

**EDU 155/255 Social Studies and the Arts  
Opportunity Task #1**

**Parts 1 and 2: Social Studies Lesson Plan and Arts Lesson Plan (10 pts. Each)**

The following TPEs will be assessed for this assignment: 1.4, 2.2, 2.5, 3.1, 3.2, 3.3, 3.5, 4.2, 4.4, 4.6, 5.1, 5.2, and 5.5

This assignment provides feedback on the following TPEs:

**TPE: 1.4** Use a variety of developmentally and ability-appropriate instructional strategies, resources, and assistive technology, including principles of Universal Design of Learning (UDL) and Multi-Tiered System of Supports (MTSS) to support access to the curriculum for a wide range of learners within the general education classroom and environment

**TPE 2.2** Create learning environments (i.e., traditional, blended, and online) that promote productive student learning, encourage positive interactions among students, reflect diversity and multiple perspectives, and are culturally responsive.

**TPE 2.5** Maintain high expectations for learning with appropriate support for the full range of students in the classroom.

**TPE 3.1** Demonstrate knowledge of subject matter, including the adopted California State Standards and curriculum frameworks.

**TPE 3.2:** Use knowledge about students and learning goals to organize the curriculum to facilitate student understanding of subject matter, and make accommodations and/or modifications as needed to promote student access to the curriculum.

**TPE 3.3** Plan, design, implement, and monitor instruction consistent with current subject-specific pedagogy in the content area(s) of instruction, and design and implement disciplinary and cross-disciplinary learning sequences, including integrating the visual and performing arts as applicable to the discipline.

**TPE 3.5** Adapt subject matter curriculum, organization, and planning to support the acquisition and use of academic language within learning activities to promote the subject matter knowledge of all students, including the full range of English learners, Standard English learners, students with disabilities, and students with other learning needs in the least restrictive environment

**TPE 4.2** Understand and apply knowledge of the range and characteristics of typical and atypical child development from birth through adolescence to help inform instructional planning and learning experiences for all student

**TPE 4.4** Plan, design, implement and monitor instruction, making effective use of instructional time to maximize learning opportunities and provide access to the curriculum for all students by removing barriers and providing access through instructional strategies that include: appropriate use of instructional technology, including assistive technology; applying principles of UDL and MTSS; use of developmentally, linguistically, and culturally appropriate learning activities, instructional materials, and resources for all students, including the full range of English learners; appropriate modifications for students with disabilities in the general education classroom; opportunities for students to support each other in learning; and use of community resources and services as applicable.

**TPE 4.6** Access resources for planning and instruction, including the expertise of community and school colleagues through in person or virtual collaboration, co-teaching, coaching, and/or networking.

**TPE 5.1** Apply knowledge of the purposes, characteristics, and appropriate uses of different types of assessments (e.g., diagnostic, informal, formal, progress-monitoring, formative, summative, and performance) to design and administer classroom assessments, including use of scoring rubrics.

**TPE 5.2** Collect and analyze assessment data from multiple measures and sources to plan and modify instruction and document students' learning over time.

**TPE 5.5** Use assessment information in a timely manner to assist students and families in understanding student progress in meeting learning goals.

---

**Goal:**

Your task is to create two separate lesson plans that will be learning experiences in the final unit design you have been creating through the Understanding by Design process. These lessons should demonstrate your knowledge of state-adopted content area curriculum in History/Social Science and the Visual and Performing Arts.

**Role:**

You are a valued member of an elementary school faculty and the lead teacher for your grade level. You are creating a thematic unit guided by an essential questions and an enduring understanding that will help your students to internalize new learning surrounding the standard(s) you have chosen for your 4-6 week final unit design.

**Audience:**

Your target audience is your colleagues that teach at this grade level.

**Situation:**

You have been asked to develop and demonstrate a model unit for social studies content integrating the arts. These two lessons will be representative of the type of learning experiences you have planned for students in this unit of study.

**Product:**

You will create a lesson that addresses History/Social Science and a second lesson that addresses Visual and Performing Arts Content Standards of the California Department of Education for your selected grade level. The lessons must include all elements of the Mount Saint Mary's University Lesson Plan format including adaptations for an EL and student with exceptional needs. Be sure to indicate how you are incorporating technology.

**Standards and Criteria for Success:**

Your product must meet the following standards:

1. Two lesson plans that are **effective** and **engaging**.

- Students will know where they are going, why, and what is required of them. (goals, reason for learning, performance requirements and evaluative criteria)
- Students will be hooked – engaged.
- Plan will provide adequate opportunities to explore/experience big ideas and instruction to equip students with knowledge and skills required.
- Students will have sufficient opportunities to rethink, rehearse, revise and/or refine their work based upon timely feedback.
- Students will have an opportunity to self-evaluate their work, reflect on their learning and set future goals.
- Plan is tailored and flexible to address the interests and learning styles of all students (including an English Learner and a student with an exceptional need)

- Plan is organized and sequenced to maximize engagement and effectiveness.

2. You will teach one of these lessons in class

**Context and Goals**

Grade/Class/Subject:

*(For what class is this lesson designed?)*

*(Your name)*

Teacher:

Time/Duration of the lesson: *(i.e. 9:15-10:00 or 45 minutes)*

English Language Proficiency of Students: *(Before classroom instruction, teachers will understand their students' English language proficiency, and the language demands of the lesson's instructional materials.)*

California Content Standards:

*(Which standards do you plan to teach? Paste these from the Current CA Content Standards)*

Enduring Understandings:

*(What concepts/big ideas?)*

Essential Knowledge/Skills:

*(What knowledge/skills? How does this lesson build upon prior lessons? How will this knowledge/skill enable students to understand future lessons?)*

Higher-Order Questions:

*(What is/are the focusing question(s) for this lesson?)*

**Observable Outcomes**

**What do you want students to learn?**

Content Objectives:

*(What specific objectives from the content standards above does this lesson address?)*

**Assessment/Checking for Understanding**

**What evidence will you gather/look for?**

*(How will you know if students learned both the content and language objectives? What informal and/or formal methods will you use to gather evidence? What criteria will you use to assess*

	<i>learning? How might pre-assessment be used in your analysis of this evidence?)</i>
Academic Language Objectives: <i>(What specific objectives from the ELD standards does this lesson address?)</i>	
Key Vocabulary:	Supplementary Materials: <i>(What resources, “realia”, visuals, documents, or manipulatives will you use?)</i>
Technology in Support of Learning: <i>(What type of technology will you use in your instruction?)</i>	Technology in Support of Learning: <i>(What type of technology will the <u>students</u> use to achieve and/or demonstrate the objectives?)</i>

**Anticipated Misunderstandings/Difficulties:**

*(What areas of confusion or difficulty do you anticipate students might encounter with this material? How will you address them?)*

**Student Assets:**

*(What interests, prior knowledge do students bring to help them with this material? Include for all focus students.)*

**Lesson Pre-assessment and Sequence:**

<p style="text-align: center;">Element</p> <p style="text-align: center;"><i>Describe <b>what</b> will happen-what will teacher and/or students do</i></p>	<p style="text-align: center;">Rationale</p> <p style="text-align: center;"><i>Describe <b>why</b> you chose to do it this way.</i></p>	<p style="text-align: center;">Differentiation: Modifications/Adaptations</p> <p style="text-align: center;"><i>For each segment of the lesson sequence, describe any needed modifications for EL, special needs, or socio-emotional needs.</i></p>
<p>Pre-Assessment of Students' Knowledge or Ability: (Before instruction begins, how will you assess what students know and/or are able to do related to the objective?)</p>		
<p><b>LESSON SEQUENCE</b></p>		
<p>Instruction to Support Learning:  <i>(How will you design learning experiences to facilitate students' understandings, knowledge and skills? Things to comment on: teacher's role, student groupings, ways to ensure engagement (i.e., linking information to students' lives and previous learning), ways you are scaffolding.)</i></p>		<p><i>(EL focus student: describe this student's EL goals. Describe the assets and challenges related to this lesson for <b>this English learner</b>. What will you do specifically support <b>this student</b> for this lesson?</i></p> <p><i>Special Needs focus student: describe this student's special need and relevant IEP goals, his/her assets and challenges related to this lesson. Describe what you will specifically do to support <b>this student</b> for this lesson.</i></p> <p><i>Focus student with social-emotional challenges: Describe the social-emotional assets and challenges for <b>this student</b>.</i></p>

<p><b>Structured Student Learning Activities:</b>  <i>(What activities will help students grasp and practice concepts/skills? How will students be grouped and manage their learning?)</i></p>		<p><i>Describe what you will specifically do to support <b>this</b> student for this lesson.</i></p> <p><i>Advanced students: What will you do for those students who already “get it” and need to be challenged in different ways?)</i></p>
<p><b>Post-Assessment:</b>  <i>(How will you know if students learned both the content and the language objectives? What informal and/or formal methods will you use to gather evidence? What criteria will you use to assess learning? How might pre-assessment be used in your analysis of this evidence?)</i></p>		
<p><b>Extension:</b>  <i>(How might this lesson be extended into future content areas or lessons?)</i></p>

Theories that might be useful for rationales (Note: You may wish to refer to your “toolbox” for helpful resources further explaining below):

Universal Design for Learning: *Multiple means of representation; Multiple means of action & expression; Multiple means of engagement.(the what, how, and why of learning)*

Five E's: *Engage, Explore, Explain, Elaborate, Evaluate*
