elementary Instruction: Theory and Practice (3)

This course is designed to develop effective instructional and management methods within the context of a multilingual society and is the introductory professional preparation course for the Elementary Teacher Preparation Program. Students develop effective educational practices through observation and participation in an elementary school classroom, inquiry-based research carried out by the teacher candidates themselves, the use of technology tools and curriculum resources, and the study of educational and language learning theories. Course content includes classroom management, standards-based lesson planning, and an emphasis on content instruction for students learning English as a new language. 

Note: On-site school observations require a minimum commitment of several hours a week during the teaching day, as well as travel time to and from Teacher Centers. Candidates must have access to transportation to the fieldwork site.

EDU 152/252  Culture and Cultural Diversity (3)

This course is designed for teacher candidates to explore the role that culture plays and has played in our lives, classrooms, city and country. Students analyze the nature and manifestations of culture, the concepts of cultural contact, and the history of cultural diversity in the United States and California. The dynamics of prejudice are studied, and emphasis is placed on delineating curriculum and practices that honor, motivate, and empower all students. Examination of personal biases and identification of areas of deficient knowledge is encouraged. Use of the Los Angeles community as a powerful resource will be explored.

EDU 154/254  Mathematics and Science: Elementary Curriculum (3)

This course examines mathematics and science concepts and theories and their application in teaching. A major focus is on constructivist learning and inquiry and related instructional methods and assessment procedures. Concrete, manipulative materials critical to the learning of mathematics and science are used throughout the course. Emphasis is placed on both individual and group participation. Note: observation and participation in exemplary mathematics and science elementary school classrooms plus travel time is required. Candidates must have access to transportation to the fieldwork site.

Prerequisite: EDU 150, 250

EDU 155/255  Social Science and The Arts: Elementary Curriculum (3)

This course introduces curriculum and instructional methods for teaching social studies and the arts in elementary school. Course content addresses the scope and sequence of the social science and arts curricula; thematic teaching and the integration of the social science and arts disciplines in relation to California Content Standards and Frameworks; the use of technology resources; and support for English language learners. Candidates use backwards design to create an original curriculum unit. Note: observation and participation in community
EDU 156/256 Language and Literacy: Elementary Curriculum (3)
This course encompasses language and literacy learning in the elementary grades and methods for teaching a balanced literacy program to multiethnic, multilingual student populations. Current theoretical and practical aspects of the reading, writing, and related language arts curriculum will be learned. These include explicit instruction and strategies for developing a balanced literacy program for native English speakers and English language learners; observational skills necessary for helping individual students; and exploring appropriate materials. Methods and principles for developing proficient readers and writers and for analyzing students’ strengths and areas of needed growth will be studied and practiced, including use of technological tools and resources. Note: Fifteen hours of focused observations and participation (plus travel time) are required in an exemplary elementary school classroom during language arts instruction. Candidates must have access to transportation to the fieldwork site. Prerequisites: ENG 102/EDU 253 and EDU 150/250 and 160B/260B.

EDU 164/364A Supervised Teaching: Secondary Fieldwork (12)
Fall or Spring in Teacher Center
(Additional fieldwork fee of $25 per unit)

EDU 164/364B Supervised Teaching: Secondary Fieldwork (6)
Fall or Spring in Teacher Center
(Additional fieldwork fee of $25 per unit)

EDU 164/364C Supervised Teaching: Secondary Fieldwork (6)
Fall or Spring in candidate’s own classroom

EDU 364D Supervised Teaching: Secondary Fieldwork (2,3)
Fall or Spring in candidate’s own classroom
Individualized Intern Certificate candidates only

EDU 364L Intensive Fieldwork: Secondary (0)
For Individualized Intern Certificate Education Specialist candidates only
Fall, Spring or Summer in Teacher Center (Additional fieldwork fee of $150)

Supervised teaching is designed as the culminating experience in the teacher preparation program and provides opportunities for the candidate to integrate and refine the many competencies acquired throughout the program. The goal of supervised teaching is to prepare the candidate to assume the full-time responsibilities of a classroom.

In EDU 164/364A, the candidate assumes the responsibilities of the classroom teacher and is under the direct supervision of an experienced and effective teacher and a college supervisor. The supervised teaching involves two assignments, each spanning one-half of the semester in two schools, and at two grade levels (middle school and high school). Full-time teaching is required along with participation in the bi-weekly seminar (EDU 123/323). [see Option I, p. 152]. Candidates must have access to transportation to the fieldwork site.

In EDU164B/364B, the candidate assumes the responsibilities of the classroom teacher and is under the direct supervision of an experienced and effective teacher and a college supervisor. The supervised teaching involves one assignment over one semester in one school and at one grade level (middle school or high school). Full-time teaching is required along with participation in the bi-weekly seminar (EDU 123/323) [see Option I, p. 152]. Candidates must have access to transportation to the fieldwork site.
In EDU 364C, candidates teach in their own classrooms over one or two semesters (6 units per semester) and are supervised by an on-site supervisor and a college supervisor. Full-time teaching is required along with participation in the bi-weekly seminar (EDU 123/323). [see Option II, p. 152].

In EDU 364D, Individualized Intern Certificate candidates are supervised in their own classrooms by a college supervisor during the fall and spring semesters preceding their final semester (see Option 11, p. 152).

Prerequisites: Satisfactory completion of all program courses with a 3.0 GPA., and demonstrated competence on at least 10 of the 13 Opportunity Tasks embedded in the required coursework, completion of an Application for Supervised Teaching one semester before supervised teaching, verification of passing scores on CBEST, successful completion of the appropriate CSET examinations or an appropriate academic major and Subject Matter Preparation Program application for a Certificate of Clearance, and approval of the Program Director.

EDU 166/266
Principles of Secondary Education and Content Area Modules (4)
Principles of Secondary Education is the initial professional preparation course in the Secondary Teacher Preparation Program. This course provides opportunities to assess student development and to design and deliver instruction informed by contemporary learning theory and research, practical experience, and inquiry. The role of the teacher is examined as one who assists student performance, with special attention to the needs of adolescents, English learners, and urban populations and settings. Content Area Modules for each of the content areas are integrated into this course. These modules address content-specific instructional and curricular strategies. Each candidate is enrolled in his/her specific content area module and works with a Content Area Coach, a current expert teacher in that discipline.

Note: Approximately 15 hours of fieldwork in the Content Area Coach’s classroom is required. Candidates must have access to transportation to the fieldwork site.

EDU 167/267
Principles of Secondary Curriculum and Content Area Modules (4)
Principles of Secondary Curriculum is a continuation of EDU 166/266 and focuses on the teacher as curricular decision-maker and instructional designer. Students deepen their knowledge of assessment of student development, design and delivery of instruction, and educational equity. Students use backwards design to create units of instruction and develop performance assessments anchored in the California content standards for their discipline. Content Area Modules for each of the content areas are integrated into this course. These modules address content-specific instructional and curricular strategies. Each candidate is enrolled in his/her specific content area module and works with a Content Area Coach, a current expert teacher in that discipline.

Note: Approximately 15 hours of fieldwork in the Content Area Coach’s classroom is required. Candidates must have access to transportation to the fieldwork site. Prerequisite: EDU 166/266

EDU 168/268
Content-Based Reading Instruction and Content Area Modules (4)
Content-based Reading Instruction encompasses language and literacy development in secondary curricula and methods for enhancing that development with multiethnic, multilingual student populations. The interwoven nature of speaking, reading, writing, and listening in content area instruction will be explored, with emphasis on the importance of content-based discourse in the development of disciplinary understanding and critical
thinking. Course content includes instructional and assessment strategies for students learning English. Content Area Modules for each of the content areas are integrated into this course. These modules address content-specific instructional and curricular strategies. Each candidate is enrolled in his/her specific content area module and works with a Content Area Coach, a current expert teacher in that discipline.

Note: Approximately 15 hours of fieldwork in the Content Area Coach’s classroom is required. Candidates must have access to transportation to the fieldwork site.

**Prerequisites:** ENG 102/EDU 253, EDU 166/277, and EDU 167/267

**EDU 170/270A Introduction to the Education of Exceptional Learners (1)**

This course is designed to introduce teacher preparation candidates to the general educators’ role and responsibilities in the education of exceptional learners in the general education classroom. Characteristics of students with disabilities and gifted and talented students are explored as candidates visit programs for exceptional learners. Candidates develop basic skills in the assessment of the learning and language abilities of exceptional learners and apply their knowledge of the state and federal laws pertaining to the education of students with disabilities during a class simulation of an Individualized Education Plan (IEP) meeting. Fulfills the California Commission on Teacher Credentialing Level I special education requirement for the Preliminary and Professional Clear Credential.

**EDU 270B Education of Exceptional Learners (3)**

This course reviews the historical and philosophical significance of special education and the education of gifted and talented students. The legal and administrative framework for special education within the United States is addressed with an emphasis on meeting the needs of exceptional learners in the least restrictive environment. The educational, socio-cultural, and psychological rationale for placing students in special education programs is explored along with the full range of educational options from residential facilities to inclusion in the general education classroom. Fulfills California Commission on Teacher Credentialing Level II special education requirement for the Professional Clear Credential.

**EDU 271 Educational Assessment of Students with Disabilities (3)**

This course examines the educational assessment of students with disabilities including statistical concepts in measuring abilities, principles of assessment, methods of administration and interpretation, and the relationship of assessment results to the determination of eligibility for special education services and the development of an Individualized Educational Plan. Standardized educational assessment instruments and informal curriculum-based measurements are examined. Particular emphasis is placed on the appropriateness of standardized and informal assessment instruments and procedures for culturally and linguistically diverse students. Fieldwork requirements: 10 hours assessing a K-12 student experiencing significant academic difficulty. Candidates must have access to transportation to the fieldwork site. Prerequisites: General Education Requirements and EDU 270A/B.

**EDU 272 Classroom Management for Students with Learning and Behavior Problems (3)**

This course provides an overview of behavioral disturbances in the classroom. Medical, behavioral and socio-cultural interventions will be explored with an emphasis on creating positive classroom environments that enable students with learning and behavior problems to participate productively in the classroom learning community. The historical, theoretical and legal bases for identification and treatment of students with behavior disorders, serious emotional disturbances, and attention deficit disorders will be addressed. Fieldwork Requirements: 10 hours in a classroom for students with learning and behavior problems. Candidates must have access to transportation to the fieldwork site. Prerequisites: General Education Requirements and EDU 270A/B.
EDU 275 Language Arts Instruction for Students with Special Needs (3)
This course is designed to meet the competencies required for language arts instruction for the Education Specialist: Mild/Moderate Disabilities Credential and to prepare general educators to meet the language arts instructional needs of general education students who experience literacy development problems. Assessment and instructional strategies drawn from diverse perspectives (e.g., behavioral, cognitive, social-interaction) are presented and examined relative to their effectiveness. Reading and writing difficulties are examined across the K-12 continuum. Emphasis is on application of literacy assessment and instructional strategies in actual teaching settings with students experiencing reading delays.
Fieldwork Requirements: 10 hours assessing and instructing a K-12 student experiencing significant reading delay. Candidates must have access to transportation to the fieldwork site.
Prerequisites: General Education requirements and EDU 270A/B

EDU 276 Content Area Instruction for Students with Special Needs (3)
In this course the candidate draws upon the knowledge and skills requisite for effective content area instruction in the general education classroom with necessary adaptations to make the curriculum accessible to students with special needs. Emphasis is placed on the creation of curriculum units that incorporate learning strategies approaches to the instruction of students with mild/moderate disabilities and instructional modifications for students with limited English proficiency. Content area instruction in math, science and social studies for students with mild to moderate disabilities in grades kindergarten through twelve is addressed.
Candidates must have access to transportation to the fieldwork site.
Prerequisites: General Education Requirements and EDU270A/B.

EDU 378B Supervised Teaching: Mild/Moderate Disabilities (6)
Fall or Spring in Teacher Center
(Additional fieldwork fee of $25 per unit)
Candidates must have access to transportation to the fieldwork site.

EDU 378C Supervised Teaching: Mild/Moderate Disabilities (6)
Fall or Spring in candidate’s own classroom

EDU 378D Supervised Teaching: Mild/Moderate Disabilities (2,3)
Fall or Spring in candidate’s own classroom
Individualized Intern Certificates candidates only

Supervised teaching is designed as the culminating experience in the credential program and provides opportunities for the candidate to integrate and refine the many competencies acquired throughout the program. The goal of supervised teaching is to prepare the candidate to assume the full-time responsibilities of a classroom. Supervised teaching provides experiences in the major aspects of teaching students with mild/moderate disabilities: assessment, programming, instruction, management, record maintenance, evaluation of progress, and collaboration with general educators, families and community resources. The candidate refines and synthesizes the skills and knowledge acquired in previous coursework to demonstrate competency as a teacher of culturally diverse students with mild/moderate disabilities. General Education field experience is also required. Concurrent registration in the Supervised Teaching Seminar, EDU 320, is required.

Students who have no teaching experience complete a seven week assignment in an elementary (EDU 316B, 6 units) or secondary (EDU 364B, 6 units) classroom in one of the MSMC affiliated schools and a seven week assignment in a special education (EDU 378B, 6 units) classroom in one of the MSMC affiliated schools.
Students who have a general education teaching credential or two years or more of general education teaching experience may petition to waive the general education teaching requirement on the basis of their experience. These students complete a seven weeks assignment in a special education classroom in one of the MSMC affiliated schools (EDU 378B, 6 units) or one semester of supervision in their own special education classroom (EDU 378C, 6 units) if they have a mild/moderate special education teaching assignment.

Students who are in the Individualized Intern Certificate Program complete a total of 12 units of supervised teaching (EDU 378D, total of 6 units over two or three semesters, and EDU 378C, 6 units) in their own classroom over the course of their program. These students satisfy the general education requirement by completing a two week fieldwork assignment in a general education classroom during their off-track time (EDU 378L, 0 units).

In EDU 378B, the candidate assumes the responsibilities of the classroom teacher for a seven week assignment in a classroom for students with mild/moderate disabilities under the direct supervision of an experienced and effective teacher and a college supervisor. Full-time teaching is required along with participation in the bi-weekly seminar (EDU 320) [see Option I, p. 152].

In EDU 378C, the candidate teaches in his/her own classroom for students with mild/moderate disabilities over one semesters. The candidate is supervised by an on-site supervisor and a college supervisor. Full-time teaching is required along with participation in the bi-weekly seminar (EDU 320) [see Option II, p. 152].

In EDU 378D, Individualized Intern Certificate candidates are supervised in their own classrooms for students with mild/moderate disabilities by a college supervisor during each of the fall and spring semesters preceding their final semester.

Prerequisites: Satisfactory completion (3.0 GPA) of coursework required for the Preliminary Education Specialist: Mild/Moderate Disabilities credential (One course may be taken concurrently with Supervised Teaching), verification of a passing score on CBEST, verification of successful completion of the state expectations for subject matter competence (see Education Department advisor), application for a Certificate of Clearance, and approval of the Program Director. An Application for Supervised Teaching must be filed with the Program Director one semester before supervised teaching experience.

EDU 196H  Senior Honors Thesis  (3)
Open only to students admitted to the Honors Program

EDU 199 AB  Special Studies (.5-3; .5-3)
May be repeated for credit.
Prerequisite: Senior or graduate standing or consent of department.

EDU 200 Research Methods  (3)
A study of the various approaches to educational research including historical, qualitative, and quantitative. Intended to develop facility in reading research articles and applying knowledge gained through research to one’s own teaching practice and to issues of importance in education.

EDU 205 Technologies for Educators (3)
This course is an advanced seminar in which students study the pedagogical implications of technology in education and gain practical experience in integrating technology into classroom instruction.
In addition to applying common software (word processing, spreadsheets, database, multi-media) to educational objectives, students will be engaged in projects utilizing collaborative dialogue tools (email, discussion groups), teleconferencing, internet research, electronic portfolios and distance learning.

The course meets the California Commission on Teacher Credentialing Level II technology requirements for the Professional Clear Credential.

Prerequisite: demonstration of general technological knowledge and skills.

EDU 220

The Educational Leader's Role in Diversity & Multicultural Issues (1)

A study of the attitudes, approaches, and skills needed to implement programs and procedures to meet educational needs of the diverse student population of California. Includes consideration of involving parents and other community members from diverse backgrounds in reaching educational goals.

EDU 221 Educational Leadership (2)

A study of leadership theory, styles of leadership, and practice as related to the responsibilities of educational leaders, especially in roles of school administration. The interactions of individuals and groups in organizational settings are considered. Topics include group processes, decision-making, climate, communication, and conflict management. The significance of self-evaluation and development of a personal philosophy of leadership and administration is introduced.

EDU 222A Curriculum and Assessment (3)

A study of the curriculum of schools (including the implicit curriculum). Central questions of curriculum development (past, present, and future) are evaluation, organization of curriculum, and implementation of mandated programs. Issues studied include: curricular articulation (K-12 focus), relationship among values and curriculum, the role of curriculum in society, and the community's role in curriculum development and selection.

EDU 222B Supervision of Instruction and Programs (2)

This course is designed to provide opportunities to study and apply competencies required for effective supervision of instruction and educational programs. Competencies emphasized are: organization of supervisory programs, strategies for supervision, staff development, and the role of the supervisor as a change agent for the improvement of educational programs and of teaching, and effective interpersonal relations. Prerequisite: EDU 222A or approval of program director.

EDU 223 Issues in School Management (3)

A study of school management and how to translate a shared vision into strategic and operational plans. Includes study of personnel issues; school operations, such as facilities and resource maintenance and school-wide systems, policies, and procedures; direction of student support services. Also addressed are current issues, such as school safety, the administrator as a project manager, working with the media, and fundraising. Prerequisite: EDU 221 or approval of program director.

EDU 224A Financial Aspects of Education (2)

A study of the history, principles, and problems of educational finance, including federal, state, and local funding and the development, administration, and evaluation of district and site-level budgeting. The relationship between goal setting and the budgeting process are explored. Legal and financial implications of personnel contracts and the bargaining process and of facility use and management are studied.
EDU 224B Legal and Ethical Aspects of Education (3)
A study of the legal framework of education in the United States, including federal and state constitutional provisions, and local regulations, and the role of each level in the provision of schooling. Significant laws, state codes, regulations, court decisions with a focus on laws relating to youth, schools, and school personnel are considered. Attention is given to ethical issues in professional practice.

EDU 225 Educational Governance (1)
A study of the organization and governance of schools within the context of the school district, the community, and the wider social and political contexts. Issues of local governance and other reform initiatives related to school governance are explored.

EDU 226 Social and Intellectual Interactions in Schools (2)
A study of psychological principles especially as related to the role of the educational administrator. Fundamentals of human relations, principles of applications are drawn between psychological principles and administrative roles in areas such as: improving the educational program, personnel management, school-community relations, school management and current research in learning theory. Prerequisites: Three of the following--EDU 221, EDU 222A/B, EDU 223, EDU 227, or approval of the program director

EDU 227 The Administrator's Role in Meeting the Needs of All Children (1)
Exploration of the historical background and contemporary context for the description of the administrator's role in meeting all children's needs. The concept and administrative implications of the inclusive classroom and school are studied. The course provides a study of ways to meet the needs of all children, as well as a survey of the organization, administration, and supervision of programs designed for this purpose. Meets California requirement for special education for the Preliminary Administrative Services credential. Prerequisite: Successful completion of a Commission on Teacher Credentialing-approved course to meet special education requirements for the professional clear Multiple or Single Subject Teaching Credential or its equivalent.

EDU 228A & B Supervised Field Experience: Administration (2, 2)
Guided and supervised experience in educational administration in a school setting. Includes seminar sessions and conferences with college and on-site supervisors. Candidates' programs of field experience are designed on an individual basis in relation to required competency areas.

EDU 251 Child and Adolescent Development and Learning Across Cultures (3)
Analyzes learning and development in children and adolescents across cultures and explores the complementary and interdependent relationships of biology and culture. Historical and global comparisons will be made to contemporary Angelino children as well as to the educator's personal experience. Emphasis is placed on developing a personal philosophy of how we, as a society and as individuals, can work to give children healthy foundations that support growth and learning.

EDU 253 Language Competence and Education (3)
This course is designed to provide general and special educators with a foundational background in applied linguistics as it relates to K-12 instruction with applications for students with limited English proficiency and students with language learning disabilities. Topics to be covered include the structure of English; linguistic variation; language development in first- and second-language learners; disorders of language development, and implications for creating classroom environments that promote language development.
EDU 281 Advanced Issues in Assessment & Instruction of Students with Special Needs (3)

In this advanced course, candidates acquire knowledge and skills to appropriately assess and instruct students with Mild/Moderate Disabilities. Course content includes selecting and administering a variety of formal and informal assessment procedures in order to be able to teach, adapt and integrate curriculum appropriate to the educational needs of students.

Prerequisite: Preliminary Level I Education Specialist:Mild/Moderate Disabilities credential

EDU 282 Consultation and Collaboration for Students with Special Needs (3)

This course will provide opportunities for candidates to develop skills in communication, collaboration and consultation with teachers and other school personnel, community professionals and parents. A specific area of emphasis will be on the communication of relevant social, academic, and behavioral information in the areas of assessment, curriculum, behavior management, social adjustment and legal requirements. At the completion of the course, candidates will be prepared to coordinate the process involved in special education placements. Prerequisite: Preliminary teaching credential.

EDU 283 Supportive Environments for Students with Behavioral and Emotional Needs (3)

In this advanced course, candidates develop systems for academic and social skills instruction for students with complex behavioral and emotional needs including attention disorders, conduct disorders, depression and suicidal behavior, psychotic behavior, anxiety and related disorders, and delinquency and substance abuse. Course content includes advanced study of behavioral supports, social skills instruction, crisis management, and positive learning environments. Collaborative work with other professionals and community agencies is emphasized in the development of comprehensive support programs for these students.

Prerequisite: Preliminary teaching credential and EDU 272.

EDU 295 Independent Study (1-3)

A student-designed course of study. See Guidelines for Independent Study. Student must complete an Independent Study Approval and Application Form.

EDU 296A Masters Project Proposal (1)

Students work with their project advisor in this course to design a proposal for their masters project. The masters project provides an opportunity for the candidate to develop competency in researching a current issue in education, designing and implementing a project focused on this issue, and preparing and presenting a report of the research findings.

Prerequisite: EDU 200 and satisfactory completion of EDU 296A as evidenced by an approved Masters project proposal.

EDU 296B Masters Project (2)

Students work with their project advisor in this course to implement their Masters project proposal and write the final project report.

Prerequisite: EDU 200 and satisfactory completion of EDU 296A as evidenced by an approved Masters project proposal.

EDU 297A,B,C Thesis/Project Continuation (1,1,1)

Continuation of Master’s Project or Thesis under the direction of the faculty advisor.

EDU 299 Special Studies in Education: (3)

Courses on special topics in education. May be repeated for credit.

EDU 321 Professional Induction Planning Seminar (.5)

Candidates for the Professional Level II Education Specialist credential are required to take this course at the beginning of their Level II program. During this individualized seminar, the candidate develops a Professional Induction Plan with an assigned district support provider and a college advisor.
EDU 322 Professional Educator Evaluation Seminar (.5)
This seminar is the culminating experience for the Professional Education Specialist credential program. Students reevaluate their professional competency to assess and teach culturally diverse students with learning and behavior problems. They compile a Professional Educator Portfolio, which includes artifacts documenting their professional competence and a plan for their continuing professional growth. The district support provider and the college advisor continue to support the student in this process.
English

The English major explores the way people communicate and how they reflect on their existence. It gives sustained training in critical thinking and writing, creative self-expression, and the perceptive reading of literature. Working from a foundation in theory and criticism of literature, students select courses in writing and literature, and may design their own independent study and directed reading courses in areas of special interest. Because English majors get extensive experience in analyzing, solving problems, researching, organizing, studying human behavior, and above all writing and speaking with clarity and self-confidence, they have the background for a wide variety of careers. These include law, business management, journalism, public relations, teaching, public administration, and many areas of writing. Internships in the field of the student's career interest are highly recommended. Students are encouraged to combine their English major with a second major or minor, in order to combine the liberal arts emphasis with a professional preparation.

English and Business offer a combined major (see below). Students interested in law are encouraged to select a second major in American Studies, Philosophy, or Political Science, and to complete the Pre-Law Minor. Other desirable minor programs include Business and the sequence of core courses in Public Administration (POL 185, 186, and 187).

English Subject Matter Preparation Program

The English department also features a special program for those students preparing to teach English in secondary schools. This program, called the English Subject Matter Preparation Program, has been approved by the California Commission on Teacher Credentialing.

The Program has four central goals:

1. To prepare teachers who have deeply interacted with significant literary works;
2. To prepare teachers who can write, read, and speak effectively and transfer those skills to their students;
3. To prepare teachers who know how to conduct an effective language arts classroom, providing a rich learning experience based on sound theory and modeled by English faculty;
4. To prepare teachers who are informed and effective citizens.

Advisors in both the English and the Education departments can provide students with a detailed introduction to this program and the appropriate listing of required courses.

Courses Required for a B.A. Degree in English

Preparation:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 1AB/C</td>
<td>Freshman English</td>
<td>(3,3)</td>
</tr>
<tr>
<td>ENG 5H</td>
<td>Freshman Honors English</td>
<td>(3)</td>
</tr>
<tr>
<td>HIS 1AB</td>
<td>Western Civilization</td>
<td>(3,3)</td>
</tr>
</tbody>
</table>

Requirements:

- 30 additional units in English, at least 24 of which are upper division, including:
  - One course in advanced writing (ENG 106, 107, or 109 etc.) (3)
  - One upper-division course in American literature (ENG 126, 145, or 146) (3)
  - One course in English literature before 1700 (ENG 143, 144, or 172) (3)
  - One course in English literature after 1700 (ENG 147, 148, or 156H) (3)
  - One genre course (ENG 161, 162, or 163) (3)
  - One Shakespeare course (ENG 73, 173, or 174) (3)
  - Theory and Criticism (ENG 181) (3)
English Seminar (ENG 195) (3)

Two electives chosen from English offerings (3,3)

**Strongly Recommended:**
ENG 70/170 Western Literary Heritage (3)

**Total units in English: 36**

Any English course completed with a grade of D or below is not acceptable toward a major in English.

Plus general studies requirements and electives totaling 124 semester units, including modern language requirement.

At least 15 upper division units must be completed in the MSMC English Program.

**Courses Required for a B.A. Degree in English and Business Administration**

*(A cooperative program offered through the departments of English and Business Administration)*

Total units in English and Business: 61

Plus general studies requirements and electives totaling 124 semester units, including modern language requirement.

At least 12 upper division units must be completed in the MSMC English Program.

The Minor in English

Requirements:
Satisfactory completion of ENG 1AB or equivalent. Eighteen additional units in English, at least twelve of which are upper-division MSMC units.

Strongly recommended:
ENG 181 Theory and Criticism (3)

Students interested in an English minor plan their program with a departmental advisor.

Because of the variety of careers to which an English program may lead, the choice of courses is flexible. Any course completed with a D or below is not acceptable toward a minor in English.

Prerequisites For Literature Courses

Lower-division literature courses: ENG 1A or 6AB or permission of instructor.

Upper-division literature courses: ENG 1AB/C or permission of instructor.

ENG 1AB Freshman English (3)
Completion with a grade of C (2.0) or better and a score of 4 or better on the Writing Exit test fulfills Communication Skills requirement in writing for both the Associate and Baccalaureate degrees. GS-IA

ENG 1C Freshman English (3)
Completion with a grade of C (2.0) or better and a score of 4 or better on the Writing Exit test fulfills Communication Skills requirement in writing for both the Associate and Baccalaureate degrees. GS-IA Prerequisite: ENG 1A. Completion with a grade of C or better. GS-IA, II

ENG 3X Basic Writing (3)
A study of basic elements of writing including sentence structure, paragraph development, and mechanics. Does not fulfill the Communication Skills requirement in writing, nor does credit apply to the Baccalaureate degree.

ENG 5H Freshman Honors English (3)
College writing for students who are accepted for Honors at entrance, and who earn a grade of 5 or 6 on the Writing placement test or who are admitted by the instructor. A study of selected masterpieces of world literature with emphasis on written analysis. Includes introduction to college-level library and research skills. Completion with a grade of B or better fulfills Communications Skills requirements in writing. GS-IA
ENG 6AB  Written Communication and Analytical Reading (3,3)
A two-semester course focusing on standard written English. Includes expository and analytical writing; library and research skills; analytical reading. Prerequisite: Placement is dependent on scores received in entrance testing. Completion with a grade of C or better in both ENG 6A and 6B and a score of 4 or better on the Writing Exit test fulfills the Communication Skills requirement in writing for the associate degree.

ENG 7 Writing for College (3)
Preparation for college-level English, with a focus on standard written English, expository writing, and analytical reading. Prerequisite: Score of 3 or better on Writing Placement test, plus satisfactory scores on the English entrance exams in grammar and reading.

ENG 11 College Writing (1-3)
Intensive experience in expository writing with special emphasis on continued development of essay skills. Prerequisite: C- or better in ENG 1AB, 6AB, or equivalent. Strongly recommended for students preparing for CBEST and/or transferring to a Baccalaureate program.

ENG 12/112 Literary Analysis (3)
Introduction to college-level literary analysis as applied to drama, poetry, and fiction. GS-IIIB

ENG 15 Literature and Society (3)
Examination of society's accomplishments and vexations in selected literary works that portray human striving in family, nation, and technological world. May be repeated for credit. GS-IIIB

ENG 16 Literature and the Human Experience (3)
Studies in the stages of human development as portrayed in classic works of Western literature with particular focus on the growth of the self and on the individual's relationship to others and to God. Themes include adolescence, the female experience, love, the family, moral choice, faith, death and dying. May be repeated for credit. GS-IIIB

ENG 17 Literary Focus (3)
In-depth study of works selected by author, theme, or genre. May be repeated for credit. GS-IIIB

ENG 18/118 Great Works in World Literature (3)
Study of major works in world literature, representing a variety of periods, themes, and genres. GS-IIIB

ENG 19/119 Great Works in British Literature (3)
Study of major works in British literature, representing a variety of periods and genres. GS-IIIB

ENG 20/120 Great Works in American Literature (3)
Study of major works in American literature, representing a variety of periods and genres. GS-IIIB

ENG 21/121 Classical Epic and Drama (3)
Reading of the Iliad, Odyssey, Aeneid, and several Greek tragedies. Study of their origins, development, meaning to the ancient world and to the contemporary reader. GS-IIIB

ENG 25/125 Mythmaking: the Quest for Meaning (3)
An exploration of mythmaking in literature as a reflection and interpretation of human experience. Major mythic themes are traced and compared in the arts, as well as in literature. GS-IIIB
ENG 26  Literature of the American West (3)
Study of values and themes in American fiction and nonfiction from the perspective of a
variety of cultures.  GS-IIIB, VI

ENG 27/127  Women in Quest (3)
Study of women's lives and choices in fiction and nonfiction. Emphasis on current literature
from diverse ethnic groups.  GS-IIIB, VI

ENG 28/128  Contemporary Issues in World Literature (3)
A sampling of contemporary literature from various cultures around the world with emphasis
on women authors and their concerns. Students will encounter issues and problems from
racism and poverty to domestic violence, rape, prostitution, and war. Course includes relation
of students' lives to global issues.  GS-IIIB, VI

ENG 34  Literature for the Young Child (3)
A survey of children's literature for lower division students interested in working with young
children and primary grade children. Students have experiences in sharing stories or poems
with children (includes use of reading, storytelling, flannel board activities, and puppets).
Analysis of books based on literary characteristics. Includes study of artist illustrators.

ENG 70/170  Western Literary Heritage (3)
Selected readings in Greek mythology and literature, the Bible, and Dante’s Divine Comedy.
Designed to provide the serious reader with literary and cultural background to better
understand and appreciate the range of Western literature. Strongly recommended for English
majors.  GS-IIIB

ENG 73  Shakespeare (3)
A study of selected Shakespearean plays and poetry. Because readings vary each semester,
course may be repeated for credit.  GS-IIIB

ENG 90  Internship (1-6)
Students are placed, supervised and evaluated in a position that makes use of the
communication skills developed in college English classes. May be repeated for credit up to
six units.

ENG 91Directed Study (1-3)
Study in a field of special interest, under the direction of a department member. May be
repeated for credit.

ENG 92  Special Studies (3)
Exploration of special interest areas in the study of language and literature. May be repeated
for credit. Prerequisite:  ENG 1A/6AB, equivalent, or permission of instructor.

ENG 94/194  Special Studies in Writing (1-3)
Study of a selected mode of writing with focus on technique and practice. May be repeated
for credit. Prerequisite:  Completion of ENG 1AB/C or 6AB, equivalent, or permission of
instructor.

ENG 96  Workshop (1-3)
May be repeated for credit.

ENG 101  History of the English Language (3)
Analysis of the prehistoric antecedents of the English language and traces the growth of
English from its earliest documentation to modern times, paying attention to structural
changes in phonology, morphology and syntax and to the enrichment of the lexicon. Students
are introduced to the principles of linguistic evolution. Special emphasis is also placed on the
changes in social institutions that affect language and the many ethnic sources that have
enriched the resources of English, especially in the United States.
ENG 102 Structure of Modern English (3)
Introduction to varieties of contemporary linguistic theories and their application to modern American English. Includes study of the structure of the English language and the conventions of standard English, basic principles of first and second language acquisition and development, theories of language acquisition in relation to the social context, and implications of speaking a primary language other than the mainstream language.

ENG 104 Expository Writing (3)
Intensive review of standard English grammar and punctuation for students wishing to improve their writing proficiency. Advanced analytical reading and critical thinking. May be repeated for credit.

ENG 105 Advanced Composition (3)
Designed to meet the particular needs of the Liberal Studies major. Assignments include academic, professional, and personal writing that enables the student to increase writing confidence and competency by exploring the English language, reviewing basic skills, and discovering one's style. Prerequisite: Completion of ENG 1AB or equivalent, and score of 4 or better on the Writing Placement test.

ENG 106 Creative Writing (3)
Students write fiction, poetry, and personal essays from their experiences and observations. May be repeated for credit. Prerequisite: Permission of instructor.

ENG 107 Professional Writing (3)
An examination of the kinds of writing used in the communications media, with practice in developing newspaper, magazine, television, or radio material. May be repeated for credit. Prerequisite: Permission of instructor.

ENG 108 The News Media (3)
A critical examination of the news media, showing how print and broadcast news organizations operate and giving extensive practice in evaluating media reporting of current stories. GS-II

ENG 109 Writing: Voice and View (3)
Nonfiction writing as a literary art. Designed for good writers and anyone who enjoys the challenge of responding to life through the written word. An opportunity to develop one's personal style and voice while examining the work of great essayists past and present. May be repeated for credit. Prerequisite: Permission of instructor.

ENG 122 Love in World Literature (3)
The idea of love studied in historical perspective through the analysis of literary works. Focus on critical enjoyment. GS-IIIB

ENG 123 Women's Voices in Literature (3)
Major contemporary works by women studied in the context of current critical theory. Impact of women's voices from diverse ethnic groups. GS-IIIB, VI

ENG 124 Fiction to Film (3)
Examination of how works of fiction become motion pictures. The component elements of both fiction and film are applied to representative novels to assess their adaptation from the medium of fiction to the medium of film. GS-IIIB

ENG 126 The American Experience (3)
Study of works of American literature from various periods of history and representative of the cultures and ethnic identities that make up the American heritage. GS-IIIB, VI

ENG 129 Ethnic Literatures of America (3)
Introduction to major ethnic literatures of the United States with emphasis on women authors. Comparative study including two or more of the following groups: African American, Asian
American, Latino/a, Native American, Jewish. Interdisciplinary approach using historical and sociopolitical context to address issues of race, class, and gender. **GS-IIIB, VI**

**ENG 130  Faith and Fiction (3)**
A study of Christian poets, dramatists, and novelists in historical perspective. Focus on both the changing and the unchanging aspects of Christian faith. **GS-IIIB**

**ENG 131  Russian Literature (3)**
Major Russian authors examined in their cultural and historical contexts. Writers include Pushkin, Gogol, Dostoevsky, Tolstoy, and Solzhenitsyn. **GS-IIIB**

**ENG 134  Children's Literature (3)**
Wide reading of children's books, including Caldecott and Newbery awards and honor books. Multicultural emphasis spans all genres covered. Focus on appreciation of literature, as well as on literary analysis of the selections. Includes study of critics in the field and of illustrators.

**ENG 143  English Literature: Beowulf to 1500 (3)**
Major works of the medieval period studied in their historical and cultural contexts. **Prerequisite**: HIS 1A in addition to regular literature prerequisites.

**ENG 144  English Literature: 1500 to 1700 (3)**
Major works of the Renaissance and Restoration studied in their historical and cultural contexts. **Prerequisite**: HIS 1A in addition to regular literature prerequisites.

**ENG 145  American Literature: Beginnings to 1914 (3)**
Major works of colonial, early federal, and nineteenth-century America studied in the light of their historical contexts.

**ENG 146  American Literature: 1914 to Present (3)**
Study of major works of modern America; consideration of how the literature reflects the condition of society after World War I.

**ENG 147  English Literature: 1700 to 1900 (3)**
Major works of the 18th Century, Romantic and Victorian periods studied in their historical and cultural contexts.

**ENG 148  Twentieth Century English and European Literature (3)**
Major contemporary works studied in their historical and cultural contexts.

**ENG 156H  The Modern Temper (3)**
Recommended for upper division. An exploration of the concept of the modern, through a study of nineteenth and twentieth-century literature, with particular attention to the interfacing of literature with history, philosophy, religion, or the behavioral sciences honors students. **GS-IIIB**

**ENG 161  Study of the Novel (3)**
Chronological reading and study of representative novels from the 18th to the 20th centuries. Emphasis on critical enjoyment and awareness of the novel's changing form.

**ENG 162  Study of Poetry (3)**
Study of the development of poetry from its beginnings to the twentieth century with emphasis on critical enjoyment.

**ENG 163  Study of Drama (3)**
Analysis of representative plays from major periods of theater history with emphasis on works of classical, European, English, and American playwrights; theories of interpretation are applied.
ENG 164 American Drama (3)
In-depth study of American drama. Plays ranging from Eugene O’Neill to the present selected to reflect the rich cultural diversity that gives American drama its distinctive voice.

ENG 165 Novels of the Americas: Latino Voices (3)
Major contemporary Latin American and U.S. Latino novelists examined in cultural, historical, and political contexts. Multicultural emphasis shows how the two groups influence each other while also showing their unique traits. Writers include Isabel Allende, Gabriel Garcia Marquez, Cristina Garcia.

ENG 172 Chaucer (3)
Readings in the poetry of Chaucer, principally the Canterbury Tales and Troilus and Criseyde, with reference to the minor works.

ENG 173 Shakespeare (3)
Appreciation of Shakespeare's range and art as a playwright through study of works from different periods of his development; combination of in-depth and background study. May be repeated for credit.

ENG 174 Shakespeare Seminar (3)
Advanced study and research in the works of Shakespeare, with attention to Renaissance culture and thought. Culminates in a written project. Designed for upper-division English majors, but other upper-division students may be admitted with permission of instructor.

ENG 181 Theory and Criticism (3)
Advanced study in methods of examining and discussing literature. Practice in literary analysis. Consideration of selected major critical theories and documents.

ENG 184 Studies in British and American Literature (3)
Study of selected authors, literary periods, or genres. May be repeated for credit. Designed for upper-division English majors, but other upper-division students may be admitted with permission of instructor.

ENG 190 Internship (1-6)
Students are placed and supervised in business or administrative positions that make use of the skills developed in the major study. May be repeated for credit up to 6 units.

ENG 191 Directed Study (1-3)
Study in a field of special interest under the direction of a department member. May be repeated for credit.

ENG 192 Special Studies (1-3)
Exploration of special interest areas in the study of language and literature. May be repeated for credit. Prerequisite: ENG 1AB, equivalent, or permission of instructor.

ENG 193 Special Studies in Language and Literature (3)
Advanced reading and research in selected areas of language and literature. May be repeated for credit. Designed for upper-division English majors, but other upper-division students may be admitted with permission of instructor.

ENG 195 English Seminar (3)
Designed to provide upper-division English majors with an opportunity for in-depth investigation into literature and ideas; culminates in a written project. English minors and other upper-division students admitted with permission of instructor.

ENG 196H Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.
Documentary Film and Social Justice

Department Affiliation: Art and Sociology

The medium of film has become a universal means of communication. Today, with the advancement of digital technologies, film production capability has dramatically increased, creating tremendous opportunities for engagement in the filmmaking enterprise. A Mount St. Mary’s College education, with a strong foundation in the liberal arts, is an ideal setting for the artistic exploration of the social conditions of our time, with a focus on social justice. This is the central goal of our film program.

The program is dedicated to educating students in the applied art of documentary filmmaking, including a conceptual understanding of the nature and influence of film in society, and providing a social justice lens through which they may express their perception and understanding of the social world.

Unique aspects of our documentary film program include its emphasis on social justice, its interdisciplinary nature (principally in art, sociology and philosophy), and the intimate classroom setting, with a low instructor to student ratio. In addition, students can gain hands-on filmmaking experience early on in the program. The required internship experience in the senior year allows Mount students the chance to enter the real world of film production, positioning them for job options upon graduation. State-of-the-art cameras, software, and hardware are available for students’ creative projects. A theater for public screening of student work and the program’s yearly documentary film festival possesses excellent amenities and the latest projection technologies.

Required courses are offered at both the Doheny and Chalon campuses and are open to both majors and non-majors. A student majoring in documentary film will be prepared to enter a vast array of careers related to the industry, including film production for non-profit organizations or for-profit companies.

CUL 107  Theories on Cultures (3)
CUL 110  Culture Through Film (3)
PHI 174  Philosophy of Art (3)
PHI 175  Philosophy of Film (3)

Total units: 18

*ART 2  Design I (3)
An investigation of the elements and principles of design through specific visual problems. Color theories are explored and subsequent interaction of color is studied through application.

GS-III A

*ART 10  Photography I (3)
A laboratory and theory course that is concerned with a working understanding of a 35mm format camera, techniques of shooting, developing, and printing. Photo projects in this course will have an emphasis in issues dealing with contemporary society and social issues. This course investigates content and form through the use of black and white film. The art department will loan 35mm camera to students with a need.

ART 35/135  Graphic Design/Media/Film Internship (3)
Application of major program study in an internship setting. Minimum of 100 hours of on site experience enhanced by a running log of activities, learning experience, and journal entries. Development of professional portfolio is also required. Internship site is to be selected and agreed upon by both student and department advisor.

*ART 139  Documentary Production I (3)
Both a lab and field work class. This course introduces all aspects of beginning filmmaking including screenwriting, shooting, editing, and sound. Students use both digital cameras and professional feature quality cameras in conjunction with editing program Final Cut Pro to produce rough cut films.

*ART 140ABC  Documentary Production (3)
Advanced production class. Perfecting of all aspects of production encountered in Documentary I with the addition of lighting skills. Expected outcome is feature quality documentary films.

ART 141  Documentary Production Lab Assistant (3)
Student must have taken Art 139 with a grade of A. The purpose of this course is to give students a chance to hone understandings of production and content with regard to editing and
story through helping other students in the editing lab. Assistant will work with an
instructor in researching equipment, trouble-shooting, and advanced research.

**SOC 5 Sociological Perspectives (3)**
An introduction to the scientific study of human social behavior, including the foundational
theories and the basic elements of social research. Viewing human life as inherently social,
the social and environmental forces that influence and are influenced by personal experience,
culture, and social arrangements, are examined. GS-IIIF, VI

**SOC 118 Ethnography (3)**
An introduction to qualitative research methods used in the study of human behavior and
social issues. Ethnographic methods such as observation, case studies, vignettes, interviewing,
and storytelling will be studied.

**SOC 131 The Documentary and Social Justice (3)**
The elements, style, research, and production methods of the documentary as a
communication medium is examined. Introductory-level student projects will be developed,
formed by genealogical, anthropological, and psychosocial theory and methods.

**SOC 132 Film and Television (3)**
The purpose of the course is to examine and critically analyze contemporary film and
television as a communication medium of culture, social trends, values and sentiments. The
organizational, political, economic, and strategic dynamics involved in this medium of
creative expression and the production demands and constraints associated with it are also
studied.

**SOC 133 Culture, Music and Broadcasting (3)**
A study of the intersection of mass culture, subculture, personal identity, musical expression,
production and distribution. Studio processes, technical aspects, the economics and politics of
production, icon development, social networking, opportunity structures, and presentation of
self are also addressed.

**SOC 135 Communication: Mass Media (3)**
An examination of the popular mass media as a reflection, characterization, and interpretation
of culture and society. In addition, the use of the mass media, with an emphasis on television
and film, in politics, economics, and religion will be explored. Critical analysis of ongoing
and emerging trends in television and film will also be conducted.

**HIS 104 History of Film (3)**
An exploration between film and the past that focuses on how film constructs history and how
history can be approached through the study of film.

**PHI 167 Ethics and Film (3)**
This course examines the ways in which film can raise ethical issues that challenge us to
reflect upon our lives and the society in which we live. There are two approaches that we will
take: (1) case study approach--going from the film itself (the characters, the story, etc.) and
examine the sorts of ethical issues that arise, the ethical decision-making, and ways in which
we might evaluate the decisions and actions shown in the film; (2) theoretical approach--
going from major ethical theories to specific films (e.g, Fargo, Do The Right Thing, The
Insider, What About Bob?, Shawshank Redemption, Quiz Show). Prerequisite: Any other
ethics class or any two Philosophy classes.

**PHI 174 Philosophy of Art (3)**
A study of the philosophical concerns around the creative process, the work of art, and
aesthetic evaluation. This includes a study of the classical thinkers of aesthetics(e.g., Aristotle,
Plato, Croce, Langer, Tolstoy), as well as contemporary theories. As part of this study, we
examine multicultural perspectives (e.g. Chicano murals, African American film
directors, women in film). Prerequisite: one lower division course in philosophy. GS-VBI, VI

**PHI 175 Philosophy of Film (3)**
A study of philosophical ideas and theories about film, film theory and various schools of film
criticism. In a particular semester, we may focus on a particular theme, such as the hero in
American film, or authenticity and personal integrity, or visions of society. In addition, we
will be interested in looking at film as an expression of cultural values and an instrument for
change. As part of that goal, we will examine the role of race, class, and gender in assessing
film. Prerequisite: one philosophy course. GS-VB1, VI

**CUL 107 Theory and Practice of Culture (3)**
The course addresses the growing domestic and global necessity for understanding and
communication across cultural boundaries. This is a theoretical and practical approach to
understanding cultural differences as well as similarities.

**CUL 110 Culture through Films (3)**
This course uses a thematic approach to analyze a selected number of cultures from different
parts of the world through films.

*All courses marked will carry a $40 lab fee*
FRENCH STUDIES

Department Affiliation: Language and Culture

French remains the most widely spoken European language outside of English. It remains the language of refinement and culture, and through francophone literature reflects a uniquely global diversity of cultures based solely on language.

The department has programs for both majors and minors in French Studies. These are comprehensive programs leading to a proficiency in the four basic language skills: listening, speaking, reading and writing. Incorporated into the programs are the culture and civilization of France, and a focus on French and francophone literature.

Major: 38 units

Minor: 26 units

Core Courses required for Majors and Minors

FRE 1 & 2  Elementary French I & II (or equivalent)  (4,4)
FRE 3 & 4  Intermediate French III & IV    (3,3)
CUL 107  Theory & Practice of Culture   (3)

Minors must complete 26 units, combining core courses with 3 upper division courses.

Upper division courses required for Majors

FRE 101French Writing Lab     (3)
FRE 112History and Civilization of France    (3)
FRE 126 Modern Classics     (3)
FRE 191Senior Thesis      (3)

Three additional upper division courses are required.

Majors must complete  24 upper division units.

FRE 4 is prerequisite for all upper division French courses.

Any course completed with a grade of D or below is not acceptable toward a Major or Minor in French Studies and must be repeated.

All students are strongly encouraged to do a double Major or combine a Major with a Minor. Students are also strongly encouraged to do a Junior Semester Abroad, for a maximum of 12 transferable units.

Majors must take a minimum of 15 upper division units in the department. Minors must take a minimum of 12 units in the department.

FRE 1  Elementary French I (4)
Develops fundamental skills: listening, speaking, reading, and writing. Emphasis on speaking and writing. GS-IV

FRE 2  Elementary French II (4)
Further improves all four language skills stressing reading and writing, and vocabulary building. GS-IV

FRE 3  Intermediate French III (3)
Emphasis on conversation and oral comprehension. Emphasis on vocabulary building and the acquisition of idiomatic speech patterns. GS-IV
**FRE 4 Intermediate French IV (3)**
Introduction to French and francophone literature. A variety of literary texts will be read and discussed to improve reading and oral communication. GS-IV

**FRE 33A/B French Culture and Civilization (3,3)**
A comprehensive approach, both historical and thematic, to a better understanding of French culture today. Highlights of major social and historical developments and of literary and artistic movements. These courses are given in English only through the Weekend College. GS-IV

**FRE 101 French Writing Lab (3)**
Intensive training in writing, with emphasis on vocabulary, idiom, structural patterns and style. Exercises in rhetoric, in creative and other forms of writing.

**FRE 112 History and Civilization of France (3)**
This course will cover the major trends and expressions of French civilization, including the Age of Cathedrals, the French Renaissance, the glory of Versailles, and the French Revolution.

**FRE 114 The Belle Epoque: Before and After (3)**
This post Revolutionary period starts with Napoleon and ends with the second World War. From Romanticism and Surrealism in literature, from Impressionism to Cubism in painting, it is the vibrant evolution of modern France.

**FRE 116 Contemporary Culture and Politics (3)**
The economic recovery of France under the leadership of Charles de Gaulle, its place and role in the European Community, as well as the new trends in art, philosophy, literature and films are some of the topics included in this course.

**FRE 124 Literary Masterpieces (3)**
Poetry, tragedies, comedies and philosophical essays, from the Middle Ages to the end of the eighteenth century: the best of French literature before the Revolution.

**FRE 126 Modern Classics (3)**
The nineteenth century has been called the Golden Age of French literature and includes Balzac, Victor Hugo, Beaudelaire, Flaubert, Emile Zola and many other remarkable writers.

**FRE 128 Twentieth Century Literary Trends (3)**
From the Surrealists to the Roman Nouveau, this course will focus on some of the great French writers of this century, with special emphasis on Albert Camus, André Malraux, Marcel Pagnol, and Natalie Sarraute. Selected texts from various francophone cultures will be evaluated in terms of cultural variances and their impact on mainstream French literature. GS-VI

**FRE 190A/B Internship (3,3)**
Internship/cooperative experience programs in areas related to French culture or international business.

**FRE 191 Senior Thesis (3)**
A two-semester directed research project required for majors under the direction of a department faculty member. The topic of the thesis must be approved by the department chairperson. Students must enroll in their thesis course no later than the first semester of their senior year.

**FRE 194 Study/Travel (1-6)**
Pre-travel lectures and readings, as well as guided tours in the country, serve as basis for a study/travel program, with each participant developing a project highlighting the travel experiences.
FRE 196H  Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.

FRE 198AB  Directed Readings (3,3)
Directed readings selected from authors representative of significant literary periods.

FRE 199AB  Independent Studies (1-3,1-3)
Directed research. For qualified students with the approval of the department.
GERONTOLOGY

Department Affiliation: Sociology

The gerontology major is interdisciplinary and grounded in the excellent liberal arts tradition of Mount St. Mary’s College. All required courses for the major, minor and certificate are available in an online format. This means the program core requirements (as listed below) can be completed via distance learning.

Gerontology consists of an exploration of the biopsychosocial dimensions of life course development, with a focus on the rapidly expanding aging population of the United States. In the twenty-first century, careers in gerontology are projected to expand rapidly, with demand remaining high over the next several decades.

As a gerontologist, career options include case management and care management, social work, non-profit or for-profit management, and more. The gerontology major provides excellent preparation for graduate studies in social work, public policy, the law, and as researchers.

Along with the Major in Gerontology, a Minor and Certificate Program are also available.

Core required courses for B.A. in Gerontology:

PSY 188    Crisis Intervention    (3)
SOC 106    Introduction to Psychotherapy    (3)

The Minor in Gerontology

Required courses:
A minimum of six courses, which must include:

SOC 104    The Family    (3)
GER 120    Case Management    (3)
GER 189    Gerontology    (3)
GER 192    Thanatology Seminar    (3)

Plus two additional courses from the gerontology major or recommended list (shown above).

Total units for the Minor in Gerontology: 18

Certificate in Gerontology

A Certificate in Gerontology is available to those who have previously earned a Bachelor’s degree, but now wish to receive training in gerontology in order to prepare for a career in the field.

Required Courses for Certificate in Gerontology:

GER 120    Case Management    (3)
GER 188    Caregiving and Adaptations for Elders    (3)
GER 189    Gerontology    (3)
GER 192    Thanatology Seminar    (3)
SOC 104    The Family    (3)
SOC 112    Medical Sociology    (3)
SOC 121    Human Services Ethics    (3)

Total units in Gerontology: 21

GER 120 Case Management (3)
A study of the methods and practices utilized by health and human services case managers working in a variety of social service resource settings, such as hospitals, daycare centers, senior centers, non-profit outreach programs, and convalescent facilities. Fundamental business, management and social interaction skills will be highlighted.

GER 138 Non-Profit Management Seminar (3)
This course will introduce managerial theories on leading non-profit organizations. The learning experience includes review of literature, class presentations and active sponsorship of service organizations. A service-learning project integrates theory with practice, requiring team cooperation, planning, and accountability.

GER 188 Caregiving and Adaptations for Elders (3)
This course addresses the multiple challenges caregivers must address in serving the needs of elders. Caregiving, service modalities, and care options are examined. In addition, environmental adaptations that provide optimal conditions for sustained independent living are presented.
**GER 189 Gerontology (3)**
A cross-cultural exploration of aging as experienced in the United States. Ageism, societal attitudes regarding the elderly, and responses to the aging process, both from the individual and social perspective, are examined. Cultural variation and responses to aging and the social, political, and economic implications of a rapidly expanding aging population in the U.S. and in many regions of the world, will be analyzed. Resource and service availability for the elderly—locally, regionally, and nationally—will also be assessed.

**GER 192 Thanatology Seminar (3)**
A multi-disciplinary and comparative approach to death and dying. The course focus will consist of historical and literary themes, along with cultural responses which have provided understanding, coping, and meaning for the death and dying process.

**GER 196H Senior Honors Thesis (3)**
Open only to students admitted to the Honors Program.

**GER 197 Gerontology Internship (3)**
The application of the major’s program of study through an internship experience. A minimum of 120 hours of on-site experience is required, along with practicum attendance and participation. Internship site to be selected and mutually agreed upon by student and advisor. Open to majors only and to be taken in senior year of study. **Prerequisite: GER 189.**

**GER 198 Readings in Gerontology (1-6)**
Intensive and independent study in a field of special interest at the culmination of one’s gerontology studies.

**GER 199 Special Studies (1-6)**
A more advanced or specialized treatment of an area covered in the regular course list.
HISTORY

Department Affiliation: History and Political Science

The student who majors in history examines and analyzes the heritage of the recorded past in an effort to better understand and evaluate events and developments of the present. Emphasis is placed on American, European, and non-Western civilizations.

Other options are offered in the closely-allied area majors offered in Social Science with emphasis in history, political science, and public administration.

It is possible to have history and American Studies as a double major. See American Studies. Such a combination is highly desirable and very useful, combining as it does with the general major a specialized study of the character and developing trends of American society.

</table>

Four upper division history courses, at least one of which is non-European/non-United States history

Total units in History: 18

To declare a minor in History a student must take at least 5 approved courses from Mount St. Mary's College.

HIS 1AB  Western Civilization (3,3)

An historical study of the major elements in human heritage designed to introduce the student to the ideas, attitudes, and institutions basic to western civilization. GS-IIIC

HIS 3  World History (3)

A global perspective on world history, focusing on the major civilizations and their interaction with the environment

HIS 4/104  History and Film (3)

An exploration between film and the past that focuses on how film constructs history and how history can be approached through the study of history

HIS 5/5H  European Leaders and Ideas in Ferment and Flux (3)

A study of the major people and forces which shaped European culture and institutions from the mid-19th century to the present. GS-IIIC
HIS 6/106  American Cultural History (3)
An historical perspective on American cultural practices, values, and patterns of representation, focusing not only on “highbrow” sources such as Emerson’s essays, but also on movies, music, cartoons, advertising images, and other forms of expression taken from popular culture. Topics include American humor, gender relations, African-American culture, civil religion, the Emersonian tradition, and the West as symbol and myth. GS-IIIC

HIS 7/107  History of Women in the Middle Ages: Finding a Voice (3)
A survey, from the period of late Roman antiquity through the Christian Middle Ages, of Western perspectives about women written by men as well as “counter-perspectives” written by women themselves. The lives and writings of key women and their contributions to the history of women and modern feminist thought are highlighted, including Hroswitha, Hildegard, Heloise, Marie de France, Julian of Norwich, Margery of Kempe, Christine de Pisane.

HIS 11/111  Native American History
An introduction to the varied historical experiences of the diverse nations native to North America from the pre-colonial period to the present.

HIS 19/119  History of the American West (3)
An examination of myth and reality concerning the American frontier experience. Emphasis is placed on the multicultural nature of the American West and on the role and experience of women in settling it.

HIS 20/120  The Sixties (3)
An examination of the foreign policy, domestic politics, and social and cultural developments of the 1960s. Topics include the Vietnam War, the student, civil rights and anti-war movements, the counterculture, second-wave feminism, and the New Right.

HIS 23/123  American Revolutions (3)
Focuses on period that constituted major turning points in the history of the United States, including the Revolutionary period and early Republic, the Civil War and its aftermath, FDR’s New Deal, and the sixties.

HIS 25  Cultural and Historical Geography (3)
A survey of the basic cultural elements of geography, of their correlation with the physical elements, and of the geographic factors basic to the study of history and the social sciences. GS-IIIC, VI

HIS 45/145  Europe from the Renaissance to the Enlightenment, 1300-1789 (3)
Students are invited to probe the intellectual and artistic flowering of the Renaissance as well as its political and economic foundations; further investigation will focus on the intellectual, social, religious and political complexities of the Reformation era as well as its major religious and political personalities. The European search for security and the effort to reconcile the Old Regime with the New Science of the Enlightenment. An examination of the attempts to maintain the political balance and growth of forces leading to the modern world. GS-IIIC

HIS 46/146  Europe: The Age of Revolution and Nationalism, 1789-1871 (3)
A study of class conflicts, culture and nationalism in the period from the beginning of the French revolution to the unification of Italy and Germany and the Commune of Paris. The intellectual and artistic achievements of figures such as Goya, Beethoven, Stendhal, Darwin,
Marx, and Wagner will be treated in relation to the political, social, and cultural trends of this period.  

**HIS 47/147  Europe: The Age of Imperialism and Totalitarianism, 1871-1945 (3)**

The history of Europe in the German era from the establishment of the Second Reich to the collapse of the Third. A study of society and culture in nations preparing for and conducting total war. The intellectual and artistic achievement of figures such as Nietzsche, Freud, Mann, Nijinsky, Orwell, and Picasso will be treated in relation to the political and intellectual currents of the period.  

**HIS 50/150  An Introduction to Asian History (3)**

Introduction to the major themes in the social, cultural, religious, and political development of Asia; principally India, China, and Japan. Examines and compares the history of these civilizations from pre-history to the early twentieth century.  

**HIS 75  Contemporary America (3)**

American life since 1945; national and international problems, the place of the United States in world affairs, and the changing mores of American society.  

**HIS 101  Historical Methods and Historiography (3)**

An examination of modern research and writing methods emphasizing needed skills in preparing research papers. Evaluation of the most significant historians and historical works. Required for history majors.  

**HIS 112/112H  Economic History of Europe  (3)**

This course will offer a unified explanation for the growth of Western Europe from A. D. 900 to 1900, with particular emphasis on the evolution of economic institutions. These institutions include property rights and wage labor. See also ECO 112H.  

**HIS 113  History and Civilization of Spain (3)**

A study of the social, cultural and political history of Spain with an emphasis on the values and institutions which have created modern society in Spain.  

**HIS 114  Ancient Civilizations (3)**

A study of the history, society, literature and religion of the peoples of ancient Egypt, Israel and Mesopotamia. The course covers the dawn of civilization up to the coming of Alexander the Great with emphasis on the influence and contributions of the ancient Near East on the development of “Western” civilization.  

**HIS 115AB  History of Political Theory (3,3)**

See POL 117AB.  

**HIS 116  Classical Civilization (3)**

The development of ancient Greece from the Bronze Age through the Hellenistic Ages. The rise of Rome, its rule of the Mediterranean, and its role as transmitter of the Greek heritage.  

**HIS 118  The World of Medieval Europe, 500-1300 (3)**

An Exploration of the forces, institutions, and people of the late Roman Empire, the emerging Christian Church, and the Germanic tribes which fused together to create the foundations for Western European civilization.  

**HIS 124  History of the Middle East (3)**

An examination of the development of major Islamic civilizations to the emergence of the contemporary nation states. Emphasis on the origins of the Turkish-Christian and Arab-Jewish conflicts. (3)
HIS 130 Colonial Latin American (3)
A survey of Latin America from the period of conquest and colonization through the
nineteenth century movements for independence.

HIS 131 History of Religion in North America (3)
An historical survey of the North American religious experience from colonial times to the
present. Topics include African-American religion, Puritanism, evangelical revivalism,
religion and politics in antebellum reform, Mormonism, Spiritualism, and New Thought,
religion’s response to urbanization, industrialization, and immigration, religion and science,
religion and politics from the radicalism of the 1960s to the neoconservative evangelism of
the contemporary period, New Age religion, and women and religion. Although the course
emphasizes Christianity, it includes brief examinations of the historical experience of native
Americans, Jews, and Muslims.

HIS 132 Civil Liberties (3)
A critical study of the various efforts to suppress the rights of citizens defined by the
Constitution from the period of the early republic to the Patriotic Act.

HIS 133 Political Biography (3)
History approached through the biographies of major political, social, and cultural actors,
American and non-American (SEE POL 104).

HIS 151 Advanced Studies in the History of Modern Japan (3)
An examination of the rapid transition of the feudal Japan of the Shogun to the modern
technological state. This course will probe the events that brought changes in government,
family, religion, education, industry and foreign relations from 1600 to 1952. (See POL
152A.) GS-IIIC

HIS 152 Advanced Studies in the History of Modern China (3)
An emphasis on the development of Modern China through a biographical approach.
Personalities such as the Empress Dowager, Sun Yat-sen, Mao Tse Tung and others will
provide insights into the evolution of the Chinese State. (See POL 152B.) GS-IIIC

HIS 154 The History of Modern Mexico (3)
This course on Modern Mexico examines the social, cultural, political and economic forces
that have shaped contemporary Mexico.

HIS 162 History and Civilization of Latin America (3)
A survey of pre-Columbian and Latin American social and cultural history, with stress on the
values and institutions which have created modern society in the Latin American world. GS-
VI See SPA 44/144

HIS 165 History of the Spanish-Speaking Peoples of the United States (3)
A study of the Spanish-speaking peoples in the United States today. The history,
contemporary status, and emerging future of the Mexican Americans, with attention to the
Puerto Ricans, Cubans, and other communities of importance to Southern California. See
SPA 145

HIS 171 The United States from Colony to Republic, 1607-1800 (3)
The American Revolution, Confederation, and union under the Constitution; the social,
economic, and cultural development of the United States to 1800.
GS-IIIC

HIS 173 The United States in the 19th Century (3)
Social, economic, political development from the early national period through the Gilded
Age, with special emphasis on the civil War, including the underlying causes of the conflict
and its consequences for American civilization. GS-IIIC
HIS 175  The US in the 20th Century (3)
United States social, economic, political and cultural development from the Progressive Era to the present, including World Wars I and II, Korea and Vietnam, the Great Depression, the Cold War, Women’s suffrage, the Civil Rights Movement, and the globalization of American culture during “The American Century.” GS IIIIC

HIS 178  Diplomatic History of the United States (3)
A survey of the factors entering into the formation and the carrying out of American foreign policy, with emphasis on twentieth century developments and post World War II problems. GS-IIIG

HIS 179  Constitutional History of the United States (3)
The evolution of the fundamental characteristics and trends in American constitutional development with emphasis on contemporary problems. Consent of instructor necessary for non-majors and non-minors. See POL 108. GS-IIIC, IIIG

HIS 180  Current Constitutional History (3)
Emphasis on the Bill of Rights as applied to both federal and state jurisdictions. Also includes examination of both substantive and procedural due process. See POL 109. GS-IIIC, IIIG

HIS 181  Modern Presidents History (3)
A study of 20th Century presidents and how their personalities and styles of leadership influenced political trends. A comparative analysis of crises and leaders will be the major emphasis. GS-IIIC

HIS 184  Radicalism and Dissent (3)
A look at American history and society through the eyes of those on the margins, including religious “come-outers,” Wobblies, anarchists, sixties radicals and flower children, and contemporary eco-terrorists. GSIII-C

HIS 185A  African American History: American Slavery, 1619-1865 (3)
Slavery as an economic and social institution from its introduction to the English colonies in 1619 to its abolition following the civil War in 1865. GS-IIIC

HIS 185B/185CH  Race and Racism in American Life and Thought (3)
The evolution and role of race constructs in American social and intellectual history, including law and politics, art and the media, and evolving social mores from Colonial America to the late 20th Century. GS-IICC

HIS 185C/185CH  Race and Racism in American Life and Thought (3)
The evolution and role of race constructs in American social and intellectual history, including law and politics, art and the media, and evolving social mores from Colonial America to the late 20th Century. GS-IICC

HIS 188  California History (3)
Social, economic, cultural, and institutional development of California through the Spanish, Mexican and American periods. See POL 179. GS-IIIG

HIS 191  Major Issues in the United States Women’s History (3)
A topical study of women’s struggle and evolving role in American life throughout American history. Among the areas considered are politics and public life, economics and business, art
and culture, family relationships, gender roles and expectations, and the race/gender nexus.  

**GS IIIC**  
**HIS 192ABC**  Women of Color in the US (3)  
This course explores the experiences of women of color in the United States through history, literature, and film. Each semester the course focuses on a single group of women of color. The course may be repeated for credit.

**HIS 193ABCD**  Studies in Selected Historical Problems/Topics (3,3,3,3)  
Each course will reflect special areas of research or interest by various faculty members and visiting lecturers. The particular areas of study will be announced in the semester schedules.

**HIS 196H**  Senior Honors Thesis (3)  
Open only to students admitted to the Honors Program.

**HIS 197ABC**  Readings in Historical-Literature (1-3)  
Individual programs of reading on significant historical topics or fields. Designed to acquaint the student with pertinent books of the past and present. Limited to majors in history.

**HIS 198**  Internship in Public History (3)  
Students serve a supervised internship in a selected museum or public history site.
HUMAN SERVICES

Departmental Affiliation: Sociology

A.A. Degree
Within the Department of Sociology, an Associate of Arts Degree in Human Services is available on the Doheny Campus. This program prepares students for entry level careers in the social services (e.g., health services, law enforcement, probation, family services and youth services), and for advanced studies in the Baccalaureate program on the Chalon Campus. In addition to completion of all general studies courses for the Associate of Arts degree, the following are required:

*Requirements may be met through examination

Plus all other General Studies requirements for the A.A. Degree
The Department of Language and Culture offers Spanish, French and Japanese programs carefully designed to provide students with the necessary tools to interact effectively in a multicultural social or professional environment. In order to sharpen their skills, students are encouraged to use the latest technology, do service learning and study abroad.

In this age of globalization, communicating with the rest of the world has never been more important. For communication to truly take place, we must understand not only the words but what is behind them; we must understand how people of different cultures think and act, and why. We must understand their culture.

Culture is the set of beliefs, values, traditions and the history that has shaped the minds and rituals of any given group. Understanding cultures and having proficiency in their languages open a wide array of career opportunities, not only in the world of business, but also in any aspect of a service career such as health, education, law and order, and politics. For this reason, our department offers various interdisciplinary programs to combine Language and Culture with such departments as Business, Education, History and Political Sciences, Nursing, and Sociology; students are encouraged to arrange double majors with these disciplines.

In the Department of Language and Culture, the student can graduate with:

1. A Cultural Studies Minor (see p.   )
2. A Minor or Major in French Studies (see p.   )
3. Japanese classes (see p.   )
4. A Minor or Major in Spanish Studies (see p.   )
5. A Minor in Human Service for the Bilingual Settings (Interdepartmental Collaboration with the Sociology Department) (see p.   )
6. A Major in Spanish and Business (Interdepartmental collaboration with the Business Department) (see p.   )
JAPANESE

Department Affiliation: Language and Culture

As an institution of higher education on the Pacific Rim and with a student population praised for its diversity, the department of Language and Culture offers two semesters of Japanese to fulfill the language requirement. These courses can also be taken as electives.

JPN 1  Elementary Japanese I  (4)
Develop fundamental skills for reading, writing, listening and speaking Japanese. Students are also introduced to the cultural context of the language.

JPN 2  Elementary Japanese II  (4)
Further develops the fundamental skills, stressing on reading, and writing. Continuous attention is paid to pronunciation and cultural context. GS-IV
JOURNALISM

Departmental Affiliation: English

JRN 101  Basic News Writing (3)
Introduction to the basic skills of reporting and news writing. Intensive writing practice. Overview of print and broadcast journalism.

JRN 102  Advanced Reporting and News Writing (3)
Reporting techniques and intensive experience in identifying news sources, interviewing, researching, and constructing the story. Practice in a variety of types of journalistic writing. Emphasis on journalism ethics and law. Prerequisite: JRN 101 or equivalent.

JRN 90/190  Internship  (1-3)
May be repeated for credit.

JRN 96/196  Oracle Workshop (1-3)
Guides students through the monthly production of the student newspaper. Addresses all aspects of production including reporting, writing, editing, layout and advertising. May be repeated for credit.
The Leadership and Women's Studies Minor
Departmental Affiliation: History and Political Science

The minor in Leadership and Women's Studies (LWS) offers an interdisciplinary, cross-cultural and critical understanding of women and issues relating to gender including the practice of leadership. Courses focus on the intellectual, political and cultural life of women in a variety of social and historical contexts. The minor provides students with a strong theoretical and empirical background in understanding how gender and women’s roles in society are shaped by factors such as race, class, ethnicity, culture and sexuality. The program emphasizes women as agents of social change through advocacy and policy making. The interdisciplinary nature of the minor exposes students to a diversity of approaches and views on gender and women’s issues.

The Leadership and Women’s Studies program is well suited for students who are interested in pursuing advanced academic work in M.A. and Ph.D. programs, professional schools in law, business or medicine as well as for those students planning a career in public service, advocacy or social activism.

CURRICULUM

The Leadership and Women’s Studies minor consists of 18 total units including LWS 10 (Introduction to Leadership and Women’s Studies) and one of the following: an internship (LWS 191), an honors thesis (LWS 196H) or a capstone seminar course to be designated (LWS 125). Nine (9) of the remaining twelve units must be at the upper division level, and at least two of the courses must be from two different departments. All courses that are counted towards the LWS minor must be approved by the Director of the Leadership and Women’s Studies Program.

Requirements for the minor:
18 total units consisting of:

LWS 10 Introduction to Leadership and Women’s Studies (3)
LWS 191 or LWS 196H or LWS 125 (3)

The remaining 12 units will consist of the following courses that carry the Leadership and Women’s Studies course designation (course descriptions not listed below can be found in the appropriate departmental sections of the catalog):

LWS 1A Leadership Concepts (1)
LWS 1B Leadership Concepts (1)
LWS 10 Introduction to Leadership and Women’s Studies (3)
LWS 100 Leadership Studies (3)
LWS 125 Leadership and Women’s Studies Seminar (3)
LWS 191 Internship in Leadership (3)
LWS 196H Senior Honors Thesis (3)
ART 174 Women in Contemporary Art (3)
BUS 140/ Women’s Issues in Business and Economics (3)

</tbody>
</table>
LWS 1A  Leadership Concepts (1)
An introduction to key leadership issues and concepts, with special emphasis on the
connection of self-awareness, self-development and the role of gender to the leadership
process.

LWS 1B  Leadership Concepts (1)
An introduction to key leadership issues and concepts for women, with special emphasis on
the development of team work, decision-making and communication skills.

LWS 10  Introduction to Leadership and Women’s Studies (3)
Analyzes the theories, concepts and issues in Women’s Studies. Emphasis is placed
on leadership, social justice and agency. This course focuses on women’s issues
(both historical and contemporary) by examining how gender interacts with race,
class, sexuality and ethnicity. Gender is applied to various forms of social
organization in different societies such as work, health, education, mass
communication/media, law and policy.

LWS 100  Leadership Studies (3)
A critical examination of the leadership process, including emerging approaches to leadership,
the leaders and strategies for change. A special focus will be on the role of college students in
the leadership process.

LWS 111/BUS 140  Women's Issues in Business and Economics (3)
Survey of issues that affect women in business and review of the feminist critique of classical
economic theory. Topics surveyed may include women's labor history, Marxist feminism,
socialist feminism, feminist organizational theory, women in management, the wage gap, the
glass ceiling, gendered economic roles, women's issues in business law, affirmative action
and sexual harassment. GS-IIIG, VI.

LWS 125  Applied Leadership (3)
An experience oriented course involving the student’s observation and some
application of the principles of effective leadership. Weekly seminars integrate
fieldwork with theories and models of community and civic leadership.

LWS 191  Internship in Leadership (3)
Qualified students intern in nonprofit organizations, government offices, or businesses where
women's needs and concerns are being addressed. Selected readings and a written analysis of
issues and experiences are required. Pre-requisite LWS 10. Maximum 3 units may be applied
towards LWS minor.

LWS 192/HIS 192ABC  Women of Color in the United States (3)
This course explores the experiences of women of color in the United States. Although the
approach is historical, course materials will include literature and film, in addition to works of
history. Each semester the course focuses on a single group of women of color. May be
repeated for credit.

LWS 196H  Seniors Honors Thesis (3)
Open only to students admitted to the Honors Program.

LWS 199  Independent Study (3)
May be repeated for credit. Offered only on request with permission of a supervising faculty member.
LIBERAL ARTS

A.A. Degree
The Associate in Arts degree with a specialization in Liberal Arts is designed for the student who wishes to explore various disciplines and have a wide variety of experiences. At the completion of the Associate in Arts program, the student may pursue a major leading to a baccalaureate degree in her chosen field and/or she may enter a career which utilizes the benefits from her interdisciplinary program. For transfer to the baccalaureate program on the Chalon campus, the student should consult her advisor regarding General Studies requirements. Requirements for admission into the Liberal Arts program are the same as those for admission into the Associate Degree program.

The Liberal Arts Program requirements include:
- English 6AB/1AB (3,3)
- Outreach (1)
- Freshman Orientation (1)
- Art or Music (3)
- Literature (3)
- Religious Studies (6)
- Modern Language (8)
- Mathematics (3)
- Science (3)
- Psychology (3)
- Sociology (3)
- History/Political Science/Economics (3)
- Speech (2)
- P.E./Wellness (1)

The student must complete all Liberal Arts requirements with a grade of C- or better (except for English classes where grades must be C or better).

Total units in the Liberal Arts Program: 46

Plus additional General Studies requirements and electives totaling 60 semester units.

Students interested in pursuing the following majors on the Chalon Campus can declare an emphasis and should take the following suggested courses when fulfilling their Liberal Arts requirements.

English
- HIS 1A & 1B
- PHI 5 or PHI 10

History
- HIS 1A & 1B
Liberal Studies
ART 5
MUS 6
RST 61
MTH 50 & 51
CIS 1A
BIO 5 or 10
PSY 12

Political Science
POL 2 & 10

Psychology
PSY 1 & 12
PHI 10
BIO 5
The B.A. Degree with a Major in Liberal Arts

(Offered through Weekend College)

Departmental Affiliation: English

The liberal arts major allows the study of human beings and societies from the multiple perspectives of the humanities and the social sciences. By means of this interdisciplinary major, a student can explore and combine the varied insights into human art and activity that are revealed by the disciplines and methodology of psychology, literature, art, history, philosophy, religious studies, music, sociology, economics, and anthropology.

Building on the base of the general studies curriculum, students select courses for their major which will further their examination of human beings and societies through the lenses of at least two disciplines in the humanities and two in the social sciences. This focusing of perspectives allows the student to illuminate chosen themes such as the character of American culture or women's issues from a variety of intellectual angles, and to do so in depth and with rigor.

The liberal arts major provides a solid background for graduate work in law, public administration, and most fields in the humanities and social sciences. Students who wish to develop a strong professional specialization are encouraged to combine the major with a minor, such as business administration.

Requirements:

A minimum of thirty units in liberal arts offerings, of which twenty-four must be upper division. A minimum of four of the upper-division courses must be in the humanities, representing at least two of the following disciplines:

art
language
literature
and a minimum of four upper-division courses must be in the social sciences, representing at least two of the following disciplines:
anthropology
economics
history

Total Units in Liberal Arts: 30

Plus general studies requirements and electives totaling 124 semester units, including modern language requirement of two courses in modern language or culture.
LIBERAL STUDIES

Department Affiliation: Education

The Liberal Studies major is an integrative program of study designed specifically for students seeking the Multiple Subject Credential authorizing them to teach in California elementary schools. This rigorous and intellectually stimulating major is designed to

- Prepare teachers who know subject matter in the liberal arts and sciences and who demonstrate understanding and appreciation of the diverse fields of human endeavor.
- Enable future teachers to see relationships between subject matter content and the ways subject matter is developed, learned, and taught.
- Assist future teachers learn specified content in the major areas of student (see Major Requirements).
- Help future teachers acquire the skills needed to transfer their knowledge to real-life applications in an elementary classroom.

Students in the major explore areas of learning as active participants; they acquire a variety of skills and techniques, reflect on the learning process and take responsibility for their role in it.

Students may enroll in the Liberal Studies major as an elementary subject matter preparation program and, concurrently, be enrolled in the elementary teaching preparation program. These integrated programs, as well as the major without professional preparation courses, are approved by the California Commission on Teacher Credentialing.

To be eligible for acceptance into the Liberal Studies major, applicants must have achieved a minimum grade point average of 2.5 (C +) in high school and in any previous college coursework. Students pursuing the Liberal Studies major may be assigned course credit for Advanced Placement Scores of 3, 4, or 5 in subject areas that fulfill requirements for the major at the discretion of the program advisor.

MSMC does not do equivalency evaluations of academic preparation programs or courses completed by candidates from other colleges or universities. MSMC does not evaluate academic preparation program equivalency for candidates who completed the bachelor of arts degree at Mount St. Mary’s College unless the candidate completed the Diversified or Liberal Studies major.

Contact the Coordinator of the Liberal Studies major with questions about this policy or about meeting requirements for the academic preparation for the Multiple Subject Credential. California legislation and regulations regarding credential requirements are subject to change and supercede MSMC catalog policies and department procedures regarding them.

At Mount St. Mary's College the Liberal Studies major is offered through the Education Department.

Liberal Studies Major Requirements

All courses taken as part of the major must be approved by the Liberal Studies advisor as indicated by the advisor's signature on the registration form. The Liberal Studies major, as
presented in this catalog, is applicable to freshmen entering college in or after the fall semester 2003.

**Language**

- 9 units in composition (e.g., ENG 1A and 1B or ENG 5H, and ENG 105)
- One course in speech (e.g., SPE 10)
- 3 units in linguistics (e.g., ENG 102)

Courses in language other than English to meet Mount St. Mary's College modern language requirements (See pp. ?? & ?? in this catalog.) Spanish recommended.

- One course in children's literature
- 3 upper division units in literature

**Mathematics and Science**

- 6 units in mathematics (e.g., MTH 50 and 51)
- 3 units in biological science (must include a laboratory, e.g., BIO 5)
- 4 units in physical science, including the study of physics, chemistry, space and earth science (e.g., PHS 2AB)
- 3 units in health science (BIO 10)

- One course in computer processes and applications

**Social Science and History**

- 6 units in U.S. history and government (e.g., HIS 106 and POL 1)
- Candidates for the California teaching credential must complete 2 units of study of the U.S. Constitution.
- 3 units in world history (e.g., HIS 3 or HIS 112, or HIS 116)
- 3 units in geography (HIS 25)
- 3 units in sociology (SOC 161)
- 3 units in California history (HIS 188)

**Humanities**

- 15 units are required to meet general studies requirements at Mount St. Mary's College. RST 61 should be included as one of the courses.

**Fine Arts**

- 4 units in art (a course in art appreciation or history and ART 145)
- 4 units in music (a course in music appreciation and MUS 130)
- 1 unit in the visual and performing arts (INT 194A)

**Physical and Health Education**

- 4 units in physical and health education (BIO 10 and PED 100)

**Human Development**

- 6 units in human development (PSY 12 and PSY 113)

**Education**

The EDU 100, 101, and 102 courses provide opportunities for students to reflect on their integrative program of study. EDU 106 enables students to meet the field experience component of the program as required by the California Commission on Teacher Credentialing.
EDU 100 Introduction to Liberal Studies (1)
EDU 101 Seminar in the Concentration: Liberal Studies Major (.5)
EDU 102 Integrative Seminar in Liberal Studies (1)
EDU 106 School and Society (3)

Students in the major complete a subject matter portfolio demonstrating their knowledge and skills in the areas of study included in the Liberal Studies major. According to State of California regulations, the California Subject Examination for Teachers (CSET) is a required competent of the MSMC Liberal Studies Major.

Concentrations
Candidates for the Liberal Studies major must also complete a concentration in an area such as English, mathematics, social science, or Spanish. Concentrations must be completed in subject areas commonly taught in elementary schools or related areas. The concentration consists of 12 units of study which are coherently related to each other with an integrative theme and are ordinarily upper division units. Information about and examples of concentrations are discussed in EDU 100 and 101.
MATHEMATICS

Departmental Affiliation: Physical Sciences and Mathematics

While offering students an opportunity to study mathematics as part of a liberal education, the mathematics major serves as excellent preparation for work in fields such as computer science, statistics, secondary teaching, business, or graduate study. Coupled with courses in chemistry and biology, a degree in mathematics also provides excellent preparation for entrance into schools of medicine, dentistry, or optometry.

Courses Required for a B.A. Degree in Mathematics

Upper Division:
Two upper division courses chosen in consultation with the student's advisor from the following:

- MTH 113  Probability and Statistics (3)
- MTH 119  Differential Equations (3)
- MTH 120  Discrete Mathematics (3)
- MTH 128AB Numerical Analysis (3,3)
- MTH 135 Structure and Comparison of Programming Languages (3)

The Minor in Mathematics

A minimum of eight courses including the following:

- MTH 5ABC  Calculus I/II/III (4,4,4)
- MTH 119  Differential Equations (3)

and

- MTH 103  Linear Algebra (3)
- MTH 111  Abstract Algebra (3)

Two additional upper division courses chosen in consultation with the department. (6)

**MTH 0X  Math Tutorial (1)**

This class is for students who need a review in a limited number of mathematical topics. The topics may include: the numbers of arithmetic, an introduction to algebra, linear equations in one variable, word problems, polynomials, graphing and straight lines, systems of equations, rational expressions, radicals, quadratic equations, absolute value and inequalities. Students will meet one hour per week with a tutor. Credit does not apply to the Baccalaureate degree.

**MTH 1  College Algebra and Trigonometry (4)**

Set language and notation, real and complex numbers, fundamental operations, inequalities; polynomial, exponential, and trigonometric functions, and their graphs; De Moivre's theorem. **Prerequisite:** Satisfactory score on the Mathematics Placement Examination or completion of MTH 2X. **GS-IIIE, VIIB**

**MTH 2X  Fundamentals of Algebra (3)**

Real numbers and their properties, exponents and radicals, fundamental operations, polynomials, factoring, rational expressions, linear and quadratic equations and inequalities, systems of equations. Meets four hours per week. Successful completion of MTH 2X fulfills the AA liberal arts requirement; credit does not apply to the Baccalaureate degree.

**MTH 5A  Calculus I (4)**

Limits; continuity; derivatives of algebraic and transcendental functions with applications; antiderivatives; an introduction to the definite integral; the Fundamental Theorem of Calculus. **Prerequisite:** Three to four years of high school mathematics including trigonometry and satisfactory score on Mathematics Placement Examination or grade of C - or better in MTH 1. **GS-IIIE, VIIB**

**MTH 5B  Calculus II (4)**

Techniques of integration (including substitution and parts); numerical methods of integration; applications of the integral (including areas, and volumes); improper integrals; infinite series; an introduction to parametric equations and polar coordinates. **Prerequisite:** Grade of C - or better in MTH 5A. **GS-IIIE, VIIB**
MTH 5C  Calculus III (4)
Partial derivatives; multiple integrals; three-dimensional space; vectors in two- and three-dimensional space; vector calculus. Prerequisite: Grade of C or higher in MTH 5B or consent of instructor. GS-VIIB

MTH 10  Quantitative Reasoning and Mathematical Ideas (3)
Ideas in mathematics chosen to emphasize problem-solving, decision-making, economic productivity and real-world applications. Recommended to fulfill GS IIIE requirement absent other major requirements. Topics include critical thinking, inductive reasoning, problem solving, numbers, finances, statistics, probability, geometry, algebra and exponential functions. Prerequisite: Satisfactory score on Mathematics Placement Examination or completion of MTH 2X. GS-IIIE, VIIB

MTH 20  Programming (3)
Intermediate level programming methods including vector and array manipulations, classes, functions, and subroutines. Applications in science, mathematics, and business. Prerequisite: CIS 2 and MTH 5A or concurrent enrollment in MTH 5A or consent of the instructor. GS-IIIE

MTH 25  The LINUX/UNIX Environment (3)
Basic LINUX and UNIX commands, the file systems, pipes, filters, shell procedures, reading of binary files and programming debugging aids. Prerequisite: CIS 2 and familiarity with a compiled programming language; MTH 5A is highly recommended.

MTH 28  Mathematical Analysis for Business (3)
Topics in Algebra including solutions of systems of equations and inequalities; exponential and logarithmic functions; linear programming and mathematics of finance. Emphasis is placed on the application of mathematics to problems in business. Prerequisites: Satisfactory score on the Mathematics Placement Examination or completion of MTH 2X. GS-IIIE, VIIB

MTH 30  Calculus for Business (3)
Introduction to the differential and integral calculus of elementary functions and analytic geometry. Applications of the methods of calculus to business and economic problems. Prerequisite: Satisfactory score on Mathematics Placement Examination or a grade of C or better in MTH 1 or a grade of B or better in MTH 28.

MTH 38  Elements of Probability and Statistics (3)
Elementary probability theory, properties of distributions, sampling, estimation, hypothesis testing, correlation. Prerequisite: Satisfactory score on the Mathematics Placement Examination or completion of MTH 2X.

MTH 38H  Elements of Probability and Statistics (3)
Topics in probability and statistics including measures of central tendency and spread, elementary probability theory, properties of distributions, estimation, confidence intervals, hypothesis testing, linear correlations and regression. An algebra based course intended primarily for nonmathematics majors. Prerequisite: Satisfactory score on the Mathematics Placement Examination or completion of MTH 2X. Open only to students admitted to the honors program. GS-IIIE

MTH 50  Elementary Number Systems (3)
Sets, numeration systems, properties of integers, rational and real numbers, elementary number theory, modular systems, problem-solving processes, ratio, proportion, percentage. This course receives General Studies credit and is required for Liberal Studies Majors. Can be taken for professional credit. Prerequisite: High school algebra and geometry with a grade of C or better or satisfactory score on the Mathematics Placement Examination. GS-IIIE, VIIB
MTH 51 Elements of Geometry and Statistics (3)
Intuitive geometry of lines, planes, and space; congruence, similarity, measurement, geometric constructions, elements of probability and statistics. This course is intended primarily for Liberal Studies Majors. Can be taken for professional credit. Prerequisite: High school algebra and geometry with a grade of C or higher or satisfactory score on the Mathematics Placement Examination. GS-IIIE, VIIB

MTH 99/199 Special Studies in Mathematics (1-3)
Independent or group studies in mathematics. Course may be repeated for credit. Prerequisite: Approval of the department and consent of the instructor. Any upper division mathematics course will require a minimum grade of C in Prerequisite courses.

MTH 101 Topics in Geometry (3)
A brief treatment of the axiomatic foundations of Euclidean and non-Euclidean geometry. An introduction to differential geometry. Prerequisite: MTH 5C, 103 concurrent.

MTH 102 Advanced Calculus (3)
Set theory, real numbers and their topology, limits, continuity, differentiation and integration theory. Prerequisite: MTH 5C.

MTH 103 Linear Algebra (3)
Vectors and vector spaces, linear transformations and matrices, determinants, eigenvalues and eigenvectors. Prerequisite: MTH 5B.

MTH 104 Number Theory (3)
The division algorithm, different bases, g.c.d. and l.c.m., the equation $ax + by = n$, the fundamental theorem of arithmetic; properties of congruence, reduced residue systems, Euler phi-function, simultaneous congruences; polynomial congruences, primitive roots, indices, the law of quadratic reciprocity, finite and infinite continued fractions, some computer applications in elementary number theory. Prerequisite: MTH 5C or consent of instructor.

MTH 105 Complex Analysis (3)
Complex numbers and functions, analytic functions, integration, conformal mapping. Prerequisite: MTH 5C.

MTH 111 Abstract Algebra (3)
Numbers and number systems, groups, rings; fields; homomorphism and isomorphism theorems. Prerequisite: MTH 5C; MTH 120 strongly recommended or consent of instructor.

MTH 113 Probability and Statistics (3)
Probability as a mathematical system, random variables and their distributions, limit theorems, statistical applications, hypotheses testing. Prerequisite: MTH 5C or consent of instructor.

MTH 119 Differential Equations (3)
Linear equations, series solutions, Laplace transforms, numerical methods, existence and uniqueness of solutions. Prerequisite: MTH 5B.

MTH 120 Discrete Mathematics (3)
Logic, proof writing (including induction), set theory, functions and relations, algorithms and recursion, elementary number theory, combinatorics, probability, graph theory, and trees. Prerequisite: MTH 5B. GS-VIIB

MTH 128AB Numerical Analysis (3,3)
polynomials; cubic splines; numerical treatment of partial differential equations, techniques of numerical integration.  *Prerequisites: MTH 5C, MTH 20.*

**MTH 135  Structure and Comparison of Programming Languages (3)**
Basic concepts of syntax and semantics. Comparison of syntax and semantics of selected programming languages. Language design. How to evaluate a computer programming language.  *Prerequisites: MTH 5A, MTH 20, or consent of instructor.*

**MTH 140  History of Mathematics (1)**
History of mathematics from antiquity to the mid 20th century.  *Prerequisites: MTH 5C, MTH 103, and demonstrated mathematical maturity.*

**MTH 190  Internship (1-3)**
An intensive work study program for qualified upper division students. The student is responsible for setting up the internship in conjunction with the appropriate faculty and the office of Career Planning and Placement. This must be approved by the department chairperson.

**MTH 195H  Senior Honors Thesis (3)**
Open only to students admitted to the Honors Program.
The B.A. degree offers preparation in music for students desiring a broad knowledge of music for teaching, research, performance, personal enjoyment, cultural development, or advanced degrees. The total curriculum includes two-thirds of the studies in the liberal arts and one-third in music.

The Music Department offers a Music Ministry Certificate program for persons wishing to pursue music leadership roles in parishes. Essentially a two year program, it can serve as the basis for a Baccalaureate degree.

The music minor is available to interested students by completing at least 21 units as indicated. Students interested in music as an elective may participate in various offerings of the Music Department including performance classes, individual instruction, or in the study of music as an art.

In addition the Music Department presents varieties of musical concerts, workshops, and other activities which enrich the quality of the educational and cultural life of the College and the community.

Mount Students have the opportunity to cross-register at UCLA for courses not offered at MSMC.

The Music Department is accredited by the National Association of Schools of Music.

Requirements for Admission as a Music Major or Minor:
1. Audition showing potential in the field of performance
2. Theory examination for placement purposes
3. Interview with designated department personnel
4. Recommendations which indicate potential for music

Courses Required for a B.A. Degree in Music
Performance Emphasis

Core courses:

The music major is a program carefully designed to provide a rich and wide range of musical learning and experience. It combines classroom study, discussions and lectures enhanced by technology with individual instruction, solo and ensemble performance, concert attendance and internships. Students select an emphasis in performance or music history.
MUS 24AB Surveys of the History and Literature of Music (3,3)
MUS 105 Music Practicum (.5,.5)
MUS 133A Music Analysis (2)
MUS 139 Instrumental Conducting (2)
or MUS 140 Choral Techniques (2)

Requirements:
MUS 115 Applied Music (2) (4 semesters, 2 units each term)
MUS 151 Pedagogy (2)
And choice of the following to total 4 units:
MUS 16/116 Music of World Cultures (1)
MUS 17/117 Women in Music (1)
MUS 25/125 Music Masterpieces (3)
MUS 142 American Musical Theater (3)
Senior recital
For the special needs of the individual, the department may substitute other courses for these music requirements. See also additional requirements for the B.A. degree.

Total units in music: 43

Plus general studies requirements and electives totaling 124 units, including modern language requirement.

Music History Emphasis

Core Courses:
MUS 1AB Musicianship I (3,1)
MUS 1CD Musicianship I (3,1)
MUS 2AB Musicianship II (3,1)
MUS 5 Music Practicum (.5, .5)
MUS 11 Functional Keyboard Skills (1) Required of all but keyboard majors.
Every student must pass the piano proficiency examination before graduation. Only three units may be taken for credit.
MUS 15 Applied Music (At least one unit each term)
MUS 24AB Surveys of the History and Literature of Music (3,3)
MUS 105 Music Practicum (.5, .5)
MUS 133A Music Analysis (2)
MUS 139 Instrumental Conducting (2)
or
MUS 140 Choral Techniques (2)

Requirements:
MUS 115 Applied Music (Total 6 units)
MUS 125 Music Masterpieces (3)
And choice of the following to total 4 units
MUS 142 American Musical Theater (3)
MUS 146 Special Projects in Music (1-3)
MUS 116 Music of World Cultures (3)
MUS 117 Women in Music (3)
For the special needs of the individual, the department may substitute other courses for these music requirements. See also additional requirements for the B.A. degree.

Total units in music: Approximately 43
Additional requirements for the B.A. degree:
1. Evidence of academic and musical maturity prior to admission to junior standing.
2. Performance in student recitals, and jury examinations in major instrument.
3. Participation in an ensemble every semester.
4. Satisfactory completion of Piano Proficiency Examination

MUS 1/101 AB; CD  Musicianship I (3,1;3,1)
(Harmony - 3, Solfege - 1 Lecture, three hours, and laboratory, two hours each week.) A functional study of the theoretical elements of music including the quantitative and aesthetic aspects of rhythm, intervals, scales, triads, two- and three-part counterpoint, and problem-solving chord connection up to the chord of the seventh. Development of aural, visual, singing, writing, playing, improvisatory, and compositional skills in notation, scales, modes, rhythm, and melodic and harmonic intervals.
Prerequisite: MUS 3 or consent of instructor. (MUS 1A GS-VIIA)

MUS 2/102 AB  Musicianship II (3,1)
(Harmony - 3, Solfege - 1 Lecture, three hours, and laboratory two hours each week.) Continuation of Musicianship I, including ninth, eleventh, and thirteenth chords, chromatic harmony and modulation. Contemporary techniques in harmony, rhythm, melody, counterpoint and form, including the 12-tone technique, chance and electronic music. Development of aural, visual, singing, writing, playing, improvisatory, and compositional skills in compound intervals, chromatic and atonal melodies, chromatic harmonies, modulation, and more complex meters and rhythms to include twentieth century techniques.

MUS 3  Discovering Music Fundamentals (1-3)
A functional approach to the theoretical aspects of music for personal enjoyment, teaching, or access to more advanced theory courses. Emphasis on experiencing the melodic, rhythmic, harmonic and formal aspects of music.

MUS 4  Guitar Class (1)
Class instruction in the basic technique and performance of the guitar, development of music reading skills and appropriate repertoire. Students must provide their own instruments.

MUS 5  Music Practicum (.5)
Study of music literature of varied times, styles, and cultures through performance, concert attendance, lectures and reports. Discussion and study of selected issues and trends impacting the music profession.

MUS 6/106  Varieties of Music (3)
Beginning with an introduction to the world and language of music, this course explores the richness of the art of sound from varieties of avenues in order to heighten awareness, understanding and appreciation of this art. Emphasis on the diversity and stylistic development of music as it reflects the times and world cultures. GS – IIIA, VI

MUS 7  Voice Class (1)
Study of fundamental techniques of breath control, tone production, diction, and interpretation. Development of appropriate repertoire. Open to both music (other than voice major) and non-music majors. May be repeated for credit.

MUS 8A  Elementary Piano I (1)
Orientation to the piano, introduction to rudiments of music including note reading, basic chords and five finger scales. Simple pieces played with both hands in several major keys.

MUS 8B  Elementary Piano II (1)
Instruction includes scale structures of major keys and primary chord harmonizations in simple major and minor keys. Easy pieces making use of extended hand positions, and played with attention to good rhythm, tone and dynamics. Prerequisite: MUS 8A or consent of instructor.
MUS 8C  Intermediate Piano (1)
The course includes technical studies, major and minor scales, hand over hand arpeggios and chord progressions. Pieces from easy classic repertoire played with attention to basic concepts of piano technique, style and interpretation. Prerequisite: MUS 8B or consent of instructor.

MUS 10  Music and Worship (1-2)
A survey of the history of ritual, and the role music has played in the major liturgies throughout the centuries, with emphasis on the present.

MUS 11  Functional Keyboard Skills (1)
A keyboard class to develop practical knowledge of chords, chord progressions, cadences, simple accompaniment of melodies, transposition and modulation. Includes program for progressive development of sight-reading, technical skills, and improvisation. Often taken as Directed Study.

*MUS 13/113  Applied Music (1-3)
Private instruction - instrumental or vocal. For non-music majors. May be repeated for credit.

*MUS 15/115  Applied Music (1-3)
Private instruction - instrumental or vocal. For music majors. May be repeated for credit.

MUS 16/116  Music of World Cultures (1)
Introduction to the richness and variety of musical expression found in selected world cultures. Emphasis on the music of cultures well represented in California. Selected cultures may vary with each offering.

MUS 17/117  Women in Music (1)
A study of the contribution of women to the world of music both as composers and performers.

*MUS 19/119  Mount Chorus (1)
Study and performance of masterpieces of choral literature from all periods for women. Open to all college students, members of the community, and to qualified high school students with senior standing. May be repeated for credit.

*MUS 21/121  Mount Singers (1)
Study and performance of masterpieces of choral literature for women from all periods. Open to men and women, members of the community, and to qualified high school students with senior standing by audition. May be repeated for credit. Women participating students must enroll in MUS 19/119 concurrently.

*MUS 23/123  Chamber Music (1)
Study and performance of chamber music for various instrumental and/or vocal combinations. May be repeated for credit. Prerequisites: Consent of the instructor.

MUS 24/124 AB  Surveys of the History and Literature of Music (3,3)
Study of selected masterpieces of music in historical context. Open to all students. Areas of emphasis may vary and will be advertised prior to its scheduled offering. Prerequisite: MUS 6 or consent of instructor. GS-III A

MUS 25/125  Music Masterpieces (3)
Study of folk and art music of Spain in selected Latin American countries in historical context. Focus on the richness and variety of each contribution. Prerequisite: MUS 6/106 or consent of instructor. GS-III A  Formerly: Music of Spain and Latin America
MUS 105  Music Practicum (.5)
Study of music literature of varied times, styles and cultures through performance, concert attendance, lectures, and reports. Discussion and study of selected issues and trends impacting the music profession. Continuation of Music 5.

MUS 112  Music Ministry (2)
An examination of the role and responsibility of the music minister within the parish structure. Study of legislation governing the use of music in the church as well as administrative practices conducive to a successful music program. Often taken as Directed Study.

MUS 122  Performance Practices (2)
Study and performance of significant instrumental and vocal literature for solo and ensembles.

MUS 130  Creative Music Experience (1)
An introduction to music and its use in the education and development of children. Emphasis is placed on rhythm, melody, harmony, form, style, notation, and creativity. It includes instruction on melodic, percussion, and fretted instruments, classroom observation and participation. This course serves as basic preparation for the elementary and intermediate school instructor, and for those working in various areas of child development. Prerequisite: MUS 6/106 or adequate background.

MUS 133AB  Music Analysis (2,2)
A. A study of the forms found in Classical period music: motive, phrase, period, song form, rondo, theme and variation, and sonata. Principles of understanding musical structures as they apply to folk, pop and music of world cultures.
B. A study of the forms found in the music of the Renaissance, Baroque, Romantic, and Contemporary periods.

MUS 135  Composition (2)
Analysis, improvisation and composition of music in various styles, forms, and instrumental and/or vocal combinations, and electronic sound sources. May be repeated for credit. Often taken as Directed Study.

MUS 139  Instrumental Conducting (2)
Study of baton technique, score reading, and interpretation of orchestral literature.

MUS 140  Choral Techniques (2)
Study of baton technique, score reading, and interpretation of choral literature of various styles.

MUS 142  American Musical Theater (3)
A history of the American Musical from its origins to the present day. The class will include in-depth analysis of varied musicals to further the understanding of how plot, musical structure and interpretation combine to define the genre.

MUS 146
Special Projects in Music (1-3) (independent study)
A. Vocal Literature
B. Instrumental Literature
C. Music History and Literature
D. Church Music
E. Theory and Composition
F. Music Education
G. Musicianship
H. Chamber Music
MUS 147 Seminar in Music Education (2)
Overview of the organization of music in the schools. Scheduling, length, and content of music offerings. Consideration of general music classes, chorus, glee clubs, orchestras, band, ensembles, theory and music literature. Review of technology available for music education. Observation and some supervised teaching.

MUS 151ABC Pedagogy: Principles and Methods (2)
Analysis and comparison of various procedures for beginning and intermediate instruction. Review of various approaches to the art of teaching and appropriate literature. Guided teaching incorporated.
A. Keyboard
B. Vocal
C. Instrumental

MUS 190 Workshop (1-3)
May be repeated for credit.

MUS 196H Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.
NURSING

The college offers Associate, Baccalaureate, and Masters degree programs with majors in nursing that provide options for career mobility.

Philosophy
Mount St. Mary's College is an academic community committed to continuing exploration of our relationship to God, to other persons, and to nature. This exploration takes the form of programs devoted to excellence in the liberal arts and career preparation with a special focus on educating women for participation and leadership in our society and our time. The Catholic tradition of the college offers a value orientation for the student's personal and professional life, giving the motivation for a Christian commitment that views professional life as service. Nursing is a service to humanity. It is a profession committed to: the promotion and restoration of health; the prevention of illness of individuals, families, groups, and communities; and support for a dignified death. It is the science whose main concern involves the life processes that positively affect the health status and integrity of persons, families, and groups. These life processes involve physiological, sociological, and spiritual life components. A focus on the interaction of these components delineates nursing science.

The Department of Nursing functions within the philosophy of the college and has developed a curriculum on the Roy Adaptation Model of Nursing. The Adaptation Model recognizes that a person is a bio-psycho-social-spiritual being in constant interaction with a dynamic and complex world. Humans possess both innate and acquired mechanisms which, in health, enable coping with the complex internal and external environment. In times of stress, these coping mechanisms may be disrupted. The ability to adapt to the internal and external environment at this time affects the person's position on the health-illness continuum. The promotion of adaptation in the direction of health depends upon an educational program which prepares the student to understand the person as a total being, to recognize and respect human values, and to utilize a scientific process within the framework of the adaptation model.

The goal of nursing is directing, maintaining, and reinforcing the adaptation of person, families, and groups toward optimal health.

The process involves:

- assessing the factors that influence the position on the illness continuum, the factors that influence the position, and the effectiveness of the coping mechanisms.
- determining the actual or potential health problem(s).
- establishing mutually acceptable goals.
- intervening by promoting adaptation through the modification of influencing factors and/or increasing the response in the coping potential.
- evaluating the position on the health-illness continuum to reaffirm and/or modify interventions.

Each student enters the nursing program with a unique background for potential growth. Students are active learners. Learning progresses from novice to beginning level practitioner in a variety of settings from simple to complex. Because each student is unique with different learning potentials and different critical thinking skills, the expectation is that the student will seek assistance and demonstrate growth at all stages of learning. The extent to which this
distinct potential is achieved is determined by behavioral changes which are observed and
evaluated in the context of the expected outcomes of the learning process.
The faculty believe the program has different levels of competencies for students to achieve
their distinct potential. Options to select entry levels to promote career mobility are offered.
The faculty believe providing a supportive environment enhances learning at each level of the
program. The faculty act as role models and therefore must be clinically competent and
professionally active. In addition, they assume responsibility for individual advisement of
nursing majors and provide opportunities for assistance in the event of academic difficulties.

**Policy on Admission/Progression in the Nursing Major:***

**Essential Performance Standards**

**Background:**

The Americans with Disabilities Act (ADA) of 1990 was instituted by Congress to prohibit
discrimination against qualified individuals with disabilities. Schools of nursing and state
university systems, like other state and federally funded entities, are required to comply with
the stipulations of the ADA. The ADA defines a qualified individual with a disability as an
individual with a disability who, with or without reasonable accommodation, can perform the
essential functions of the employment position that such individual holds or desires. In
addition, the Rehabilitation Act of 1973 prohibits discrimination in admissions of a qualified
person with disabilities.

ADA and the Rehabilitation Act of 1973 eligibility requirements vary depending on the type
of services, activities, and functions needed in particular areas. The practice of nursing is an
applied discipline with cognitive, sensory, affective, and motor components. Hence, students
must be able to perform the functions which are necessary for the safe practice of nursing and
essential to the licensing standards with or without reasonable accommodations in order to be
admitted to or progress in the nursing program at Mount St. Mary’s College;

**Core Performance Standards:**

1. Ability to think critically, such that the student can begin to make clinical decisions, identify
cause-and-effect relationships with clinical data, and develop nursing care plans.

2. Ability to demonstrate interpersonal abilities such that the student can appropriately interact
with individuals, families, and groups from a variety of social, emotional, cultural, and
intellectual backgrounds.

3. Ability to clearly communicate in verbal and written forms such that students can
communicate nursing actions, interpret client responses, initiate health teaching, document
and understand nursing activities, and interact with clients, staff and faculty supervisors.

4. Ability to maneuver in small spaces and move from one place to another such that the student
can move around in clients’ rooms and bathrooms, into and out of work spaces, access
treatment areas, and procure needed emergency materials when indicated. While health care
agencies must meet ADA physical access standards, potential clients with equipment may
limit the amount of available space in which to move.
Nursing focuses on prevention and promotion of health. Students admitted to and progressing through Mount St. Mary's College Nursing Program are strongly encouraged to engage in health practices which model those they are teaching to patients. Prior to enrollment in the first nursing course, students will be informed of the nursing department health policies.

Every student admitted to the nursing courses must have completed the following health data. Clinical agencies will not accept a student who has not met all of the following health requirements:

1) past medical history on which the student attests that physical and emotional health are such as to allow for full participation in both clinical and theoretical components of the nursing curriculum;

2) physical examination, including a visual screening, urinalysis, and complete blood count, must be completed by a licensed physician, certified nurse practitioner, or physician's assistant annually.

3) a two step PPD/Mantoux skin test for Tuberculosis is required on admission to the nursing program. Then annual testing is required. If the student tests positive or has previously tested positive, a chest x-ray is required every year.

IMMUNIZATIONS

Polio – series of three doses for those under 18 years of age;

Measles/Mumps/Rubella (MMR) – If born in 1957 or later, the student must have two doses, with at least one since 1980. Students born prior to 1957 may either have one dose or demonstrate proof of immunity through titers or have two doses;

Tetanus and Diptheria (TD) – every 10 years;

Hepatitis B – Unless the student can demonstrate immunity through a titer, all nursing majors must have completed at least two of three shots prior to beginning clinical. The second shot is given one month after the first, and the third shot is due six months after the first.

5. Ability to demonstrate gross and fine motor skills sufficient to provide safe and effective nursing care such that the student can move and position clients in and out of bed, ambulate and transport patients, calibrate and use equipment, and perform cardiopulmonary resuscitation.

6. Ability to hear well enough to monitor and assess clients’ health needs such that the student can hear cries for help, alarms on equipment, emergency signals, breath and heart sounds on auscultation, and various overhead codes.

7. Ability to see well enough to observe and assess clients’ health status and changes in condition such that the student could see grimacing, movement, changes in skin color, rashes, and other observed client changes or responses.

8. Ability to have tactile capabilities sufficient for physical assessment such that the student could successfully perform palpation, note changes in skin temperature, perform skills related to therapeutic activities and identify by touch other changes in client condition.

Department of Nursing Policies

(Policies apply to each nursing program)

Nursing focuses on prevention and promotion of health. Students admitted to and progressing through Mount St. Mary's College Nursing Program are strongly encouraged to engage in health practices which model those they are teaching to patients. Prior to enrollment in the first nursing course, students will be informed of the nursing department health policies.

Every student admitted to the nursing courses must have completed the following health data. Clinical agencies will not accept a student who has not met all of the following health requirements:

1) past medical history on which the student attests that physical and emotional health are such as to allow for full participation in both clinical and theoretical components of the nursing curriculum;

2) physical examination, including a visual screening, urinalysis, and complete blood count, must be completed by a licensed physician, certified nurse practitioner, or physician's assistant annually.

3) a two step PPD/Mantoux skin test for Tuberculosis is required on admission to the nursing program. Then annual testing is required. If the student tests positive or has previously tested positive, a chest x-ray is required every year.

IMMUNIZATIONS

Polio – series of three doses for those under 18 years of age;

Measles/Mumps/Rubella (MMR) – If born in 1957 or later, the student must have two doses, with at least one since 1980. Students born prior to 1957 may either have one dose or demonstrate proof of immunity through titers or have two doses;

Tetanus and Diptheria (TD) – every 10 years;

Hepatitis B – Unless the student can demonstrate immunity through a titer, all nursing majors must have completed at least two of three shots prior to beginning clinical. The second shot is given one month after the first, and the third shot is due six months after the first.
TITERS:
Measles: demonstrate immunity through serological testing or be immunized for rubella, rubeola, mumps
Hepatitis B Titer: One month after the third hepatitis B vaccine, the student must demonstrate proof of immunity. If negative, a fourth vaccine is required with a post titer.
Varicella (chicken pox) Titer: If the result is negative, two doses of a varicella vaccine are required one month apart.

If a student is not able to comply with these health requirements, the student must obtain a written statement to this effect from her/his physician and submit it to the nursing department. Students have the responsibility of disclosing any temporary medical condition which may hamper their ability to perform the essential performance standards. A written medical release from their health care practitioner must be submitted to the Nursing Department prior to returning to the clinical area.

Clinical agencies may have requirements other than those above. If so, students will be instructed to obtain the necessary tests.

The student is not allowed to participate in clinical experiences if the medical processing is not completed prior to the start of the clinical rotation.

A student with a health condition (i.e., pregnancy, seizure disorder, HIV positive, diabetes, infectious disease, emotional problems, etc.) that may have a safety consideration must immediately notify the clinical instructor so that assignment modification can be made as necessary. The Department of Nursing has the responsibility to determine those health issues that may interfere with the student's progress in the clinical area.

To ensure success in the program, all students with documented learning disabilities must inform each nursing instructor at the beginning of each course, so that reasonable accommodations can be made.

Objectives: Associate in Arts Degree - ADN Program

Upon completion of the program, the student will have met the following objectives:

I. Provider of Care
   A. Utilize Roy Adaptation Model to:
      1. Recognize, assess and define the factors influencing the person's/family's adaptive level, adaptive response, and consequent position of the health-illness continuum;
      2. Identify, assess and validate the person's/family's adaptive level and response;
      3. Define patient/client goals based upon a clear analysis and synthesis of data in collaboration with patient, nursing and other disciplines;
      4. Define and perform those nursing interventions which affect the patient/client goals;
      5. Evaluate the consequences of nursing interventions in terms of the person's/family's behavioral change and the achievement of both patient/client and nursing goals, and modify those nursing actions, if desired adaptive outcomes are not achieved.

   B. Utilize the nursing process as a scientific method.

   C. Utilize knowledge of health-illness (normal/disruption) as it pertains to patient/client care.

   D. Demonstrate competency in common nursing procedures.

II. Communicator
A. Utilize effective communication skills with clients and peers.

B. Use communication skills as a method of data collection, nursing intervention and evaluation of care.

C. Communicate and record assessments, nursing care plans, interventions and evaluations within the protocol of the institution.

III. Client Teacher
   A. Apply principles of the teaching/learning process.
   B. Develop short-range teaching plans based on the learning process.

IV. Manager of Client Care
   A. Function effectively as a member of health care team.
   B. Utilize basic leadership skills in practice, based on small group patient care management and primary nursing.

V. Membership within the profession of Nursing
   A. Make judgments based on moral, ethical, and legal principles.
   B. Continue to evaluate and enhance personal and professional behavior.
   C. Assume responsibility for self-development and use resources for continued learning.
   D. Maintain the role of the nurse as a patient advocate.

Upon completion of the program, the student is eligible to take the California State Board examination for registered nurses (R.N.) licensure.

Associate in Arts Degree: The Major in Nursing

A. Use communication skills as a method of data collection, nursing intervention and evaluation of care.

B. Use communication skills as a method of data collection, nursing intervention and evaluation of care.

C. Communicate and record assessments, nursing care plans, interventions and evaluations within the protocol of the institution.

III. Client Teacher
   A. Apply principles of the teaching/learning process.
   B. Develop short-range teaching plans based on the learning process.

IV. Manager of Client Care
   A. Function effectively as a member of health care team.
   B. Utilize basic leadership skills in practice, based on small group patient care management and primary nursing.

V. Membership within the profession of Nursing
   A. Make judgments based on moral, ethical, and legal principles.
   B. Continue to evaluate and enhance personal and professional behavior.
   C. Assume responsibility for self-development and use resources for continued learning.
   D. Maintain the role of the nurse as a patient advocate.

Upon completion of the program, the student is eligible to take the California State Board examination for registered nurses (R.N.) licensure.

Associate in Arts Degree: The Major in Nursing

A. Utilize effective communication skills with clients and peers.

B. Use communication skills as a method of data collection, nursing intervention and evaluation of care.

C. Communicate and record assessments, nursing care plans, interventions and evaluations within the protocol of the institution.

III. Client Teacher
   A. Apply principles of the teaching/learning process.
   B. Develop short-range teaching plans based on the learning process.

IV. Manager of Client Care
   A. Function effectively as a member of health care team.
   B. Utilize basic leadership skills in practice, based on small group patient care management and primary nursing.

V. Membership within the profession of Nursing
   A. Make judgments based on moral, ethical, and legal principles.
   B. Continue to evaluate and enhance personal and professional behavior.
   C. Assume responsibility for self-development and use resources for continued learning.
   D. Maintain the role of the nurse as a patient advocate.

Upon completion of the program, the student is eligible to take the California State Board examination for registered nurses (R.N.) licensure.

Associate in Arts Degree: The Major in Nursing

A. Utilize effective communication skills with clients and peers.

B. Use communication skills as a method of data collection, nursing intervention and evaluation of care.

C. Communicate and record assessments, nursing care plans, interventions and evaluations within the protocol of the institution.

III. Client Teacher
   A. Apply principles of the teaching/learning process.
   B. Develop short-range teaching plans based on the learning process.

IV. Manager of Client Care
   A. Function effectively as a member of health care team.
   B. Utilize basic leadership skills in practice, based on small group patient care management and primary nursing.

V. Membership within the profession of Nursing
   A. Make judgments based on moral, ethical, and legal principles.
   B. Continue to evaluate and enhance personal and professional behavior.
   C. Assume responsibility for self-development and use resources for continued learning.
   D. Maintain the role of the nurse as a patient advocate.

Upon completion of the program, the student is eligible to take the California State Board examination for registered nurses (R.N.) licensure.
completing 28 units of prescribed courses. The student is not awarded a degree from Mount St. Mary's College. Entrance interview with the Program Director is required for this option.

Candidates with previous Registered Nursing education may be given transfer credit for previous nursing courses equivalent to the Nursing Department courses. Admission of these candidates will be on a probationary status. The student must have a cumulative GPA of 2.5 or better in the nursing courses for admission consideration. A minimum of 18 units of nursing courses must be completed during the last two semesters at Mount St. Mary's College. Candidates who have taken courses related to nursing with a theoretical foundation and are currently practicing in the healthcare setting (i.e., CNA, Respiratory Tech, Hemodialysis Tech, LPT) may challenge specific courses. The student must make an appointment with the Program Director to discuss this option and his/her qualifications. Eligible candidates will be given the challenge process for specific courses. The college policy for challenge exams will be followed.

**Academic Policy: ADN**

The faculty of the Department of Nursing has the right and the responsibility for judging and evaluating the quality of the student's achievement, both in the mastery of theoretical content and in clinical competence.

Notice of academic difficulty, probation, or dismissal is used when deemed necessary. A grade below C (2.0) in a course (Nursing or General Education) is considered a failed course and must be repeated. A student may have only one failed course during the entire nursing program. A student may repeat only one failed course in the entire program. A second failed course or a failed repeated course results in dismissal from the program. A failure of more than one course in a series of courses (e.g. NUR 24, 24A, 24L, 25) taken concurrently, counts as one failed course. If a student's level of clinical practice is unsatisfactory or unsafe, the student may fail before the end of the semester.

Readmission may be granted by special action of the Admission Committee of the ADN Department. Readmission of a student who was dismissed from the nursing program due to unsafe practice is not permitted.

Upon admission to the ADN program, a proficiency examination in English and math is administered. A math score of 84% is necessary to participate in nursing courses. Students who score below the passing score are required to attend a "Bridges" course offered by the college. This is a tutorial course offered through the Learning Resource Center with a lab fee charged.

Students are re-tested at the completion of the course. A student may retest only once. An unsuccessful score of less than 84% on the second math test results in dismissal from the nursing program. The purpose of this examination is to determine the student's ability to correctly calculate medication dosages in the clinical setting. All students (regardless of entry level status), even if they have previously successfully completed a college mathematics course, are to complete this requirement. Students who fail the English proficiency test are encouraged to work with the Learning Center staff to improve English skills. These students are retested at the end of the first semester.

During the clinical portion of the program, students must carry malpractice insurance, have a current CPR card (Health Care Provider or BCLS/Professional Rescuer CPR), and an LA City fire safety card.

Total units: 14

Total units required for California RN licensure Exam: 29
NUR 20 Adapation Model Nursing Theory (2)
Introduction of the Roy Adaptation Model as a theoretical framework for nursing practice.
Emphasis is on nursing process according to adaptation theory, with integration of physiological and psychosocial modes of adaptation in the adult population.

NUR 23/23L Principles and Practice of Nursing Skills (2,1)
This course introduces theoretical foundation for basic assessment skills including interviewing (beginning communication skills), observation, basic physical assessment, vital signs measurement. The course also introduces basic nursing skills and interventions necessary for safe patient care, including sterile techniques, concepts of infection control, and basic hygiene care. The concurrent clinical component in the Skills Lab focuses on development of associated psychomotor skills introduced in NUR 23. Prerequisite: NUR 20 or concurrent enrollment with NUR 20

NUR 24 Adult Adaptation Nursing I (2)
This course involves an Adaptation Process approach focusing on the Physiologic Mode of adult population. The course focuses on beginning adaptation problems of oxygenation, nutrition, activity/rest, elimination and protection needs of the patient. The impact of physiological processes of fluid and electrolytes, neurological, endocrine, sensory system in adaptation is discussed. Prerequisite: NUR 20, 23/23L, 30, or concurrent enrollment with NUR 30

NUR 24A, 24L Medical-Surgical Principles and Practice of Skills I (0.5, 0.5)
Introduction of skills for nursing interventions related to medication administration, management of mobility problems, management of nutritional problems, management of elimination problems, and fluid management. Prerequisite: NUR 20, 23/23L, 30 or concurrent enrollment with NUR 30.

NUR 25 Medical-Surgical Practicum I (2)
This first medical-surgical practicum introduces the student to the care of the adult hospitalized patient with common medical-surgical problems. Experience is provided in a variety of hospital settings and with patients who are at various points along the health-illness continuum. The focus of this course is the application of concepts from Adult Adaptation I (NUR 24) and Medical-Surgical Principles and Practice of Nursing Skills (NUR 24A/24L). Prerequisite: NUR 20, 23/23L, 30, or concurrent enrollment with NUR 30. NUR 24, 24A/24L, 25 are taken concurrently and must be passed successfully before progressing.

NUR 26 Adult Adaptation Nursing II (2)
The second medical-surgical course focuses on advanced adaptation problems of oxygenation, nutrition, activity/rest, elimination and protection needs of the patient and incorporates the psychosocial modes in applying the Adaptation Model. The impact of physiological processes of fluid and electrolytes, neurological, endocrine, sensory system in adaptation is discussed. Prerequisites: NUR 20, 23/23L, 30, 24, 24A/24L, 25.

NUR 26A, 26L Medical-Surgical Principles and Practice of Skills II (0.5, 0.5)
Introduction of skills for nursing interventions related to IV insertion and Central line management; Blood therapies; airway and oxygenation management. Prerequisites: NUR 20, 23/23L, 30, 24, 24A/24L, 25.

NUR 27 Medical-Surgical Nursing Practicum II (2)
This second medical-surgical practicum provides the student with experience in the care of the adult hospitalized patient with common medical-surgical problems. Experience is provided in a variety of hospital settings and with patients who are at various points along the health-illness continuum. The focus of this course is the application of concepts from Adult Adaptation II (NUR 26) and Medical-Surgical Principles and Practice of Nursing Skills (NUR
NUR 28  Adult and Adolescent Mental Health Adaptation (2)
This course introduces the student to an array of mental health problems of adolescent, adult, and geriatric population. The focus of the course is the psychosocial impact of health-illness problems and its adaptation process. The course addresses legal and social issues of the mentally ill and provides students with available resources for interventions. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 26, 26A/26L, 27 are taken concurrently and must be passed successfully before progressing.

NUR 28A  Principles and Practice of Advanced Interpersonal Skills (1)
This course introduces the students to basic and advanced therapeutic communications skills. Dynamics of interpersonal relationships and assertiveness principles are addressed. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25.

NUR 29  Mental Health Practicum (2)
This course provides the student with experiences interacting with adolescent, adult, and geriatric population with mental health illness. The focus of the course is the psychosocial impact of health-illness problems and its adaptation process and application of concepts from Adult and Adolescent Mental Health Adaptation (NUR 28) and Principles and Practice of Advanced Interpersonal Skills (NUR 28A). **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25. NUR 28, 28A, 29 are taken concurrently and must be passed successfully before progressing.

NUR 30  Pharmacology (2)
This course presents pharmacology as related to treatment of pathological processes. Major drug classes and mechanisms of drug actions as well as nursing implications are covered. **Prerequisites:** NUR 20 or concurrent enrollment with NUR 20, or concurrent enrollment with NUR 24, 24A, 24L, 25.

NUR 31  Children: Adaptation (2)
This course introduces the student to health problems of children and the impact on the family unit. The focus of the course is the bio-psycho-social impact of health-illness problems and its adaptation process. The course addresses legal and social issues of children and provides students with available resources for interventions. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29.

NUR 32A Community focused care: Children (1)
The course provides community care experience of the children, focusing on bio-psycho-social impact of health related problems. Experience is provided in a variety of non-hospital settings, such as ambulatory mobile unit. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29.

NUR 32  Children: Practicum (2)
The course provides clinical experience of children, focusing on bio-psycho-social impact of health related problems in an acute care setting. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29. NUR 31, 32, 32A are taken concurrently and must be passed successfully before progressing.

NUR 33 Professional and Management Issues in Nursing (2)
The course examines issues faced by professional nurses in providing health care, focusing on the roles of the professional nurse. It also addresses beginning concepts of leadership role in discussing principles of leadership and management. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29.

NUR 35 Childbearing: Adaptation (2)
The course introduces the student to health problems of the childbearing adult and the impact on the family unit. The focus of the course is the bio-psycho-social impact of health-illness...
problems and its adaptation process. The course addresses legal and social issues of childbirth and provides students with available resources for interventions. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29.

**NUR 36A Community focused care: Childbearing (1)**

The course provides community care experience of the childbirth adult, focusing on bio-psycho-social impact of health related problems. Experience is provided in a variety of non-hospital settings, such as ambulatory setting. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29.

**NUR 36 Childbearing: Practicum (2)**

The course provides clinical experience of the childbirth adult, focusing on bio-psycho-social impact of health related problems in an acute care setting. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29. NUR 35, 36, 36A are taken concurrently and must be passed successfully before progressing.

**NUR 37 Gerontological Nursing: Adaptation (2)**

This course introduces the student to multiple and chronic health problems of the geriatric population. The focus of the course is the bio-psycho-social impact of health-illness problems and its adaptation process. The course addresses legal and social issues of the older adults and provides students with available resources for interventions. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29, 33, 31, 32, 32A (or 35, 36, 36A).

**NUR 38A Community focused care: Gerontology (1)**

The course provides community-care experience of the older adults, focusing on bio-psycho-social impact of aging and health related problems. Experience is provided in a variety of non-hospital settings, such as Meals-on-wheels program and residential settings. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29, 33, 31, 32, 32A (or 35, 36, 36A).

**NUR 38 Gerontological Nursing: Practicum (2)**

The course provides clinical experience of older adults, focusing on bio-psycho-social impact of health related problems in a long-term setting. The course also will experience the manager role of the RN. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29, 33, 31, 32, 32A (or 35, 36, 36A). NUR 37, 38, 38A are taken concurrently and must be passed successfully before advancing.

**NUR 46 Adult Adaptation Nursing III (3)**

This course introduces the student to health problems of acute, complex, multi-system health problems of adults. The focus of the course is the bio-psycho-social impact of health-illness problems and its adaptation process. Nursing interventions focus on acute medical and nursing management of adults. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29, 33, 31, 32, 32A, 35, 36, 36A, 37, 38, 38A.

**NUR 47 Medical-Surgical Nursing Practicum III (2)**

The course provides clinical experience of adult, complex, multi-system management of adults in an acute care setting. Focus of care is on bio-psycho-social impact of acute health problems on an individual and the family. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29, 33, 31, 32, 32A, 35, 36, 36A, 37, 38, 38A. NUR 46, 47 are taken concurrently and must be passed successfully before progressing.

**NUR 48 Professional Nursing Practicum (3)**

The course provides an internship experience in applying leadership and management principles in an acute care settings. Focus of care is on developing clinical and leadership skills of a beginning professional nurse. A group of students is assigned to a preceptor/mentor of the assigned unit during the experience. **Prerequisites:** NUR 20, 23/23L, 30, 24, 24A/24L, 25, 28, 28A, 29, 33, 31, 32, 32A, 35, 36, 36A, 37, 38, 38A, 46, 47.
NUR 49  NCLEX Workshop (1)
This course offers the student individualized learning, enhances testing strategies, and allows practice with the use of the computerized NCLEX testing.

NUR 98  Independent Studies (1-3)
Independent investigation of significant problems in nursing. Prerequisite: consent of instructor.

NUR 99  Special Studies in Nursing (1-3)
Selected problems; offered as a course or seminar on current issues in nursing. Prerequisite: consent of Instructor.

Objectives: Baccalaureate Program

At the completion of the baccalaureate nursing program, the graduate will have met the following objectives and will:

Utilize the Roy Adaptation Model as a scientific method to deliver nursing care to persons, families, and groups.
Utilize knowledge of health/illness continuum to advocate for and maximize health of persons, families and groups.
Use critical thinking, knowledge, and skills obtained from nursing and liberal arts courses to provide professional nursing care in a variety of settings.
Utilize and apply complex, effective communication skills to persons, families, and groups.
Develop and implement individualized teaching/learning plans for persons, families, and groups.
Utilize leadership skills based on the principles of management, delegation, change process, group process, and systems theory in health care settings.
Utilize research findings to guide practice in health care delivery.
Critically examine and integrate the principles of moral, ethical, and legal issues which influence health care.
Create interventions that consider a variety of influencing factors: e.g., culture, religion, race, ethnicity, and socioeconomic status.
Establish independent and interdependent roles which will enhance professional growth.

Upon the completion of the Baccalaureate program, the student is eligible to take the NCLEX-RN for licensure and is also qualified to apply for the Public Health Nursing Certificate issued by the Board of Registered Nursing.

Bachelor of Science Degree: The Major in Nursing

In addition to meeting the general admission requirements, acceptance into the Department of Nursing is determined by the Admission Committee of the department. Admission is based upon a consideration of the student's academic achievement. There is a formal review of the student's high school achievement record, grade point average, College Entrance Examination scores, previous college experience (if any). Students who intend to major in nursing are advised to take high school chemistry. In order to be eligible for review, applicants must be admitted to the college and then fulfill the nursing admission requirements. Admission to the Sophomore nursing courses is considered for the fall semester only and is based on cumulative GPA, science GPA, successful demonstration of English competency, written essay, and letters of reference. Personal interviews may be scheduled for qualified applicants once admission documents are received. Priority is given to students who meet the required
criteria and who have completed two semesters at Mount St. Mary's College. A cumulative GPA of 2.7 for all transferable college work attempted and a science GPA of 2.50 is required for admission to the nursing program. The science GPA will consist of grades received from chemistry/physics, anatomy, physiology, and microbiology. A student may repeat a course required for the nursing major no more than once. Failure (C- and below) of any two required science or pre-requisite courses results in non-admission. LVNs who have been accepted by the College and have completed the general studies requirements of the first two years may challenge Sophomore nursing courses and move directly into Junior nursing courses. NUR 41 and NUR 52 must be satisfactorily completed prior to acceptance into Junior nursing courses. A non-degree program is available for LVNs who meet the College entrance requirements. After completing 30 units of prescribed courses, the student is eligible to take the NCLEX-RN exams for licensure as a Registered Nurse but is not considered a graduate of Mount St. Mary's College. California registered nurses accepted by the college may be given transfer credit for previous nursing courses equivalent to the Nursing Department lower division courses. NUR 41 and NUR 52 are to be satisfactorily completed prior to acceptance into Senior nursing courses.

The BSN program is approved by California Board of Registered Nursing and accredited by Commission on Collegiate Nursing Education.

Baccalaureate Nursing Department Policies for Students

The faculty of the Department of Nursing has the right and the responsibility for judging and evaluating the quality of the student's achievement, both in the mastery of theoretical content and in clinical competence. Mid-term warning, probation, or dismissal are used when deemed necessary. A grade of C- or below in a required course or a nursing theory course is not accepted. If the grade of C- or below is in a nursing theory course, non-progression in the program occurs. A student may repeat a nursing theory course required for the nursing major no more than once. A grade of C- or below in a nursing clinical course or failure of any two required nursing courses results in dismissal from the nursing program.

If a student's level of clinical practice is unsatisfactory or unsafe, the student may fail before the end of the semester. Readmission may be granted by special action of the Admission Committee of the Department of Nursing.

Before admission to nursing courses, a departmental examination in mathematics must be successfully completed (84%). The purpose of this examination is twofold: 1) to earn credit for the mathematics requirement General Studies IIIE; and 2) to determine the student's ability to correctly calculate medication dosages in the clinical setting. All students, regardless of entry level status, even if they have previously successfully completed a college mathematics course are to complete this requirement. Should the applicant not pass the exam, score below 84%, 20 hours of documented tutoring or a remedial math course passed with a minimum grade of C is required. The exam may then be retaken only one more time and must be passed in order to be considered for admission. A critical thinking exam is also required to assist in academic advisement.

Once admitted and enrolled in the College, all BSN nursing students will be required to successfully complete either PHI 168A or B or RST 149 at MSMC. In order to meet the nursing department requirements for bioethics, any bioethics course transferred in prior to admission must be an upper division course.

Departmental policy statements regarding grading, mathematical competence, clinical progression, incomplete grades, probation, absences, dismissal, and readmission to the program are provided to the student at the beginning of the nursing major. During the clinical portion of the program, students must ordinarily be enrolled full-time (see Tuition and Fees), must carry malpractice insurance, have a current CPR card (Health Care Provider
Information on all policies and procedures can be obtained from the Department of Nursing’s Coordinator of Advisement and Testing. Certain health requirements must be met prior to clinical experience. In addition to the College Baccalaureate degree requirements, students who step back into the MSMC BSN program after an absence of seven (7) years or more must complete all requirements of the Department of Nursing and the level to which they are re-enrolling.

**Clinical Agencies/Scheduling**

Multiple agencies are used for clinical practice and include the following: private and public acute care facilities, skilled nursing facilities, Los Angeles County public health sites, home health agencies, schools, and other community health care facilities. Transportation for clinical classes is the responsibility of each student. Students in their senior session are required to have a current driver’s license and auto insurance. Schedules for clinical and class times are subject to change. Clinical classes may include weekends.

Total units for Bachelor of Science Degree in Nursing: 127.5
*courses required by the Department of Nursing
**must have been completed within five years prior to admission
***not required for students entering MSMC with over 24 transferable units

Accelerated Baccalaureate Nursing Program
The Accelerated Bachelor of Science Degree in Nursing (AccBSN) Program is the same
curriculum design as the Baccalaureate Nursing Program (BSN), follows the stated
philosophy, and students meet the terminal objectives as delineated for the Baccalaureate
program. The AccBSN program offers the BSN program within a one year (May to May)
time frame and is a rigorous program of study. The Accelerated student completes a three
semester course of study, beginning with the first Summer session, followed by a Fall
semester, and ending with a final Spring semester. At the completion of the final semester,
graduates are eligible to take the national Council Licensure Examination for Registered
Nurses (NCLEX-RN) and to qualify for the California Public Health Nursing Certificate. The
AccBSN program is approved by the California Board of Registered Nursing and accredited
by the Commission on Collegiate Nursing Education.
AccBSN Application Procedure
AccBSN applicants must submit the following documents:

1.) Completed admissions application
2.) Personal statement of intent
3.) Official transcripts of all college work
4.) Two recommendations by those acquainted with the applicant's ability to succeed in an accelerated curriculum.
5.) Personal interviews may be scheduled.

AccBSN Program Admission Requirements
The AccBSN program is open to persons who have previously completed a Baccalaureate degree and who meet specific admission requirements. Admission to the program is open only once a year. The application deadline is November 1 and decisions are mailed in mid December.

To be considered for admission, students must be graduates of an accredited four year college or university with an earned grade point average of at least 3.0.

An eligible applicant must have also completed the following requirements prior to beginning the program.

Transfer Articulation for the Accelerated Nursing Baccalaureate Program
Mount Saint Mary's College accepts completed Baccalaureate degrees from accredited colleges and universities as evidence of fulfillment of MSMC General Studies requirements with the exception of philosophy and religious studies. To fulfill these requirements, students must complete two courses in each discipline.

Nursing Core Requirements
*Chemistry or Physics (3-4 units)
*Human Anatomy with Lab (3-4 units)
*Human Physiology with lab (3-4 units)
*Microbiology with Lab (4 units)
Human Nutrition (3 units)
General Psychology (3 units)

Life-span Developmental Psychology (Infant through Adult) (3 units)
Introduction to Sociology or Cultural Anthropology (3 units)

*Must have been completed within five years prior to admission

General Studies Requirements.
Written and Oral Communication (6 units)
Philosophy (3 units)
Philosophy (3 upper division units, must be Bioethics)
Religious Studies Courses (6 units)
Entrance Requirements *(AccBSN)*

Before admitted students begin the program in May, they must:

1.) Complete the Department of Nursing Math Test with a minimum score of 84%.
2.) Complete the necessary health forms and immunizations (see Health Policies, Department of Nursing)
3.) Be current in CPR (Healthcare Provider BCLS/Professional Rescuer CPR).
4.) Carry malpractice insurance.
5.) Complete a First Aid Course.

Costs/Financial Aid/Registration

Tuition for the AccBSN program is the same as the standard Mount St. Mary's College undergraduate tuition and fees for three semesters. There is a nursing fee for each of the three accelerated sessions. Please refer to the Fees and Expenses for exact figures and guidelines.

While AccBSN students are not eligible for Mount St. Mary's grants or scholarships, students may be eligible for federal, state, or private grants or loans. In order to qualify, students must send the FAFSA forms to the processor no later than January 15. Information on financial aid eligibility will be sent prior to the deposit deadline. A non-refundable deposit fee of $300.00 is due on the date specified in the acceptance letter.

AccBSN Degree Curriculum Requirements

The AccBSN program requires 124 units which includes 56 Nursing department units and 3 units of Bioethics. Admitted students must complete their total curriculum plan at Mount St. Mary’s College. They may not take required nursing courses at other institutions. A sample program is listed below.

NUR 153  Practicum: Nursing Leadership and Management (1.5)
NUR 156  Adaptation Nursing: Older Adult (1.5)
NUR 157  Practicum: Older Adult (1.5)
NUR 158  Senior Preceptorship Theory (1.5)
NUR 159  Senior Preceptorship Clinical (1.5)

Total units: 18
Total units for an Accelerated B.S. in Nursing: 124

Note: Prerequisites for courses in the NUR 140 and 160 Series: successful completion of the NUR 41, 42AB, 44AB, 45AB or 51, 53ABC, 54, 60, 61, 65, and Nutrition. The NUR 140 and 160 courses involve the continued use of the Roy Adaptation Model as a basis for prevention, rehabilitation, and teaching.

NUR 41  Adaptation Nursing Theory (3)
Introduces the Roy Adaptation Model of Nursing with emphasis on the physiological and psychosocial modes as related to adult and older adult behaviors. Introduces concepts of cultural diversity, aging, and sexuality.

NUR 42A  Fundamentals of Nursing: Theory (2)
Covers basic nursing measures necessary for safe patient care. The focus is to provide the theoretical foundation for selected nursing skills.

NUR 42B  Fundamentals of Nursing: Skills (1)
Practice and development of the student’s psychomotor ability in the performance of basic nursing skills taught in NUR 42A. Designed to integrate computer assisted learning for an independent approach to learning.

NUR 44A  Introduction to Pathophysiology and Medical/Surgical Nursing (3)
Basic pathophysiological mechanisms of disease and selected medical-surgical disruptions of protection and oxygenation that are common to adults are presented for discussion. Patient care management is included. Sophomore standing.

NUR 44B  Adaptation Nursing: Adult Medical/Surgical (3)
Lecture. Common disruptions in the body’s structure, function and regulatory mechanisms are presented which include: immune response, inflammation, and temperature control. Nursing and Medical Management will be discussed.

NUR 45A  Nursing Practicum: Adult (4)
Clinical practice of nursing with application of concepts related to basic nursing knowledge, fundamentals, and skills. The focus is on the care of the adult hospitalized patient with common medical/surgical problems. Sophomore standing.

NUR 45B  Practicum: Adult Medical/Surgical Nursing (4)
Clinical practice of nursing process and skills with application of concepts related to basic nursing skills and to common disruptions in body systems. Focus on common medical-surgical problems affecting adults and older adults, stimuli for illness, nursing diagnoses, nursing interventions, prevention, and teaching in an in-patient setting.

NUR 51  Nursing Practicum: Adult (4)
Clinical practice of nursing process and skills with application of concepts related to basic nursing skills and to common disruptions in body systems. Focus on common medical-surgical problems affecting adults and older adults, stimuli for illness, nursing diagnoses, nursing interventions, prevention, and teaching in an in-patient setting.
NUR 53A  Fundamentals of Nursing: Theory (2)
Introductory course that covers the theories, concepts, principles and procedures that is fundamental to current nursing practice. Provides a knowledge base to understand the practice of professional nursing with a focus on the adult hospitalized patient.

NUR 53B/C Fundamentals of Nursing: Skills (1.5/1.0)
Covers basic nursing measures necessary for safe patient care. The focus is to provide the theoretical basis for selected nursing skills and to develop the student's psychomotor ability in the performance of these skills. Designed to integrate computer assisted learning for an independent approach to learning.

NUR 54  Introduction to Pathophysiology (3)
Common disruptions in the body’s structure, function and regulatory mechanisms are presented which include: immune response, inflammation, and temperature control. Nursing and Medical Management will be discussed.

NUR 60  Adaptation Nursing Theory (3)
Introduces the Roy Adaptation Model of Nursing with emphasis on the physiological and psychosocial modes as related to adult and older adult behaviors. Introduces concepts of cultural diversity, aging, and sexuality.

NUR 61  Nursing Practicum: Adult (4)
Continuation of the Nursing Skills and Process with application of concepts related to the physiologic and psychosocial mode of adaptation.

NUR 65  Adaptation Nursing: Adult Medical/Surgical (3)
Common medical-surgical problems affecting adults, focus on adult and older adult, stimuli for illness, nursing diagnoses, nursing interventions, prevention, and teaching.

NUR 98  Independent Studies (1-3)
Independent investigation of significant problems in nursing. Prerequisite: consent of instructor.

NUR 99  Special Studies in Nursing (1-3)
Selected problems; offered as a course or seminar on current issues in nursing. Prerequisite: consent of instructor.

NUR 134  Issues in Professional Nursing (2)
The focus is on the profession of Nursing. Content includes: the history of nursing, the Nursing Practice Act, legal aspects, liability, and other current issues affecting the nursing profession. Prerequisites: Successful completion of the NUR 160 series.

NUR 135  Pharmacology in Nursing (2)
Pharmacology as related to pathological processes and various groups of clients is presented, major drug classes and mechanisms of drug actions as well as nursing implications are detailed. Prerequisites: Successful completion of the NUR 40, 50, 60 series.

NUR 136  Abuse: Child to Elder Adult (1)
Child, elder and women's abuse will be covered. Included will be prevention, early detection, and intervention techniques. California reporting requirements for child abuse will be covered.

NUR 138  Research (3)
Principles of scientific methods, research designs appropriate to nursing, ethical conduct in human subject research, and components of theoretical frameworks are presented. Emphasis on understanding, critiquing, and applying published research findings to clinical practice. Prerequisite: Successful completion of NUR 140 and 160 series. Student must be in Senior standing. GS-II
NUR 140 Adaptation Nursing: Childbearing Family (2.5)
Lecture. The focus of the bio-psycho-social impact of health and illness problems related to childbearing families. Prerequisite: Junior standing.

NUR 141 Practicum: Childbearing Family (1.5)
Clinical practice in prenatal, delivery and postnatal care. Includes the study of parenting roles and health needs of emerging family groups.

NUR 142 Adaptation Nursing: Children (2.5)
Lecture. The focus of the bio-psycho-social impact of health and illness problems related to children.

NUR 143 Practicum: Children (1.5)
Clinical practice in the health-illness problems encountered in the care of children, from infancy through adolescence and their families.

NUR 144 Adaptation Nursing: Advanced Medical/Surgical (2.5)
Lecture. The focus of the bio-psycho-social impact of health and illness problems related to complex episodic medical and surgical disruptions in the adult. Patient care management is included. Junior standing.

NUR 145 Practicum: Advanced Medical/Surgical Nursing (1.5)
Clinical practice in the health-illness problems encountered in the care of complex episodic medical and surgical disruptions in the adult. Patient care management is included. Junior standing.

NUR 146 Adaptation Nursing: Mental Health (2.5)
Lecture. The focus of the bio-psycho-social impact of health and illness problems related to the mental health of individuals and groups. Junior standing.

NUR 147 Practicum: Mental Health (1.5)
Clinical practice in the application of the principles and concepts related to psycho-social problems in psychiatric settings. Junior standing.

NUR 150 Adaptation Nursing: Community Health Nursing (1.5)
Lecture. Theories and concepts from nursing and public health are presented from a bio-psycho-social perspective. The focus is on the health of the population, as well as on individuals, families and groups living in the community. The Roy Adaptation Model is threaded throughout the broad topics, which include community oriented practice, family, community assessment, epidemiology and communicable disease. Senior standing.

NUR 151 Practicum: Community Health Nursing (1.5)
Provides a clinical experience for the senior level student to use the Roy Adaptation Model to improve the health of individuals, families, groups and the community as a whole. An epidemiological approach is utilized to identify and assess problems within aggregates in the community. A variety of populations and settings are used in order to provide the student with the opportunity to apply the theories and concepts from NUR 180/150. Senior standing.

NUR 152 Adaptation Nursing: Leadership and Management (1.5)
Lecture. Theory in this senior level course is designed to analyze leadership and management principles and illustrate how these concepts reflect professional nursing practice. The health care delivery environment will be discussed with an emphasis on the current and future trends in the management of nursing resources and personnel. The Roy Adaptation model and systems theory is threaded through each topic and will be used to evaluate individuals, groups and organizations on how they work together. Senior standing.

NUR 153 Practicum: Nursing Leadership and Management (1.5)
This clinical course provides the senior level student the opportunity to assess and practice under supervision the principles of leadership and management with a variety of populations in various settings. In addition, a conference will be utilized to simulate situations to enhance
student’s learning of theories and concepts from NUR 182/152. The Roy Adaptation Nursing Model and management principles will be utilized to guide assessment of a group identified in the clinical setting. Students may identify additional objectives to meet their personal learning needs with the approval of the instructor. Senior standing.

NUR 156 Adaptation Nursing: Older Adult (1.5)
Lecture. This gerontology course provides the student with the principles of the Functional Consequences Theory as it relates to the Roy Adaptation Model. The student will apply both Models to the psychological and physiological functions of the older adult. Topics also include functional assessment, characteristics of today’s older adults in the United States and issues regarding long-term care. Additionally, the student will carry out indepth research in a gerontology related subject. This research will be presented in a formal paper. Senior standing.

NUR 157 Practicum: Older Adult (1.5)
Clinical practice with older adult clients in various settings enabling the student to apply the concepts and principles in NUR 156. Senior standing.

NUR 158 Senior Preceptorship Theory (1.5)
Lecture: Theory in this senior level course is applicable to any area of nursing specialty. Biopsychosocial and spiritual approaches will be used to present concepts that the Baccalaureate prepared nurse can apply to promote adaptation in individuals, families, and groups. Broad topics include cultural aspects, palliative care, chronic illness, disabilities and management of health regimens. Professional role aspects of quality improvement, accreditation, environmental health and disaster management are included. Senior standing.

NUR 159 Senior Preceptorship Clinical (1.5)
The senior level student will continue to develop and practice the role of the Baccalaureate prepared nurse in this practicum. The student will have the opportunity to demonstrate the ability to apply the theory content from NUR 178/158 and the MSMC Nursing Baccalaureate Program Objectives. A variety of clinical agencies and nursing specialties will be used. The Roy Adaptation Model will be used as the foundation for professional nursing practice. Taken as Credit/No Credit. Senior standing.

NUR 160 Adaptation Nursing: Childbearing Family (2.5)
Lecture. The focus is the bio-psycho-social impact of health-illness problems related to childbearing families. Taken concurrently with NUR 161. Junior standing. GS-VI

NUR 161 Practicum: Childbearing Family (2.5)
Provides clinical experience in prenatal, delivery, and postnatal care, study of the parenting roles, and the health needs of the emerging family groups. Taken concurrently with NUR 160. Junior standing.

NUR 162 Adaptation Nursing: Children (2.5)
Lecture. The focus is the bio-psycho-social impact of health-illness problems related to children. Taken concurrently with NUR 163. Junior standing.

NUR 163 Practicum: Children (2.5)
Provides clinical experience in the health-illness problems encountered in the care of children and their families. Growth and development from infancy through adolescence in terms of the Adaptation Theory of Nursing. Taken concurrently with NUR 162. Junior standing.

NUR 164 Adaptation Nursing: Advanced Medical/Surgical (2.5)
Lecture. The focus is the bio-psycho-social impact of health-illness problems related to complex episodic medical or surgical disruptions in the adult. Leadership and patient care management included. Taken concurrently with NUR 165.
NUR 165 Practicum: Advanced Medical/Surgical (2.5)
Provides clinical experience in the health-illness problems of adult patients with more complex medical or surgical disruptions. Leadership and patient care management included. Taken concurrently with NUR 164. Junior standing.

NUR 166 Adaptation Nursing: Mental Health (2.5)
Lecture. The focus is the bio-psycho-social impact of health-illness problems related to mental health of individuals and groups. Taken concurrently with NUR 167.

NUR 167 Practicum: Mental Health (2.5)
Provides clinical experience in the application of the principles and concepts related to psycho-social problems in psychiatric settings. Taken concurrently with NUR 166. Junior standing.

NUR 168 Senior Preceptorship Theory (2.5)
Lecture. Theory in this senior level course is applicable to any areas of nursing specialty. Biopsychosocial and spiritual approaches will be used to present concepts that the Baccalaureate prepared nurse can apply to promote adaptation in individuals, families, and groups. Broad topics include cultural aspects, palliative care, chronic illness, disabilities, and management of health regimens. Professional role aspect of quality improvement, accreditation, environmental health and disaster management are included. Senior standing.

NUR 169 Senior Preceptorship Clinical (2.5)
The senior level student will continue to develop and practice the role of the Baccalaureate prepared nurse in this practicum. The student will have the opportunity to demonstrate the ability to apply the theory content from NUR 178/158 and the MSMC Nursing Baccalaureate Program Objectives. A variety of clinical agencies and nursing specialties will be used. The Roy Adaptation Model will be used as the foundation of professional nursing practice. Taken as Credit/No Credit. Senior standing.

NUR 170 Community Health Nursing (1.5)
Lecture. Theories and concepts from nursing and public health are presented from a bio-psycho-social perspective. The focus is on the health of the population, as well as on individuals, families and groups living in the community. The Roy Adaptation Model is threaded throughout the broad topics, which include community oriented practice, family, community assessment, epidemiology and communicable disease. Senior standing. Taken concurrently with NUR 171.

NUR 171 Community Health Nursing Practice (2.5)
Provides a clinical experience for the senior level student to use the Roy Adaptation Model to improve the health of individuals, families, groups and the community as a whole. An epidemiological approach is utilized to identify and assess problems within aggregates in the community. A variety of populations and settings are used in order to provide the student with the opportunity to apply the theories and concepts from NUR 170/150. Senior standing. Taken concurrently with NUR 171.

NUR 172 Leadership/Management and Adaptation Nursing (1.5)
Theory in this senior level 1.5 unit course is designed to analyze leadership and management principles and illustrate how these concepts reflect professional nursing practice. The health care delivery environment will be discussed with an emphasis on the current and future trends in the management of nursing resources and personnel. The Roy Adaptation Model and systems theory is threaded through each topic and will be used to evaluate individuals, groups and organizations on how they work together. Senior standing. Taken concurrently with NUR 172.

NUR 173 Practicum: Nursing Leadership/Management Practice (2.5)
This clinical course provides the senior level student the opportunity to assess and practice under supervision the principles of leadership and management with a variety of populations
in various settings. In addition, a conference will be utilized to simulate situations to enhance students’ learning of theories and concepts from NUR 182/152. The Roy Adaptation Nursing Model and management principles will be utilized to guide objectives to meet their personal learning needs with the approval of the instructor. Senior Standing. Taken concurrently with NUR 182.

**NUR 190  Adaptation Nursing : Older Adult  (1.5)**

Lecture. This gerontology course provides the student with the principles of the Functional Consequences Theory as it relates to the Roy Adaptation Model. The student will apply both Models to the psychological and physiological functions of the older adult. Topics also include functional assessment, characteristics of today’s older adults in the United States and issues regarding long term care. Additionally, the student will carry out in depth research in a gerontology related subject. This research will be presented in a formal paper. Senior standing.

**NUR 191  Practicum: Older Adult (2.5)**

Clinical practice with older adult clients in various settings enabling the student to apply the concepts and principles in NUR 190. Taken concurrently with NUR 190. Senior standing.

**NUR 196H  Senior Honors Thesis (3)**

Open only to students admitted to the Honors Program.

**NUR 198  Independent Studies  (1-3)**
NUR 200 Advanced Health Assessment (4)
This course provides a compilation of a comprehensive database to establish the health status of the client/patient. Emphasis is placed on physiology, pathophysiology, psychopathology as well as physical and psychosocial needs. Upon this foundation, an individualized protocol for client care management will be established.

Prerequisites: Admission into the MSN program.

NUR 201 Theoretical / Conceptual Foundations of Nursing (3)
This seminar explores the relationships between theory, research, practice and philosophical dimensions in nursing. There is a scholarly exploration of the theoretical and conceptual models that influence the discipline of nursing. A historical view of the nursing profession will be presented and analyzed.

Prerequisites: Admission into the MSN program.

NUR 202 Current Health Care Issues and Nursing Roles (3)
This course provides an opportunity for students to explore and analyze major health, federal and worldwide issues that effect the nursing profession and its communities of interest. In addition, this seminar provides discussion regarding the economical, historical, political, ethical and legal issues that require consideration and potential resolutions. In addition, students will discuss and analyze developing, advanced roles in nursing.

Prerequisites: Admission into the MSN program.
NUR 206  Educational Theories, Principles and Methods (3)
This course is designed to prepare students for the advanced practice role as nursing educator.
The focus of this course is on the use of various teaching techniques and strategies to assist in
the education of staff, students, health care professionals, clients and communities of interest.
In the role of nursing educator, students will learn how to influence changes in how the client
perceives health and his/her ability to seek information to reach optimal health.
Prerequisites: Admission into the MSN program. Successful completion of NUR 201.

NUR 208  Curriculum Development and Evaluation (3)
This course is designed so that the student can explore curriculum theories, design and
evaluation as they apply to nursing. The course is geared toward an examination of
philosophical bases for the development of curriculum. The students design and critique a
model curriculum and include outcome criteria to evaluate educational goal attainment.
Prerequisites: Admission into the MSN program. Successful completion of NUR 201 and
NUR 206 (pre or co-requisite).

NUR 290  Nursing Research (3)
This course constitutes an in-depth exploration of the research process and strategies.
Discussion will surround both quantitative as well as qualitative designs. It also provides an
opportunity for students to prepare the first three chapters of their project proposal.
Successful completion of a mathematical statistics course.

NUR 295  Nursing Education Practicum I (5 - 4 lab. / 1 seminar)
This course is designed to provide teaching experiences for the graduate student with staff/
patient educators. The experience will provide an opportunity to participate in the
development or revision of education plans. Students will design a learning opportunity and
will include a course description, learning objectives, course description and methods of
evaluating both the learning and the education offering.
Successful completion of NUR 200,201,202,206 and 208.

NUR 297  Nursing Education Practicum II (4 - 3 lab. / 1 seminar)
This course will serve as the culminating experience for the nursing graduate student. The
course will prepare students to become educators in a college-level nursing education
program. The student will choose an educational setting in which to complete a learning needs
assessment, prepare coursework, syllabi, student faculty evaluations and course evaluations
while being supervised by a master faculty member. In addition, the student will be
responsible for presenting course content to the chosen nursing student group.
Prerequisites: Successful completion of NUR 200, 201,202,206,208,290 and 295.

NUR 296  Nursing Education Project (3)
The student will assess the need for the nursing project, design and implement it and finally
evaluate its effectiveness. The project needs to be aimed at solving a practical or clinical
problem, or meeting an educational or administrative need in a service or academic setting.
The project may include a nursing intervention program, a change project or an educational
program that is designed in the form of a class, instructional module, computer program,
videotape, nursing education evaluation tool. A written report describing the project is the
final assignment in this course. The project must first be approved by the course faculty. This
seminar will provide the student with the opportunity to meet with the faculty each week of
the semester to discuss the progress of the graduate project and to obtain guidance from the
course faculty member. Prerequisites: Successful completion of NUR
200,201,202,206,208,290,295.
PHILOSOPHY

Philosophy is not just for those who love wisdom; it is also for those who want techniques to be able to think, speak, and write clearly and defensibly. Philosophy provides us with the tools to discover, examine, and evaluate our own and others’ insights and ideas. It helps us look into the meaning of knowledge, notions of personal identity, and examine fundamental concepts about the universe and what we can and ought to be doing in the world. Philosophy helps us evaluate theoretical systems and how they are applied in our lives and institutions. Philosophy also helps us reflect on our values and beliefs, as well as take stock of the biases and prejudice within and around us. In short, Philosophy gives us the powerful tools to make a difference in how we live in the world and with one another.

This major is an excellent preparation for graduate study or a career in college teaching, law, medicine, computer programming, culture studies, social sciences, or religious studies. Philosophy provides a strong foundation for careers in education, business, research, writing, or counseling. In addition to providing a foundation in the discipline, our Philosophy department brings ideas to life and helps student find ways to apply them to the world we live in.

The Philosophy department encourages students to major in Philosophy. It is an excellent major for those who wish to go into bioethics, law, medicine, journalism, media studies, and interdisciplinary studies. We also help students arrange double majors such as with Art, Political Science, Business, English, Business, Psychology, and Religious Studies. A minor in Philosophy is also a possibility for students and works well with virtually all majors, as well as the pre-law minor.

Courses Required for a BA. Degree in Philosophy
Lower Division. One course from each of the following groups:

A. Analytical Skills one of:
   Phi 5   Introduction to Logic
   Phi 10  Critical Thinking

B. Introductory Ethics one of:
   Phi 21  Moral Values
   Phi 92  Business Ethics

Upper Division. At least ten upper division courses in Philosophy are required for the major. Students will select one of the following programs:

1. Traditional Philosophy: A program of study primarily for those interested in pursuing graduate study in Philosophy or who desire a classical philosophical education. Students must take at least:
   a. three courses (9 units) from area A (History of Philosophy)
   b. two courses (6 units) from area B (Value Theory)
   c. three courses (9 units) from area C (Logic, Metaphysics, Epistemology)
   d. one course (3 units) from area D (Interdisciplinary Philosophy).
   e. one elective course (3 units) from any of areas A, B, C, and D.
2. **Applied Philosophy:** A program of study primarily for those interested in fields where a background in Philosophy is particularly valuable, such as law, bioethics, business ethics, medicine, women's studies, or culture studies. Students must take at least:

- a. one course (3 units) from area A (History of Philosophy)
- b. three courses (9 units) from areas B (Value Theory)
- c. one course (3 units) from area C (Logic, Metaphysics, Epistemology)
- d. three courses (9 units) from area D (Interdisciplinary Philosophy)
- e. two elective courses (6 units) from any of areas A, B, C, and D.

### A. History of Philosophy:

**Total Units in Philosophy: 36**

Plus general studies requirements and electives totaling 124 semester units, including modern language requirement.
The Minor in Philosophy
A minimum of 21 units in Philosophy, 15 of which must be upper division and approved by the Philosophy department. At least one course should be from Category A, above (History of Philosophy).

Independent Study Policy: Independent studies are open to philosophy majors and minors who wish to explore an area of philosophy for advanced or specialized work. Any non-major wishing to do an independent study in philosophy must have a clearly defined goal and must confer with both the faculty member and the chair of the department to see if it is appropriate. Independent studies require independent research. Students are expected to meet the faculty member at least one hour per week, undertaking an equivalent amount of work that would be expected in a three credit course. Normally, independent studies are not intended to replace a course taught in the department. For details on what must be included in your petition for an independent study, please contact the Chair of the Philosophy department.

PHI 5 Introduction to Logic (3)
An introduction to argument structure, including inductive and deductive arguments, the rules of inference and replacement, fallacies of reasoning, validity and soundness, syllogisms, the use of language, diverse frames of reference, analysis, decision-making and problem-solving, and evaluating arguments. GS-II, VB3

PHI 10 Critical Thinking (3)
Students taking this course will learn reasoning techniques so they develop their skills at argumentation, spotting fallacious reasoning, examining uses of language, evaluating reasoning, examining assumptions, weighing evidence, determining credibility of witnesses, problem solving, decision-making, and applying critical thinking skills to moral reasoning, advertising, the media, and legal reasoning. This course carries credit equivalent to PHI 5. GS-II, VB3

PHI 15 Introduction to Philosophy (3)
An introduction to the nature of philosophy and why philosophy is considered the love of wisdom. Included are philosophical questions, major thinkers, and the methodology involved in a philosophical inquiry. Topics covered include: Freewill and determinism, the existence of God, the problem of evil, mind and body, the theory of knowledge, and personal identity. Traditional views, as well as contemporary ones from diverse perspectives (such as women and people of color) will be included. Prerequisite: eligible for ENG 1A. GS-VBI, VI.

PHI 21 Moral Values and Ethical Decisions (3)
This course is an introduction to moral reasoning and ethical decision-making, with a focus on fundamental ethical theories. Using the different theories, we examine some major moral dilemmas we face (such as the death penalty, world hunger, environmental ethics, abortion, sexual morality, censorship). GS-VB, VI

PHI 24 Socrates, Plato, and Aristotle (3)
An introduction to the origins of philosophical traditions in the West through study of the lives and major works of Socrates, Plato, and Aristotle. Philosophy majors and minors only are to take this course for upper division credit as PHI 124. They will be assigned an additional critical assignment appropriate to a more advanced level of study. This may be in either written or oral form. GS-VBI

PHI 92 Introduction to Business Ethics
A case study approach to business ethics and information technology. Using ethical theories, we will cover such moral dilemmas as affirmative action, electronic privacy, censorship and
the Internet, and business practices (product liability, whistle blowing, honesty, 
advertising) environmental concerns, global issues, corporate decision-making and 
responsibility. Students who take this course may not take PHI 21 for credit. Honors student 
should take PHI 21H, not PHI 92. GS-VB2

PHI 126 Descartes to Kant (3)
The development of modern views on the relationship of reality and knowledge; the tension 
of reason and experience in classical modern rationalists and empiricists and the synthesis of 
Kant. Prerequisite: one lower division course in philosophy. GS-VBI

PHI 130 Existentialism (3)
A study of existentialist thinking drawing from Nietzsche, Kierkegaard, 
Sartre, Heidegger, Camus, de Beauvoir. The emphasis is on the individual, free-will, choices, 
decision-making, authenticity vs. inauthenticity, and global considerations. Existentialist 
literature (Kafka, Beckett, Atwood, Shange, etc.) and challenges raised by women and people of 
color may be included. Prerequisite: one lower division course in philosophy. GS-VBI

PHI 134 American Philosophy (3)
A study of the major philosophical ideas that have influenced the development of American 
intellectual life, civilization, and culture: Transcendentalism, Idealism, and the Pragmatic 
movement. Prerequisite: one lower division course in philosophy. GS-VBI

PHI 150 Metaphysics (3)
A study of philosophical theories of being and the nature of reality. Among a cluster of 
metaphysical concepts to be considered are: substance, matter, mind, causation, space and 
time, and the transcendent. Prerequisite: one lower division course in philosophy. GS-VBI

PHI 152 Theory of Knowledge (3)
An examination of the nature and possibility of human knowledge; objectivity, perception, 
truth, self-knowledge and the knowledge of other minds, the conditions of justified belief. 
Prerequisite: one lower division course in philosophy. GS-VBI

PHI 155 Symbolic Logic (3)
This course provides the tools to do more advanced work in deductive reasoning and legal 
reasoning. This includes propositional logic, quantification logic, and examining complex 
argument forms. This course is highly recommended for pre-law students, as part of the 
course will look at analytical reasoning on LSAT exams. Also recommended for Computer 
Science majors. Prerequisite: PHI 5 or PHI 10, preferably Phi 5 GS-VB3

PHI 158 The Scientific Method (3)
An historical introduction to the philosophy of science from Aristotle to the present. Topics 
will include: Aristotle's inductive / deductive method; Copernican vs. Ptolemaic models of the 
universe; the Newtonian synthesis; Mach's sensationalism; twentieth century positivism 
Prerequisite: One lower division course in philosophy. GS-VBI, VB3

PHI 160 Philosophy of Religion (3)
A study of the philosophical concerns raised in religion, including the existence of god, faith, 
images and concepts of god, the problem of evil, along with multi-cultural and feminist 
considerations of religion and mythology. Prerequisite: one lower division course in 
philosophy and one in religious studies. See RST 198. GS-VA4, VBI, VI

PHI 162 Philosophy and Native Cultures (3)
In this course we explore the philosophy, mythology and world views of four major groups of 
Native Americans. The focus is usually on the tribes of the Southwest, Northwest, Far North, 
and Mexico (especially Huichol). Examination of the philosophical issues, myths, language, 
literature of these tribes; as well as contemporary issues (such as casinos and gambling, 
nuclear waste storage on reservations, and cultural authenticity). Prerequisite: one lower 
division course in philosophy. GS-VBI, VI
**PHI 165 Philosophy and Law (3)**
This course examines philosophical issues and concerns in law and in the application of laws. This includes notions of personhood, freedom of speech, freedom of religion, pornography and obscene speech, major Supreme Court decisions affecting a particular field (e.g., bioethics, medicine, research, biotechnology, business, the media). In any given semester, we will examine a particular theme (such as terrorism, international justice, laws regarding the workplace, environmental law, the media, or philosophical issues in international law).

*Prerequisite: one lower division course in philosophy. GS-VB1*

**PHI 167 Ethics and Film (3)**
This course examines the ways in which film can raise ethical issues that challenge us to reflect upon our lives and the society in which we live. There are two approaches that we will take: (1) case study approach--going from the film itself (the characters, the story, etc.) and examine the sorts of ethical issues that arise, the ethical decision-making, and ways in which we might evaluate the decisions and actions shown in the film; (2) theoretical approach--going from major ethical theories to specific films (e.g., *Fargo, Do The Right Thing, The Insider, What About Bob?, Shawshank Redemption, Quiz Show*). *Pre-requisite: Any other ethics class or any two Philosophy classes.*

**PHI 168A Contemporary Moral Problems (3)**
A study of contemporary moral and social problems: including the death penalty, public policy issues, corporate responsibility, environmental ethics, world hunger, animal experimentation, advertising and media ethics, and individual vs. societal rights. At least one third of the course covers bioethical issues (such as surrogacy, euthanasia, abortion, medical experimentation, justice and health care).

*Pre-requisite: one lower division ethics course. GS-VB2, VI*

**PHI 168B Bioethics (3)**
An examination of moral problems regarding the moral issues, decision-making processes and procedures facing the medical profession, presented within a historical context. This includes informed consent, honesty, patient rights v. paternalism, physician assisted death, abortion, surrogate parenting, pregnant substance abusers, cloning, medical experimentation, biotechnology, and justice issues such as the allocation of scarce resources.

*Pre-requisite: one lower division ethics course. GS-VB2*

**PHI 169 Philosophy of Technology (3)**
In this course we consider philosophical perspectives on ways reality, knowledge, and the relation between individuals and society are part of technological development. We also investigate how information technologies like the computer, the Internet, and communications media help shape our lives.

*Pre-requisite: one lower division course in Philosophy. PHI 150 are 152 are helpful but not required. GS-VB1*

**PHI 170 Social and Political Philosophy (3)**
This section of Social and Political Philosophy will examine the tradition of social and political theories from the perspective of women and family. This will include conceptual analyses of traditional theories in order to understand why these theories have either excluded, marginalized, or placed restrictions on the participation of women. We will also study recommendation from various theoretical traditional perspectives as to how to fully incorporate women and families in ways that are fully inclusive.

*Pre-requisite: one lower division course in philosophy. GS-VB1*

**PHI 172 Marxism (3)**
An examination and comparison of some of the central works of Marx, Engels, Lenin, Mao, and other writers in the Marxist tradition with a focus on the criticisms of capitalism, the revolution to establish communism, the nature of communist society; and the relevance to the
In this course we study the literary expression of philosophical concerns, such as authenticity, freedom and choice, good vs. evil, justice vs. injustice. This involves one or two philosophical works that investigate a philosophical issue (e.g., the ideal society) and then we look at various novels or plays to see how the issue is treated in literature. This course includes multicultural and non-traditional expressions and concerns. 

**Prerequisite:** one lower division course in philosophy. GS-VB1, VI

**PHI 176 Philosophy in Literature (3)**

In this course we study the literary expression of philosophical concerns, such as authenticity, freedom and choice, good vs. evil, justice vs. injustice. This involves one or two philosophical works that investigate a philosophical issue (e.g., the ideal society) and then we look at various novels or plays to see how the issue is treated in literature. This course includes multicultural and non-traditional expressions and concerns. 

**Prerequisite:** one lower division course in philosophy. GS-VB1, VI

**PHI 177 Philosophy of Women (3)**

A critical study of traditional and contemporary conceptions of women and various manifestations of the oppression of women particularly in Western societies and the US, especially for women of color. Various strategies of addressing women's issues will be studied, including various forms of feminism and research on or by women and of the women's movement will be explored from diverse perspectives, especially those of women of color. 

**Prerequisite:** one lower division course in philosophy. GS-VB1, VI

**PHI 178 Women and Values (3)**

An examination of women's perspectives in areas reflecting values, including ethics, aesthetics and art, political and social theory, the law, and religion. The course focuses on how women tend to perceive values differently than men and the contributions women make to value theory as well as the problems of interpretation and practice that these differences raise, e.g. regarding sexual harassment, pornography, or the value of attachment. Differences among women, especially cultural differences, will be explored throughout. 

**Prerequisite:** one lower division course in philosophy. GS-VB1 or VB2, VI

**PHI 179 Chinese Philosophy (3)**

This course will study the origins of Chinese philosophy in the classical writings of Confucius, Mozi, Menchius, Laozi, and others. The focus will be on understanding the basic conceptual framework of Confucianism and Daoism in the context of ancient Chinese history and also how these philosophies are understood today. We will also explore the place of women in Chinese philosophy; both what it was understood to be in the past and how it can be conceptualized today. 

**Prerequisite:** one lower division course in philosophy. GS-VB1

**PHI 180 Business Ethics (3)**

A case study approach to business ethics and information technology. Using ethical theories, we will cover such moral dilemmas as affirmative action, electronic privacy, censorship and the Internet, and business practices (product liability, whistle blowing, honesty, advertising) environmental concerns, global issues, corporate decision-making and responsibility. 

**Prerequisite:** Any ethics course or any two Philosophy classes GS-VB2
PHI 198  Special Topics (1-3)
May be repeated for credit.

PHI 199  Senior Thesis (1-3)
May be repeated for credit. Offered only on request.

PHI 199H Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.
PHYSICAL EDUCATION

Physical education courses are offered as electives, intended to enhance and balance the academic course load of students. All courses, with the exception of PED 100, are Credit/No Credit and may be repeated for credit; however, a maximum of six units of SPR and PED combined may be applied to requirements for the Baccalaureate degree.

**PED 1 Fitness for Freshmen (1)**
Fight off the Freshmen Fifteen with this interactive class that is designed to address the specific physical activity and nutrition needs of freshmen as they transition to life in college. Students will participate in aerobic and resistance training activities as well as meal planning and nutrition logs. Students will learn to make lifestyle changes that will enhance their mental and physical health with the support of classmates and instructors.

**PED 3B Exercise Ball and Exercise Band Class (1)**
A dynamic workout for the whole body. A low impact workout that is ideal for strengthening and toning abdominals, back, chest, arms, thighs, legs and buttocks. Exercise balls are inflatable balls used to strengthen postural muscles to improve posture and help prevent back pain. They also increase range of motion, improve balance and coordination, maximize stretching and increase flexibility. Use of exercise bands will help provide positive and negative force on the muscles, improving strength, range of motion and muscle groups.

**Ancient Arts**

**PED 1S Women's Self Defense (1)**
An introduction to self defense techniques combining practical safety skills, physical conditioning, and martial art movements.

**PED 1T Tai Chi (1)**
An introduction to the Yang style of Tai Chi Chuan, an ancient blend of mental concentration and physical movement, with applications to self-defense.

**PED 1Y Yoga (1)**
An introduction to yoga, an ancient blend of stretching, relaxation, and breathing techniques that increase flexibility and muscle strength and tone, improve circulation, and reduce stress.

**PED 2Y Power Yoga (1)**
Power Yoga is an energetic, strong practice, with yoga movements that flow from one posture to the next without the use of props or devices. Power Yoga is designed to heat the body internally to build strength, increase cardiovascular endurance, and calm the mind. Students begin at any level of expertise.

**Aerobic Conditioning**

**PED 2A Aerobics (1)**
A high intensity, low impact workout, designed for all levels, that improves cardiovascular endurance, muscle strength and endurance, body composition, and flexibility.

**PED 002C Boot Camp (1)**
The eight-week session requires BootCamp participants to follow an hour-long exercise regimen four days a week. Each day students will build on the previous day’s practice. Students will not be asked to do more than is comfortable and safe. Every session begins with a warm-up, followed by the day’s given exercise activities, which can include cardiovascular activities such as running up and down hills, walking, jumping rope, resistance and weight
training; exercises to increase flexibility and tone, sit-ups and push-ups and fitness testing. The goal of this class is to gain a rejuvenated sense of health and fitness.

**PED 2K Kickboxing (1)**
High intensity, multi-level hi/lo workout incorporating moves from kickboxing and other martial arts techniques. This class emphasizes proper technique, mental discipline and self-awareness.

**PED 2L Life Time Fitness (1)**
Lifetime fitness is an independent study course designed to educate and motivate students concerning various aspects of fitness and well-being. Throughout the semester students will be expected to maintain a consistent routine of fitness by completing the 30 hours of exercise by the final date given.

**PED 2P Studio Cycling (1)**
A high energy workout utilizing stationary racing bikes to improve cardio-respiratory and muscular endurance.

**PED 2S Step Aerobics (1)**
A high intensity, primarily low impact cross training class, utilizing the aerobic step and exercise tubing, that improves cardiovascular endurance, muscle strength and endurance, body composition, and flexibility.

**PED 002W Water Aerobics (1)**
An aerobic conditioning class which utilizes the resistance of water to enhance cardiovascular endurance and reduce the risk for injury.

**PED 005W Cross Training (1)**
A high intensity class that combines cardiovascular endurance with circuit weight training designed to burn optimal, maximum calories in the least amount of time. This course will also introduce various aspects of fitness and wellness including fitness assessments, lifestyle management and nutrition.

**Muscle Conditioning**

**PED 3W Weight Training (1)**
An introductory course emphasizing muscular strength and endurance using resistance equipment and free weights. Students will develop and implement a personal workout based on individual goals, fitness level, and ability.

**Dance**

**PED 4A African and Latin Rhythms (1)**
A dance class which emphasizes basic African and Latin movements to improve cardiovascular endurance, muscle strength and tone.

**PED 4B Ballet (1)**
An introduction to the basic movements and choreography of ballet which will increase flexibility, muscle strength, endurance, and tone.

**PED 4D Dance Workshop (1)**
Instruction and choreography of various dance forms including jazz, modern, and street dance with the opportunity for performance.

**PED 4H Hip Hop (1)**
A high intensity free-style street dance class that increases cardiovascular endurance, muscle strength and endurance, and improves body composition.
PED 4J  Jazz (1)
A dance class which emphasizes basic jazz movements to improve cardiovascular endurance, muscle strength and tone.

PED 4S  Salsa (1)
An introduction to the choreography of salsa, a dynamic dance class designed to increase cardiovascular endurance and improve body composition.

Outdoor Recreation
PED 5H  Hiking and Wildflowers (1)
An introduction to hiking with emphasis on wildflower identification.

PED 5S  Special Topics in Outdoor Recreation (1)
Primarily off campus activities which could include mountain biking, roller blading/skating, beach volleyball, biking, hiking, snow and water skiing.

PED 5W  Lifetime Fitness (1)
An independent study course designed to educate and motivate students concerning various aspects of fitness and well-being. Throughout the semester, students will be expected to maintain a consistent routine of fitness by completing 30 hours of exercise by the final given date.

Sports
PED 6A  Inside Sports (1)
This course will explore the social, cultural, and historical components of sport and physical activity of today. How sport became so important (change over time) will serve as the prime focus of this course, as will consideration of the ways in which sport influences modern society and our own lives. Inside Sports will include lectures, films and videos, student presentations and field trips on historical, social, and cultural aspects of sport. What to do if you grew up not playing sports? Lack the knowledge of sports today? You want to join or learn but don’t know where to start? All your co-workers enjoy games at the local pub and the office pool is circulating but you have no clue about what to do? How do you become a team player? Sports provide an important social setting and may be a critical asset for women trying to advance in today’s business world.

PED 6B  Basketball (1)
An introduction to basic basketball skill techniques, scoring, rules and game strategy.

PED 6C  Court Sports  (1)
Instruction in the rules, techniques, and strategies of basketball and volleyball.

PED 6O  Softball (1)
An introduction to softball techniques, scoring, rules and game strategy.

PED 6R  Soccer (1)
An introduction to basic soccer skill techniques, scoring, rules and game strategy.

PED 6S  Swimming (1)
A comprehensive course addressing both basic stroke technique and cardiovascular conditioning.

PED 6T  Tennis I/II  (1)
An introduction to basic tennis skill techniques, scoring, rules, and game strategy.

PED 6V  Volleyball (1)
An introduction to basic volleyball skill techniques, scoring, rules, and game strategy.
Certification Courses
PED 7B  Lifeguarding (1)
This course teaches rescue skills including equipment-based rescuers, spinal injury management, and post-rescue care and surveillance skills to help prevent or immediately recognize injuries. In addition, first aid training and “CPR for the Professional Rescuer” are included in the course content. At the conclusion of this course, testing for the American Red Cross Lifeguarding Certificate will be offered. This course is for the intermediate and above swimmer.

PED 7C  CPR/First Aid/AED
This course teaches basic CPR (for adult, child, and infant) and First Aid methods in preparation for passing the American Red Cross Certification.

Education
PED 10  Wellness Seminar (1)
PED 100  Physical Education (1)
Required course for Liberal Studies majors emphasizing the State Curriculum Framework, movement skill and movement knowledge, self-image and personal development, and social development of children K-12 through the participation in rhythms, games, sports, and physical fitness activities. Letter graded course.
PHYSICAL SCIENCE

Departmental Affiliation: Physical Sciences and Mathematics

PHS 1 Scientific Concepts (3)
A course in the basic principles of chemistry and physics with particular emphasis on the application of these principles to contemporary concerns. GS-IIID, VIIB

PHS 2AB General Physical Science (2,2)
This course for the non-science major surveys the four main fields of physical science: physics, chemistry, astronomy, and geology. It explores how things work and how we find out. Elementary mathematical concepts are introduced as required. Recommended for students planning to become teachers. GS-IIID

PHS 2 Contemporary Physical Science (3)
A survey of the four major physical sciences: physics, chemistry, astronomy, and geology with a special emphasis on contemporary concerns. Offered in Weekend College format only.

PHS 4 Elementary Environmental Studies (3)
An introduction to the study of human's physical resources and environment leading to a consideration of the problems of conservation and pollution. Prerequisite: PHS 1 or PHS 2A.

GS-II,IIID

PHS 5 Selected Topics in Physical Science (1-3)
Prerequisite: Consent of the department.
THE DOCTOR OF PHYSICAL THERAPY DEGREE

This post-baccalaureate degree program offers professional education based on a foundation of liberal arts and sciences. It is a three-year (9 semester) program of academic rigor requiring full time study throughout the curriculum. Concentration on the basic and clinical sciences is integrated with physical therapy patient/client management principles and procedures. The total educational experience of the student involves life long learning and the physical therapy curriculum facilitates this value throughout the student's acquisition of knowledge, and development of intellectual skills, professional behaviors, cognitive abilities, and practice competencies. The program design provides early and continual integration of clinical experiences that foster maximum development of the student's clinical thought processes, and provide opportunities for mastery of the personal and skill-based competencies requisite for entry-level practice. The Physical Therapy Department is committed to providing an education that enables graduates to be generalist practitioners of the highest quality. The learning environment nurtures students to become skilled professional practitioners, possessing the skills of clinical reasoning, and effective communication education. Students experience and discover the person and service oriented aspects of health care including:

- an understanding of the holistic nature of health, integrating body, mind, spirit and emotion
- an understanding of human beings and their inherent dignity, and their diverse cultures and ethnicity
- a respect for the role of compassion and communication in health and healing
- a respect for the role of mutual trust and responsibility in patient relationships
- an ethical basis for decision making

As integral members of the health care team, graduates impart their knowledge and skill through competent and compassionate patient care, enlightened education, scholarly activity and research, quality consultation and a commitment to life-long learning and professional development.

The program is accredited by the Commission on Accreditation in Physical Therapy Education, the official accrediting body for Physical Therapy Education Programs. Upon successful completion of all clinical and academic requirements, the degree of Doctor of Physical Therapy is awarded. Graduates are eligible for licensure in all fifty states, the District of Columbia and Puerto Rico.

**Required Documents Include:**

- **Transcripts:** one official copy from each college attended
- **Three recommendations** (academic, physical therapist, and interpersonal skills assessment)
- **Statement of Interest** as well as evidence of physical therapy experience
- **Admissions Interview required** (scheduled upon preliminary review of the application)
- **Official GRE Score Report or TOEFL**
Admission Requirements:

Cumulative Grade Point Average (for the last 30 units of study) of 3.0 on a 4.0 scale

Science Grade Point Average for all science courses of 3.0 on a 4.0 scale

Composite Score of 1000 on the Graduate Record Examination. Minimum of 500 on verbal and quantitative components.

Knowledge of the profession attained preferably by paid or volunteer clinical experience, preferably in the hospital setting

Demonstration of satisfactory written and oral communication skill (essay and interview)

Completion of all prerequisites by the end of the Spring semester of the year of intended enrollment (a maximum of three prerequisites may be outstanding at the time of application)

For applicants whose first language is other than English, a TOEFL score of at least 550.

Acceptable recommendations: one from an academician with direct knowledge of the applicant's academic ability; one from a physical therapist who can address the applicant's clinical potential and communication skills; and one from an individual who can address the applicant's problem solving skills

Submission of completed application with all official transcripts, recommendation forms, Graduate Record Examination results, and the $75.00 application fee. Admission decisions for fall begin the previous October. For guaranteed consideration, documents must be received by February 15.

Admissions decisions are made within 2 weeks of application and interview

Prerequisite Coursework

To be acceptable, letter grades of C or higher are required. All prerequisite courses must be taken on a graded basis. All science courses must have laboratories. The requirements presented are on the semester system. If the applicant has attended an institution which is on the quarter system, it must be recognized that three quarter units are equivalent to two semester units. Prerequisite science courses must have been taken within the last ten (10) years at an accredited college or university in the United States. Introductory courses are not accepted for credit toward prerequisite course work. All applicants must show evidence of satisfactory completion of the following courses:

- Biology (General) 2 semesters (8 units)
- Upper division Biology (Cell Physiology recommended) (3 units)
- Chemistry: 2 semesters (8 units)
- Communication: 1 semester written (3 units), 1 semester speech (3 units)
Human Anatomy: 1 semester (4 units)
Human Physiology: 1 semester (4 units)
Physics: 2 semesters (8 units)
Psychology: 3 semesters (9 units): general, developmental, elective
Statistics: 1 semester (3 units)

**Recommended (not required):**
- Computer Science/Literacy
- Critical Thinking
- Ethics
- Gerontology
- Kinesiology
- Motor Learning/Development

All courses must be completed by the summer prior to enrollment in the program.

Admissions decisions are made on a rolling basis. To be considered for priority admission, applications must be submitted directly to the Department of Physical Therapy and must be postmarked by or before February 15th of the year of intended enrollment. Applications will be processed only when the application fee is paid and all transcripts, GRE scores, and letter of recommendation forms are received. MSMC graduates will be the first applicants reviewed and will be selected first, if they meet all the criteria.

The Physical Therapy Admissions Committee retains discretionary authority in the application of all the criteria for admission and their decision is final. Applicants will be notified of their status within 2 weeks of application and interview. Applicants for admission are considered on the basis of the qualifications of each student without regard for race, religion, sex, age, national or state origin. Individuals who have received their Baccalaureate degree outside of the United States must have their credentials and transcripts evaluated by a recognized credential evaluation agency before the application for admission to the DPT degree program will be considered.

Clinical facilities are utilized throughout California and the United States.

*The Department of Physical Therapy is located on the Doheny campus at 10 Chester Place, Los Angeles, CA 90007.*

**Financial Arrangements**
Students are responsible for the financing of their education. Information and assistance is available and should be directly requested from the Office of Student Financing. For the tuition expenses for the DPT program see the tuition expense section at the beginning of this catalog, or on the college website at http://www.msmc.la.edu

**Requirements for the Professional Program**
The Doctor of Physical Therapy program offers the student an entry-level professional degree. As such, to remain in the program, the student must achieve grades of C or higher in all physical therapy course work. A grade point average of 2.5 is required in each semester for continuation in the program. The letter grade of C- in one course results in suspension from the program until the course is repeated and a letter grade of C or higher is achieved. One repeat of a course is permitted. Letter grades of two or more C-’s or D’s or one F results in dismissal/disqualification from the program. The student must receive credit (CR) for each clinical affiliation. A student may not be advanced to the next component of the curriculum.
until a grade of CR is attained. More than one failed clinical affiliation results in dismissal from the program. A cumulative average of less than 2.5 in any given semester will result in academic probation. Two sequential semesters of academic probation will result in dismissal from the program. In order to remain in the program, the student must obtain a 2.5 cumulative GPA by the end of the academic semester immediately following the semester that resulted in probation status. If student performance in a clinical setting is deemed unsatisfactory or unsafe according to the standards of the facility, the college, the accrediting agency, or the state, the student may be suspended or disqualified from the program. Before enrollment and at the beginning of the second and third years, students must submit written evidence of a chest x-ray, current immunization and a physical examination. Students are responsible for their own housing and transportation. During all clinical aspects of the program, students are required to carry health insurance and malpractice insurance.

DPT Curriculum: Design

The curriculum is a sequential 3 year, 9 semester design based on a foundation of hierarchical and adult learning theory. Bases on which the curriculum is designed incorporate values, content and process components. In the domain of values, six values serve as a core for the program and are based on the mission and philosophy of the College and department. These values are: compassion, communication, collaboration, community, critical thinking and competence (including professionalism).

Seven themes serve as the conceptual framework around which the curriculum is organized. They are: Foundational and Basic Sciences, Medical Sciences, Critical Thinking/Research, Patient/Client Management, Practice Management, Integration Seminar, and Clinical Experiences. The program design incorporates the presentation of foundational sciences prior to clinical application; the appreciation of “normal” prior to learning “pathological;” a hierarchical organization that progresses content and process presentation from simple material to more complex content and skill application, and from the cognitive processing domains of knowledge and comprehension to application, analysis, synthesis and evaluation. There is also an interweaving of progressively more complex clinical experiences with didactic learning within and outside of the classroom environment; and a consistent integration of learning (current and prior) through intentional learning activities and experiences. The program includes a total of 36 weeks of clinical experiences, culminating with an 18 week clinical affiliation

Foundational and Basic Sciences

PT 401 Gross Anatomy (6):
Integrated study of the gross, surface, and microscopic anatomy of the human body including the integumentary, nervous, musculoskeletal, circulatory, digestive, metabolic, respiratory, endocrine, and urogenital systems.

PT 402 Biomechanics (3)
This course provides a survey of various topics in the biomechanics of the human musculoskeletal system, with particular emphasis on understanding mechanics as applied to human movement and musculoskeletal tissue function, and the application of biomechanical principles to patient problems. The course covers three broad content areas: (1) basic biomechanical principles, (2) tissue mechanics, and (3) specific biomechanics for each of the major joints.

PT 403 Applied Kinesiology (3)
This course is focused on the study of regional, tissue specific and system-specific pathology and disease commonly encountered in patients/clients who receive physical therapy in an orthopedic setting.

**PT 404 Applied Exercise Science (2)**
The study of muscle, nerve, and cardio respiratory physiology as they relate to exercise performance, conditioning, deconditioning, and the rehabilitation of disorders involving the neuromuscular, cardiovascular, pulmonary, and endocrine systems.

**PT 406 Lifespan Development (2)**
This course examines normal growth and development across the human lifespan. All aspects of development are considered, including biological, cognitive, emotional, social, moral/ethical and spiritual.

**PT 407 Neuroscience (3)**
This course is designed to give an in-depth introduction and overview to neuroanatomy, neurodevelopment, neurological function, neuropharmacology, and neurophysiology. This course provides a basis for understanding clinical manifestations seen in neurological disorders.

**Medical Sciences**

**PT 410 Pathology/Medical Science: General Systems (2)**
This course introduces concepts of tissue- and system-specific pathology and disease commonly encountered in patients/clients who receive physical therapy. Course content focuses on the mechanisms, types and processes of tissue injury and repair in major physiologic systems excluding musculoskeletal, cardiopulmonary, and neurological systems which will be addressed in later semesters.

**PT 411A Pathology/Medical Science: Orthopedic (2)**
This course is focused on the study of regional, tissue specific and system-specific pathology and disease commonly encountered in patients/clients who receive physical therapy in an orthopedic setting.

**PT 411B Pharmacology/Diagnosis Technique: Orthopedic (1)**
The first component of this course focuses on pharmacology as it impacts the practice of orthopedic physical therapy. The second component of this course will serve as an introduction to a variety of diagnostic technologies commonly used in the diagnosis and medical management of patients with neuromusculoskeletal dysfunction.

**PT 412A Pathology/Medical Science: Neurologic (2)**
This course will focus on the pathological processes that result in neurological injury and impairment. The anatomy and physiology of the nervous system will be used first to demonstrate normal function and then to illustrate the physiological basis for loss of function occurring with trauma or disease.

**PT 412B Pharmacology/Diagnosis Technique: Neurologic (1)**
This course will focus on the use of pharmacology as it impacts the practice of neurologic physical therapy. Content will focus on specific pharmacological agents used in the medical management of neurological patient problems encountered by physical therapists. The second component of this course will focus on diagnostic technologies commonly used in the diagnosis and medical management of patients with nervous system pathology and dysfunction.

**PT 413A Pathology/Medical Science: Cardiopulmonary (1.5)**
Study of pathologies affecting the cardiac and pulmonary systems, their diagnosis, pathophysiological effects, and clinical manifestations.

**PT 413B Pharmacology/Diagnosis Technique: Cardiopulmonary (1.5)**

A study of the various diagnostic tests, and the significance of their results in the diagnosis and prognosis of cardiovascular and pulmonary disorders. Also includes the pharmacological treatment of these disorders, as well as the indications, contraindications, and potential drug interactions which the physical therapist should be aware of in the treatment of these patients.

**PT 415A Integumentary System (0.5)**

This course consists of lecture and laboratory components and is designed to prepare students to safely, legally, ethically, and appropriately evaluate and treat common wound types. Evaluation consists of evaluation of the wound itself, its etiology, the periwound, and the person as a whole. Treatment methods include dressings, debridement options, and therapeutic modalities. Course content includes lectures, demonstrations, and laboratory experiences designed to assist the student in applying concepts of evidence-based practice, clinical reasoning, phases of tissue healing, and evaluations, while making appropriate treatment intervention decisions.

**PT 415B Women’s Health (0.5)**

This course consists of lecture and laboratory components dealing with women’s health care in physical therapy. Course content includes review of female anatomy as it relates to obstetric and gynecologic concerns, pelvic floor muscle training, maternal physiology and responses to exercise, fetal response to exercise, disease/conditions of the urogenital region and the role of the physical therapist. There will also be discussion of pathological conditions pertaining to the pre/post partum patient, as well as medical and surgical interventions used to manage these conditions. The focus of the course will be identifying problems unique to the female patient throughout the lifecycle and demonstrating how physical therapists are perfectly suited for practice with this patient population.

**Practice Management**

**PT 431 Health Systems I: Introduction to Physical Therapy (2)**

An introduction to physical therapy including history, professional issues and development, the Guide to PT practice and written documentation.

**PT 432 Health Systems II: Organizational Management (2)**

A review of organizational socialization, organizational learning and organizational behavior with an emphasis on the management of change in physical therapist practice.

**PT 433 Health Systems III: Payment Policy (1)**

An overview of the various methods of health care reimbursement in the United States. Also includes methods for determining an appropriate fee schedule, developing a fiscally sound budget, effective documentation techniques for optimum reimbursement, and a discussion of current legislation affecting health care reimbursement.

**PT 434 Health Systems IV: Law and Policy (2)**

An overview of health care policy in the United States, health policy legislation and the role of the physical therapist and a thorough exploration of physical therapist practice and the California rules and regulations.
PT 435 Health Systems V: Medical Ethics (2)
This course will explore ethical issues in health care with the focus on the development of skills for ethical decision making in physical therapist practice.

PT 436 Health Systems VI: Entrepreneurialism (1)
This final course in the Health Systems Series considers professional development as a lifelong activity and addresses the entrepreneurial, marketing and service aspects of physical therapist practice.

Integrative Seminar
PT 441 Integrative Seminar I (1)
PT 442 Integrative Seminar II (1)
PT 443 Integrative Seminar III (1)
PT 444 Integrative Seminar IV (1)
PT 445 Integrative Seminar V (1)
PT 446 Integrative Seminar VI (1)

The Integrative Seminars are a series of six courses, designed to provide for students situated or contextual learning experience within the academic curriculum, in which to develop clinical reasoning skills and prepare students for practice in the clinical environment before they get there. The Integrative Seminars promote application and integration of newly acquired knowledge (propositional and non-propositional) with previously learned knowledge/experience, within a clinical reasoning framework. Examples of the types of knowledge/skills that will be integrated are basic sciences, research and evidence-based practice principles, biomedical knowledge, clinical skills, kinesthetic/motor skills, and observation skills, communication skills, collaboration skills, and self-evaluative skills.

Patient/Client Management

PT 461 Physical Therapist as Educator (1)
Introduction to learning theory and its application to physical therapist practice, including patient/client management, education and consultation

PT 462A Health Care Procedures I (1)
Introduction to basic healthcare procedures and clinical reasoning utilized in patient care including inpatient physical therapy services.

PT 462B Health Care Procedures II (2)
Introduction to basic physical therapy procedures and clinical reasoning skills utilized in patient care.

PT 463A Therapeutic Interactions I (2)
This first of a series of three lecture/laboratory courses is an experiential opportunity for the student to develop, practice and apply techniques and principles of all phases of effective communication. The course is oriented toward learning about one’s self and will provide opportunities for developing self-reflective skills and awareness of one’s presentation, and communication strengths and areas for improvement, in the context of developing effective patient and peer relationships as a practicing physical therapist.
The second of the communications series concentrates on the relationship of self to and with others as revealed and experienced in everyday professional and personal encounters. It explores the role of team member and the interrelated responsibilities of team leadership and team participation.

This final course in the communications series explores the various roles of the physical therapist in the context of communication skills in the domains of both health (prevention and wellness) and illness (including chronic illnesses and disability).

This course consists of lecture and laboratory components and is designed to prepare students to safely, legally, ethically, and appropriately apply physical agents and modalities such as heat, cold, light, sound, water, wrapping/taping, mechanical compression, and mechanical traction as components of physical therapy intervention. Also included are principles of electrophysiologic evaluation and electrotherapy, and soft-tissue assessment, massage, and soft-tissue mobilization.

This course consists of lecture and laboratory components and is focused on the process of examination and evaluation of clients/patients, and intervention with therapeutic exercise and related interventions. Course content includes management of clients/patients with a variety of underlying neuro-musculoskeletal pathologies and/or disease presentations. The focus of the course is identification and intervention of impairments correlated with functional limitation and disability, by application of therapeutic exercise and related interventions, with the goal of regaining the most optimal function possible for clients/patients.

Part I-Introduction to upper extremity, lower extremity and spinal orthotics. Discussion of various orthotic components, devices, and their applications. Assessment for orthotic candidacy. Part 2-Introduction to the principles and use of upper and lower extremity prosthetic devices, their components and application; the biomechanical analysis of normal vs. pathological gait; and therapeutic requirements for rehabilitation and reintegration of this unique patient population.

Provides the student with an understanding of the adjunctive and alternative health care practices in which patients may be participating and/or be appropriate for referral.

This course is the first in a series of two courses on management by the physical therapist for patients with orthopedic dysfunction for all body regions. Each element of patient/client management will be considered throughout the course, including examination, evaluation, diagnosis, prognosis, intervention, and outcomes. This first course consists of lecture and laboratory components and focuses on introduction to foundational concepts with application to lower quarter body regions.

This course is the second in a series of two courses on management by the physical therapist for patients with orthopedic dysfunction for all body regions. This second course consists of lecture and laboratory components and focuses on solidifying the knowledge of foundational concepts introduced during the first course (PT 471A), with application to upper quarter body regions. As the course progresses, student performance expectations will demonstrate higher levels of application, analysis, and synthesis of course content.
PT 471C Patient/Client Management: Orthopedic (Advanced) (3)
A lecture and laboratory course designed to facilitate the student in the application and expansion of concepts and skills acquired previously within the orthopedic curriculum and within the other patient/client management components of the curriculum. Within a strong clinical reasoning framework, students will evaluate and plan intervention strategies for more complex orthopedic patient problems, as well as for patients with primary orthopedic problems complicated by involvement of multiple other factors/systems.

PT 472A Patient/Client Management: Neurologic I (3)
This course is the first in a series of two courses on management by the physical therapist for patients with neurologic dysfunctions for the central and peripheral nervous systems. Each neurologic dysfunction presented will be considered in terms of examination, evaluation, diagnosis, prognosis, intervention and outcomes. The first course will focus on neurologic dysfunction resulting from lesions or pathology of the peripheral nervous system, spinal cord and brainstem.

PT 472B Patient/Client Management: Neuro II (3)
This course is the second in a series of two courses on management by the physical therapist for patients with neurologic dysfunctions for the central and peripheral nervous systems. Each neurologic dysfunction presented will be considered in terms of examination, evaluation, diagnosis, prognosis, intervention and outcomes. This course will focus on neurologic dysfunction resulting from lesions or pathology of the central nervous system and cranial nerves.

PT 472C Patient/Client Management: Neurologic (Advanced) (3)
A lecture and laboratory course designed to facilitate the student in the application and expansion of concepts and skills acquired previously within the neuro curriculum and within the other Patient/Client Management components of the curriculum. Within a strong clinical reasoning framework, students will evaluate and plan intervention strategies for more complex neurologic patient problems, as well as for patients with primary neurologic problems complicated by involvement of multiple other factors/systems.

PT 473 Patient/Client Management: Cardiopulmonary (4)
A detailed class on the evaluation, treatment, and implementation of therapeutic procedures for cardiac and pulmonary patients and other critically ill patients. Includes primary and secondary preventative measures and rehabilitation concepts.

PT 475 Patient/Client Management: Pediatric (2)
A lecture/laboratory course designed to introduce the student to the foundations of assessment and management for the pediatric population. The course provides the requisite knowledge-base and analytical skills for preparation as an entry-level general practitioner of physical therapy.

PT 476 Patient/Client Management: Geriatric (2)
This course focuses on complex assessment and management of aging older adult. The student is exposed to advanced applied science of normal and pathological aging, clinical problems, implications for therapeutic interventions, and intrinsic and extrinsic risk factors impacting older adult’s lifespan in order to promote optimal care, functional outcomes, and wellness prevention for older adult.

PT 477 Patient/Client Management: Medical Screening (1)
This course focuses on the roles and responsibilities of the physical therapist in screening for medical disease. Students will revisit and explore in greater depth the signs and symptoms associated with pathology of multiple systems, introduced in previous pathology courses within the curriculum (i.e., general systems, orthopedic, neurologic, cardiopulmonary).
PT 478A Patient/Client Management: Chronic Pain Management (0.5)
This course focuses on chronic pain as a multidimensional experience. Students will examine the roles of physical therapists in the management of patients/clients with chronic pain conditions.

Clinical Experience

PT 481 Orthopedic Practicum (0.5)
This course continues the student’s increasing responsibilities in clinical practice. The setting this semester is focused on orthopedic out-patient. The primary physical therapy intervention will be musculoskeletal in nature. While providing students the opportunity to work with actual patients, the experience will also develop professional behaviors and socialization.

PT 482 Orthopedic Affiliation (3)
This course is the first of four clinical affiliations designed to develop the clinical competence of the student in a variety of clinical settings with diverse patients. The setting this semester is focused on out-patient. The primary pathologies, impairments and functional limitations experienced by the patients will be musculoskeletal in nature. The student will examine, evaluate, diagnose, prognose, and design/implement physical therapy interventions while under the supervision of a licensed physical therapist. Indirect interventions, professional development, and administrative responsibilities are included in the clinical practice of physical therapy and this experience.

PT 483 Neurological Practicum (0.5)
This course is the second of four practicums introducing the student to various aspects of physical therapist clinical practice. The primary pathologies, impairments and functional limitations experienced by the patients encountered in this practicum will be neuromusculoskeletal in nature. The student will examine, evaluate, diagnose, prognose, and design/implement physical therapy interventions while under the supervision of a licensed physical therapist. While providing students the opportunity to develop skills directly impacting patient outcomes, the experience will also address professional behaviors and socialization.

PT 484 Neurological Affiliation (3)
This course is the second of four clinical affiliations designed to develop the clinical competence of the student in a variety of clinical settings with diverse patients. The setting this semester is focused on acute and/or out-patient rehabilitation. The primary pathologies, impairments and functional limitations experienced by the patients will be neuromusculoskeletal in nature. The student will examine, evaluate, diagnose, prognose, and design/implement physical therapy interventions while under the supervision of a licensed physical therapist. Indirect interventions, professional development, multi-disciplinary interactions, and administrative responsibilities are included in the clinical practice of physical therapy and this experience.

PT 485 Speciality Practicum (0.5)
This course is the third of four practicums introducing the student to various aspects of physical therapist clinical practice. The student will examine, evaluate, diagnose, prognose, and design/implement physical therapy interventions while under the supervision of a licensed physical therapist. The student will select a pediatric, geriatric and/or wellness oriented setting for this experience. The professional development aspect of the experience will explore specialization and non-traditional practice settings.
PT 486 Cardiopulmonary/Acute (0.5)
This course is the last of four practicums introducing the student to various aspects of physical therapist clinical practice. The student will examine, evaluate, diagnose, prognose, and design/implement physical therapy interventions while under the supervision of a licensed physical therapist in a cardiopulmonary and/or acute care setting.

PT 487 Clinical Affiliation (4.5)
This nine week course is designed to develop the clinical competence of the student for generalist physical therapist practice. The setting selected is coordinated with the setting of the final affiliation (PT 488) and the two prior full-time affiliations (PT 482, 484) to ensure the student has the appropriate complement of clinical settings and patient diagnoses. The student will examine, evaluate, diagnose, prognose and design/implement physical Therapy interventions while under the supervision of a licensed physical therapist. The student will also develop practical skills in professional and practice management.

PT 488 Final Affiliation (6)
This 12 week course is the final of three clinical affiliations designed to develop the clinical competence of the student in a variety of clinical settings with diverse patients. The setting this semester will be chosen by the student to complement the previous assignments within the scope of physical therapy practice. The student will examine, evaluate, diagnose, prognose, and design/implement physical therapy interventions while under the supervision of a licensed physical therapist. The student will also develop practical skills in professional and practice management.

PT 489 Repeat Affiliation

Critical Thinking/Research

PT 490 Research I: Evidence Based Practice (1)
The first course in this series of seven research courses focuses on the development of skills necessary to understand and utilize quantitative evidence to support the knowledge and skills learned throughout the curriculum. Students will learn to recognize the contributions of the experimental research design paradigm to the study of rehabilitation.

PT 491 Research II: Evidence Based Practice (1)
The first course in this series of seven research courses focuses on the development of skills necessary for students to incorporate evidence into acquisition and integration of knowledge and skills learned throughout the curriculum. The course will introduce students to the concept and philosophy of evidence based practice.

PT 492 Research III: Qualitative Design and Statistics (1)
The first course in this series of seven research courses focuses on the development of skills necessary to understand and utilize qualitative evidence to support the knowledge and skills learned throughout the curriculum. Students will learn to recognize the contributions of the non-experimental design paradigm to the study of rehabilitation.

PT 493 Research IV: Survey/Outcome Research and Case Reports (1)
The fourth course in this series of seven research courses will introduce the students to the use of survey and outcomes research and case reports in physical therapy and rehabilitation. Students will learn the importance of these research methodologies in research and decision-making/planning.
The fifth course in this series of eight research courses will focus on writing a research proposal. The students will utilize their clinical knowledge and knowledge of physical therapy literature gained throughout the curriculum to formulate a research proposal.

The final three courses in this series of eight research courses will focus on developing and conducting and presenting research proposals.
PHYSICS

Departmental Affiliation: Physical Sciences and Mathematics

PHY 1A Introductory Physics IA (4)
Lecture, three hours; discussion, one hour. An algebra-based physics course covering statics, dynamics, and an introduction to electricity. Prerequisite: Two years of high school mathematics and a satisfactory performance on the Mathematics Placement Examination or completion of MTH 1 with a grade of C- or better. GS-IIID, VIIB

PHY 1B Introductory Physics IB (3)
Lecture, three hours. Continuation of PHY 1A: electricity, magnetism, optics, and an introduction to modern physics. Prerequisite: C- or better in PHY 1A. GS-VIIB

PHY 1BL Introductory Physics Laboratory (1)
Experiments in mechanics, electric fields, circuits, optics, radioactivity. Emphasis is placed on quantitative analysis of data. Prerequisite: Grade of C- or better in PHY 1A (or PHY 11A) and concurrent enrollment in PHY 1B (or PHY 11B) or completion of PHY 1B (or 11B) with a grade of C- or better.

PHY 5 Selected Topics in Physics (1-3)
Prerequisite: Consent of the Department.

PHY 11A Mechanics (4)
Lecture, three hours; discussion, one hour. A calculus-based physics course covering the statics and dynamics of particles, gravitation, potentials and fields, and fluid mechanics. Prerequisite: A calculus course, concurrent enrollment in MTH 5A, or consent of instructor. GS-IIID, VIIB

PHY 11B Electricity, Magnetism, and Optics (3)
Lecture, three hours. A calculus-based physics course covering electric and magnetic fields, circuit theory, and optics. Prerequisite: PHY 11A or consent of instructor. GS-VIIB
POLITICAL SCIENCE

Department Affiliation: History and Political Science
The student who specializes in Political Science investigates issues and topics relating to the following subfields within the discipline: political theory, international relations, American politics and institutions, comparative politics, public policy and administration, and public law. The purpose of the major or minor is to examine how issues in the discipline relate to historical developments and to the current state of political affairs. A maximum choice is allowed so that the course of study can be designed according to the primary interests of the student.

Courses Required for a B.A. Degree (or Major) in Political Science

Lower Division: 9 units
- POL 2 Comparative Government (3)
- POL 10 Political Concepts (3) or
  POL 1 American Government and Institutions (3)
- POL 101 Research Methodology (3)

Upper Division:
Nine courses in political science; at least seven of the courses must be at the upper division level (21 units)

Total units in Political Science: 36

Plus general studies requirements, electives and modern language requirement totaling 124 semester units.

The Minor in Political Science
Students wishing to minor in Political Science are required to take POL 1 or 2 or 10, and a minimum of five Political Science courses. At least 4 of the remaining 5 courses (or 12 units) must be at the upper division level.

Total units in Political Science: 18

To declare a minor in Political Science a student must take at least 5 approved courses from Mount St. Mary's College.

POL 1 American Government and Institutions (3)
An introduction to the principles and problems of government, with particular emphasis on the formation and development of the national and state administrative, legislative, and judicial systems and processes. GS-IIIG

POL 2 Comparative Government and Politics (3)
An investigation of the concepts and techniques which enable the student to compare various political systems, focusing upon both traditional and innovative concepts such as power, ideology, policy and decision making, and issues of political and economic development. GS-IIIC,IIIF,VI
POL 5 Business Law (3)
An introduction to the development of legal principles for business activity, as found in common law, statutory laws, and the Uniform Commercial Code. Use of case studies for practical applications. Also see BUS 05.

POL 10 Political Concepts (3)
The aim of this course is to acquaint students with the scope and techniques of political science by relating major concepts in political theory to current problems and issues. Major political theorists such as Plato, Aristotle, Locke, Hobbes, Hegel, and Marx are the focal points of analysis. In this way, the contribution of political science to the understanding and clarification of political phenomena can be exemplified. GS-IIIF

POL 93ABCD Selected Problems and Projects in Political Science (1-3)
Subject announced in term schedule. May be taken for upper division credit. See POL 193.

POL 101 Research Methodology (3)
Examination of research and writing methods with an emphasis on skills in conducting political science research and preparing research papers; working with statistical databases using libraries and archives; and evaluating, citing and presenting evidence.

POL 102 Women and the Law (3)
This course analyzes the relationship between gender and the law and how it has evolved over time. It covers the landmark cases that have shaped women’s rights in America including abortion, freedom from sexual harassment in the workplace and equal access to education. This course will also examine the works of leading legal scholars in the field. GS–IIIG

POL 103 Legal Reasoning (3)
Examination of the methodologies of legal reasoning. Studies rationales and insights to be gained from approaching problems with a legal emphasis. Restricted to pre-law minors or consent of the instructor.

POL 104 Political Biography (3)
See HIS 133.

POL 105 Advanced Business Law (3)
Upper level study of business law. Applications to areas of agency, partnerships, corporate law, sales security transactions, and insurance. Also see BUS 106.

POL 106 Real Estate Law (3)
Business and legal aspects. Estates in land, purchase and sales contract, conveyances, mortgage and trust deed transactions, property taxes, landlord and tenant, wills and inheritance. Prerequisite: BUS 5. Also see BUS 171.

POL 107 Criminal Law (3)
An examination of the elements of the criminal law with emphasis on crimes against the person as well as crimes against property. The standard defenses will also be considered.

POL 108 American Constitutional Law (3)
See HIS 179. Consent of instructor necessary for non-majors and non-minors. GS-IIIC, IIIG

POL 109 Individual Rights (3)
Emphasis on the Bill of Rights as applied to both federal and state jurisdictions. Also includes examination of both substantive and procedural due process. Consent of instructor necessary for non-majors and non-minors. See HIS 180.GS-IIIC, IIIG

POL 110 Political Behavior (3)
This course explores the political behavior of American citizens. Students will examine citizens’ participation in elections, issue advocacy and protest movements. The examination
will include a comparison of political behavior and preferences among differing socio-economic groups, minorities and women.

**POL 116 Democracy and Democratic Theory (3)**
A critical examination of the major theorists of democracy in the twentieth century and preconditions of democratic government and society; in particular, insights derived from psychology and sociology are utilized. Consent of instructor necessary for non-majors and non-minors.

**POL 117AB History of Political Theory (3,3)**
An examination of the major theorists of political theory from antiquity to the middle of the nineteenth century. Special emphasis will be placed on the writings of such seminal figures as Plato, Aristotle, Machiavelli, Hobbes, Locke and Rousseau. (See HIS 115 AB) GS-IIIC

**POL 118 American Presidency (3)**
This course examines the powers of the office of the President of the United States. Students will analyze the President’s formal constitutional powers, informal powers of persuasion and the impact of the personal styles of those who have held the office. The role of White House staff, institutional resources, and the dynamic relationship between the President, Congress and the courts will be considered in determining the ability of Presidents to successfully achieve their political agendas and affect public policy.

**POL 119 Concepts in Political Theory (3)**
Selected concepts in political theory examined comprehensively and in-depth.

**POL 120 Legislative Process (3)**
This course examines legislative process, organization and structure. Students will analyze committee structure, the impact of House and Senate rules, and the electoral motivations of the members of Congress. The role of constituents, interest groups, party politics and the dynamic relationship among the branches of government will all be considered in assessing the law and policy making function of the U.S. Congress.

**POL 121 Judicial Politics (3)**
This course examines the role of the courts in American government and politics. Students will explore the structure of the American judicial system, judicial processes, the nature of judicial decision-making and the increasingly contentious judicial appointment process. The relationship of the courts to the other branches of government will also be considered in determining the courts’ impact on major substantive policy areas.

**POL 122 Middle East Politics (3)**
An analysis of political societies in the Middle East and of the many ways in which they were transformed into nation states. Issues addressed include nationalism, religious political activism, colonialism, regional conflicts, revolutions and the position of women.

**POL 123 African Politics (3)**
Provides an understanding of the historical, economic and social variables that shape modern African politics. Central themes will include nation-building and democratization, the international relations of Africa, issues of peace and security, and Africa's political economy.

**POL 124 Latin American Politics (3)**
A comparative analysis of Latin American political systems. Emphasis on the politics of development, the problems of leadership, the military in politics, legitimacy, and regime continuity.

**POL 125 Foreign Relations of the United States (3)**
See HIS 178. GS-IIIG

**POL 126 Politics of the former Soviet Union (3)**
An examination of the revolutionary origins, development, and dissolution of the Soviet Union followed by a discussion of the issues confronting Russia and the new republics.
An assessment of globalization and interdependence, and the challenges they pose to the governments of nation-states since the end of World War II. Topics include the global economy and trade; the challenges to national cultural identities and sovereignty; the role of technological advancements; and integration.

Issues include political and economic transformation, ideological transitions, and proliferation of weapons.

**POL 127 Politics of the Global Environment (3)**
Examines the environmental implications of the international political economy. The focus is on the changing role of the state and the politics of industrial development including the tragedy of the commons, sustainable development, global warming, and environmental security.

**POL 128 Politics of Globalization and Interdependence (3)**
An assessment of globalization and interdependence, and the challenges they pose to the governments of nation-states since the end of World War II. Topics include the global economy and trade; the challenges to national cultural identities and sovereignty; the role of technological advancements; and integration.

**POL 129 Regionalism and International Politics (3)**
Explores the institutional features of regional organizations. Issues addressed include political and economic integration, regional versus multilateral approaches, and the challenges posed to state sovereignty.

**POL 130 International Political Economy (3)**
Examines approaches to the international political economy (IPE) including the liberal, economic nationalist, and neo-Marxist perspectives. Topics include the Bretton Woods institutions (World Bank, IMF and GATT/WTO), international trade and development, foreign debt, poverty and global inequality.

**POL 131 International Relations (3)**
A general survey of the institutions, considerations, and ideologies involved in the formation and execution of foreign relations within a world context. Special attention is placed upon international agencies such as the United Nations and non-governmental organizations.

**POL 132 Political and Economic Development (3)**
An analysis of the major explanations for underdevelopment and alternative strategies for development. Topics discussed include colonialism, nationalism, the Third World in the international system, state-building and political change, and gender perspectives on underdevelopment.

**POL 133 Moot Court (3)**
This course will teach students the fundamental skills of legal oral advocacy. Students will receive training in case analysis and development, rules of evidence, and basic trial and appellate court techniques. Students will participate in appellate moot court competitions and, based on class performance, may be chosen to compete in national mock trial competitions. This course may be repeated once for credit.

**POL 134 International Organization (0-3)**
An examination of the origins, structure, and practices of international agencies with special attention to the United Nations. **GS-IIIG**

**POL 135 Selected Problems in International Organization (3)**
Examines the various ways in which international organizations are used to promote the domestic and global interests of international actors. Particular emphasis is placed on promotion and maintenance of world order. **GS-IIIG**

**POL 136 Revolutions in World History (3)**
This course focuses on the social, political, economic and ideological forces that promote and sustain political revolutions. Case studies may include the French, American, Russian and Chinese revolutions as well as revolutionary groups and individuals.
POL 137  Ethnic Conflict and Civil War  (3)
Examines discord within multiethnic societies by analyzing how nationalist, racial, ethnic
and/or religious identities serve as sources of internal conflict. Issues addressed include
communalism, civil strife, systematic violence, and genocide. GS-IIIG

POL 138  International Law (3)
This course examines the origins and evolution of international law. Special emphasis will be
placed on the development of international law under the aegis of international organizations
and through the promulgation of treaties and customary practice.

POL 139  Women in International Politics (3)
This course examines the interaction between gender and international politics. Topics
include gender biases in international relations, women’s relationship to the nation-state,
gender analysis of war and peace, and global women’s issues including development, human
rights, and socioeconomic and political rights.

POL 140  North-South Relations (3)
Examines the political, social and economic issues that often create tensions between
developing (South) and developed (North) countries. Issues include sustainable development,
foreign debt and investment, terms of trade, political hegemony and cultural relativism.

POL 141  Global Governance (3)
The course will examine ways in which international peace and security are achieved in the
world. Topics include traditional peacekeeping, multidimensional peace operations,
preventive diplomacy, peace enforcement and humanitarian intervention.

POL 142  International Conflict and Cooperation (3)
Focuses on the various types of international conflict and ways in which cooperation
manifests in international politics. Topics include the management and prevention of conflict,
regional and global conflicts throughout history and the causes of conflict.

POL 143  Causes of War and Political Violence  (3)
In this course the origins, purposes and types of war and violence throughout history
including terrorism are analyzed. Topics include just war theory, theories of war and
terrorism, and the social and political consequences of political violence.

POL 144  Politics of Europe and the European Union (3)
Analyzes the political, social and economic development of modern European nation-states
and the evolution of the European Union. Topics include the political and economic
integration of Europe since the end of World War II.

POL 145  Southeast Asian Politics (3)
Provides an understanding of the historical, economic and social variables that shape modern
Southeast Asian countries including Indonesia, Malaysia, Vietnam, Singapore, Myanmar,
Brunei, the Philippines, Thailand, Laos and Cambodia. Central themes include nation-
building and democratization, peace and security, and political economy.

POL 146  Military in Politics (3)
Focus on relations between the military and politics. Emphasis on the varieties of military
involvement in politics, cases of direct military intervention in political systems, and the
consequences of military influence over political decisions.

POL 147  Women and Development (3)
Analyzes the impact of development policies on women in developing countries. Topics
include the status of women in traditional societies, the gendered allocation of resources, and
the informal economy.
POL 148 Refugees and International Migration (3)
Examines the politics of mass migration across state borders or within nation-states. Cases studied include forced relocation, refugees of war, and different forms of legal and illegal immigration including the international trafficking of persons.

POL 149 Comparative Foreign Policy (3)
Comparative study of foreign policy making in different political systems. Issues include economic, military and political relations among countries, and foreign policy actors such as heads of state and bureaucrats.

POL 150 International Security (3)
Analyzes the factors surrounding security studies in international relations. Topics include the spread of nuclear weapons and weapons of mass destruction, deterrence, arms races, the security dilemma, and domestic threats to global peace.

POL 151 Humanitarian Intervention (3)
An analysis of the issues that provoke humanitarian concerns such as civil strife, poverty, epidemics and famine. The development of norms of humanitarian intervention will be a focus of this course.

POL 152A Advanced Studies in the History of Modern Japan (3)
An examination of the rapid transition of the feudal Japan of the Shogun to the modern technological state. This course will probe the events that brought changes in government, family, religion, education, industry, and foreign relations from 1600 to 1952. (See HIS 151.) GS-IIIC

POL 152B Advanced Studies in the History of Modern China (3)
An analysis of the political and economic development of Modern China. Personalities such as the Sun Yat-sen, Mao Tse Tung, and Deng Xiao Ping and others will provide insights into the evolution of the Chinese State. (See HIS 152.) GS-IIIC

POL 160 Civil Liberties  See HIS 132.

POL 170 American Party Politics (3)
The development, organization, and character of the American party system.

POL 171/171H Presidents and Personality (3)
An attempt to illuminate and characterize the contributions of American presidents to American politics by an examination of the writings of psycho-historians and others emphasizing psychological insights. Open only to students admitted to the Honors Program, or with consent of instructor. GS-IIIG

POL 175AB Selected Topics in the American Political Structure (3,3)
Specific area will be announced in the term schedules. Consent of instructor necessary for non-majors and non-minors.

POL 176 Public Policy (3)
This course considers major public issues in American politics within a framework that emphasizes analysis, social configurations, and resolution of conflicts.

POL 179 California Politics (3)
See HIS 188. GS-IIIG

POL 180 State and Local Government (3)
A study of state political systems, including their administrative and local sub-systems; intergovernmental relationships; policy outputs. GS-IIIG
POL 185  Public Personnel Administration (3)
The process of formulating and administering public personnel policies; concepts and principles utilized in selected governmental personnel systems. Special emphasis on collective bargaining in public employment.

POL 186  Introduction to Public Administration (3)
The executive function in government; principles of administrative organization, personnel management, financial administration, administrative law, and problems and trends in government as a career. GS-II

POL 187  Organizational Theory and Governmental Management (3)
Organizational structure, human factors in organization, dynamics of organizational change, internal adaptability to external environment; problems, limitations, and trends in governmental organization and management.

POL 188  Administrative Law (3)
Introduction to administrative law and its impact on the American political and bureaucratic landscape. Regulatory agencies, procedural due process and their interface with vested and individual rights are the focal point for discussion on constitutional and legal precedents in a case study context.

POL 191  Internship in Government Service (3)
Students in the public administration program serve as interns working in government offices in the Los Angeles area.

POL 192  Plays and Politics (3)
A study of selected plays from antiquity to contemporary times in which the insights of the playwright and the conclusions of the political scientist are interrelated. A multidimensional and interdisciplinary approach is utilized. May be taken for lower division credit. GS-IIIG,VI

POL 193ABCD  Selected Topics and Projects in Political Science (3,3,3,3)
Subject announced in term schedule. May be taken for lower division credit.

POL 196H  Senior Honors Thesis (3)
Open only to students admitted to the Honors Program.
A.A. Degree

The Pre-Health Science Program is designed for students who wish to pursue studies which prepare them for a healthcare related profession. The Pre-Health Science Program provides the student with the opportunity to take general studies requirements and preparatory courses for programs in Nursing, Pre-Physical Therapy, Pre-Medical, Pre-Dental, Pre-Veterinarian, and Pre-Pharmacy. The program is designed to provide the student the opportunity to consider career alternatives.

The program has an entry-level category in which all students entering the program are enrolled during the first semester of the freshman year and three selected areas of emphasis: Pre-Nursing, Pre-Biological Sciences and Pre-Allied Health. Students completing the Pre-Health Science Program requirements receive an Associate in Arts degree.

All courses of the Pre-Health Science Program are described in the listings of the respective departments.

Core Requirements for Pre-Health Science:

First Year

Plus meet all the requirements for the A.A. Degree

For a student to remain in the Pre-Health Science Program, at the end of the first semester the student must:

- have a **2.5 cumulative GPA** and
- have a **2.3 science GPA**.
The student will select an emphasis within the program at the end of the first semester.

To remain in the Pre-Health Science Program the student must maintain a 2.5 cumulative GPA for all semesters.

Suggested sequence of courses:

**First Semester, Year 1**

**All Pre-Health Science Students**

**Nursing Emphasis**

The Nursing emphasis is designed to prepare students for transfer into the Baccalaureate of Science degree in nursing (BSN) program on the Chalon campus. Acceptance into the BSN program is dependent upon meeting the following criteria:

- 2.7 cumulative GPA;
- 2.5 science GPA;
- complete all pre-requisite courses with a grade of C (2.0) or better;
- completion of the nursing mathematics examination with a score of 84% or higher;
- Failure of two (2) required nursing prerequisite courses, either the same course or two separate courses, will result in non-admission;
- A grade of C- or below in any two required prerequisite courses (science or other) results in non-admission.

Pre-Health Science students who transfer to the BSN program at Chalon require five years to complete the BSN program because of the sequencing of the science and nursing courses.

**First Semester, Year 2**

## Biological Sciences Emphasis

The Biological Sciences emphasis is designed to prepare students for transfer into the Biological Sciences Major with a B.S. degree: Pre-Med, Pre-Dental, Pre-Vet or Pre-Pharmacy emphasis or the B.S. Degree in Biological Sciences with an emphasis on preparation for graduate school in biology.

## Allied Health Emphasis

The Allied Health emphasis is designed to prepare students for transfer into the Biological Sciences Major with a B.S. degree: Pre-Physical Therapy emphasis designed for preparation for a graduate level physical therapy program. Completion of this degree may also be good preparation for application to other allied health professions programs offered at the graduate level.

The Pre-Law Minor

Department Affiliation: History and Political Science
An undergraduate major in either the social sciences or the humanities is the preferred preparation for legal study. The pre law Minor is designed to supplement the study in the major program with additional emphases on analytic and expository skills requisite to the study of law. Early identification of an interest in law enables the student to approach the rigorous demands of both legal study and that of the legal profession more efficiently and effectively. It is essential that the student and the Director of the Pre Law Minor collaborate in the process of selecting elective courses within the minor that will best prepare the individual student. The minor requires a minimum of six upper division courses (18 units).

Prerequisites: 9 units
POL 1 American Government (3)
PHI 10 Critical Thinking or ENG 1C Freshman English (3)
BUS 5/POL 5 Business Law (3)

Required upper division courses:
POL 103 Legal Reasoning (3)
POL 108 Constitutional Law (3)

Plus four upper division elective courses from among the following:

Business Law:
BUS/POL 105 Business Law II (3)
BUS/POL 106 Real Estate Law (3)

Civil Rights/Advocacy:
POL 102 Women and the Law (3)
POL 109 Individual Rights (3)
POL 133 Moot Court (3)
POL 138 International Law (3)
POL 176 Public Policy (3)
POL 188 Administrative Law (3)

Criminal Law:
POL 107 Criminal Law (3)
SOC 109 Forensics Studies: Criminalistics (3)
SOC 110 Deviant Behavior: Juvenile Delinquency (3)
SOC 111 Deviant Behavior:Criminology (3)

Any upper division course approved by the Director of the Pre-Law Minor.
Contemporary psychology is an empirical science actively pursuing basic research and applications in school settings, the workplace, and the treatment of personal problems in private life. The curriculum for the psychology major consists of courses critically examining the basic theories, findings, and applications of psychological research. Training is geared toward preparing students for later advanced studies. In addition to the major, the College offers a minor in psychology, an undergraduate certificate of specialization in counseling individuals with visual impairments, and a master of science in counseling psychology, with specializations in Marriage and Family Therapy (MFT) or Human Services Personnel Counseling (HSPC), and graduate certificates of specialization in counseling individuals with visual impairments, counseling the Spanish-speaking client, and pastoral counseling.

**Program Requirements for Psychology Majors**

It is recommended that psychology majors take MTH 1 or MTH 10 (GS-IIIE) in preparation for PSY 40 Basic Statistical Methods.

All psychology majors are required to take the following courses:

**Foundation Courses:**
- BIO 5 Life Science (GS-IIID) (3)
- or another course in biology, anatomy, physiology, or chemistry approved by the department chair.
- PSY 1* Introduction to Psychology (3)
- PSY 12 Child/Human Development (GS-IIIF)(3)
- PSY 52 Biological Psychology (3)
- PSY 52L Biological Psychology Lab (1)

**Methods Courses:**
- PSY 40 Basic Statistical Methods (3)
- PSY 106 Basic Research Methods (3)
- PSY 106L Basic Research Methods Lab (1)

**Core Courses:**
- PSY 132 Personality Theory (3)
- PSY 145 Social Psychology (3)
- PSY 168 Abnormal Psychology (3)
- PSY 134 Learning & Memory (3)
- or
- PSY 160 Cognition & Perception (3)
- PSY 192 Clinical Practicum (3)
- or
- PSY 193 Research Practicum (3)

**Upper Division Electives:** (9)

Psychology majors must take 9 units of upper division electives. It is recommended that students choose a track to use as guidance in selecting those elective courses (see below).
**Undergraduate Psychology Policies**

Majors must earn a grade of \( C \) (2.0) or higher in psychology courses applied toward degree requirements. Grades of \( C - \) or lower must be repeated. Courses may only be repeated one time. The higher grade will be computed in the GPA.

*PSY 1 is a prerequisite to all other psychology courses.*

Students must successfully complete with a grade of \( C \) or higher any prerequisites before being admitted to courses with listed prerequisites. This policy may only be waived with instructor consent.

**Total Units for Major: 44**

Students must also complete general studies requirements and electives for a total of 124 semester units, including the modern language requirement. At least 15 upper division units must be completed in the MSMC Psychology Program.

Students may choose a program of study in general psychology, or one of the following tracks designed to provide a foundation of study in psychology (as indicated below).

**Track One: Counseling Individuals with Visual Impairments (Hilton/Perkins Certificate)**

In-depth coursework introduces visual impairments and special needs that frequently accompany these disabilities, the impact of disability on psychological functioning and development, and the psychosocial consequences of chronic disabilities for children and their families. The certificate program is found at no other university in the United States. The program is sponsored by the Perkins School for the Blind in Boston and the Conrad N. Hilton Foundation. The courses offer the opportunity to develop the background necessary for working with the visually handicapped and their families. This certificate requires:

- PSY 192  Clinical Practicum/Field Experience  
  (working with visually handicapped persons)
- PSY 114  Psychological Aspects of Chronic Impairments
- PSY 116  Visual Handicaps and the Young Child
- PSY 118  Intervention for Children with Multiple Impairments

These 12 units must be completed in the MSMC Psychology program.

**Track Two: Preparation for Industrial/Organizational Psychology**

Extensive study in the application of psychological processes to design more effective organizations and improve motivation, performance and job satisfaction. To work in Industrial/Organizational psychology requires a graduate degree (an M.A./M.S. or a Ph.D.). This course of study will allow for exploration of the field and provide a foundation for further study.

- PSY 148  Industrial/Organizational Psychology
- PSY 155  Psychological Testing

Choose one of the following courses:

- PSY 129  Motivation
- PSY 138  Nonprofit Management

**Track Three: Preparation for Careers in Counseling**

This track is designed for students interested in pursuing further education in preparation for a career in counseling. Students that pursue this track will receive applied training and
fieldwork in an area of their choosing within a psychological setting. Such students typically plan to attend a Master’s or Doctoral program.

Choose one of the following courses:

- PSY 139 Child Abuse and Family Violence
- PSY 165 Behavioral Psychopharmacology
- PSY 172 Developmental Psychopathology
- PSY 188 Crisis Intervention

**Track Four: Preparation for Careers in Research Psychology**

This track is designed for students who plan to pursue further education in a research area of psychology (e.g., Developmental, Personality, Social, Cognition). Such students plan to attend a Master’s or Doctoral program. The courses in this track will provide research experience needed for admission to most research programs.

Choose one of the following courses:

- PSY 193 Research Practicum
- PSY 194 Advanced Research

Choose one of the following courses:

- PSY 155 Psychological Testing
- PSY 182 History & Systems of Psychology
- PSY 192 Clinical Practicum

Or courses in area of topical interest (e.g., gender, prejudice, development, neuropsychology, law, motivation, divorce, etc.)

**Requirements for a Minor in Psychology**

A psychology minor requires a minimum of 18 units selected in consultation with the Department Chair. At least four upper division courses with a grade of C or better are required. Three courses (9 units) must be completed in the MSMC Psychology program.

**Master of Science in Counseling Psychology**

**Admission Requirements**

Those applying for the Master’s degree in counseling psychology should have all of the following:

- A Bachelors degree or its equivalent from an accredited institution.
- A grade point average of at least 3.00 for undergraduate work.
- A recommended minimum of 12 upper division units in the Behavioral Sciences (Psychology, Anthropology, Sociology or Education). If the undergraduate degree is not in Psychology, applicants must take an Introductory Psychology course prior to entering the program.
- Results of the Graduate Record Exam (GRE).
- Successful completion of an Introduction to Psychology course.
- See other general requirements of the Graduate Division.

**Program Concentrations**

**A. Marriage and Family Therapy** (Minimum of 50 units required)

Candidates seeking the California Marriage and Family Therapy License must complete the following coursework:
Preparation (6 units)
PSY 202 Psychological Foundations of Growth, Development, and Learning (3)
PSY 268 Psychopathology (3)

Theories of Marriage, Family, and Child Counseling (14 units)
PSY 203 Multicultural Counseling (2)
PSY 225 Counseling Theory and Procedure (3)
PSY 236 Family Therapy (3)
PSY 241 Marriage and Relationship Counseling (3)
PSY 274 Psychological Treatment of Children (3)

Counseling Skills (13 units)
PSY 230 Psychological Testing: Theory and Procedure (2)
PSY 235 Group Dynamics: Theory and Procedures (3)
PSY 265 Behavioral Psychopharmacology (2)
PSY 269 A, B Field Experience in Counseling (6)
[with a minimum of 180 client contact hours and 240 total BBS-acceptable hours]

Family Challenges (3 units)
PSY 237 Human Sexuality (1)
PSY 238 Alcohol and Substance Abuse (1)
PSY 240 Spousal Abuse (1)

Research (3 units)
PSY 200 Research Methods (3)

Professional Ethics and Law (2 units)
PSY 263 Laws and Ethics in Counseling (2)

Thesis/Project/Oral Exam
PSY 295 Master’s Thesis (3) or
PSY 296 Master’s Project (3) or
PSY 298 Oral Exam (0)

Students who do not complete their thesis or project during the semester they originally enroll in PSY 295/296 must enroll in PSY 297, a one unit continuation course, each subsequent semester until the thesis/project is completed. Students may enroll in the one unit continuation course a maximum of three times.

Students may take the oral exam a maximum of two times. The examination must be successfully completed by the end of the 12th week of the semester the student intends to graduate.

Emphasis (6-9 units)
In order to complete 50 semester units, MFT students complete from three (3) to nine (9) units of elective coursework. Elective units may be selected to create an emphasis in Counseling the Spanish-speaking client, Counseling the Visually Impaired, Pastoral Counseling, clinical skills, research skills, or another area of special interest to the student.
B. Human Services and Personnel Counseling
(Minimum 36-39 units required)
Candidates seeking this concentration are working toward an advanced degree in counseling in preparation for employment in an agency, corporation, or other setting not requiring a specific license or credential.

Core Courses (6 units)
PSY 200 Research Methods (3)
PSY 225 Counseling Theory and Procedure (3)

Thesis/Project/Exam
PSY 295 Master’s Thesis (3), or
PSY 296 Master’s Project (3), or
PSY 291 Written Examination (0)

Additional Coursework (27-33 units)
In order to earn the required units, candidates must complete an additional 27-33 units of course work chosen in consultation with their program advisor. Courses will be chosen to specifically help the candidate work toward career and personal goals.

If the Written Examination option is chosen, students must take an extra course for a total of 39 units.

Graduate Psychology Policies
Professional behavior is expected from MSMC students at all time. Students must abide by the ethical standards of the American Association of Marriage and Family Therapy and the California Association of Marriage and Family Therapists, all departmental and college policies, and the policies of any and all placement sites. If the expectations of the College or the placement site are not met the student is subject to dismissal from the program.

Students enrolled in the Master’s programs at MSMC must maintain a 3.0 GPA. If they fall below this GPA, students are put on probation and given one semester to bring their grades up to a 3.0. If this is not achieved, they will be dismissed from the program.

Students must earn the grade of B- or better in each course applied toward degree requirements. Courses may only be repeated one time. The higher grade will be computed in the GPA. If a student does not earn a B- or better upon repetition of the course, the student will be dismissed from the program.

Certificate Programs:
Certificate programs may be completed either as part of the M.S. in Counseling, or independently. Students enrolled in the M.S. program may complete one of these certificate programs as part of either the MFT or HSPC concentrations, without increasing the number of units required for their degree.

Enlaces – Counseling the Spanish-Speaking Client (17 units):
Coursework familiarizes students with the diversity of cultures in the Spanish-speaking community, the unique issues that these cultures bring to the counseling setting. Professional terminology and theory in Spanish, and the Spanish-language psychological literature, are emphasized, in addition to practicum experience working with Spanish-speaking clients. This
Certificate program is a unique focus of the Mount St. Mary's College Master’s in Counseling degree.

**This certificate requires:**
- PSY 203  Multicultural Counseling (2)
- PSY 245  The Cultures of Spanish-speaking People of the Americas (3) or
- SPA 244  Hispanic Civilization and Cultures (3)
- PSY 275  Professional Spanish for Counselors (3)
- PSY 269A, B  Fieldwork Experience (6)
  (internship must involve work with Spanish-speaking clients)
- PSY 290  Workshop (3)

Three 1-unit special topic workshops must be taken.

*Counseling Individuals with Visual Impairments (12 units):*
Coursework introduces visual impairments and special needs that frequently accompany these disabilities, the impact of disability on psychological functioning and development, and the psychosocial consequences of chronic disabilities for children and their families. This certificate program is found at no other university in the United States, and is sponsored by the Perkins School for the Blind in Boston and the Conrad H. Hilton Foundation.

**This certificate requires:**
- PSY 214  Psychological Aspects of Chronic Impairment (3)
- PSY 216  Visual Handicaps and the Young Child (3)
- PSY 218  Intervention for Children with Multiple Impairments (3)
- PSY 269  Field Experience (3)
  (internship must involve work with visually handicapped persons)

*Pastoral Counseling Emphasis (12 units):*
This emphasis allows students to combine psychology and religious studies courses in their degree program, and to focus on pastoral counseling within selected psychology courses.

**The emphasis requires:**
- PSY 225  Counseling Theory and Procedure (3)
  (taken with the pastoral counseling emphasis) OR
- RST 280A  Theories of Pastoral Counseling (3)
- PSY 236  Family Therapy (3)
  (taken with the pastoral counseling emphasis) OR
- RST 280B  Pastoral Counseling: Family Therapy (3)
- RST 283  Psychology of Religion (3)
- PSY 203  Multicultural Counseling (2) or
- RST 284B  Issues in Pastoral Counseling: Cross Cultural Issues (1)
- PSY 240  Spousal Abuse (1) or
- RST 289  Special studies in Pastoral Counseling (1-3)
PSY 1 Introduction to Psychology (3)
This course is an introduction to the study of mental processes and behavior. The course will survey major concepts, research findings, and practical applications of current research. The course focuses on questions such as: How do people change and grow from infancy to adulthood? How do we learn and remember best? How does biology influence behavior? How do our senses help us to interpret the world? How does personality work? How do other people affect our behavior? What does it mean to be “abnormal”? GS-IIIF

PSY 12/102 Child/Human Development (3)
Introduction to human development from conception to death. Covers major theories of psychological growth, interactions between heredity and environment, and the physical, cognitive, and social domains of development in childhood, adolescence, and adulthood. Focuses on concepts and issues important in prenatal development, thinking and social relationships in childhood and adolescence, effective parenting, and personal growth through the lifespan. Prerequisite: PSY 1 (waived for Liberal Studies majors and for Single Subject Credential students) GS-IIIF

PSY 14 Adult Development (1)
A survey of the major psychological theories and milestones related to adult development. Course topics include developmental stages of adolescence, young adulthood, middle age and the process of advancing age. In combination with a previously completed course in child development, this course meets the life span human development requirement of the MSMC Department of Nursing. Prerequisite: PSY 12.

PSY 35 Language and Concept Development of the Young Child (3)
Detailed study of language and concept development of the child from birth through eight years. Primary factors in cognitive development are stressed, including the basic elements of Piaget's developmental theory. The acquisition and development of language and its role in cognitive development are discussed. Methods and materials that enhance language and cognitive growth are presented, studied, and developed. Students observe and participate in a preschool setting. Prerequisite: PSY 12.

PSY 40 Basic Statistical Methods (3)
Focus on applied descriptive and inferential statistical techniques as used in behavioral science research. Topics covered include properties of distributions, measures of central tendency, elementary probability theory, hypothesis testing, correlation, and analysis of variance. Prerequisites: PSY 1 and satisfactory score on the Mathematics Placement Examination or completion of MTH 2X. MTH 1 or 10 recommended.

PSY 52 Biological Psychology (3)
Critical survey of the structure and function of the nervous system. Topics include the neural control of sensory systems, hormonal systems, motor systems, learning, memory, emotions, and sleep. Particular emphasis is placed on recent advances in our knowledge of brain structure, neurotransmitter systems, neural development and plasticity, neuropharmacology, neuropathology, and psychopathology. Prerequisites: BIO 5, PSY 1. GS-IIIF

PSY 52L Biological Psychology Lab (1)
Required concurrent laboratory supplement to PSY 52. The laboratory provides the background in neuroanatomy necessary to understand basic principles of neural function. Emphasis is placed on learning to recognize gross and microscopic structures of the brain within a functional perspective. Prerequisites: BIO 5, PSY 1.

PSY 106 Basic Research Methods (3)
Introduction to the scientific method and its use in answering questions about psychological phenomena. Covers each of the major steps in the research process, including formulation of
hypotheses, choice of appropriate research designs, empirical testing of hypotheses with proper controls and regard for ethical issues, systematic analysis of data, and reporting of results in a scientific format. Must be taken concurrently with PSY 106L. Prerequisite: PSY 40.

**PSY 106L Basic Research Methods Lab (1)**
Required laboratory supplement to PSY 106, which must be taken concurrently. The laboratory sessions provide structured practice in conducting psychological research. Students perform several simple studies on topics in different areas of psychology assigned by the instructor. The final laboratory report should demonstrate competence in formulating and testing hypotheses, as well as in reporting the results and their interpretation in the format specified by the American Psychological Association. Prerequisite: PSY 40.

* **PSY 110 Gender Issues in Psychology (3)**
Exploration of the psychological theories and research findings related to gender issues. Topics to be covered include gender role development, gender differences in personality, and the analysis of social issues of gender and sexuality in the realms of society, politics, and culture. Prerequisite: PSY 40.

**PSY 112 Careers and Observation in Child Development Settings (3)**
Overview of the child development field and careers working with children under age 13 and their families. Each student will observe in a community child development setting for a minimum of 15 hours. Professional ethics and current issues in the field will be explored. Prerequisites: PSY 12 and (EDU 32 or PSY 113)

**PSY 113 Learning in Children and Adolescents Across Cultures (3)**
This course examines how developmental, biological and cultural factors influence the ability and motivation to learn. Assignments and class discussions address the role of teachers, parents, and other adults in facilitating children’s development in school contexts. Emphasis is placed on the interaction between cognitive performance and the total sociocultural environment in which the child and adolescent lives. Prerequisite: PSY 12 GS-VI

* **PSY 114 Psychological Aspects of Children with Chronic Impairments (3)**
This course examines the psychological consequences of chronic disabilities and diseases for affected individuals and their families. Topics include AIDS, Cancer, Alzheimer's Disease, mental disorders, visual and other sensory impairments. Prerequisite: PSY 1.

* **PSY 116 Introduction to Children with Visual Handicaps (3)**
A comprehensive and critical investigation into the impact of visual handicapping conditions on the psychological, physical, motor, intellectual, social, emotional and educational growth of the young child. Prerequisite: PSY 1.

* **PSY 118 Intervention of Children with Multiple Impairments (3)**
This course examines the influence of visual impairments upon the handicaps and disabilities that often identify children as needing special education programming interventions. It surveys the strategies and interventions for effective psycho-social, behavioral, developmental, and instructional integration of "exceptional" children into the mainstream of education. Prerequisite: PSY 1.

**PSY 125 Introduction to Counseling (3)**
Survey of basic counseling skills, with emphasis on the underlying theoretical framework. Demonstrations and limited practical experiences will focus on paraprofessional applications. Prerequisite: PSY 168.

* **PSY 128 Adulthood and Aging (3)**
Exploration of psychological factors of the process of aging. Focus will be on attitudes, values, motivations, and behavior as they are influenced by environmental and biological changes associated with aging. This course is conducted as a seminar and includes a fieldwork
component; visiting and evaluating various care facilities for the senior population.

Prerequisite: PSY 1, PSY 12.

*PSY 129 Motivation (3)
Comparison of the range, strengths and limitations of the prominent theories explaining high and low motivation. Explores common motivation problems and their effect on the individual and society. Motivation treatments are applied to a variety of contexts, including education, work, love and others. A critical analysis of the current applied motivation literature is emphasized. Prerequisite: PSY 145.

PSY 132 Personality Theory (3)
Comprehensive study of the major theories of personality (e.g., Psychoanalytic, Behavioral, Humanistic, Cognitive). The course will address development, structure and dynamics of personality, utilizing contemporary research. Survey of these theories highlights the origin of normal and pathological personality development. Prerequisite: PSY 12.

PSY 134 Learning and Memory Processes (3)
Explores the major forms of learning and memory processes common to human and non-human animals. Focuses on the most basic learning processes, particularly classical and instrumental conditioning, but also covers observational learning. Examines the essential features of memory processes as explained by information processing models. Particular attention is paid to applications of learning and memory theories in solving practical problems in normal and clinical situations. Prerequisite: PSY 12.

PSY 138 Managing Non-Profit Organizations (3)
Will introduce non-business majors to managerial theories to lead non-profit organizations. The learning experience includes review of literature, class presentations and active sponsorship of service organizations. A service learning project integrates theory with practice, requiring team cooperation, planning and accountability. (Also BUS 139, GER 138, EDU 138c and SOC 138)

PSY 139 Child Abuse and Family Violence (3)
A theoretical exploration of the causes, nature, and impact (physical, social and psychological) of the various forms of family violence as well as the methods used by counseling professionals for intervention, remediation, and prevention. Prerequisite: PSY 12.

PSY 144 Psychology of Prejudice (3)
Exploration of psychological factors involved in the development and maintenance of racism, sexism, ageism, and other manifestations of prejudice. Focuses on research of both individual and group behavior and includes consideration of techniques for combating prejudice in individuals, organizations, and society as a whole. Prerequisite: PSY 1. Recommended: PSY 145. GS-VI

PSY 145 Social Psychology (3)
Surveys the pervasive and invisible social forces acting upon individuals and the social aspects of human nature. Topics covered include the way we perceive others, the way others affect our perceptions of ourselves and our own behavior, persuasion, conformity, “mob” behavior, gender and ethnicity issues, attraction and aggression. Prerequisite: PSY 1.

*PSY 148 Industrial/Organizational Psychology (3)
Introduction to the psychological relationship between individuals and their work places, particularly business settings. Focuses on the psychology of work and practical techniques in personnel selection, placement training, job appraisal, productivity enhancement, and assessment of consumer behavior.

*PSY 151 Divorce and Remarriage (3)
Examination of the short and long term consequences of divorce on family members, focusing on exacerbating factors. Emphasis is on the role of psychologists and mediators in minimizing these effects. Prerequisites: PSY 12 and consent of instructor.
PSY 155 Psychological Testing (3)
Introduction to the field of psychological testing, including an examination of history, theory, and construction of tests as well as a survey of principal individual and group tests of intelligence, personality, interest, and ability currently used in clinical and research settings. Special attention will be placed on the development of skills for evaluating the reliability, validity, and ethics of psychological tests and their applications. Prerequisite: PSY 40, PSY 106/106L.

PSY 160 Cognition and Perception (3)
Surveys our current understanding of how the human mind acquires information about the environment and how it manipulates that information in both verbal and non-verbal form. The course will begin with an examination of the perceptual phenomena that relate to cognition. The course will then examine the cognitive processes involved in selective attention, perception, memory storage and retrieval, representation of knowledge, language comprehension and production, thought, and decision making. Stress is placed on understanding the relevance of cognitive research to practical problems in normal and clinical situations. Prerequisites: PSY 106 & 106L.

PSY 165 Behavioral Psychopharmacology (3)
The course is designed to introduce students to the psychopharmacological treatment of mental disorders. The course will emphasize integrating counseling and the use of medications with different populations. Additionally, socio-political issues associated with psychotropic medications will be explored. Prerequisites: PSY 52 & 52L, PSY 168.

*PSY 167 Special Topics in Psychology (1-3)
Seminar on any one of many topics in the field of psychology. Format varies with topic and instructor(s). Prerequisite: PSY 1.

PSY 168 Abnormal Psychology (3)
Explores mental health concepts, principles of psychopathology, and related treatment techniques. Surveys the various forms of abnormal behavior, covering their features, potential causes, and most effective treatments. Entails analysis of case studies using the Diagnostic and Statistical Manual of the American Psychiatric Association (DSM IV). Prerequisite: PSY 1.

*PSY 172 Developmental Psychopathology (3)
Examination of childhood psychological disorders, including disturbances in sleep, eating, toileting, speech, mood, and cognitive functions, drug use, conduct disorders, autism, and pervasive developmental disorders. Addresses issues in diagnosis and treatment. Prerequisites: PSY 12, PSY 168.

PSY 175 Human Sexuality (3)
Survey of topics central to the study of sexuality. This course provides a strong foundation in physiology, sexual arousal and dysfunction, history of sexuality, and gender issues. Current topics, such as sexually transmitted diseases, prostitution and rape are explored. The course provides a perspective of human sexuality from historical, biological, psychological, cultural and sociological points of view.

*PSY 182 History and Systems of Psychology (3)
Critical examination of the scientific origins of contemporary psychology. Emphasizes historical/conceptual development of ideas leading to modern schools of psychology. Prerequisites: PSY 132.

PSY 185 Psychology of Law (3)
Overview of the intersection of the disciplines of psychology and law. Introduces the philosophical foundation of both fields, the legal system of the United States, clinical issues and the law (e.g., psychological assessment, determination of competency, involuntary commitment, family law, and criminal behavior) and psychological research on the legal
system (e.g., juror decision making, jury dynamics, judicial bias, eyewitness testimony
and police procedure). Prerequisites: PSY 1.

**PSY 186  Violence Against Women (3)**
Survey of the research literature pertaining to sexual assault, partner violence, and sexual
harassment. Students will examine psychological theories concerning causes and prevention
of violence against women, as well as the experiences of women as victims of these forms of
violence.

**PSY 187  Careers in Psychology (3)**
Explores options available to students interested in careers in psychology. Job options
available at different degree levels (e.g., B.A., Master’s, Ph.D.) are highlighted, as appropriate
preparation plans for particular careers are developed by students. Panel discussions by
professionals in the field of psychology allow students to gain knowledge about the diversity
of available career paths. Fieldwork in a site of the student’s choice is required.

*PSY 188  Crisis Intervention (3)*
Survey of crisis intervention theories, assessment, treatment and research. Includes legal and
ethical issues, suicide, degrees of danger, victims of abuse, grief reactions and the family in
crisis. Clinical case presentation will be used for illustration.

**PSY 192  Clinical Practicum (3)**
Applied work enhancing a student’s ability to use the principles of psychology in real life
settings. Field work options include areas of school psychology, gerontology, mental
retardation, emotional disturbances, learning disabilities, or probation work. Course includes
weekly seminar oriented towards integrating experiences with theory. Prerequisites: PSY 125,
PSY 168.

**PSY 193  Research Practicum (1-3)**
Applied work enhancing student understanding of the methodology and tools of psychological
research. While receiving training and supervision, the student assists a MSMC psychology
faculty member in the development and/or implementation of a psychological research
project. Students will participate in two or more activities involved in executing major steps
in the research process (e.g., developing the proposal, collecting and analyzing data,
presenting and publishing results). Course includes faculty/student meetings oriented toward
theoretical reviews and discussions. Concludes with a library research paper which addresses
a project related question. Prerequisites PSY 40, PSY 106, PSY 106L and consent of
instructor. May be repeated for a total of 6 units.

**PSY 194  Advanced Research (1-3)**
Seminar providing direction and supervision for students undertaking original psychological
research. Guidance is given in each step of the research process: in developing a question,
selecting a research design, collecting and analyzing data, and reporting the results in
publishable form. The final product should be suitable for presentation at student sections of
professional regional association meetings. Prerequisites: PSY 40, PSY 106 & 106L and
consent of instructor. May be repeated for a total of 6 units.

**PSY 196H  Senior Honors Thesis (3)**
Advanced study on a special topic chosen by the student. Prerequisites: PSY 40, PSY 106 &
106L, and Honors Student status.

**PSY 199  Independent Study  (1-3)**
Independent exploration of a topic in psychology supervised by department faculty member.
Independent study contract required. Prerequisites: PSY 1 and consent of instructor. May be
repeated for a total of 6 units.
Graduate Course Offerings
PSY 200  Research Methods (3)
Introduction to the scientific method and its use in answering questions about psychological phenomena. Provides instruction in critical reading of research articles. Explores basic issues and techniques in conducting research studies, analyzing data, and interpreting their significance. Class projects culminate in a written thesis proposal.

PSY 202  Psychological Foundations of Growth, Development and Learning (3)
Contemporary psychological theory as applied to the life-long process of learning, behavioral change, education, and counseling. Advanced reading and exploration of life span developmental theories, including those of Freud, Piaget, Erikson, Kohlberg, Kagan, Kubler-Ross, and others.

PSY 203  Multicultural Counseling (2)
A systematic study of the cross-cultural mores, values, and behaviors that are active in the process of counseling. Both theoretical aspects as well as practical considerations of counseling with various cultural groups will be explored. Prerequisite: PSY 225.

*PSY 210  Gender Issues in Psychology (3)
Exploration of the psychological theories and research findings related to gender issues. Topics to be covered include gender role development, gender differences in personality, and the analysis of social issues of gender and sexuality in the realms of society, politics, and culture.

*PSY 214  Psychological Aspects of Children with Chronic Impairments (3)
This course examines the psychological consequences of chronic disabilities and diseases for affected individuals and their families. Topics include AIDS, Cancer, Alzheimer's Disease, mental disorders, visual and other sensory impairments

*PSY 216  Introduction to Children with Visual Handicaps (3)
A comprehensive and critical investigation into the impact of visually handicapping conditions on the psychological, physical, motor, intellectual, social, emotional and educational growth of the young child.

*PSY 218  Intervention of Children with Multiple Impairments (3)
This course examines the influence of vision impairment upon the handicaps and disabilities that often identify children as needing special education programming interventions. It surveys the strategies and interventions for effective psycho-social, behavioral, developmental, and instructional integration of “exceptional” children into the mainstream of education.

*PSY 225  Counseling Theory and Procedures (3)
Detailed exploration into the theory and methodology involved in the process of marriage, family, and child counseling. Includes a survey of the Psychoanalytic, Client-centered, Gestalt, Behavioral, Rational Emotive, Phenomenological, and Humanistic approaches.

*PSY 226  Brief Therapies (2)
Course provides an overview of various methods of brief therapies, including cognitive-behavioral, brief dynamic, and single-session. The special tasks, goals, and clinical guidelines with each phase of treatment will be described. Prerequisite: PSY 225 or consent of instructor.

*PSY 228  Adulthood and Aging (3)
Exploration of psychological factors in the process of aging. Focus will be on attitudes, values, motivations and behavior as they are influenced by environmental and biological
changes associated with aging. This course is conducted as a seminar and includes a
fieldwork component; visiting and evaluating various care facilities for the senior population.

Prerequisite: PSY 202.

**PSY 229 Motivation (3)**
Comparison of the range, strengths, and limitations of the prominent theories explaining high
and low motivation. Explores common motivation problems and their effect on the individual
and society. Motivation treatments are applied to a variety of contexts, including education,
work, love and others. A critical analysis of the current applied motivation literature is
emphasized.

**PSY 230 Psychological Testing: Theory and Procedure (2)**
Advanced study of the theory, administration, and interpretation of individual and group
psychological tests of intelligence, personality, interest, and achievement. Students will
administer and interpret selected instruments used in counseling and psychology practice.

Prerequisite: PSY 268.

**PSY 235 Group Dynamics: Theory and Procedures (3)**
Investigation of group processes. Emphasizes the concepts of group facilitation, productivity,
evaluation and the application of group methods in teaching, counseling, and administrative
work. Prerequisite: PSY 225.

**PSY 236 Family Therapy (3)**
Systematic study of family therapy and family systems theory. This course will allow students
the opportunity to explore both normal and dysfunctional lifestyles in family environments,
and will provide a survey of the treatment modes which focus on the entire family system.

**PSY 237 Human Sexuality (1)**
This course will approach the topic of human sexuality as a comprehensive and integrated
topic, by viewing sexual behavior in an evolutionary, historical, and cross-cultural
perspective.

**PSY 238 Alcohol and Substance Abuse (1)**
Exploration of the causes, nature, impact, and treatment of alcohol and substance abuse.
Focuses on methods of intervention and remediation used in counseling agencies.

Prerequisite: PSY 225 or consent of instructor.

**PSY 240 Spousal Abuse (1)**
This course will be an overview of the research exploring the fundamental dynamics of
spousal abuse/domestic violence. The historical nature and causes of battering relationships,
social and cultural variables, and the myths about battering are explored. The physical and
psychological impact violence has on victims, children, family and society will be examined.

Prerequisite: PSY 225, PSY 268

**PSY 241 Marriage and Relationships (3)**
This course provides a systematic examination of the different theoretical approaches to the
treatment of couples and a critical analysis of the corresponding empirical data that supports
and refutes these theories.

**PSY 248 Industrial/Organizational Psychology (3)**
Introduction to the psychological relationship between individuals and their workplaces,
particularly business settings. Focuses on the psychology of work and practical techniques in
personnel selection, placement training, job appraisal, enhancing productivity, and assessing
consumer behavior.

**PSY 251 Divorce and Remarriage (3)**
Examination of the short and long term consequences of divorce on family members, focusing
on exacerbating factors. Emphasis is on the role of psychologists and mediators in minimizing
these effects.
PSY 263  Laws and Ethics in Counseling (2)
Review of the current legal considerations and ethical issues regarding the delivery of counseling services.

PSY 265  Behavioral Psychopharmacology (2)
The course is designed to introduce students to the psychopharmacological treatment of mental disorders. The course will emphasize integrating counseling and the use of medications with different populations. Additionally, socio-political issues associated with psychotropic medications will be explored. Prerequisite: PSY 268

*PSY 267  Special Topics in Psychology (3)
Seminar on any one of many topics in the field of psychology. Format varies with topic and instructor(s). Prerequisite: consent of instructor.

PSY 268  Psychopathology (3)
Systematic study of the nature and classification of mental disorders using the Diagnostic and statistical Manual of the American Psychiatric Association (DSM IV).

PSY 269A,B Field Experiences in Counseling  (3,3)
Practicum relates counseling principles to a variety of clinical settings. For each course 120 hours of fieldwork are required, and 90 of those hours must be face-to-face with clients. Fieldwork must take place in a site approved by the instructor and department. Students may initiate the 269A,B series only in the Fall semester. Students must successfully complete coursework for PSY 269A before being admitted to PSY 269B. This requirement may be waived with instructor consent. Prerequisites: PSY 225, PSY 263, PSY 268.

*PSY 272  Developmental Psychopathology (3)
Examination of childhood psychological disorders, including disturbances in sleep, eating, toileting, speech, mood, and cognitive functions, drug use, conduct disorders, autism, and pervasive developmental disorders. Addresses issues in diagnosis and treatment. Prerequisite: PSY 268.

PSY 274  Psychological Treatment of Children (3)
This course will examine the efficacy of therapeutic techniques commonly used in the assessment and treatment of children, including art, play and expressive therapies. The theoretical foundations and practical applications of each technique will be explored. Prerequisites: PSY 202, PSY 225.

PSY 275  Professional Spanish for Counselors (3)
Taught in Spanish. This course covers psychological terminology, concepts, theories, and methodologies from a variety of theoretical perspectives, with an emphasis on the Spanish-language psychological literature.

*PSY 282  History and Systems of Psychology (3)
Critical examination of the scientific origins of contemporary psychology. Emphasizes historical/conceptual development of ideas leading to modern schools of psychology.

PSY 284  Object Relations: Theory and Practice (1-3)
An overview of psychological development as seen through the human need for connectedness to others. From an infant's first experiences with others through adulthood, the class will explore the development of the separate and unique individual, with special focus on clinical application of theoretical concepts. Explores the application of object relations theories to marital and family therapy. Prerequisite: PSY 202.

*PSY 288  Crisis Intervention (3)
Survey of crisis intervention theories, assessment, treatment and research. Includes legal and ethical issues, suicide, degrees of danger, victims of abuse, grief reactions and the family in crisis. Clinical case presentation will be used for illustration.
**PSY 290 Workshop (1-3)**
Experiential class focusing on particular area of interest. May be repeated for credit.
Prerequisite: Consent of instructor.

**PSY 291 Written Examination (0)**
Comprehensive written examination based on the student’s completed coursework. The Written Examination is completed during the last semester of the student’s coursework. Students may take the Written Examination a maximum of two times. The Examination must be successfully completed by the 12th week of the semester the student intends to graduate.

**PSY 295 Master’s Thesis (3)**
Individual work on Master’s thesis. Prerequisite: PSY 200 and approval of Graduate Program Director.

**PSY 296 Master’s Thesis Project (3)**
Individual work on Master’s project. Prerequisite: PSY 200 and approval of Graduate Program Director.

**PSY 297 A, B, C Thesis/Project Continuation (1,1,1)**
Students who have not completed the Master’s Project or Thesis at the end of the PSY 295 or PSY 296 course must enroll in the Continuation of the Master’s Project or Thesis for the subsequent semesters, until the thesis/project is completed. Students must complete the Project or Thesis within three semesters.

**PSY 298 Oral Examination (0)**
The Oral Examination will be the presentation of a case analysis. The Examination will integrate the content areas of the MFT Program. The Oral Examination is completed during the last semester of the student’s coursework. Students may take the Oral Examination a maximum of two times. The Examination must be successfully completed by the 12th week of the semester the student intends to graduate.

**PSY 299 Special Topics (1-3)**
Individual study of a problem of interest. Prerequisite: Consent of instructor. May be repeated for credit.

*Course is open to both undergraduate and graduate students. Undergraduate students must obtain instructor's consent before taking this course. See appropriate listing of course description for prerequisites.*
The Religious Studies Department considers the study of religion essential to the liberal arts because of the Catholic intellectual tradition of the college. The department offers both an undergraduate major and a minor in Religious Studies, and also a Masters degree in Religious Studies. The major and the minor are designed to provide an academic foundation for graduate study in theology or religion, or for a career related to Religious Studies.

Undergraduate courses are divided according to the five areas listed below:
I. Scripture
II. Christian Thought
III. Christian Ethics
IV. Religion and Religions
V. Special Offerings

Courses Required for a B.A. Degree in Religious Studies

**Lower Division:**
- RST 15 Introduction to Christian Scriptures (3)
- RST 21 Introduction to Catholicism (3)
- RST 41 Introduction to Christian Ethics (3)

**Upper Division:**
1. **Scripture** (3)
   - RST 155 3 units of upper division Scripture study
2. **Christian Thought** (6)
   - RST 131 Jesus
   - Another upper division course from category II, Christian Thought
3. **Christian Ethics** (3)
   - An upper division course from category III, Christian Ethics
4. **Upper Division Elective** (3)
   - An upper division course from any of the Religious Studies categories
5. **Senior Thesis/Project** (3)
   - RST 199 Senior Thesis/Project

**General Elective** (3)
- 3 units in upper or lower division

**Total units in Religious Studies:** 30

Plus general studies requirements and electives totaling 124 semester units including modern language requirement. Majors must maintain a C or better in each of the courses taken in fulfillment of these requirements for the Religious Studies major.
The Minor in Religious Studies

Requirements:

1. An Introductory Level Scripture course (3)
2. Christian Thought (3)
3. Christian Ethics (3)
4. Electives: 9 units (at least 6 of which must be upper division) (9)

Total units in Religious Studies: 18

I. Scripture

Upper Division Prerequisites: Ordinarily all upper division courses in Scripture require one (1) lower division course in the same area as a prerequisite. A waiver of this prerequisite may be granted by the instructor.

RST 11 Introduction to Hebrew Scriptures (3)
A consideration of selected themes of the Hebrew Scriptures (Old Testament), viewed from the perspective of revelation, and analyzed with the methods of modern biblical scholarship.

RST 15 Introduction to Christian Scripture (3)
An introduction to methods of modern biblical scholarship and an examination of the four canonical gospels, selected Pauline letters, and Acts of the Apostles. GS-VA1

RST 155ABCD Upper Division Scripture Study (3,3,3,3)
A, Synoptic Gospels: Advanced study of the three synoptics with special attention given to literary style, historical context, interpretation skills and the Christology contained in each.
B, Pauline Literature: Advanced study of various Pauline themes as well as the historical context of the first Christian communities that affected the future of the early Church.
D, Hebrew Scriptures: Advanced study of selected texts in the Hebrew Scriptures, with attention to literary style, historical context, interpretation skills and the understanding of God’s revelation to Israel. (See statement on prerequisite.)

GS-VA1

II. Christian Thought

Upper Division Prerequisites: Ordinarily all upper division courses in Christian Thought require one (1) lower division course in the same area as a prerequisite. A waiver of this prerequisite may be granted by the instructor.

RST 21 Introduction to Catholicism (3)
Study of representative beliefs, rites, ethics, and community structures in the Catholic tradition of Christianity. Includes discussion of some contemporary concerns and issues in light of Vatican Council II. GS-VA2

RST 23 Spiritual Journeys of Women (3)
An exploration of the spiritual experiences of women primarily from the Judeo-Christian tradition. These experiences will be probed for elements which might be transferable beyond their particular historical and personal contexts. GS-VA2
RST 25/125 *Marriage Issues: Catholic Perspectives (3)*
Presentation of a variety of contemporary areas of concern: the purpose of marriage, interfaith marriages, annulment, marital sexuality, marriage and career(s), divorce, and remarriage. *(See statement on prerequisite.)* GS-VA2

RST 70 *Faith and Human Development (3)*
A study of the phenomenon of religious belief and the importance of faith for one's further development as a person in relation to others and to God. GS-VA2

RST 131 *Jesus (3)*
A brief survey of the historical development of the Christian understandings of Jesus as the Christ from biblical traditions to the present. Discussion of key aspects of current interpretations of Jesus. *Prerequisite: RST 15 or RST 21, or permission of the instructor.* GS-VA2

RST 135 *Women and Christianity (3)*
An introduction to the major themes and issues which are engaging women theologians in the Catholic church and in the wider Christian community. The role of women in scripture, Christian history, and church life will be examined and critiqued. *(See statement on prerequisite.)* GS-VA2

RST 137 *Challenges in Contemporary Theology (3)*
Presentation of major changes in theology through the nineteenth and twentieth centuries, and investigation of some particular ways in which those changes have presented challenges to traditional Catholic thought and practice. *GS–VA2 (See statement on prerequisite.)*

RST 170 *Theology and Human Experience (3)*
This course applies theological reflection to autobiographical literature by persons whose experiences of oppression have raised issues related to faith. Theological concepts such as grace, conversion, and providence will be considered. Selection of literature may vary with each offering. *(See statement on prerequisite.)*

RST 190T *Advanced Studies in Christian Thought (1-3)*
Advanced study of special texts, figures or topics such as Church history, sacraments, liturgy, Aquinas, Rahner. Selected themes may vary with each offering. May be repeated for credit.

III. Christian Ethics

*Upper Division Prerequisites: Ordinarily all upper division courses in Christian Ethics require one (1) lower division course in the same area (see exception for RST 149, which also accepts 21 as prerequisite). A waiver of these prerequisites may be granted on approval of the instructor.*

RST 41 *Introduction to Christian Ethics (3)*
An introduction to the study of moral decision-making from the perspective of Christian faith. The sources and nature of moral obligation, personal and social responsibility, freedom and sinfulness are among the topics to be covered. GS-VA3

RST 45/145 *Contemporary Issues in Christian Ethics (3)*
A consideration of the positions and views of Christian ethicists on selected contemporary issues. Topics may vary. *Prerequisite for RST 145: a lower division course in this area.* GS-VA3

RST 49/149 *Biomedical Issues in Christian Ethics (3)*
A study of issues and questions concerning the phenomenon of human
life and the process of dying. Topics include abortion, reproductive

technologies, genetic engineering, euthanasia. Prerequisite for RST 149: RST 41 or RST 21.

GS-VA3

RST 50 Social Issues in Christian Ethics (3)

An examination of the ethical implications of selected social issues, such as poverty and

hunger, employment policies, immigration, racism, violence, war and peace. Topics may vary.

GS-VA3

RST 146 The Catholic Justice and Peace Tradition (3)

An examination of Catholic Social Teaching, an ethical tradition which has developed in the

past century as the church faced contemporary social problems such as structural poverty,

discrimination, immigration, racism, violence and war. The course will also focus on

particular groups which have been inspired by this body of teachings. (See statement on

prerequisite.)

RST 190E Advanced Studies in Christian Ethics (1-3)

Advanced study of special figures or topics such as war and peace, liberation

theology, and racism. Selected themes may vary with each offering. May be

repeated for credit.

IV. Religion and the Religions

Upper Division Prerequisites: Ordinarily all upper division courses in Religion and the

Religions require one (1) course in the same area of study. A waiver of a prerequisite may be

granted on approval of the instructor.

RST 61/161 World Religions (3)

A survey of religious thought and life in the major Western and Eastern traditions. Study

emphasizes the history of each major religion. The upper division course focuses in depth on

the same topics. Prerequisite for RST 161: a lower division course in the same area. GS-

VA4, VI

RST 78/178 Death and Afterlife (3)

Study of the ways Christianity and other world religions understand death and

afterlife. Emphasis is on religious understandings, ideals, and religious

practices. Includes a discussion of religious interpretations of the way

death and afterlife affect one's vision of life. Prerequisite for RST 178: a lower division

course in the same area. GS-VA4, VI

RST 172 Jesus and the Buddha (3)

An in-depth study of Jesus and Siddhartha Gautama, the Buddha, based on Buddhist

Scriptures and Christian Scriptures. Focuses on similarities and differences between the life

and teachings of Jesus and the Buddha, and reflects on the relationship between Buddhism

and Christianity. GS-VA4, VI

RST 175 Myth, Religion and Culture (3)

An exploration of religious motifs embedded in a variety of religious documents, from

prehistoric myths to contemporary cinema. Emphasizes learning and applying methods for

interpretation of these motifs. GS-VA4, VI

RST 190R Advanced Studies in Religion(s) (1-3)

Advanced study of special topics, figures, or texts. Selected themes may vary with each

offering. May be repeated for credit.
V. Special Offerings

**RST 191 Seminar (3)**
Advanced study and research in any of the four major areas of study. Selected themes, figures, issues or texts. May be repeated for credit. *Prerequisites: A minimum of one (1) lower division course from any area of religious studies. Permission of instructor is required.*

**RST 193 Directed Studies (1-3)**
Offered with approval of instructor and chairperson, following the published procedures for Directed Studies courses.

**RST 196 Independent Studies (1-3)**
Offered only with approval of instructor and chairperson, following the published procedures for Independent Studies courses.

**RST 199 Senior Thesis/Project – for RST majors only (3)**
Written thesis or service ministry project (including written component) completed in senior year under the direction of a Religious Studies faculty member. The thesis focuses on an area of interest and results in a well-developed research paper which demonstrates the student’s understanding and critical assessment of a topic in religion. The project engages the student in a theological reflection process at a predetermined service ministry site, and demonstrates the student’s ability to appropriate and apply religious theories and resources to practical ministry and to correlate practical learnings from the workplace with theory.

**RST 199H Senior Honors Thesis (3)**
Open only to students admitted to the Honors Program.

The following courses also are eligible for Religious Studies credit:

**PHI 160/RST 160 Philosophy of Religion (3)**
See PHI 160 for course description. When taken under RST designation, GS-VA4, and VI.

**SOC 195/RST 180 Sociology of Religion (3)**
See SOC 195 for course description. When taken under RST designation, GS-VA4.

**ENG 130/RST 120 Faith and Fiction (3)**
See ENG 130 for course description. *When taken for RST designation, prerequisite applies: either a Scripture course or RST 21, Catholicism.*

**HIS 131/RST 130 History of Religion in North America (3)**
See HIS 131 for course description.
The Graduate Program in Religious Studies

The Religious Studies department provides learning experiences designed to contribute to the formation of leaders in the church.

The Master of Arts Program reflects a commitment to the pursuit of Catholic scholarship within the broader range of ecumenical Christian thought. The degree program is built on the belief that the analysis of theological thought can best be carried out when there is a critical search for truth in its varied historical dimensions. The Certificate Programs are offered to those desirous of advanced study in theology and/or preparation for specific areas of ministry.

The Graduate Program in Religious Studies consists of two tracks: Studies in Theology and Studies in Ministry.

The Studies in Theology track is designed to promote the integration of a broad theological understanding within one's own personal faith stance. Students are challenged to consider the interrelation between theory and its application and in that dual consideration to see their personal religious goals and belief systems in new ways.

The Studies in Ministry track provides academic course work that enables students to obtain a background in both theology and ministry. Course work culminates in an integration seminar that brings together the theological and practical aspects of ministry. Because of the structure of the program, the varying goals of students can be realized.

Those teaching religion, those wishing further study in ministry, those desirous of pursuing doctoral studies, and those interested in enrichment are all served. A track of courses designed for those in pastoral ministry is listed as RSP. These courses are focused on topics of interest to those pursuing academic preparation for positions as Pastoral Associates.

The faculty is composed of a core group and visiting professors who provide both continuity for the program and theological competence in specific fields of inquiry.

The Master of Arts Program

The Master of Arts Program consists of 30 units. A minimum of six units is required in each theological area of scripture, Christian ethics, and systematics. The remaining units may be taken from any one of these basic areas or from courses in ministry. In some cases, a student may elect to complete both the M.A. and a Certificate Program. Because of the required number of units within some Certificate Programs, the completion of both the M.A. and a certificate may exceed 30 units. In all cases the choice of courses is determined with one's advisor(s).

The primary location of courses is the Doheny Campus in downtown Los Angeles. Some courses are offered at other locations or via the internet. Courses are given throughout the academic year with a greater number of courses in the summer term. Courses vary from 1-3 units each.

During fall and spring terms, a student is able to take as many as six units. The student who takes courses only in the summer and elects the maximum number of units could finish the program in four years. By taking course work throughout the year, the student could complete the M.A. in two and one-half years.
Admission Requirements

- Bachelor's degree from an accredited institution. (Any exception to this policy is subject to the approval of the Graduate Council.)
- Evaluation of academic background.
- Interview with the M.A. Program Director.
- Satisfactory completion of other Graduate Division requirements.

Degree Completion

The 30 units of course work culminates in either a 4-unit thesis or a 1-unit research essay. Both thesis and research essay must meet the standards of the department for final approval. Ordinarily, the topic for either paper is chosen from within the selected area of concentration. Consultation with the faculty advisor is required before submitting the proposed topic and registering.

A written three-hour comprehensive examination on the three basic areas of scripture, Christian ethics and systematics is required at the end of the program. Questions related to elective courses in Studies in Ministry may also be included.

Transfer of Credit

Ordinarily, a maximum of six units of B work may be transferred into the program. Such a transfer must be formally petitioned after the successful completion of 3 units in residency. The acceptance of transfer credit is subject to the approval of the director and the graduate dean. Ordinarily, credits must have been earned within seven years before admission to the graduate division of Mount St. Mary's College.

Certificate Programs

Advanced Religious Studies

A Certificate of Advanced Religious Studies is awarded to those students who satisfactorily complete 30 units of selected course work in graduate religious studies courses. Neither comprehensives nor a final research paper are required.

Those intending to pursue courses in the ministry track or one of the other Certificate Programs may obtain the Certificate in Advanced Religious Studies by completion of an additional number of units in the required areas of systematics, scripture, and Christian ethics as determined with an advisor. A student in the M.A. Program who decides not to write the final paper or complete comprehensives may choose to make application for the Advanced Religious Studies certificate. A cumulative GPA of 3.0 must be maintained to remain in the program.

Admission Requirements

- Bachelor's degree or demonstrated ability for graduate study.
- Evidence of theological background necessary to begin the program.
- Completion of application materials.

Interview with the M.A. Program Director.

Hispanic Pastoral Ministry

The Certificate Program in Hispanic Pastoral Ministry is an 18 unit program which enables the student to reflect critically on the basic theological and pastoral questions emerging from ministry in Hispanic settings. A pastoral perspective on the Hispanic reality is present in all
courses, especially in scripture, systematic theology, and Christian ethics. All the courses are offered in Spanish for either graduate or undergraduate credit. The program, admission requirements, and courses are described in Spanish in the last section under Graduate Religious Studies.

**Admission Requirements**

Evidence of readiness to study in the field of theology; those who apply for the master’s degree need a bachelor’s degree or its equivalent. Recent participation in diocesan programs of Religious Education or Hispanic Ministry. Two letters of recommendation. A brief essay describing one's philosophy and objectives in relation to Hispanic ministry. Familiarity with *Encuentros Nacionales Hispanos de Pastoral*. Interview with the program coordinator.

**Pastoral Care/Counseling**
The Pastoral Care/Counseling Certificate Program is a 21 unit concentration intended to assist pastoral ministers in institutional settings such as hospitals, schools, parishes, or prisons. The program also prepares students to provide pastoral services to a wide range of persons, such as the disabled, the divorced and separated, immigrants, and the bereaved. The goal of the program is to provide the student with the means to develop empathic relationships, to apply professional skills, and to reflect theologically on the care and counseling process. Courses in this concentration may be applied towards the M.A. in Religious Studies, the M.S. in Counseling Psychology, or the Certificate of Advanced Religious Studies. In each case, the student will work with an advisor in ascertaining the courses needed to complete the degree/certificate goal.

A Certificate in Pastoral Care is available to those who seek the M.A. in Religious Studies. A Certificate in Pastoral Counseling is available to those in the M.S. in Counseling Psychology Program.

**Admission Requirements**
Demonstrated ability to do graduate work; those who wish to pursue the master’s degree must have a bachelor’s degree. Evidence of adequate theological/psychological background depending on certificate desired. Two recommendations indicating ability to succeed academically. A brief essay describing one's philosophical/theological approach to pastoral counseling and ministry. College transcripts and/or certificates related to one's ministry. Interview with the pastoral counseling advisor.

**Youth and Young Adult Ministry**
The Youth Ministry Certificate Program is a two-year training program for youth and young adult ministers. The courses and general sessions are offered by contractual arrangement with the Center for Youth Ministry Development, Connecticut, on location in the Archdiocese of Los Angeles, the dioceses of Northern California, Orange, Las Vegas, San Bernardino, and San Diego, under co-sponsorship with the diocesan offices of youth and young adult ministry. Upon satisfactory completion of course work leading to 12 total units, a certificate from Mount St. Mary's College is awarded.

**Admission Requirements**
The applicants for the Youth and Young Adult Ministry Certificate Program are screened and accepted in accordance with the guidelines of both the Diocesan Youth Ministry Office and Mount St. Mary's College. A staff member from each diocesan office serves as liaison with the Director of the Graduate Programs in Religious Studies and acts as academic advisor for students within each particular diocese.

**Continuing Education for Pastoral/Catechetical Ministry**

The Graduate Religious Studies Program offers workshops both in English and Spanish for the continuing education of those in pastoral or catechetical ministries.

Most weekend workshops are non-credit. Occasionally, graduate credit or continuing education units (C.E.U.) can be earned. Courses and workshops which provide continuing education in the fields established by the California Bishops Conference are granted re-certification credit by the Los Angeles Archdiocesan Department of Catholic Schools, the Office of Religious Education, and/or the Office of Worship. Verification of attendance is provided upon request.

Conferences such as the Religious Education Congress (Anaheim) are granted Continuing Education Units (CEUs) and filed by Mount St. Mary's College with the American Council on Education, Washington, D.C.

**Courses**

200-level courses will vary in units when offered as acyclic courses (outside the regular semester schedule) or during the summer session. 200-level courses are not open to undergraduates except with special petition. When a 200-level course is offered in Spanish, the course number is followed by an S.

(Course titles may be expanded for advertising purposes)

**Studies in Theology**

**Scripture**

**RST 201 The Pentateuch and Historical Books (3)**
An introduction to the formation of the historical books of the Old Testament and to their historical, cultural, and theological background.

**RST 203 The Prophets (3)**
A study of the major prophetic literature in relation to the historical, cultural, and theological background.

**RST 206 Psalms and Wisdom Literature (2-3)**
An examination of the psalter and wisdom literature and exegesis of representative psalms and passages.

**RST 208 Synoptic Gospels (3)**
The theology and background of the synoptic gospels; special problems, purpose, and hermeneutics.
RST 210  Gospel and Letters of John (3)

RST 211  The Book of Revelation (1-2)
The historical, literary and theological approaches to the Book of Revelation and its relation to the other writings of the New Testament.

RST 212  Pauline Literature (3)
Theology of Paul with special emphasis on such themes as eschatology, community, justification, Christ, apostleship.

RST 219  Special Studies in Scripture  (1-3)
Special studies in Scripture may include topics within those courses already listed or other topics in Scripture; Scripture in relation to Christian ethics, systematics, or ministry. This course may be repeated for credit.

Systematics

RST 220  Foundations of Theology (3)
An examination of the tools used to reflect on Christian doctrine such as method, language, symbol. The course focuses on faith, its truth, articulation and meaning for today.

RST 222  Images of God (3)
A study of the historical and contemporary understanding of God using both biblical and traditional sources. Particular attention is given to an understanding of Trinity.

RST 223  Jesus the Christ (3)
A contemporary Christology based on biblical and traditional sources with emphasis on the questions related to Jesus and Christological thought, method, and application to current issues.

RST 225  Grace and Christian Anthropology (3)
Classical and contemporary approaches to the theology of grace; the person in relation to God; religious dimensions of being human.

RST 228  The Church (3)
A contemporary ecclesiology based on the biblical and traditional foundations; the documents of the Church; authority; mission; current issues.

RST 229  Sacramental Theology (3)
An overview of the sacraments; the history, development, and current practice of the sacraments.

RST 229B  The Rite of Christian Initiation (1-2)
A treatment of the history and theology of the rite of Christian Initiation with special emphasis on the theology of baptism and confirmation. This course may be repeated when baptism and confirmation are treated separately.

RST 229E  The Eucharist  (2)
History and theology of the eucharist; special issues include: sacrifice, real presence; intercommunion.

RST 229H  Ministry and Orders (2)
A treatment of ministries in the church as well as the history and development of orders.

RST 229M  Marriage (2)
History and development of marriage as a sacrament; issues related to fidelity, interreligious concerns, parenting.

RST 229R  Reconciliation and Anointing (1-2)
History, development, and practice related to the sacraments of reconciliation and anointing. This course may be repeated when reconciliation and anointing are treated separately.

**RST 230ABC  Survey of the History of the Church (3,3,3)**
The beginning of the Church to the Middle Ages; the Renaissance to Reformation; Post-Reformation to the Modern Church.

**RST 232  Ecumenical and Inter-faith Relations (1-3)**
Historical overview of the separation of churches; the Decrees on Ecumenism and Nostra Aetate, and the search for Christian unity today.

**RST 236  Christian Spirituality (1-3)**
This course may include one or all of the following topics: an examination of the life of faith, kinds and methods of prayer, history of spirituality; spirituality and ministry. *This course may be repeated for credit.*

**RST 237  Foundations of Liturgy (3)**
Historical and theological foundations; liturgy in the Western church; documents related to liturgy; liturgy and enculturation.

**RST 239  Special Studies in Systematics  (1-3)**
Special studies in Systematics may include topics within those courses already listed or other topics in systematics; Systematics in relation to Christian ethics, scripture, or ministry. *This course may be repeated for credit.*

### Christian Ethics

**RST 242  Fundamental Christian Ethics  (3)**
A study of the way in which contemporary moral theology treats the fundamental elements of Christian moral judgment; formation of conscience; person as moral agent; moral norms and natural law.

**RST 243  Christian Social Teaching (3)**
A theological investigation of the collection of Catholic Social Teachings, which developed in the past century when Christian morality, rooted in Scripture and tradition, encountered contemporary social problems.

**RST 244  Theology and the Social Sciences: A Dialogue on Ethics (3)**
An approach to theology from reflection on experience and analysis of its social dimensions.

**RST 245  Liberation Theology (3)**
Investigates models of the human person drawn from theology and the social sciences, and seeks interpretations which contribute to a Christian understanding of humanity, especially from the perspective of ethics.

**RST 246  Issues of Life and Death (3)**
This course will consider the ethical analysis of biomedical issues surrounding the value of human life, such as abortion, euthanasia, cloning, and reproductive technology.

**RST 247  Human Sexuality and Marriage (3)**
A study of the questions relating to human sexuality and marriage as seen from an ethical-biblical perspective with attention given to the insights from psychology and theology.

**RST 248  Ethics in a Pastoral Context (1-3)**
An overview of basic ethical concepts involved in Christian living, e.g., conscience, freedom, responsibility, sin, in the context of personal and social moral issues. Required for Pastoral Counseling. *May be waived if student demonstrates adequate preparation in Christian ethics.*
RST 249  Special Studies in Christian Ethics (1-3)
Special Studies in Christian Ethics may include topics within those already listed or other
topics in Christian ethics; Christian ethics in relation to scripture, systematics, or ministry.
This course may be repeated for credit.

Studies in Ministry
RST 253  Liturgical Year and Planning (2)
History and theology of the liturgical year and Christian calendar; multidisciplinary approach
to liturgical planning of feasts and seasons.

RST 257AB  Liturgical Leadership Formation (3,3)
An Archdiocesan course offered to form the participant in faith as well as in understanding
the liturgical and practical bases of liturgy.

RST 259  Special Studies in Liturgy (1-3)
This course treats selected topics such as liturgy and music, art, liturgical prayer, the hours, or
cultural adaptation. This course may be repeated for credit.

RLM 259  Special Studies in Liturgical Music  (1-3)
Special studies related to liturgical music. This may include off-campus offerings such as the
National Pastoral Musicians Conference. This course may be repeated for credit.

RST 260  Foundations of Ministry Leadership* (1-3)
Foundations of Christian Leadership invites Christian leaders to look at those
principles and priorities that guide their lives. Participants develop a personal
mission statement and strategies for self care, personal renewal, leadership
development and growth in ministry. Regularly offered as off-site cooperative course from
Center for Ministry Development.

RST 260A  Principles of Youth Ministry* (1-2)
Principles of Youth Ministry proposes foundational understandings and principles for
effective ministry youth, grounded in pastoral theology, culture psychology,
developmental theory, and sociology.

RST 261  Foundations of Catechetics  (2-3)
Survey of the historical, theological, philosophical foundations of contemporary catechetics.
Current issues and practical applications; future directions.

RST 262A  Fostering the Faith Growth of Youth through Evangelization
and Catechesis* (1-2)
Evangelization and catechesis explores the foundation of nurturing young and older
adolescent faith development and Catholic identity through an integrated approach to faith
formation, which incorporates teaching, prayer and liturgy, community life, and justice and
service to ministry with adolescents.

RST 262B  Fostering the Faith Growth of Youth through Prayer and
Worship* (1-2)
Prayer and worship investigates the foundational role that Christian worship and sacraments
have in fostering the spiritual growth of youth. The goal is to develop a realistic and
integrated approach to worship within a comprehensive ministry to youth and practical
application in the participant’s pastoral setting.
**RST 262C**

**Fostering the Faith Growth of Youth through Justice and Service** (1-2)

Justice and service explores the foundations for fostering a justice and service consciousness and spirituality in youth drawn from: Scripture, Catholic Social Teaching, adolescent development, and contemporary catechetical principles. It develops skills for creating integrated, action-learning models for the justice and service component of a comprehensive youth ministry.

**RST 263ABC  Advanced Catechetical Ministry (2,2,2)**

A three-phase program which prepares Archdiocesan catechetical leaders for ministry to adults. The program consists of three areas: theological formation, ministry specialization, and supervised practicum.

**RST 266  Leadership in Pastoral Ministry (1-3)**

The biblical, theological, ethical foundations for Christian leadership followed by practical management theory with established Christian ministerial themes. Some themes are women and men as partners in ministry, issues of diversity, conflict resolution, parish management skills.

**RST 266A  Developing Youth Ministry** (1-3)

Developing Youth Ministry explores processes and skills for effective leadership in youth ministry. Leaders will be prepared to empower the parish community for ministry with youth through collaboration and leadership development.

**RST 266B  Skills for Ministry Leadership** (1-3)

Skills for Christian Leadership addresses the theories and skills that ministers need to work with and through people. Participants will develop a practical, working understanding of leadership process and skills and the experiential ability to use the skills. The course stresses the application of leadership skills to various ministry settings, problems, and issues. *Off-site cooperative course.*

**RST 267**

**Fostering the Faith Growth of Youth Through Pastoral Care** (1-3)

Pastoral Care explores the principles and methods of caring for young people from various cultures and their families. The course develops an understanding of the breadth and depth of pastoral care, of family systems and adolescent development, and the role that cultural identity plays in the development of adolescents. The goal is two-fold: (a) it aims to promote healthy adolescent development from a pastoral care perspective and (b) to develop preventative interventions for families with adolescents.

**RST 269  Special Studies in Ministry (1-3)**

Special Studies in Ministry may include other topics in ministry, catechetics, scripture, Christian ethics, or systematics.

**RST 271  Survey of Hispanic Culture and Religion (3)**

A survey of the roots of the cultural expressions of faith as found in the Hispanic community. This course is especially shaped for those in ministry in Hispanic communities.

**RST 273  Perspectives on Hispanic Theology (2)**

Theological Reflection on Hispanic issues and their relevance to the present and future Church experience in the Americas.

**RST 279  Special Studies in Hispanic Ministry (1-3)**

Special Studies in Hispanic Ministry may include topics in ministry, catechetics, liturgy, spirituality, scripture, Christian ethics, or systematics.
RST 280A/PSY 225  Theories of Pastoral Counseling I* (3)
Introductory course which includes an overview of theories of counseling and psychotherapy which influence contemporary pastoral care/counseling. Includes psychoanalysis, ego psychology, transactional analysis, existential therapy, problem-solving, crisis intervention and psychosocial theories. Considers what is uniquely pastoral in pastoral care/counseling.

RST 280B/PSY 236  Theories of Pastoral Counseling II (3)
This course examines the study of family therapy and family systems theory. Psychological and sociological influences on family behavior along with a survey of treatment models for the family.

RST 280C  Foundations of Pastoral Care (2-3)
This course focuses on the nature of pastoral care and the pastoral relationship. It explores the convergence and distinction between pastoral care and counseling. Particular pastoral relationships—including grief counseling, short term crisis counseling, support in faith, and referral—will be addressed.

RST 281  Counseling/Listening Skills (1)
An introduction to basic counseling skills. Tasks will include learning skills of attending, active listening, primary-level empathy and clarification, as well as discovering by experience and feedback, personal strengths and weaknesses as a counselor. A focus of the course will be on both process and problem solving.

RST 282  Introduction to Spiritual Direction (1)
Introduction to spiritual direction; nature of spiritual direction; preparation and role of the spiritual director.

RST 283  Psychology of Religion (3)
This course will use psychological methods of inquiry to examine traditions of belief and religious practice. It will explore developmental theories of faith, morality, spirituality and values. Implications for both pastoral and clinical practice will be discussed.

RST 284A  Issues in Pastoral Counseling: Sexuality (1)
This course explores the nature of healthy sexuality and pathological manifestations of sexuality as they concern the minister of pastoral care and counseling.

RST 284B/PSY 203  Issues in Pastoral Counseling: Cross Cultural Issues (1)
The aim of this course is to explore the pastoral implications of cultural diversity. There will be special emphasis on the African American, Hispanic and Asian cultures as they affect persons and families from these cultural backgrounds living in the U.S.

RST 284C  Issues in Pastoral Counseling: Dependency Disorders (1)
This course explores dependency disorders with emphasis on chemical dependencies. Possible pastoral responses to those affected by chemical dependency will be discussed.

RST 285  Disorders of Soul and Psyche (1-2)
This course poses and explores religious questions about dysfunctional attitudes and behavior which can also be viewed from a purely psychological perspective. These religious issues include grace and free will; guilt and reconciliation; redemption; and mystical phenomena.

RST 286/PSY 269  Clinical Case Studies in Pastoral Counseling (3)
Analysis of current developments and problems met in the practice of pastoral counseling with focus on the psychodynamics and critique of the counseling relationship. Field experience is adjunctive to this course. This course fulfills the requirements of PSY 269.

RST 287  Psychological/Theological Integration Seminar (1)
The goal of this seminar is to assist students in integrating their professional expertise in relationship to their Christian vocation as pastoral counselors. The student will be asked to
write a reflective paper on his/her own theological orientation as it affects his/her own pastoral practice. Field experience is adjunctive to this course.

**Certificate in Pastoral Care/Counseling Course**

RST 289 Special Studies in Pastoral Counseling (1-3)
This course will examine fields and areas in pastoral counseling as related to various disciplines, problems and ministries, such as detention ministry, ministry to/with the aging, and women's issues. *One or other of these courses may be substituted for part of Special Issues in Pastoral Counseling.*

*Certificate in Youth and Young Adult Ministry Course*

**Certificate in Pastoral Care/Counseling Course**

RSP 280 Introduction to Pastoral Ministry (2)
An introduction to the theological, Scriptural, and ethical foundations of pastoral ministry; an overview of the nature of ministry in diverse settings; the spiritual formation of the pastoral minister.

RSP 281 Ministry and Diversity (3)
Understanding a culturally diverse population and diverse sexual orientations; identifying the influence of socioeconomic and multigenerational differences; developing appropriate pastoral responses in relation to these and other human differences.

RSP 282 Psychological Dimensions of Pastoral Ministry (3)
Psychological theory that informs a pastoral approach; an overview of psychopathology as it relates to pastoral care; effective pastoral ministry in an addictive society; relationship of physical and mental health to religious expression; healthy vs. unhealthy religion.

RSP 283 Spirituality in a Pastoral Context (2)
An examination of definitions of spirituality; responding to universal spiritual themes encountered in ministry; the role of spiritual direction; the movement of prayer; methods of theological reflection.

RSP 284 Ministering across the Life Span (3)
Social, emotional, cognitive, spiritual, and sexual development across the life span with emphasis on issues of particular relevance to the pastoral minister; to include an examination of models of faith development.

RSP 285 Leadership in a Pastoral Setting (2)
Theological and social foundations of community; community-building skills; diverse models of leadership; strategies for conflict resolution; empowering the community in the use of its gifts.

RSP 286 Helping Skills for the Pastoral Minister (Practicum) (3)
Development of effective listening and interactive skills; responding to crisis situations; learning when and how to make referrals; opportunity to practice applying theory and ethical principles through role playing and case studies; integration of knowledge gained in program coursework.

RSP 287 Parish Management Skills (3)
Specific knowledge base and skills for the pastoral associate will be developed in the context of a theology of parish. (Optional Course for Pastoral Associates)

**Research**

RST 290 Thesis (4)
RST 291 Research Essay (1)
RST 295 Internship (1-3)
**Requisitos de admisión:**

1) Licenciatura y/o constancia(s) de estudios en el campo teológico.
2) Reciente participación acreditada en algún programa como: Master Catechist Program, Institutos Pastorales para Ministerio Hispano u otro Programa reconocido por las Oficinas Diocesanas.
3) Dos cartas de recomendación.
4) Descripción de filosofía personal y objetivos con relación al ministerio Hispano.
5) Familiaridad con los Encuentros Nacionales Hispanos de Pastoral.
6) Constancias de haber trabajado en el ministerio pastoral.
7) Entrevista con quien dirige el Programa.
Una vez completado el Certificado en Ministerio Pastoral Hispano, si lo desean, pueden aplicar hacia la obtención de la Maestría en Estudios Religiosos. Deberán ser cubiertos satisfactoriamente los requisitos de entrada y los cursos previamente consultados y seleccionados con la Directora del Graduate Program in Religious Studies.

**Admission Requirements**

1) Bachelor's degree, certificates of preparation, and/or written evidence of study in the field of theology
2) Recent participation in program such as: Advanced Cathechetical Ministry Program, Pastoral Institute for Hispanic Ministry or other program recognized by Diocesan Offices.
3) Two letters of recommendation.
4) A description of the philosophy and objectives in relations to Hispanic ministry.
5) Familiarity with Encuentros Nacionales Hispanos de Pastoral.
6) Written verification of work in ministry
7) Interview with program director.

Participants who obtain a Certificate in Hispanic Pastoral Ministry, if they desire, may apply to the Masters in Religious Studies. After satisfactorily completing the requirements for entrance into the Graduate Division, students will select courses in consultation with an advisor from the Graduate Program in Religious Studies.

**RST 200S/100S Introducción al Antiguo Testamento (1-3)**
Aborda los grandes ejes de lectura del Antiguo Testamento, su contexto histórico, función social del texto, lugar asumido por autores, y estilos literarios. (An overview of the main approaches to Old Testament; its historical context; social function of the text; positions embraced by authors; and literary forms.)

**RST 203S/103S Los Profetas y su Mensaje (1-3)**
Estudio de la literatura profética más significativa del Antiguo Testamento, su contexto histórico, finalidad y dimensión política. (A study of the major prophetic literature of the Old Testament; historical background; purpose and political dimensions.)

**RST 208S/108S Introducción al Nuevo Testamento (1-3)**
Introducción a los fundamentos del Nuevo Testamento. Se abordarán particularmente los Evangelios Sinópticos, el contexto histórico-social de la primitiva iglesia y la influencia de la literatura neo-testamentaria. (An introduction to the New Testament foundations; Synoptic Gospels; historical and social context of early Church and the rise of New Testament literature.)

**RST 219S/183S Estudios Especiales en Escritura (1-3)**
Temas específicos en Escritura, o concentración en secciones particulares del Antiguo o Nuevo Testamento; la Escritura en relación con la ética, teología sistemática, educación religiosa o liturgia. (Specific themes in Scripture such as particular sections of either the Old or New Testament; Scripture in relation to ethics, systematics, religious education or liturgy.)

**RST 220S/120S Introducción a la Teología (1-3)**
Aborda la Teología Sistemática como disciplina que reflexiona la práctica de fe su método y los discursos teológicos contemporáneos. (An overview of Systematic Theology as it reflects the practice of faith; its method and contemporary theological discourses.)

**RST 223AS/123AS Jesús el Cristo (1-3)**
Bosquejo introductorio a la perspectiva Cristológica actual, cambios en la Cristología hoy, contribuciones de los métodos histórico-criticos del Nuevo Testamento. Se ubicará la
Este curso estudia a Jesús, el Sacramento del Encuentro de Dios, como nosotros llegamos a conocerlo en el contexto actual de la Vida Sacramental de la Iglesia de hoy. Este curso trata de temas, cuestiones y problemas particulares concernientes a los Sacramentos de la Iniciación.

RST 226S/126S Antropología Cristiana (1-3)

RST 228AS/100AS La Iglesia y su Misión (Part 1) (1-3)

Tratamiento teológico sobre la misión de la Iglesia; se enfatizará la relación metodología: Reino-Mundo-Iglesia y su desarrollo en la historia de la Iglesia. (Theological treatment on mission of the Church; emphasis on methodological relation of: Reign of God-World-Church and its development in the history of the Church.)

RST 228BS/128BS La Iglesia: Sacramento del Reinado de Dios (1-3)

Se clarificará aspectos fundamentales de la Iglesia hoy: su dimensión sacramental, sus notas características; se enfatizará la tarea de la evangelización, los nuevos ministerios y Comunidades Eclesiales de Base. (A study to clarify fundamental aspects of the Church today: its sacramental dimension, its characteristic notes; emphasis on the task of evangelization; new ministries and “comunidades de bases”.

RST229AS Teología de los Sacramentos I (1)

Este curso estudia a Jesús, el Sacramento del Encuentro de Dios, como nosotros llegamos a conocerlo en el contexto actual de la Vida Sacramental de la Iglesia de hoy. Este curso trata de temas, cuestiones y problemas particulares concernientes a los Sacramentos de la Iniciación.

RST229BS Teología de los Sacramentos II (1)

Este curso sigue los pasos de la reflexión iniciada en RST 229S A y trata profundamente los temas, las cuestiones y los problemas concernientes a los Sacramentos de la Sanación y de la Vocación. (This course continues the reflection begun in RST 229S A with an in depth study of issues, questions and problems relating to the Sacraments of Healing and Vocation.)

RST 235S/135S Espiritualidad Cristiana (1-3)

Nueva comprensión de Espiritualidad como reto de una práctica liberadora; análisis de impacto de la vida moderna en la Espiritualidad y su dimensión política. Las contribuciones de la espiritualidad Hispana. (New understanding of spirituality as a challenge of liberation practice; analysis of the modern culture's impact on spirituality and its political dimensions. Contributions of Hispanic Spirituality.)

RST 237S Liturgia y Culto (1)

La Liturgia y el Culto son el centro vital de la vida y de la identidad de la Iglesia. Este curso estudia temas, cuestiones y problemas particulares que surgen cuando la comunidad celebra y alaba en español, tiene sus raíces en Latinoamérica y ubica en los Estados Unidos. (Liturgy and Worship: Liturgy and Worship are the vital core of Church life and identity. This course will study the particular issues, questions and problems that arise when the community
celebrates and worships in Spanish, has its roots in Latin America and is situated in the United States.)

**RST 239S/183S Estudios Especiales en Teología Sistemática (1-3)**
Incluye cursos sobre periodos específicos en la historia de la iglesia, María, ecumenismo, creación, el Hecho Guadalupano, etc. (Special studies in Systematics includes courses such as specific periods in the history of the Church, Mary, ecumenism, creation, etc.)

**RST 240S/140S Fundamentos de la Ética Cristiana (3)**
Iglesia; los elementos básicos para un juicio moral de acuerdo a la teología Bosquejo de las líneas fundamentales de la Ética Cristiana en la historia de la moral y la opción cristiana hoy. (A survey of the major developments of Christian Ethics; basic elements of Christian moral judgment according to moral theology. Fundamental option of Christians today.)

**RST 243S/143S Ética Social Cristiana (1-3)**
Aspectos fundamentales de Ética Social su fundamento bíblico; la enseñanza social de la Iglesia en relación a la economía, política ideologías, justicia social y práctica cristiana, (Principles of social ethics; biblical foundations; social teaching of the Church on: economics, politics, ideologies, social justice and Christian praxis.)

**RST 244S/144S Teología y Ciencias Sociales (1-3)**
Enfoque en la disciplina de las Ciencias Sociales y su correcta articulación con la mediación hermenéutica y la mediación práctica; énfasis en el análisis dialéctico de la realidad social. (An approach to the discipline of the Social Sciences and its proper articulation to hermeneutics and praxis; emphasis in dialectic analysis of social reality.)

**RST 246S/146S Ética y Vida Humana (1-3)**
Estudio sobre aspectos relacionados con el valor de la vida humana hoy: contracepción, aborto, experimentación con el ser humano, eutanasia, pastoral de la salud, etc. (A study of the questions relating to the value of human life: contraception, abortion, human experimentation, euthanasia, health care, etc.)

**RST 249S/180S Estudios Especiales en Ética Cristiana (1-3)**
Estudios especiales en Ética Cristiana incluye aquellos temas concentrados en alguna área específica de los cursos anotados. De igual modo, sé refiere a temas particulares en los campos de la escritura, Teología Sistemática o educación religiosa. (Special studies in Christian Ethics includes those topics which concentrate on a particular area within the courses already listed. Or, special studies may relate to scripture or systematics or religious education.)

**RST 271S/171 Religiosidad Popular (1-3)**
Examen de la Religiosidad Popular y su Relevancia para el Ministerio Pastoral Hispano. Su dimensión cultural, antropológica y política, así como su contribución a la liberación de los pobres. (An examination of Popular Religiosity and its relevance to the Hispanic Pastoral Ministry, its cultural, anthropological and political dimensions and its contributions to the liberation of the poor.)

**RST 273AS Ministerio Pastoral Hispano I (1):**
Este curso estudia los temas, cuestiones y problemas particulares del Ministerio Hispano en los Estados Unidos. La primera parte de esta reflexión trata con la historia de la cultura y de la Iglesia hispana en los Estados Unidos. (This course studies issues, questions and problems arising in Hispanic Pastoral Ministry in the United States. Part I studies the history of Hispanic culture and the Church in the U.S.)

**RST 273BS Ministerio Pastoral Hispano II (1):**
Este curso sigue los pasos de la reflexión iniciada en 273AS. Trata de la Teología Hispana en los EU, sus teólogos/as y sus raíces espirituales. (This course continues the reflection of
RST 273AS. It will deal with Hispanic Theology in the U.S. its theologians and its spiritual roots.)

**RST 273BS/173BS  Perspectivas de la Teología y Ministerio Hispano (1-3)**

Las grandes líneas de inculturación y liberación. Enfasis en los Encuentros del Ministerio Hispano; realidad socio-política, económica y cultural. Temas relevantes como; proceso pastoral, nuevo ministerios, inculturación, liberación, con énfasis en los Encuentros. (An overview of Hispanic Ministry; the socio-political, economic and cultural reality. Major issues surfaced; pastoral process, new ministries)

**RST 273CS: Ministerio Pastoral Hispano III (1)**

Este curso sigue la reflexión iniciada en 273AS y en 273BS. Trata del Ministerio Pastoral Hispano en su contexto actual: La educación religiosa monolingüe o bilingüe; los problemas de diferencia entre las generaciones; la formación de fe de los niños, los jóvenes adultos y los adultos; el ministerio familiar, etc. (This course continues the reflection begun in 273AS and in 273BS. It deals with Hispanic Pastoral Ministry in its present context: Monolingual or Bilingual Religious education; generation differences, faith formation content for adults, youth, young adults; family ministry, etc.)

**RST 278S/178S Seminario de Integración (3)**

Consideración de la relación entre práctica conocimiento-historia y teoría-práctica. Métodos para planificar la educación religiosa y supervisión. (A consideration of the relation between practice-knowledge-history and practice-theory. Methods for planning religious instruction and supervision.)
SOCIAL SCIENCE

Department Affiliation: History and Political Science

The Social Science major is an expanded area major with a choice of three emphases: history, political science, and public administration.

The variations within the major make it possible for students to direct their studies into particular areas of interest. A core of studies is directed toward fiscal problems, employment, technology, societal roles, ecology, and the general strategy of government.

Courses Required for a B.A. degree in Social Science.

History Emphasis

Lower Division:

- HIS1AB  Western Civilization (3,3)
- HIS 2  US History Survey (3)

Upper Division:

Nine upper division courses including:

- HIS101 Research Methodology (3)
- Two-course sequence in American history (6)
- One course in European history (3)
- One course in non-Western history (3)
- Three upper division courses in economics, political science and/or sociology (9)

Recommendations:

- ECO1  Microeconomics (3)
- ECO2  Macroeconomics (3)
- POL 10  Political Concepts (3)
- HIS25  Cultural Geography (3)

Total units in major courses: 36

Plus general studies requirements and electives totaling 124 semester units, including a modern language requirement

Political Science Emphasis

Lower Division:

- POL2  Comparative Government (3)
- POL10  Political Concepts (3)

Upper Division

Seven upper division courses in Political Science (21)
Three upper division courses in history, economics, or sociology (3)

Total units in major courses: 36
Plus general studies requirements and electives totaling 124 semester units, including a modern language requirement.

**Public Administration Emphasis**

**Lower Division:**
- POL1  American Government  (3)
- POL10  Political Concepts  (3)

**Recommendations:**
- BUS16A  Accounting Principles I  (3)
- ECO 1  Microeconomics  (3)
- ECO 2  Macroeconomics  (3)

**Upper Division:**
- POL180  State and Local Government  (3)
- POL185  Public Personnel Administration  (3)
- POL186  Intro to Public Administration  (3)
- POL187  Organizational Theory  (3)
- POL191  Internships in Government Service  (3)

**Fifteen Units from the Following Courses:**
- MTH 9  Intro to Computer Processes  (3)
- MTH 38  Elements of Probability and Stats  (3)
- POL 108  Constitutional Law  (3)
- POL 109  Individual Rights  (3)
- POL 134  International Organization  (3)
- POL 138  International Law  (3)
- POL 170  American Party Politics  (3)
- POL 175A/B  Selected Topics in the American Political Structure  (3)
- SOC 161  Dynamics of Majority/Minority Relations  (3)
- SOC 175  Urban Sociology  (3)

**Total Units in Public Administration emphasis:** 36

Plus general studies requirements and electives totaling 124 semester units, including a modern language requirement.

All courses listed above are described in the respective departmental listings.

**Social Science Teacher Portfolio (1-3)**

Provides an opportunity for students in the Single Subject Credential Program to compile a Cumulative Teacher Portfolio, demonstrating their attainment of the California Commission on Teacher Credentialing competencies for secondary social science teachers. Sections of the Portfolio, compiled by the student under direction of the faculty advisor, highlight student abilities and knowledge in the major categories of the program: History and Government of the World; History and Geography of the United States and California; Government; Economics: The Behavioral Sciences, and Integrated Coverage of Social Science Subjects.

An exhibition and assessment of the portfolios takes place during the final seminar meeting with an audience of faculty, students, and the Advisory Council for the Subject Matter Programs.
Social Work

Departmental Affiliation: Sociology and Gerontology

The goals of the social work profession is multi-faceted and includes, counseling, crisis intervention, diagnosis, evaluation or assessment of client’s status and needs, and resource referral. Social workers work in a wide variety of settings that provide direct care or as referral agents for clients to locate an array of services in the community, such as substance abuse rehabilitation, healthcare, housing, childcare, eldercare, adoption services, foster care, grief counseling, or job training. In addition, social workers work in organizations that provide emergency or disaster relief services to individuals, families and the community. They can be found in city, county, state, or federal agencies, as well as in non-profit organizations serving the community, such as schools, hospitals, mental health centers, corrections facilities, or other health and human services settings. Employment in for-profit private practice agencies is expanding.

Social work as a social services profession is highly rewarding and client-centered, with a strong advocacy focus. Social workers aim to assure that services and resources needed by their clients are provided to them.

The demand for social workers is high and is projected to continue to grow in the future, particularly in the areas of healthcare and gerontology. Our program provides excellent preparation for graduate studies in social work.

SOC 197  Internship and Practicum  (3)

Plus general studies requirements and electives totaling 124 semester units.

Total upper division required units for B.S. in Social Work: 51

Courses also recommended (can be taken as elective credit units):

BIO 112  Human Nutrition  (3)
PSY 168  Abnormal Psychology  (3)
PSY 188  Crisis Intervention  (3)
SOC 111  Criminology  (3)
SOC 114  Corrections  (3)
SOC 115  Sociology of Violence  (3)
SOC 116  Criminal Justice  (3)
SOC 124  Sociobiology  (3)
SOC 125  Cultural Anthropology  (3)
SOC 135  Mass Media  (3)
SOC 138  Non-Profit Management  (3)
SOC 162  Human Rights  (3)
SOC 163  Women and Children’s Human Rights  (3)
SOC 164  Advocacy and Social Justice  (3)
Sociology is the study of human behavior within a multitude of contexts, from the family, the community and workplace, to the regional, national, and global arenas.

The major prepares students for professional careers in such areas as criminology, law enforcement, social services, urban planning and development, counseling, race/ethnic relations, human resources, child, marriage, and family relations, community relations, global affairs, and employment in a wide range of government agencies, non-profit and for-profit organizations. Sociology also provides an excellent foundation for graduate studies in social work, counseling, public policy, urban development, public health, population studies, global studies and the law. See Mount St. Mary’s College Sociology Department Web Page for additional examples of professional options in the field.

The department offers an Associate of Arts Degree in Human Services (see this catalog under Human Services for information on this program), a general program of sociology, and the option of seven specializations within Sociology: Criminology, Global Studies and Human Rights, Medical Sociology, Race/Class/Gender, Communications, Social Services and Family Relations. The Gerontology Major is also affiliated with the department.

**B.A. Degree in Sociology**

**Core Courses Required:**
- **SOC 5** Sociological Perspectives (3)
- **SOC 117** Quantitative Research Methods (3)
- **SOC 118** Qualitative Research Methods: Ethnography (3)
- **SOC 166** Sociological Theory (3)
- **SOC 197** Internship and Practicum (3)

Plus seven additional courses in sociology. A maximum of 12 lower division units in Sociology may be counted toward completion of the major. These units cannot, however, include lower division internship units (SOC 25).

To fulfill a B.A. Degree in Sociology students must complete the sociology requirements, the general studies requirements, and the modern language requirement for a total of 124 units.

**Total units in Sociology: 36**

The following specializations within the sociology major are available, but not required. However, a specialization can enhance your preparation for certain career directions, as discussed within each specialization. The courses required within each specialization will count toward the required 36 units for the major in sociology.

**Specialization Option One: Criminology**

Excellent preparation for careers in law enforcement, probation, crime prevention, forensic research, law studies, rehabilitation, programs for at-risk populations, or advanced studies in sociology and criminology.
Required Courses:
SOC 109 Forensic Studies: Criminalistics (3)
SOC 110 Juvenile Delinquency (3)
SOC 111 Criminology (3)
SOC 114 Corrections (3)
SOC 116 Criminal Justice (3)

Plus select two additional courses from the following:
SOC 115 Sociology of Violence (3)
SOC 160 Diversity in Society (3)
SOC 161 Majority-Minority Relations (3)
SOC 175 Urban Sociology (3)
SOC 180 Social Stratification (3)
POL 107 Criminal Law (3)
POL 109 Individual Rights (3)
POL 180 State and Local Government (3)
PSY 139 Child Abuse and Family Violence (3)
PSY 168 Abnormal Psychology (3)

Specialization Option Two: Global Studies and Human Rights
This specialization addresses the fundamental challenges of population growth and migration, cultural diffusion, environmental change, and quality of life of human populations around the world, with a core guiding foundation of human rights advocacy. A range of topics will be explored, including the impact of poverty, child labor, children at war, regional cultural conflict, women’s issues, environmental change, economic development, and access to health care, housing, and other basic resources necessary for sustainability or growth. The intersection of religion, politics, economics, and culture will be emphasized.

Required courses for specialization:
SOC 131 The Documentary & Social Justice (3)
SOC 162 Human Rights (3)
SOC 164 Advocacy and Social Justice (3)
SOC 175 Urban Sociology (3)
SOC 185 Global Development (3)
SOC 186 Women & Children’s Rights (3)
SOC 195 Sociology of Religion (3)

Plus select two additional courses from the following:
SOC 134 Mediation and Negotiation (3)
SOC 186 Political Sociology (3)
SOC 190 Social Change (3)
SOC 191 Social Movements (3)
SOC 187 Environmental Studies (3)
POL 131 International Relations (3)
POL 134 International Organization (3)
POL 138 International Law (3)
HIS 178 Diplomatic History of the United States (3)
Also highly recommended: A semester of study abroad in the junior year. This requires coordination with the Department Chair and the Advisement Office.

**Specialization Option Three: Medical Sociology**

This specialization is recommended for those interested in careers in the human services specifically related to social work and case management in health care resources. Possible work settings include hospitals, health management organizations, rehabilitation centers, hospice, and private or government agencies that are involved in the dissemination of health and human services.

**Required courses for this specialization:**

- SOC 13 Anatomy for Human Services (3)
- SOC 112 Medical Sociology (3)
- SOC 120 Case Management (3)
- SOC 189 Gerontology (3)
- SOC 121 Human Services Ethics (3)

**Plus select two additional courses from the following:**

- GER 188 Caregiving and Adaptations for Elders (3)
- SOC 49 Multicultural Issues for Healthcare Professional (3)
- SOC 124 Sociobiology (3)
- SOC 128 Introduction to Social Work (3)
- SOC 138 Nonprofit Management (3)
- SOC 192 Thanatology Seminar (3)
- BIO 10 Health Science (3)
- BIO 40A/50A Human Anatomy (3)
- BIO 112 Human Nutrition (3)
- SPA 27 Spanish for Health Professionals (2)

**Specialization Option Four: Race, Class, and Gender**

This specialization provides a broad and inclusive examination of the complex dynamics, life trajectory implications, and interactional effects that exist at the intersection of race, class, and gender in social life. This is an appropriate specialization for those pursuing careers in such areas as race/ethnic relations, immigration, labor relations, human resources, or public policy. It also provides good preparation for graduate studies in sociology in the areas of race relations, gender studies, and social stratification.

**Required courses for this specialization:**

- SOC 125 Cultural Anthropology (3)
- SOC 160 Diversity in Society (3)
- SOC 161 Majority-Minority Relations (3)
- SOC 180 Social Stratification (3)

**Plus select two additional courses from the following:**

- CUL 107 Theories and Practice of Culture (3)
- SOC 115 Sociology of Violence (3)
- SOC 162 Human Rights (3)
- SOC 163 Women & Children’s Rights (3)
The Women’s Leadership Program is also highly recommended as an addition to one’s professional development program. Involvement in it can enhance career potential.

Specialization Option Five: Communications

Students are introduced to basic theories and practice of communication through mass media using a range of tools—written, verbal, sociological, and technological. Sociological theory and social science research methods, along with hands-on skills of communication production, are provided in this specialization. Students can obtain internship and career opportunities in the film, television, and broadcasting arenas.

Required courses for this specialization:

SOC 131 The Documentary
SOC 132 Film and Television
SOC 33/133 Culture, Music and Broadcasting
SOC 135 Mass Media

Plus select two additional courses from the following:

ART 15 Computer Graphics I
ART 115 Computer Graphics II
ART 130 Graphic Communication
ART 140 Documentary Production 2
CUL 106 Culture and Film
ENG 108 The News Media
JRN 101 Basic News Writing
PHI 169 Philosophy of Technology
PHI 175 Philosophy of Film
SOC 139 Documentary Production 1

Highly recommended: A business minor or major.

Specialization Option Six: Social Services

Preparation for careers in social work, non-profit and government social service agencies, providing a foundation of understanding of development over the life course and basic skills necessary for working with people in service settings. Good preparation for advanced study in social work. This specialization and family relations specialization cannot both be selected. You must choose one or the other.
**Required courses for this specialization:**

**Specialization Option Seven: Family Relations**

For students interested in working with couples and families in a variety of clinical settings, this specialization provides basic preparation. It may also provide a foundation for continued studies in the area of marriage and the family at the graduate level. This specialization and social services specialization cannot both be selected. You must choose one or the other.

Recommended for graduate school preparation: Math 38, Probability and Statistics.

The Minor in Sociology

A minimum of six courses, two of which must include:

SOC 5 Sociological Perspectives (3)
SOC 166 Sociological Theory (3)

Plus four elective courses in sociology.

Total units for the Minor in Sociology: 18

SOC 5 Sociological Perspectives (3)
An introduction to the scientific study of human social behavior, including the foundational theories and the basic elements of social research. Viewing human life as inherently social, the social and environmental forces which influence and are influenced by personal experience, culture, and social arrangements, are examined. GS-IIIF, VI

SOC 6 The Family, Child, and Community (3)
The study of the family as a primary group and as an institution. Varieties of family patterns, pre-marital and marital behavior, child-parent relationships, and family disorganization and reorganization are considered. GS-IIIF, VI (Formerly Family Relationships and Child Development)

SOC 7 Introduction to Human Services (3)
An introduction to the broad field of the helping professions in human services agencies. Includes theoretical applications and analysis of the range of issues addressed in these settings for individuals, families, groups, organizations, and communities such as healthcare access, family trauma, caregiver stress, housing, mental health, intervention and prevention services.

SOC 10 Deviance and Youth (3)
An examination of the combined structural, social and psychological elements which are manifested as deviance or delinquency in the juvenile population. Topics such as youth violence, substance abuse, adolescent sexuality and parenting, gang cultures, and crime will be studied, not only in the context of social conditions, but also within the juvenile justice system and social resource organizations, with a focus on the California Youth Authority system and the Los Angeles County Probation Department.

SOC 13 Anatomy for Human Services (3)
An introduction to the structure of the human body. This course provides a basic understanding of the human organism and explores the relationship between psychosocial functioning and biological functioning. It is designed for those preparing for the social services professions, such as social work.

SOC 25 Internship: Human Services (3)
Required for all A.A. Human Services Majors. The internship site to be selected and mutually agreed upon by student and advisor. A minimum of 120 hours of on-site experience must be conducted under the supervision of the internship advisor. This course is not open to those outside the A.A. Human Services Program. Prerequisite: Approval of advisor and sophomore standing.

SOC 30/130 Human Communication (3)
An examination of the basic human social processes of cooperation, collaboration, competition, and conflict. On a macro level, students will explore the relationship between these processes and types of social systems. On the micro level, the theories and techniques
A study of the intersection of mass culture, subculture, personal identity, musical expression, production and distribution. Studio processes, technical aspects, the economics and politics of production, icon development, social networking, opportunity structures, and presentation of self are also addressed.

**SOC 33/133 Culture, Music and Broadcasting (3)**
A study of the intersection of mass culture, subculture, personal identity, musical expression, production and distribution. Studio processes, technical aspects, the economics and politics of production, icon development, social networking, opportunity structures, and presentation of self are also addressed.

**SOC 49 Multicultural Issues for Health Care Professionals (3)**
A survey of ethnic and cultural factors that have an impact on the work of healthcare professionals and the experience of patients within the context of healthcare settings. GS-VI

**SOC 104 The Family (3)**
An exploration of the structure, functions, and challenges of the institution of the family from a cross-cultural perspective. The impact of the forces of social, political, religious and economic change on the structure of the family, and the multiple dynamics of intergenerational relationships will also be analyzed. GS-IIIF, VI

**SOC 105 Couples (3)**
An integrated biopsychosocial approach to the study of intimate relationships. The course focuses on the interaction between the biological, psychological and sociological dimensions of the relationship system. Attachment and communication styles, distance regulation, pairing patterns, and the impact of history and culture are addressed.

**SOC 106 Introduction to Psychotherapy (3)**
Introduction to the major methods of psychotherapy, particularly as applied to couples and families. The integration of theory and practice will be emphasized. Therapies that will be covered include structural family therapy, systems family therapy, strategic therapy, Milan systemic approach, intergenerational therapy, Satir’s communication approach, cognitive-behavioral, narrative therapy, solution-focused approach, and symbolic-experiential therapy.

**SOC 109 Forensic Studies: Criminalistics (3)**
The examination of theories and techniques associated with the recognition, collection and analysis of physical evidence from the context of a crime scene. The course will enable students to use the physical and social environment to provide information for use by the criminal justice system. Prerequisite: SOC 5

**SOC 110 Juvenile Delinquency (3)**
An examination of the theories and concepts applied to deviance and social disorganization as it manifests itself among the juvenile population. Topics include contemporary gang culture and other issues of youths at risk. Prerequisite: SOC 5

**SOC 111 Criminology (3)**
The scientific application of the theories of crime and deviance, reflecting the structural and environmental influences of contemporary American society. Prerequisite: SOC 5

**SOC 112 Medical Sociology (3)**
An examination of contemporary social phenomena associated with health and illness and the dissemination of health care, both nationally and internationally. Analysis of regional, national and international data on the health status of a variety of populations will be examined. In addition, the intersection of health, health care delivery, demography, economic trends, and the swift pace of changing technology--both medical and non-medical--will be explored. Societal implications for the future will be discussed.

**SOC 114 Corrections (3)**
An exploration of the corrections system in the U.S. from its inception to the present day. Topics include prison and jail cultures, ethical issues related to incarceration, history of incarceration, and the different types of correction modalities to include institutional-based
corrections. A study of the responsibilities of correction officers, probation officers, parole officers, and parole agents is included. \textit{Prerequisite: SOC 5}

\textbf{SOC 115 Sociology of Violence (3)}

This course will explore questions about the origins of violence in human society and the social processes that produce or inhibit violence. A focus will be on the social construction and social definition of violence in contemporary society. Also included is a study of the types of measurements used to report and study violence, including the perspective of victims, offenders, law enforcement agencies and agencies for violence prevention. \textit{Prerequisite: SOC 5}

\textbf{SOC 116 Criminal Justice (3)}

The scientific study of crime, criminal law, and components of the criminal justice system, including police, courts, and corrections or those agencies whose goal it is to apprehend, convict, punish, or rehabilitate law violators.

\textbf{SOC 117 Quantitative Research Methods (3)}

An introduction to and application of quantitative methods used in social science research. A research project will be undertaken. Current computer applications used in research will be applied. \textit{Prerequisite: SOC 5. GS-VIIA}

\textbf{SOC 118 Qualitative Research Methods: Ethnography (3)}

An introduction to qualitative methods used in social science research. Ethnographic methods such as observation, case studies, and interviewing techniques will be studied. \textit{Prerequisite: SOC 5.}

\textbf{SOC 120 Case Management in Health and Human Services (3)}

A study of the methods and practices utilized by health and human services case managers working in a variety of social service resource settings, such as hospitals, daycare centers, senior centers, non-profit outreach programs, and convalescent facilities. Fundamental business, management and social interaction skills will be highlighted. \textit{See GER 120.}

\textbf{SOC 121 Human Services Ethics (3)}

An examination of the values, strategies, and skills that provide a framework for ethical decisions, ethical behaviors, and an ethical climate in the human services. The NASW Code of Ethics and social justice will provide the context for the professional development of social workers, site managers, and human services leaders.

\textbf{SOC 124 Sociobiology (3)}

The essential inquiry of this course is to explore what dimensions of the human condition are based on our genetic heritage versus our cultural heritage. Are phenomena such as prejudice, competition, aggression, altruism, heroism, and child-parent bonding an outcome of our biology or socialization? A comparative, evolutionary perspective will be applied in order to explore the intersection of culture and biology. \textit{Prerequisite: SOC 5.}

\textbf{SOC 125 Cultural Anthropology (3)}

An examination of the basic social structures of society. A study of the similarities among and differences between societies, including a comparison of primitive and modern cultures. \textit{(Formerly known as Comparative Social Structures) GS-VI}

\textbf{SOC 128 Introduction to Social Work (3)}

An introduction to the basic theories and practice in the field of social work. Course will emphasize human diversity (including cultural, gender, age, SES, personality, geographic locale, and special populations such as victims of violence and the homeless), problem-solving and intervention modalities that can be used for individuals and families. Interactional processes between client and social worker will also be a major focus, along with assessment, planning, practice actions and evaluation methods.
SOC 131 The Documentary and Social Justice (3)
The elements, style, research, and production methods of the documentary as a communication medium is examined. Introductory-level student projects will be developed, informed by genealogical, anthropological, and psychosocial theory and methods.

SOC 132 Film and Television (3)
The purpose of the course is to examine and critically analyze contemporary film and television as a communication medium of culture, social trends, values and sentiments. The organizational, political, economic, and strategic dynamics involved in this medium of creative expression and the production demands and constraints associated with it are also studied.

SOC 134 Mediation and Negotiation (3)
The examination and practice of theory and skills required for formal and informal dialogue, understanding, or resolution of differences. Focus will be on student development of mediation and negotiation skills through application of techniques to group, community, and interpersonal issues.

SOC 135 Mass Media (3)
An examination of the popular mass media as a reflection, characterization, and interpretation of culture and society. In addition, the use of the mass media in politics, economics, social change, and religion will be explored. A focus on critical analysis of ongoing and emerging trends in television, film and music will be conducted.

SOC 138 Non-Profit Management Seminar (3)
This course will introduce managerial theories on leading non-profit organizations. The learning experience includes review of literature, class presentations and active sponsorship of service organizations. A service-learning project integrates theory with practice, requiring team cooperation, planning, and accountability.

SOC 139 Documentary Production 1 (3)
An advanced examination and application of the medium of the documentary. A social phenomenon—either contemporary or historical—will be studied in-depth and a documentary will be produced.

SOC 145 Social Psychology (3)
Surveys the pervasive and invisible social forces acting upon individuals. Explores the cultural and familial interactions facilitating the socialization of people. Provides a critical analysis of the known social influences or hindering individual development. See PSY 145.

SOC 155 Personality and Culture (3)
An in-depth study of the cultural context of personality—the impact of culture on personality and the impact of personality on culture. Individual characteristics such as motivation, creativity, presentation of self, perceptions of self, values, beliefs, and way of life as they are influenced and driven by culture will be explored.

SOC 160 Diversity in Society (3)
The study of the complexities and intricacies of what is meant by human diversity in a variety of manifestations. The influence, implications and intersections of race/ethnicity, gender, religion, political affiliation, education, occupation, family heritage, sex orientation, regionalism, and personal identity communities are examined. Discussion of multiple cultural identity, intermarriage and cross-cultural communication is a recurring focus throughout the semester.

SOC 161 Dynamics of Majority-Minority Relations (3)
A study of the history and contemporary interactional dynamics among majority and minority groups within the United States and California. Analysis of the nature and manifestations of
The examination of human rights from a contemporary global perspective. A range of topics will be explored, including poverty, nutrition, regional cultural conflict, environmental degradation, access to health care, housing, and other basic resources necessary for human survival. The intersection of religion, politics, economics, and culture will be emphasized.

**SOC 162 Human Rights (3)**
The examination of human rights from a contemporary global perspective. A range of topics will be explored, including poverty, nutrition, regional cultural conflict, environmental degradation, access to health care, housing, and other basic resources necessary for human survival. The intersection of religion, politics, economics, and culture will be emphasized.

**SOC 163 Women’s and Children’s Human Rights (3)**
An exploration of contemporary human rights issues with a focus on women and children, as they are encountered at the local, national, and global level. Topics include women’s rights in prison, healthcare access, child labor, children at war, and spousal abuse.

**SOC 164 Advocacy and Human Rights (3)**
Necessary theories and skills for advocacy of social justice in society—from the local to the international arena—will be explored. Advocacy projects that apply theories and skills learned in the classroom will be conducted.

**SOC 165 Historical and Contemporary Social Thought (3)**
An overview of the historical roots, evolution, and contemporary manifestations of such social thoughts as social justice, individualism, social responsibility, universalism, modernism and post-modernism, rationalization, democratization, tribalism, globalization, and scientific inquiry.

**SOC 166 Sociological Theory (3)**
A critical evaluation of major contemporary sociological theorists as representative of various schools of sociological inquiry. An analysis of social behavior through the application of sociological theory. **Prerequisite: SOC 5.**

**SOC 167 Field Work Experience (1-3)**
An on-site experiential course designed to advance the understanding of community issues through participation in a civic project, in collaboration with a faculty member and a community organization. Prior consent of advisor required. **Prerequisite: SOC 5.** May be taken more than one time for one unit credit. May not repeat for 3-unit credit.

**SOC 180 Social Stratification (3)**
A study of the class system in the United States. This specifically includes an examination of stratification as it occurs by educational and occupational attainment, prestige, status, income, and power. Variations among these variables as mediated by race, age and gender will be explored. **Prerequisite: SOC 5**

**SOC 185 Global Development (3)**
A study of the multiple interrelationships between political structure, political movements, socioeconomic development, environment, and global population change. From a global perspective, shifts in population composition, quality of life and resource management and availability, and how these societal conditions are influenced by such forces as political organization, international relations, religion, and environmental conditions, will be explored. Comparisons among these socioeconomic and political dimensions between developing and
developed nation-states will be discussed, along with the possible implications of globalization for the United States.

**SOC 186 Political Sociology (3)**
An overview of major perspectives and exemplary theoretical and empirical sociological scholarship on the modern state. Emphasis is placed on understanding contemporary liberal democratic states within industrialized, urbanized, market-integrated, culturally pluralist societies.

**SOC 187 Environmental Studies (3)**
A survey study of the relationship between the natural environment and human population demographic change, industrial development and urban life. Topics such as ecosystems, biodiversity, pollution, conservation, and natural resource use are examined. Concepts presented will be applied to the Southern California environment.

**SOC 189 Gerontology (3)**
A cross-cultural exploration of aging as experienced in the United States. Ageism, societal attitudes regarding the elderly, and responses to the aging process, both from the individual and social perspective, are examined. Cultural variation and responses to aging and the social, political, and economic implications of a rapidly expanding aging population in the U.S. and in many regions of the world, will be analyzed. Resource and service availability for the elderly--locally, regionally, and nationally--will also be assessed. See GER 189A

**SOC 190 Social Change (3)**
A study of the sociological theories of change from an historical and contemporary perspective. The influence of forces such as migration, population increase, advances in technology, ecological shifts, social movements, and political revolutions will be examined.

**SOC 191 Social Movements (3)**
An exploration of social movements as a cause of social change in society. A selection of social movements, both historical and contemporary will be studied.

**SOC 192 Thanatology (3)**
A multi-disciplinary and comparative examination of the cultural responses which have provided understanding, coping, and meaning for the death and dying process. The course focus will consist of historical and literary themes. See GER 192.

**SOC 195 Sociology of Religion (3)**
An examination of the universal psychosocial functions of the institution of religion and of the influence religion has played within the other social institutions, such as in the family, government, education, and economics, in the past and present. The contemporary societal challenges in which religion is involved will also be highlighted. GS-IIIF, VA4

**SOC 196H Senior Honors Thesis (3)**
Open only to students admitted to the Honors Program.

**SOC 197 Internship and Practicum (3)**
The application of the major’s program of study through an internship experience. A minimum of 100 hours of on-site experience is required, along with practicum attendance and participation. Development of a professional portfolio is also required. Internship site is to be selected and mutually agreed upon by student and professor. Open to majors only and to be taken in senior year of study. Prerequisite: Senior standing.

**SOC 198 Readings in Sociology (1-6)**
Intensive and independent study in a field of special interest at the culmination of one's sociological work.

**SOC 199 Special Studies (1-6)**
A more advanced or specialized treatment in sociology.
SPANISH STUDIES

Department Affiliation: Language and Culture

Spanish is the second most widely spoken language in the world and in the United States, and it is of particular importance in our state of California and other states. Complete proficiency of the language provides enormous leverage in all public and private sectors of the job market.

The department has programs for both Majors and Minors. These are comprehensive programs leading to a proficiency in the four basic language skills: listening, speaking, reading, and writing. Incorporated into the program are the cultures and civilizations of the Spanish-speaking world.

Degree: 

Spanish Studies Minor: 26 units
Spanish Studies B.A./Major: 41 units

B. Interdepartmental degrees:

AA Human Services for Bilingual Settings. See AA Human Services (Sociology).
B.A. Major in Spanish and Business Administration, as listed below.

A. Spanish Studies Minor and Major

A.1. Required Courses for the Spanish Studies Minor – 25 units

SPA 1 & 2 Elementary Spanish I & II (or equivalent) (4,4)
SPA 3 (A or B) Intermediate Spanish III
SPA 4 Intermediate Spanish IV.
CUL 107 Theory and Practice of Culture (3)
SPA 109 Spanish Writing Lab (3)
SPA 112 Spanish Civilization and Culture or
SPA 44/144 Latin American Civilization and Culture (3)
Plus 1 upper division course of the student choice (3)

A.2. Required Courses for the Spanish Studies Major – 41 units

All courses required for the Minor(26) + 5 upper division courses(15). A total of 14 lower division and 27 upper division.

*Students who are Spanish speakers should take SPA 3A. Non Spanish speakers should take SPA 3B.

Any course completed with a grade of D or below is not acceptable toward a major or minor in Spanish Studies and must be repeated.

Students are strongly encouraged to do double Majors or combine a Major and a Minor.

Students are also strongly encouraged to spend a Junior semester abroad, for a maximum of 12 transferable units.

Majors must take at least 15 units in the department. Minors must take at least 12 units in the department.
Three courses can double count for both History and Spanish Studies degrees and can be taken interchangeably: SPA 044/144 and HIS 162; SPA 145 and HIS 165 and SPA 112 and HIS 113

B. Interdepartmental Degrees

B.1. AA in Human Services for Bilingual Settings. See AA. Human Services (Collaboration with the Sociology Department)

Various courses including:

SPA 1 & 2 Elementary Spanish (4,4)
SPA 3A Accelerated Spanish (3)
SPA 4 Intermediate Spanish (3)

B.2. B.A. Degree with a Major in Spanish and Business Administration (Collaboration with Business Administration).

Spanish Preparation:
SPA 1 and 2 Elementary Spanish I and II (or equivalent) (4,4)
SPA 3 and 4 Intermediate Spanish III and IV (or equivalent) (3,3)

Requirements:
SPA 107 Theory and Practice of Culture (3)
SPA 109 Spanish Writing Lab (3)
SPA 114 Translation/Interpretation (3)
SPA 149 Business Communication and Culture (3)
SPA 144 Culture and Civilization of Latin America (3)
SPA 112 Culture and Civilization of Spain (3)
SPA 199 Internship (3)

Choose 1 of the following
BUS 189 International Management (3)
BUS 195 International Marketing (3)
ECO 195 International Economics (3)
POL 131 International Relations (3)

Business Administration
Lower Division Requirements:
BUS 5 Business Law I (3)
BUS 15A Accounting Principles I (3)
BUS 15B Accounting Principles II (3)
CIS 1 Introduction to Computer Process (3)
ECO 1 Microeconomics (3)
ECO 2 Macroeconomics (3)
BUS/MTH 28 Math Analysis for Business (3)
BUS/MTH 38 Elements of Probability and Statistics (3)
PHI 91/192 Business Ethics (3)

Total: 27 lower division units in Business Administration
## Upper Division Requirements:

Develops the four fundamental skills of listening, speaking, reading, and writing. Emphasis on speaking and grammar. **GS-IV**

Further develops the fundamental skills stressing reading and writing as well as vocabulary building. **Prerequisite: SPA 1 or equivalent. GS-IV**

This is a fast track course for students who can communicate orally but need to improve in grammar. The class is conducted in Spanish only and will focus primarily on grammar. **Prerequisite: Oral Test GS-IV**

This is the logical continuation of SPA 1 and SPA 2 for students who are not Spanish speaking. Emphasis on conversation and oral comprehension. **Prerequisite: SPA 2 or equivalent. GS-IV**

Introduction to literature which underlines cultural diversity. **Prerequisite: SPA 3 or equivalent GS-IV, VI**

An introduction to medical vocabulary with emphasis on the process of communication, on medical vocabulary and role playing. **Prerequisite: Elementary knowledge of Spanish useful, but not required.**

A general view of historical, social, and cultural developments in Spain up to today. This course is given in English through the Weekend College only. **GS-IV**

An introduction to the Civilizations and Cultures of Hispanic America with emphasis on their artistic and literary masterpieces. Cultural differences and similarities will be stressed. This course is given in English through the Weekend College only. **GS-IV, VI**

A background course for the study of the arts and literature of Hispanic America, focusing on historical, social, and cultural developments. Emphasis on cultural differences and similarities. **GS-IV (HIS 162)**
SPA 107   Theory and Practice of Culture (3)
The course addresses the growing domestic and global necessity for understanding and communication across cultural boundaries. This is a theoretical and practical approach to understanding cultural differences as well as similarities. It is taught in English.

SPA 109   Spanish Writing Lab (3)
Intensive training in writing, with emphasis on vocabulary, idiom, structural patterns, and style. Exercises in rhetoric, in creative and other forms of writing.

SPA 110   Chicano and other Hispanic Literature in the U.S.
The focus will be on Chicano writers and other authors from Cuba and the Caribbean, Puerto Rico, Central and South America writing in the United States.

SPA 112   History and Civilization of Spain (3)
A historical and cultural analysis of the civilization of Spain, of the development of its socio-political institutions up to this day.

SPA 114   Translation/Interpretation (3)
An introduction to the theory and mechanics for written translation and basic oral interpretation. Prerequisite: basic fluency in both languages.

SPA 115/215 Applied Linguistics (3)
Modern descriptive linguistics and its application to teaching. Attention will be given to phonology, morphology, syntax, and other structural elements that apply to language learning.

SPA 118   Translation/Interpretation (3)
A study of the Masterpieces of Spanish Literature with emphasis on themes and styles of works: Cervantes, Calderón, Feijoo, Zorilla, Galdós, Blasco Ibanez and others.

SPA 129   Cervantes (3)
A study of the most important shorter works of Cervantes meant to elucidate his thoughts and his continuing relevance for our time.

SPA 132   Studies in the Generation of 1898 (3)
The spirit of the Generation of ‘98 as reflected in the works of major representative authors.

SPA 135   Contemporary Spanish Literature (3)
Major trends of poetry, theater, and prose fiction from 1898 to present. Intensive study of specific authors and critical analysis of selected works.

SPA 140   Contemporary Literature of Hispanic America (3)
A study of the most outstanding works by contemporary Hispanic and Spanish-American writers such as Octavio Paz, Carlos Fuentes, Vargas Llosa and Gabriel Garcia Marquez and others. GS-VI

SPA 145   Cultures of the Spanish-Speaking Peoples of the Americas (3)
Various historical and modern aspects of the cultures and their roles within the United States and California. Includes origins, values, communication and socialization systems, migration and immigration patterns, relationships with other cultures. Prerequisite: completion of SPA 1 & 2.

SPA 146   Women in Hispanic Literature (3)
Major contemporary women writers in the literature of Hispanic America and Spain: women's view of life and culture. GS-VI

SPA 148   Films and Hispanic Literatures (3)
Analysis of main aesthetic, cultural, and philosophical questions in the Hispanic world as articulated in literature and films.
SPA 149 Business Communication and culture (3)
An introduction to the forms, styles, usages and procedures followed in commercial correspondence and business practices in the Spanish speaking world. Prerequisite: SPA 25 or instructor’s consent

SPA 150 Times, People, and Themes (3)
This course will foster the exploration of special interest areas: from Latin American music to border literature to specific authors and artists. Course content will be defined and announced when the course is offered. May be repeated for credit.

SPA 190AB Internship program (3,3)
Internship program in areas related to the Emphasis.

SPA 191 Senior Thesis (3)
A two-semester directed research project required for majors under the direction of a department faculty member. The topic of the thesis may be related to either culture, literature or international business and must be approved by the department chairperson. Students must enroll in their thesis course no later than the first semester of their senior year.

SPA 194 Study/Travel (1-6)
Pre-travel lectures and readings, as well as guided tours in the country, serve as basis for a study/travel program, with each participant developing a project highlighting the travel experiences.

SPA 196H Senior Honors Thesis (3)
Open only to students admitted to the Honors Program,

SPA 198AB Directed Readings (3,3)
Directed readings selected from authors representative of significant literary periods.

SPA 199AB Independent Studies (1-3, 1-3)
Directed readings and research. For qualified students with the approval of the department.
SPECIAL PROGRAMS

A maximum of six non-required units in Special Programs (including Physical Education) may be applied to requirements of the Baccalaureate degree. Unless otherwise noted, special program classes are credit/no credit. Courses with an X are non-transferable to the Baccalaureate program.

Interdisciplinary Courses

INT 91AB  Humanities: Los Angeles (1)
Study will focus on the early history of Los Angeles through study, readings, and field trips to historical points. (credit/no credit). Can be repeated for credit.

INT 93/193AB  Guided Experience in the Arts (1.5,1.5)
A. Explores the rich cultural opportunities of Los Angeles, and includes attendance at selected plays, concerts, and special art exhibits, including pre- and post-event discussion.
B. Continuation of 93/193A. To satisfy General Studies GS-IIIA, both the A and B segments must be successfully completed.

INT 95/195  Study/Travel: European History and Culture (1-6)
Seminars on the Fine Arts focusing on major European capitals of art, music and the theater, culminating in actual travel to at least two of these capitals. Open to all students with some background in the arts or consent of the instructor. GS-IIIA

INT 96ABC  Culture, Race and Communication (1,1,1)
Study and interaction focused on culture and intercultural conflicts. Topics introduced include race and racism, stereotyping and prejudice, and understanding privilege. Emphasis on communication skills. Can be repeated for credit.

INT 194A  Introduction to the Visual and Performing Arts (1)
Study will focus on an introduction to the visual and performing arts using the concepts included in the California State Frameworks at a level appropriate for college study. Primary emphases will be placed on the study and appreciation of drama and dance.

Other Courses

SPR 11  Seminar (1-3)
May be repeated for credit.

SPR 12  Studies in Humanities (1-3)
May be repeated for credit.

SPR 13  Studies in Contemporary Society (1-3)
May be repeated for credit.

SPR 14  Independent Study (1-3)
May be repeated for credit.

SPR 15  Workshop (1-3)
May be repeated for credit.

SPR 18/118  Career Planning Seminar (1)
Assessment of one's needs, interests, skills, and values; application to decisions about work, leisure time, choice of major, and academic planning. Introduction to sources of career
information and traditional and non-traditional search methods, with special emphasis on resume writing and interviewing skills. Required for business administration majors.

**SPR 22X  Becoming a Master Student (1)**
An opportunity for students to learn and adopt concrete techniques and specific strategies for success in college.

**SPR 23X Strategies for Academic Success (1)**
The objective of this course is to empower students with academic skills necessary to return to acceptable academic standing during the current semester. The student will gain skills to enable her to self-assess and make appropriate adjustments in academic habits essential for long term collegiate and professional success.

**SPR 25  Scholar Mentor Seminar (1)**
A survey of the issues and skills needed for successful peer tutoring. Emphasis is placed on understanding of tutoring principles and practices important for initiating a productive tutorial relationship. Permission of instructor is required.

**SPR 25A  Resident Assistant Seminar (1)**
A more advanced course which is designed to develop leadership skills. Special attention is paid to self-understanding, program presentation and problem solving. Permission of instructor is required.

**SPR 26  Student Advocate Class (1)**
This class is designed to introduce student leaders to skills necessary to be effective student advocates. Topics of discussion include group dynamics, confidentiality, networking, and interpersonal communication skills. Special attention is focused on the complexities of responding to counseling situations encountered in their day to day work. Permission of instructor is required.

**SPR 27/127 Student Health Advocate (1)**
This course is designed to assist the student in the development of skills effective in health promotion. The student will be guided through a selection of a health related subject pertinent to the college or community population; development of a plan to design and deliver the information through selected media; and, evaluation of the project outcomes. Permission of instructor is required.

**SPR 30X Introduction to the Humanities (3)**
Course aimed to develop the student’s academic skills - particularly in the areas of reading, writing, critical thinking, problem solving and resource utilization - as a basis for successful study of the humanities. The content and process of the course are designed to provide the student with exposure to college level academic expectations. (Graded)

**SPR 40X  Bridges: Making the Transition (0)**
Individually designed tutorial for adult Students returning to academic experience. Focus to be on selected skills: basic study, note taking, reading, writing, and math in the format of assisted self-study. This course will be taken as needed based on placement testing results. Fee to be paid at first class.

**SPR 51X College Skills: Reading (1)**
A course designed to address the vocabulary, speech, and comprehension skills required to meet the demands of college classes. (Graded)

**SPR 53X College Skills: Writing (1-3)**
A course designed to address writing skills to meet the college proficiency writing requirement.
SPR 55X Reading Development (3)
A course designed to strengthen reading skills with an emphasis on the SQ3R method. It includes vocabulary development through the study of structural analysis and context clues and the reading and discussion of selected imaginative and expository pieces. (Graded)

SPR 56X College Skills: Mathematics (1)
A course designed to address the basic math skills in addition, subtraction, multiplication and division of whole numbers, fractions, and decimals.

SPR 57X Basic Mathematics (3)
A skills course in fundamental processes of arithmetic designed to develop both accuracy and speed in addition, subtraction, multiplication, and division of whole numbers, fractions, and decimals. (Graded) Does not fulfill AA Liberal Arts math requirement.

SPR 60A Social Action (1-3)
A multi-faceted community action program geared to help people in need. Approximately fifteen hours of volunteer work under supervision in an approved agency or center and a weekly seminar required. May be repeated for credit. Fulfills outreach requirement which may also be fulfilled by fieldwork or clinical experience required by specific majors, or by successful completion of a service learning (SL) course.

SPR 70 Careers in Health (1)
A course designed to explore selected careers in health. Gives the student an opportunity to develop career goals related to individual interest and skills. Includes an introduction to medical terminology. Required for AA Pre-health majors. (Graded)

SPR 71X Preparation for Nursing (1)
Introduces cognitive skills and learned behaviors required for the professional nursing role. Practice and development of communication skills, word and reading comprehension, math calculations, test-taking skills, and time management. Recommended for students preparing for the baccalaureate nursing program. Does not fulfill the requirement for NUR 42A, Fundamentals of Nursing and credit does not apply toward the Baccalaureate degree. Prequisite: declared nursing major and success in required courses.

SPR 72 Career Exploration (1)
Designed to allow students with undeclared majors or those considering a change of major to explore educational and career options. Using various assessment tools and exercises students will examine their talents, skills, interests and values as they relate to determining major and career choices. Emphasis placed on the decision making process in regards to choosing appropriate major and career goals. Resume and cover letter writing as well as interviewing skills will be discussed. (Graded)

SPR 85 Introduction to College Studies (1)
This course, coordinated by the Division of Student Affairs, is designed to assist new students in successfully transitioning into Mount St. Mary’s College. Faculty members conduct this class in a seminar format and address the most common issues facing first-year students. Course topics may include time-management, effective utilization of college technology, self-care and stress management, academic planning, career planning and introduction to college resources. First-year students enroll in this course during the fall semester of their freshman year. SPR 85 is a required class for all students entering the college with less than 24 units. (Graded)

SPR 87 Technology Internship (0.5)
This course is a one-year experience during which a student participates by assisting faculty and various academic and administrative departments in using technology effectively and efficiently. Students should have a reasonable understanding of computers prior to enrolling in this course. Under the direction of the Coordinator for Technology Mediated Instruction,
After participation in an extended training seminar, undergraduate teaching assistants will support the faculty of SPR 85—Introduction to College Studies. Responsibilities may include facilitating class discussion, reviewing assignments, providing assistance, support and encouragement to first-year students, serving as a role model and engaging in out-of-class contact with students. Upon completion of the semester, the teaching assistant is required to submit a reflective journal. Enrollment is limited to students selected for this leadership position. Permission of instructor is required.

SPR 96X  Summer Study Skills Workshop (1)
Workshop offered to incoming freshmen to review study skills and prepare for college level work in writing, reading, notetaking, basic math, and studying the sciences.

SPR 99  Undergraduate Teaching Assistant (1)
After participation in an extended training seminar, undergraduate teaching assistants will support the faculty of SPR 85—Introduction to College Studies. Responsibilities may include facilitating class discussion, reviewing assignments, providing assistance, support and encouragement to first-year students, serving as a role model and engaging in out-of-class contact with students. Upon completion of the semester, the teaching assistant is required to submit a reflective journal. Enrollment is limited to students selected for this leadership position. Permission of instructor is required.
Departmental Affiliation: English

**SPE 10 Introduction to Communication (2)**
Introduction to basic principles of communication theory in both small and large groups together with practice in discussion and speech delivery. GS-IB

**SPE 12 Business and Professional Communication (1)**
Examination of the communication that occurs in corporations and professional settings with practice in interviewing, in group dynamics, and in public presentations typical of the world of work. GS-IB

**SPE 91 Directed Study (1-3)**
Study in a field of special interest in speech or drama, under the direction of a department member. May be repeated for credit.

**SPE 92/192 Special Studies (1-3)**
Exploration of special interests in speech communication or drama. May be repeated for credit.

**SPE 96/196 Workshop (1-3)**
May be repeated for credit.

Philip Otis  Lecturer in Languages and Culture
B.A., M.A., University of California, Los Angeles; M.A., Universidad de Mexico

Rebecca Otten  Assistant Professor in Nursing
B.A., St. Mary's College; M.S.N., California State University, Dominguez Hills; Ed.D. (cand), Pepperdine University, Malibu, California

Mary Paquette  Assistant Professor in Nursing
B.S., University of Vermont; M.N., University of California, Los Angeles

Thomas Patchell  Lecturer in English
B.A., M.A., California Polytechnic State University, San Luis Obispo

Karen Perell  Research Director in Physical Therapy
B.S., M.S., PhD., University of California, Los Angeles

Karen Perkins  Assistant Professor of Biological Sciences
B.A., Hampshire College, Amherst, MA; M.S. North Carolina State University, Raleigh, NC
Kristin M. Phelps-Shaw  Lecturer in Education
B.A., St. Mary’s College of California; M.S., Mount St. Mary's College, Los Angeles

Dave Powers  Lecturer in Physical Therapy
B.S., Loma Linda University; M.B.A., University of Redlands

Elisa Pulido-Ragus  Lecturer in Education
B.A. and M.A., University of California, Los Angeles

Sister Carol Purzycki, CSJ  Associate Professor of Nursing
B.A., Mount St. Mary's College; M.N., University of California, Los Angeles; Ph.D., University of Pittsburgh

Neil Quinly  Lecturer in Education
B.A., California State University, Los Angeles; M.Ed., Loyola Marymount University, Los Angeles

Montserrat Reguant  Associate Professor of Language
B.A. and M.A. University of Barcelona; M.A. and Ph.D., Yale University;

Susan Mais Requejo  Lecturer in Physical Therapy
B.S., University of California, Los Angeles; M.A., New York University, New York; D.P.T., University of Southern California, Los Angeles

Anne Rigone  Lecturer in Business Administration
B.S., Pepperdine University, Los Angeles, California; M.B.T., University of Southern California, Los Angeles

Janet Robinson  Lecturer in Business Administration
B.S., University of Redlands; M.B.A., Loyola Marymount University

Diane Rodriguez  Lecturer in Education
B.A., San Diego State University; M.Ed., Ph.D., University of Southern California

Deborah Roper  Lecturer in Business Administration
B.S., M.A., M.B.A., California State University, Dominguez Hills, California

Ina S. Roth  Lecturer in Education
B.A., Queens College, N.Y.; M.A., California State University, Los Angeles

Sister Calista Roy, CSJ  Professor Emerita of Nursing
B.A., Mount St. Mary's College; M.S., M.A., Ph.D., University of California, Los Angeles

Stuart Rugg  Lecturer in Physical Therapy
B.S., University of California, Davis; Ph.D., University of California, Los Angeles

Marsha Sato  Assistant Professor of Nursing
B.S., Mount St. Mary's College; M.N., University of California, Los Angeles

Jeannine Savedra  Secondary Supervised Teaching-Education
B.A., California State University, Los Angeles; M.A., California State University, Dominguez Hills

Eileen Schiffrin  Lecturer in Psychology
B.A., M.S., Mount Saint Mary’s College, Los Angeles

Karen Schoen  Lecturer in Psychology
A.A., West Los Angeles College; B.A., Ph.D., University of Southern California

Tineke Scholten  Lecturer in Education
B.A. and M.A., State University of Utrecht, Netherlands; Ph.D., University of Maryland, College Park

Tim Schoettle  Lecturer in Philosophy
B.A., Yale University; M.A., University of Michigan; Ph.D., University of California, Irvine

Diane Sears  Elementary Supervised Teaching-Education
B.A., University of California, Los Angeles, M.A., United States International University

Mary Sedgwick  Academic Resource Personnel III
B.A., M.A., California State University, Long Beach; M.A., Immaculate Heart College

Beverly Serra-Brooks  Lecturer in Music
Farhana Siddiqi  
Lecturer in Business Administration  
B.A., University of the Punjab, Pakistan; M.A., University of Karachi, Pakistan; M.A., University of Southern California, Los Angeles; M.B.A., Ph.D., Claremont Graduate University, Claremont, CA

Eleanor D. Siebert  
Professor of Chemistry  
B.A., Duke University; Ph.D.; University of California, Los Angeles

Dennis Signorovitch  
Lecturer in Business Administration  
B.S., Georgetown University, Washington, D.C.; M.A., Old Dominican University, Norfolk, Virginia

Fred Simonelli  
Lecturer in History  
B.A., John Carroll University; M.P.A., University of San Francisco; Ph.D., University of Nevada

Lance Skidmore  
Assistant Professor of Mathematics  
B.S., Pomona College; M.A., University of Michigan; Ph.D., University of California, Santa Barbara

Judith Skinder  
Lecturer in Education  
B.S. University of Illinois; M.S. McGill University

Susan Skousen  
Lecturer in Education  
B.A., University of California, Santa Cruz; M.A., Pacific Oaks College

Mary Skousen-Radford  
Lecturer in Education  
B.A., California State University, Los Angeles; M.A., Pacific Oaks College, Pasadena

Dolores Sloan  
Lecturer in English and Speech  
B.A., M.A. Claremont Graduate School; M.A. Lone Mountain College, University of San Francisco

Mary Sloper  
Professor Emerita of Nursing  
B.A., Mount St. Mary's College, Los Angeles; M.N., University of California, Los Angeles; M.B.A., California State University, Dominguez Hills

Lynn Smart  
Lecturer in Psychology  
B.A., M.A., Pacific Oaks College

George E. Snow  
Professor Emeritus of Biological Sciences  
B.A., Rockhurst College; M.A., Ph.D., University of Colorado, Boulder

Michele A. Starkey  
Assistant Professor in Mathematics  
B.A., Mount St. Mary’s College; M.S., California State University, Long Beach

Eric Stemp  
Associate Professor of Physical Sciences  
B.S., University of Denver; M.S., Ph.D., Northwestern University

Delores Stevens  
Lecturer in Music  
B.M., University of Kansas; Concert artist

Susan R. Sy  
Assistant Professor of Psychology  
B.S., William Smith College; M.A. and Ph.D., University of Michigan

Tonia Symensma  
Assistant Professor of Biological Sciences  
B.A., North Central College, Naperville, IL; Ph.D., Indiana University, Bloomington, IN

Peter Tan  
Lecturer in Philosophy  
B.S., University of Arizona; M.A., Boston College

Wanda Teays  
Professor of Philosophy  
B.A., California State University, Fullerton; M.A., University of Alberta, Edmonton; M.T.S., Harvard University; Ph.D., Concordia University, Montreal, Quebec

Michael Temkin-Martinez  
Lecturer in Education  
B.A. and M.A., Linguistics, California State University, Northridge

Susan Terrell  
Lecturer in Physical Therapy  
B.S., Simmons College
Cynthia Tino-Sandoval  Lecturer in English
A.A., Marymount College; B.A., Mount St. Mary’s College; M.A. California State University, Dominguez Hills

Paul Trautwein  Lecturer in Art
B.F.A., Atlanta College of Art; M.F.A., University of the Arts, Philadelphia

Olivia Treviño  Lecturer in Modern Languages
Rose Marie Toliver  Elementary Supervised Teaching-Education
B.A., Los Angeles State College; M.A., California Lutheran College

Helen Tsuda  Instructor in Physical Therapy
B.S., University of California, Davis; M.A., Stanford University

Monica Turner  Lecturer in English
B.A., M.A., California State University, Northridge

Sharon A. Vairo  Professor Emerita of Nursing
B.S.N., Wayne State University; M.S., University of Colorado; D.N.Sc., University of San Diego

Sister Kieran Vaughan, CSJ  Professor of Education
B.A., M.S., Mount St. Mary's College; Ed.D., University of California, Los Angeles

Rita R. Veatch  Professor Emerita of Nursing
B.S., Mount St. Mary's College; M.A., Teachers College, Columbia University

Marcos McPeek Villatoro  Fletcher Jones Assistant Professor of English
B.A., St. Ambrose University; M.A., University of Iowa; M.F.A., Writer's Workshop, University of Iowa

Richard Vladovic  Lecturer in Education
